Independent Auditor's Report

To the Plan Administrator and Participants
VirTex Enterprises 401(k) Plan
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of VirTex Enterprises 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. Description of Plan

The following description of the VirTex Enterprises 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General*. The Plan is a defined contribution plan covering substantially all employees of VirTex Enterprises LP, Circuit Technology, Inc., PPI / Time Zero, Inc., MTI International, Inc., Plano Acquisition, LLC, and Altron, Inc. (collectively, the Company or Employer) who have completed three months of service and are age 21 or older. The Plan excludes union and nonresident alien employees, part-time employees with less than 1,000 service hours, temporary and seasonal employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

2. *Contributions*. Each year, participants may contribute up to 90% of pretax and after-tax annual eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

   The Company makes safe harbor matching contributions in the amount equal to 100% of the first 3% of compensation contributed by the participant plus 50% of the next 2% of compensation contributed by the participant. The Company may make discretionary employer matching and profit sharing contributions to eligible employees with one year of service. For the year ended December 31, 2025, the Company made no discretionary matching or profit sharing contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

3. *Participant accounts*. Each participant's account is credited with the participant's contributions, Employer contributions, rollovers, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting*. Participants are immediately vested in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Any discretionary Employer contributions are vested over a six-year period, with an initial 20% vested upon two years of service and continued vesting at the rate of 20% per subsequent year until fully vested.

5. *Notes receivable from participants*. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of two percent plus prime. Principal and interest is paid ratably through regular payroll deductions. Participants may have no more than two loans outstanding at any given time.

6. *Payment of benefits*. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals. Distributions after termination of employment for reasons other than the above shall commence as soon as administratively feasible. For distributions of amounts of $7,000 or less, no participant consent is required. Participants may also take in-service and hardship distributions subject to the terms of the Plan and IRS regulations.

7. *Forfeited accounts*. At December 31, 2025 and 2024, there were no forfeiture balances available for use. These accounts are used to reduce future employer contributions or pay Plan expenses. In 2025, $402 were used to pay Plan expenses.

B. Summary of Accounting Policies

1. *Basis of accounting.* The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

2. *Use of estimates.* The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. *Investment valuation and income recognition.* Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor, custodian, and insurance company. See note D for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. *Notes receivable from participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

5. *Payment of benefits.* Benefits are recorded when paid.

6. *Contributions.* Contributions from Plan participants and the Employer are recorded in the year in which the employee contributions are withheld from compensation.

7. *Expenses.* Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to recordkeeping, investment advisory services, and the administration of notes receivable from participants with withdrawals are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

8. *Subsequent events.* The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued. During 2026, it was announced through a press release the acquisition of the Company by NEOTech, a portfolio company of Arkview Capital. Plan management declared its intent to terminate the Plan in conjunction with the Company's acquisition. As a result, the termination was deemed imminent during 2026.

C. Certified Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation/depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica Trust Company and Transamerica Life Insurance Company, and Reliance Trust Company (former custodian) (as of December 31, 2024 and for the period January 1 to June 30, 2025), qualified institutions.

	2025	2024
Investments, at fair value	$ 26,009,168	$ 23,905,920
Investments, at contract value	2,017,188	2,173,274
Notes receivable from participants	470,727	297,276
Net appreciation in fair value of investments	3,490,349	
Interest and dividends	34,343	
Interest income on notes receivable from participants	26,893	

The Plan's independent accountants did not perform any auditing procedures with respect to the above information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ▪ quoted prices for similar assets or liabilities in active markets; ▪ quoted prices for identical or similar assets or liabilities in inactive markets; ▪ inputs other than quoted prices that are observable for the asset or liability; ▪ inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 26,009,168	$ --	$ --	$ 26,009,168
Investments, at fair value	$ 26,009,168	$ --	$ --	$ 26,009,168

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 23,905,920	$ --	$ --	$ 23,905,920
Investments, at fair value	$ 23,905,920	$ --	$ --	$ 23,905,920

Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with Transamerica Life Insurance Company (TLIC) that invests contributions in the Transamerica Stable Value Core Option. Contributions are maintained by TLIC in their general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contracts are fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations (such as a significant decline in creditworthiness of Transamerica). The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Since the investment is an obligation of Transamerica, the occurrence of an event that limits the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not probable.

E. Party in Interest and Related Party Transactions

Certain Plan investments are managed by the Plan recordkeeper and, therefore, these transactions qualify as party in interest transactions. The Plan also paid fees for recordkeeping services during the year ended December 31, 2025. Loans to participants also qualify as party in interest transactions.

F. Plan Termination

In 2026, the Company announced that it intends to exercise its right under the Plan to discontinue its contributions and terminate the Plan subject to the provisions of ERISA. As a result of the Plan termination, participants will become 100% vested in their accounts.

G. Tax Status

The Company has adopted a prototype non-standardized profit-sharing plan with CODA that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the non-standardized plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Company is currently researching certain employee and employer contributions that were not funded in accordance with Plan provisions for 2021 through 2024 Plan years. The Company intends to correct any related instances of noncompliance. A corrections receivable was recorded to the Plan’s financial statements which comprises the expected amount of funds owed to participants as a result of the errors. The Company intends to deposit missed employee and employer contributions, including lost earnings, to correct this failure in 2026 and the deposit will be made from the Company's assets and not from assets of the Plan.

I. Prohibited Transactions

During 2025, 2024, 2022, 2021, and 2020, the Company inadvertently failed to deposit $18,733, $16,125, $61,294, $128,656, and $63,931, respectively, of participant contributions and loan repayments within the required timeframe as stated by the United States DOL regulations. The Company intends to deposit lost earnings to correct this failure in 2026. The Company will file Form 5330 and pay applicable excise tax to the IRS. The correction and any excise taxes, if applicable, will be made from the Company's assets and not from assets of the Plan.

J. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2025 and 2024:
