Independent Auditors' Report

To the Plan Administrator of Kevane
Grant Thornton Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Kevane Grant Thornton Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Annuity Insurance Company of America and Empower Trust Company, LLC (qualified institutions), the custodians of the Plan as of December 31, 2025 and for the year ended December 31, 2025; and Nationwide Trust Company, FSB and Nationwide Life Insurance Company, (qualified institutions), the custodians of the Plan as of December 31, 2024, stating that the certified investment information, as described in Note (3) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kevane Grant Thornton Retirement Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and the Schedule H, Part IV, Line 4a – Schedule of Delinquent Contributions, for the year ended December 31, 2025, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of plan:

The following description of the Kevane Grant Thornton Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General –
Effective October 1, 2007, Kevane Grant Thornton LLP adopted a defined contribution retirement plan, for the purpose of providing retirement benefits to substantially all employees who have attained twenty-one (21) years of age and who have completed six (6) months of service. As of December 31, 2025 and 2024 there were 229 and 221 participants, respectively, with account balances in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 17, 2025, Kevane Grant Thornton LLP transferred the sponsorship of the Plan to Grant Thornton Puerto Rico Advisors, LLC. The Partners of the Sponsor serve as the trustees of the Plan. Trust administrative services are managed by Pension Services, Inc.

For the year ended December 31, 2024, Nationwide Trust Company, FSB and Nationwide Life Insurance Company served as the Plan's custodians of assets. Nationwide Trust Company, FSB also served as the recordkeeper. Effective January 1, 2025, the Plan changed its custodians of plan assets to Empower Annuity Insurance Company of America (EAICA) and Empower Trust Company, LLC. Following a transitional blackout period from December 27, 2024 to January 17, 2025, the Plan's assets were transferred on January 6, 2025 to the new custodians and converted into funds comparable to those offered by the previous custodians. There were no other significant changes in relation to the terms and conditions on the previous Plan documents. EAICA also serves as the Plan's recordkeeper.

Subsequent to year ended December 31, 2025, the Plan was amended and restated. See Note (12).

(b) Eligibility –
The Plan covers all employees of Kevane Grant Thornton LLP, after completing six (6) months of service and attaining a minimum age of twenty-one (21).

(c) Contributions –
Each year, participants may contribute up to $15,000 of pretax annual compensation, as defined by the Plan. Participants with at least fifty (50) years of age at the end of the plan year are eligible to make catch-up contributions up to $1,500.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct all or a portion of the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and fixed annuities as investment options for participants.

(d) Participant accounts –
Each participant's account is credited with the participant's contribution and Plan's earnings (losses). Allocations are based on participants' earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting –
Participants become immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based in accordance with the following schedule:

Completed years of service	Vesting percentage
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

(f) Payment of benefits –
On termination of service due to death, disability, or retirement, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution, or annual installments equal to the participant's vested account balance. In addition, hardship distributions are permitted if certain criteria are met.

(g) Notes receivable from participants –
Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's accounts and bear interest at prime plus one (1) percent. The prime rate was 6.75% and 7.50% at December 31, 2025 and 2024, respectively. Principal and interest are paid through payroll deductions. A loan origination fee may be charged to the participant's account.

(h) Forfeited accounts –
Forfeited non-vested accounts are to be used to reduce future employer contributions. As of December 31, 2025 and 2024, the forfeited non-vested account totaled $32,138 and $62,645, respectively. During 2025, forfeitures in the amount of $31,877 were used to reduce employer contributions and $13,320 was used to pay for administrative expenses. See Note (11).

(2) Summary of significant accounting policies:

(a) Basis of accounting –
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

(b) Basis of presentation –
The Plan's fiscal year ends on December 31st of each year. All references to years in these notes to the financial statements represent calendar years unless otherwise noted.

(c) Use of estimates –
The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) Investment valuation and income recognition –
Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(e) Risks and uncertainties –
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of certain investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

(f) Notes receivable from participants –
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

(g) Benefits payments recognition –
Benefits paid directly to participants are recorded when paid.

(h) Plan administration and expenses –
The Sponsor is responsible for the general administration of the Plan and for carrying out the provisions thereof. The investments of the Plan are administrated by a third-party administrator appointed by the Trustees of the Plan. Most of the administrative expenses are paid and absorbed by the Sponsor. Investment related expenses are included in net appreciation of fair value of investments in the accompanying statement of changes in net assets available for benefits.

(3) Information certified by qualified institutions:

The following is a summary of the investment information regarding the Plan as of December 31, 2025 and 2024 and included in the Plan's financial statements and supplemental schedules prepared by EAICA and Empower Trust Company, LLC, the custodians of the Plan as of December 31, 2025 and for the year ended December 31, 2025, and Nationwide Life Insurance Company and Nationwide Trust Company, FSB, the custodians of the Plan as of December 31, 2024. The Plan has obtained a certification from the custodians that such information is complete and accurate, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

Statements of Net Assets Available for Benefits:

	2025	2024
Investments, at fair value and contract value	$ 15,470,406	$ 14,431,315
Notes receivable from participants	$ 144,261	$ 134,617

Interest on notes receivable from participants	$ 11,053

Information included in supplemental **Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year).**

(4) Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

(a) Quoted prices for similar assets or liabilities in active markets;
(b) Quoted prices for identical or similar assets or liabilities in inactive markets;
(c) Inputs other than quoted prices that are observable for the asset or liability;

(d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

Assets at fair value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$14,248,588	$ -	$ -	$14,248,588
Total	$14,248,588	$ -	$ -	$14,248,588

Assets at fair value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$14,261,877	$ -	$ -	$14,261,877
Total	$14,261,877	$ -	$ -	$14,261,877

(5) Fully benefit-responsive investment contract:

For the year ended December 31, 2025, the Plan provides participants with the Empower Investment (EI) Fixed Account – Series Class I (GWAQ35) as an investment option. GWAQ35 is a general account product of Empower Annuity Insurance Company of America (EAICA), issued through a group annuity contract (the Contract) between the Plan and EAICA. Under this type of contract, principal and credited interest are fully guaranteed for participants-initiated withdrawals and transfers. The guarantee is backed by the entire general account assets of EAICA. The strength of the guarantee depends on EAICA's ability to meet its financial obligations. EAICA's ability to meet its contractual obligations may be affected by future economic and regulatory developments. The Contract does not have a maturity date, but either EAICA or the Plan may terminate the Contract with advance written notice to the other party or parties.

The Contract meets the criteria to be considered fully benefit-responsive investment contract, and therefore, is reported at contract value in the accompanying 2025 statement of net assets available for benefits. Contract value, as reported to the Plan by EAICA, represents all contributions made by or on behalf of the participants under the Contract, plus interest credited, less withdrawals and transfers, less any applicable charges and fees. This value represents the GWAQ35 investment option balance reported in the participants' individual accounts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, less any applicable charges and fees. As of December 31, 2025, the Plan reported the investment at a contract value of $1,221,818, in the 2025 statement of net assets available for benefits.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Contract's interest rate to be credited during the calendar year is determined by EAICA prior to the last day of the previous calendar year and should be reset annually, but it will never be less than 0%. The actual average yield earned by the Plan for the year 2025 is 1.45% and is derived by averaging the Plan's quarterly interest rates.

Certain events limit the ability of the Plan to transact at contract value with EAICA. Such events include the following: (1) premature termination of the Contracts by either EAICA or the Plan, (2) plan termination, (3) plan sponsor bankruptcy, (4) contract modifications, (5) others (plant closings, layoffs, mergers, and early retirement incentives). Furthermore, certain events and circumstances that may permit EAICA to terminate the Contract and settle at amounts that differ from contract value including: (1) a modification of the Contract without written agreement with EAICA, (2) a violation of a material obligation under the Contract or a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants or with EAICA are probable of occurring.

As of December 31, 2024, the Plan entered into a fully benefit-responsive investment contract with Nationwide Life Insurance Company (Nationwide Life). The investment was identified by the Plan as a fixed select contract which is maintained by Nationwide Life in a general account. The fixed interest account issuer, Nationwide Life, was contractually obligated to repay the principal and the specified guaranteed interest rate to the Plan. The fixed select contract does not have a maturity date. The provisions do not provide for a distribution at book (contract) value at some specified future date. A contract holder can request a lump sum distribution with a market value adjustment, or an installment payout, at book value, over a period of years. The fixed select contract continues in force until all assets have been distributed, or no further payments are due.

Because the fixed select contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed select contract. Contract value represents contributions, plus earnings, less participant withdrawals. As of December 31, 2024, the Plan reported the fixed select contract at contract value of $169,438, in the 2024 statement of net asset available for benefits. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield for the year ended December 31, 2024 was 1.61%, and is reviewed on a quarterly basis for resetting. The net rate, crediting rate and average yield earned are the same.

(6) Party-in-interest transactions:

Pension Services, Inc., Empower Retirement and affiliates for 2025 and Nationwide and its affiliates for 2024 receive an administrative fee for administration, custodial, investment management and recordkeeping services provided to the Plan. In addition, certain administrative functions are performed by the officers or employees of the Sponsor. The Plan allows for loans to participants which are secured by the balances in the participant's accounts.

(7) Prohibited party-in-interest transactions:

During the year ended December 31, 2019, participants' contributions amounting to $24,369 were not timely remitted to the Plan as required by the Department of Labor's Regulation 29 CFR 2510.3-102. Those late contributions were remitted to the Plan before December 31, 2019. Applicable lost earnings of $102 were paid on November 3, 2025.

(8) Administrative expenses:

Pension Services, Inc., Empower Retirement and affiliates for 2025 and Nationwide and its affiliates for 2024 receive an administrative fee for the services performed under the Plan Agreement associated with administration,

custodial, investment management and recordkeeping services. Administrative expenses amounting to $84,804 paid directly from the Plan to Empower and Nationwide are included in the statement of changes in net assets available for benefits. In addition, other administrative fees for the year ended December 31, 2025, paid directly by the Sponsor to Pension Services Inc. amounted to $12,095. Certain administrative functions are performed by the officers or employees of the Sponsor. No such officers or employees receive compensation from the Plan.

(9) Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, the rights of all affected participants in their accounts, up to the date of such termination, shall become no forfeitable.

(10) Tax status:

The Plan intends to be exempt from Puerto Rico income taxes as per the 2011 Puerto Rico Internal Revenue Code which was approved effective for taxable years starting after December 31, 2010. The Sponsor filed the required documentation with the Puerto Rico Treasury Department (PRTD) on November 18, 2015 and received a determination letter dated April 4, 2017 in which the PRTD stated the Plan is designed and is currently being operated in compliance with the applicable requirements of the PRTD and the trust established thereunder is entitled to exemption from local income taxes.

Management has evaluated the Plan's tax positions and concluded that the Plan has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The plan administrator believes it is no longer subject to income examination for years prior to 2021.

(11) Operational issues:

- The accompanying 2025 statement of net assets available for benefits discloses $1,775 as an employer contribution receivable, due to an involuntary error in eligibility requirements of a participant during the year ended December 31, 2025. This amount has not been paid to the Plan as of October 15, 2026.

- During the year ended December 31, 2025, due to an involuntary error the Plan used $13,320 from forfeited nonvested accounts to pay administrative expenses, a use not permitted under the applicable Plan documents. To correct this operational issue, the Plan sponsor and the Plan's TPA agreed on October 14, 2026, to retroactively amend the Plan documents effective January 1, 2025, to permit forfeitures to be used for administrative expenses.

(12) Subsequent events:

The Plan has evaluated the impact of subsequent events through October 15, 2026, which is the date the financial statements were available to be issued. Management is not aware of any subsequent events that require adjustments or disclosures in the Plan's financial statements or its related notes except for the matters disclosed in Note (11) and following:

On June 8, 2026, the Plan was retroactively amended and restated effective January 1, 2026, for the following:

- Change the Plan sponsor to Grant Thornton Puerto Rico Advisors, LLC,
- Appoint the Trustees of the Plan and,
- Change the name of the Plan to Grant Thornton Puerto Rico Advisors Retirement Plan.

The amendment and restatement did not affect the participants' and/or beneficiaries' benefits under the Plan.

As a result of the amendment, the Plan sponsor received a new determination letter from PRDT dated October 2, 2026.
