INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Chicken of the Sea Frozen Foods Savings Investment Plan
El Segundo, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Chicken of the Sea Frozen Foods Savings Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Part IV, Line 4a for the year ended December 31, 2025 and Schedule H, Part IV, Line 4i as of December 31, 2025), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Chicken of the Sea Frozen Foods Savings Investment Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was adopted on January 1, 2007, is a defined contribution plan covering substantially all employees of Tri-Union Frozen Products, Inc. and Thai Union North America, Inc. (the "Companies") who are located in the United States and paid on a United States-based payroll. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee, custodian, and recordkeeper of the Plan is Fidelity Trust Management Company ("Fidelity").

Eligibility to Participate

Employees become eligible to participate in the Plan on the first day of the month coincident with or following their completion of three months of service. Ineligible employees include those covered by a collective bargaining agreement and nonresident aliens with no income from a United States source.

Contributions

Participant salary reduction contributions – Participants may elect to contribute up to 100% of their pretax annual compensation (including Roth contributions effective January 1, 2023), as defined by the Plan, subject to the maximum amount allowed by the Internal Revenue Code (the "IRC"). Employees, except those who affirmatively elect to not participate or who choose to contribute a specified amount to the Plan, will automatically have 3% of their pretax compensation deferred into the Plan.

Participants who have attained age 50 before the end of the plan year are eligible to contribute catch-up contributions. Employee contributions are immediately vested and nonforfeitable, and are subject to certain limitations imposed by the IRC.

Participant rollover contributions – The Plan allows employees to make rollover contributions from qualified sources. Such contributions are 100% vested and nonforfeitable.

Employer matching contributions – The Company may make discretionary matching contributions to the Plan. For 2025, the Company contributed 50% of participant contributions up to 6% of the participant's eligible compensation on a per pay period basis, up to a $4,500 maximum contribution per year. Effective July 1, 2025, the annual maximum employer matching contribution of $4,500 was eliminated. These contributions are subject to overall employer contribution and individual participant account limits.

Employer profit-sharing contributions – The Company may make discretionary profit-sharing contributions to the Plan. There were no employer profit sharing contributions for the year ended December 31, 2025.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

All investments are directed by Plan participants. Upon enrollment in the Plan, a participant may allocate contributions among any of the available investment options. Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, any employer contributions, and an allocation of Plan earnings and losses. Participants' accounts are also charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Notes Receivable from Participants (Participant Loans)

Participants may borrow a minimum of $1,000 up to a maximum generally equal to the lesser of $50,000 or 50% of their vested interest in their account balances. Loans are required to be repaid within 5 years unless the loan is used to acquire a principal residence, for which the repayment period is up to 10 years. The loans are secured by half of the participant's vested interests in his/her account balance. The loans bear interest at rates determined by the Plan administrator. Only one note receivable per participant may be outstanding at a time. Principal and interest are paid regularly through payroll deductions. The interest rates on loans as of December 31, 2025 ranged from 6.25% to 9.50%.

Vesting

Participants are immediately vested in their rollover and participant salary reduction contributions plus actual earnings thereon. Vesting in the remainder of their accounts (employer matching and profit-sharing contributions) is based on years of credited service. Accrued benefits vest as follows:

Years of Service	Vested Interest
1	25%
2	50%
3	75%
4 or more	100%

Participants become fully vested upon termination for reason of reaching retirement age, death, or disability, or if the Plan is terminated. Nonvested benefits are forfeited by participants upon termination for reasons other than normal retirement, death, or disability.

Forfeitures

Forfeited nonvested amounts held by the Plan may be used first to pay fees and then to reduce future employer contributions. During 2025, $28,542 was credited to the forfeiture account due to distributions of less than fully vested accounts, $843 was recognized from dividends and investment gain, and $22,630 was used to pay expenses. As of December 31, 2025 and 2024, the forfeiture balance was $26,999 and $20,244, respectively.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Upon retirement, death, disability, or attaining age 59½, a participant may elect to receive: 1) a lump sum amount equal to the value of his or her vested account balance; 2) periodic payments by selecting a predetermined number of payments or a fixed dollar payment of a selected frequency assuming specific requirements are met; or 3) elect to leave such funds on deposit in the Plan.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), which became law on December 20, 2019, and the SECURE 2.0 Act of 2022 ("SECURE Act 2.0") which became law on December 29, 2022, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reached the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.
- Beginning in 2023, the age a participant must begin taking distributions was raised to 73. If a participant reached the age of 72 during 2023, the participant may defer receiving distributions until April 1, 2025, the latest date that a required minimum distribution may be taken for 2024.

Upon employment termination, if a participant's vested account balance is between $1,000 and $7,000, and if the participant does not make a distribution election, the Plan may transfer the participant's account balance into an individual retirement account. Also at its discretion, the Plan may elect to distribute vested account balances of less than $1,000.

The Plan allows for hardship distributions from a participant's vested account balance, in accordance with Plan and IRC provisions regarding qualifying expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Administrative, accounting, legal, and audit expenses of the Plan not offset by forfeitures and paid by the Plan are paid by the Company at no cost to the Plan. Other costs and expenses such as distribution expenses and loan expenses are charged to the accounts of the applicable Plan participants.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation or depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, the Plan's custodian.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820*, Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs are unadjusted, quoted market prices in active markets for identical assets or liabilities at the measurement date.

Level 2 – Inputs are either directly or indirectly observable for the asset or liability through correlation with related market data at the measurement date and for the duration of the instrument's anticipated life.

Level 3 – Inputs are both unobservable and significant to the overall fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024:

Mutual funds and money market account: Valued at the daily closing price as reported by the fund. Mutual funds, including the money market fund, held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the net asset value of units of the respective collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer may reserve the right to require a notification period in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Galliard Stable Return Fund M is a stable value collective trust which primarily consists of indirect investments in fully benefit-responsive investment contracts through an investment company. The stable value collective trust's contract value is considered its fair value for financial reporting purposes as that is the amount at which participants would normally transact with the Plan.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market account	$ 30,843	$ -	$ -	$ 30,843
Mutual funds	19,328,620	-	-	19,328,620
Total investments in the fair value hierarchy	$ 19,359,463	$ -	$ -	19,359,463
Common/collective trust measured at net asset value [(a)]				298,569
Total investments at fair value				$ 19,658,032

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market account	$ 19,895	$ -	$ -	$ 19,895
Mutual funds	19,290,406	-	-	19,290,406
Total investments in the fair value hierarchy	$ 19,310,301	$ -	$ -	19,310,301
Common/collective trust measured at net asset value [(a)]				1,205,884
Total investments at fair value				$ 20,516,185

[(a)] Certain investments (common/collective trust) that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the total investments presented in the statements of net assets available for benefits.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes certain characteristics of the Plan's investment in the common/collective trust (for which fair value is measured using the net asset value per share practical expedient) as of December 31, 2025 and 2024. There are no participant redemption restrictions for this investment, and the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (Participant)	Redemption Notice Period (Plan)
Galliard Stable Return Fund M:				
December 31, 2025	$ 298,569	N/A	Daily	12 months
December 31, 2024	$ 1,205,884	N/A	Daily	12 months

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 6. TAX STATUS

The Company has adopted a pre-approved defined contribution plan and relies upon the pre-approved plan's opinion letter from the Internal Revenue Service ("IRS"), in which the IRS stated that, in its opinion, the pre-approved plan's design was in accordance with the applicable requirements of the IRC. The Company has not applied for a determination letter from the IRS specific to the Plan. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

NOTE 7. EXEMPT PARTIES-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The Company pays certain administrative costs of the Plan, and also provides administrative services for the Plan at no cost to the Plan. Certain investments are managed by the custodian of the Plan and/or affiliates of the custodian. These transactions qualify as exempt party-in-interest transactions.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE 9. DELINQUENT REMITTANCES

The Company identified multiple instances in 2022, 2023, and 2024 where amounts withheld from employees' paychecks totaling $693,612 were not remitted to the Plan within the reasonableness timeframe established by the DOL. The Company is in the process of calculating and will remit lost earnings and interest thereon as soon as administratively possible.

Based on such actions, Plan management and the Company believe the operational failures will not cause the Plan to be disqualified by the IRS and that the necessary corrective actions will allow the Plan to be in compliance with the Plan documents and ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

NOTE 10. EXCESS CONTRIBUTIONS DUE TO PARTICIPANTS

To satisfy certain nondiscrimination provisions of the Plan for the year ended December 31, 2022, $13,910 of excess participant contributions are in the process of being disbursed from the Plan. This amount is presented as corrective distributions payable in the statements of net assets available for benefits as of December 31, 2025 and 2024.

NOTE 11. FIDELITY BOND

ERISA requires that the Plan maintain a fidelity bond in an amount equal to at least 10% of the Plan's assets as of the beginning of the plan year, but which is not less than $1,000 and which need not exceed $500,000. The Plan did not have the required fidelity bond coverage from November 16, 2025 through November 29, 2025. Plan management does not believe that the Plan incurred any losses during this time that would have been covered by the fidelity bond.

NOTE 12. SECURE ACT 2.0

On December 29, 2022, the SECURE Act 2.0 became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. In addition to the changes to minimum required distributions described in Note 1, the SECURE Act 2.0 includes various required and optional provisions that will become effective through 2033, certain of which are described below:

- Beginning January 1, 2025, a participant from the ages of 60 to 63 can elect catch-up contributions up to the limit of the greater of $10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Beginning January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12 month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.
- Beginning January 1, 2026, catch-up contributions will be made on a Roth basis, unless the participant earns $150,000 or less.
- Beginning in 2033, the age for required minimum distributions will increase from age 73 to 75.

Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2026.
