INDEPENDENT AUDITOR'S REPORT

To the Investment Committee of
McCoy-Rockford, Inc. 401(k) Retirement Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of McCoy-Rockford, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

McCoy-Rockford, Inc. 401(k) Retirement Plan (the Plan) is a qualified defined contribution retirement plan adopted by McCoy-Rockford, Inc. (the Company) to provide eligible employees with an opportunity to save for retirement on a tax-advantaged basis. The Plan was originally effective January 1, 1994. Effective October 1, 2025, the Plan was amended and restated through a conversion to Fidelity Basic Plan Document No. 17 and its Adoption Agreement. Fidelity Management Trust Company is the Plan's trustee. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended.

The summary of significant provisions of the Plan presented below provides general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility: Generally, eligible employees who have attained age 21 and completed three months of service may participate in the Plan immediately upon satisfying those requirements. Statutory long-term part-time employee rules may permit earlier participation in deferral contributions.

Contributions: Participants may elect to defer up to 90% of eligible compensation, subject to applicable legal limits. Deferrals may be made on a pre-tax or Roth 401(k) basis. Eligible participants may also make catch-up contributions. Before October 1, 2025, participants could modify or revoke their salary-deferral elections at any time under the Plan's administrative procedures. Effective October 1, 2025, participants may change their deferral percentage as of the beginning of each payroll period and may revoke an election at any time.

The Plan includes an eligible automatic contribution arrangement. If a participant does not submit an elective deferral agreement or does not specifically decline to make elective deferrals, the Company will automatically withhold 3% of a participant's compensation and contribute it to the Plan on the participant's behalf in the form of an automatic elective deferral. Participants can opt out of the automatic deferral program at any time.

The Company may make discretionary matching contributions based on eligible participant deferrals, including catch-up contributions, for each payroll period. Through September 30, 2025, matching contributions were limited to $500 per participant for the Plan year. The Fidelity plan documents effective October 1, 2025 do not state an annual dollar cap; the matching formula, if any, is determined and communicated by the Company. The Company may also make a discretionary nonelective employer contribution for a Plan year. Such contributions are allocated among eligible participants in proportion to eligible compensation and generally require employment on the last day of the Plan year, subject to exceptions for death, disability, and retirement. The Company did not make a discretionary nonelective employer contribution during 2025.

Rollover contributions from other qualified retirement plans and certain IRAs may be permitted by the Plan.

Participant Accounts: Each participant's account is credited with participant contributions and allocations of employer contributions and Plan earnings or losses and is charged with withdrawals and allocated administrative expenses. Participants direct the investment of their accounts among the investment options available under the Plan.

Retirement, Death, and Disability: The Plan's normal retirement age is 59 1/2. A participant's account becomes fully vested upon attaining normal retirement age while employed, upon death while employed or while performing qualified military service, or after satisfying the Plan's definition of disability while employed and then terminating employment.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting: Participants are fully vested in deferral, rollover, qualified matching, and qualified nonelective contributions. Regular nonelective employer contributions vest at 20% after two years of service and an additional 20% for each year thereafter, becoming fully vested after six years. Regular matching contributions are fully vested after two years of service.

Payment of Benefits: Following termination of employment, a participant may elect a lump-sum distribution, installment payments, or partial withdrawals of the participant's vested account, subject to the terms of the Plan. A participant generally may defer a distribution until required under the Plan. Effective October 1, 2025, the Plan's prior $5,000 cash-out threshold was replaced by the statutory cash-out limit. If the participant's vested account balance, determined for cash-out purposes without regard to the rollover contribution subaccount, does not exceed the statutory cash-out limit ($7,000 at December 31, 2025), the Plan may distribute the account without the participant's consent. An involuntary distribution of $1,000 or less is paid directly to the participant. Unless the participant elects otherwise, an involuntary distribution greater than $1,000 is rolled over to an individual retirement plan designated by the Plan Administrator; rollover contribution amounts are included when applying this $1,000 threshold.

Participants may request a hardship withdrawal to satisfy an immediate and heavy financial need in accordance with Plan terms and applicable regulations. The minimum hardship withdrawal is $500. Hardship withdrawals are available from deferral contributions and vested qualified matching, qualified nonelective, Roth in-plan conversion, matching, and profit-sharing subaccounts. Participants may separately withdraw rollover contributions at any time. Upon attaining age 59 1/2, participants may withdraw all or a portion of any vested subaccount while employed.

Notes Receivable From Participants: Participants may borrow from the Plan, subject to a $1,000 minimum and a maximum generally equal to the lesser of 50% of the participant's vested account balance or $50,000, reduced as required for outstanding loans during the preceding 12 months. A participant may have only one loan outstanding and must wait 30 days after repayment before obtaining another loan. Loans generally mature within five years; a loan used to purchase a principal residence may have a term of up to 30 years. Loans bear a reasonable fixed rate of interest, are secured by the participant's account, and are repaid in level payments through payroll deductions or other procedures permitted by the Plan Administrator.

Forfeitures: If a participant terminates employment before becoming fully vested, the nonvested portion of the participant's employer contribution is forfeited when the participant receives a complete distribution of the vested account or, if no distribution is made, after five consecutive one-year breaks in service. Forfeitures are retained in the Plan and used first to pay administrative expenses; any remainder reduces future employer contributions. At December 31, 2025, and 2024, forfeited account balances totaled $387 and $743, respectively. During 2025, approximately $1,981 in forfeitures was used to reduce employer contributions.

Plan Termination: Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination no further contributions will be made to the Plan and all amounts credited to participant accounts will become 100% vested. The Company will direct the distribution of participant accounts as soon as administratively feasible.

Administrative Expenses: The Plan permits the payment of Plan expenses to be made from the Plan’s assets. If expenses are paid using the Plan’s assets, the expenses will generally be allocated among the accounts of all participants in the Plan. There are certain other expenses that may be paid just from a participant’s account. These are expenses that are specifically incurred by, or attributable to, the participant.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through October 14, 2026, which is the date the financial statements were available to be issued. No subsequent events were identified that require adjustment to or disclosure in the financial statements.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (as of December 31, 2025, and for the period from October 1, 2025 to December 31, 2025), Reliance Trust Company (as of December 31, 2024), and ADP Retirement Trust Service, LLC (for the period from January 1, 2025 to September 30, 2025).

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows.

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Money Market Mutual Fund: The fair value of money market mutual fund investments is determined using quoted market prices for the fund's net asset value (NAV) per share (Level 1 inputs).

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust Funds: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Investments measured at fair value on a recurring basis are summarized below:

	2025			
	Level 1	Level 2	Level 3	Total
Money market mutual fund	$ 8	$ -	$ -	$ 8
Mutual funds	15,450,235	-	-	15,450,235
Total assets in the fair value hierarchy	$ 15,450,243	$ -	$ -	15,450,243
Collective trust funds, measured at NAV as practical expedient*				997,762
Total investments at fair value				$ 16,448,005

(Continued)

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,198,535	$ -	$ -	$ 16,198,535
Total assets in the fair value hierarchy	$ 16,198,535	$ -	$ -	16,198,535
Collective trust fund, measured at NAV as practical expedient*				1,202,424
Total investments at fair value				$ 17,400,959

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 – PARTY IN INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds shares of mutual funds managed by Fidelity Investments, which is an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company, ADP Retirement Trust Service, LLC and Reliance Trust Company are service providers to the Plan and, therefore, these transactions and the Plan's payment of fees to the service providers qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved profit-sharing plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original non-standardized pre-approved plan document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.
