To the Plan Committee of
Retirement Plan for Employees of Cascade Pole and Lumber Company

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Retirement Plan for Employees of Cascade Pole and Lumber Company (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Retirement Plan for Employees of Cascade Pole and Lumber Company's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Retirement Plan for Employees of Cascade Pole and Lumber Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Retirement Plan for Employees of Cascade Pole and Lumber Company's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Retirement Plan for Employees of Cascade Pole and Lumber Company's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Retirement Plan for Employees of Cascade Pole and Lumber Company's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Retirement Plan for Employees of Cascade Pole and Lumber Company (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit plan established effective August 1, 1968, as restated January 1, 2011, covering employees of Stella-Jones Corporation (the Company) affiliated with the United Brotherhood of Carpenters and Joiners of American Piledrivers Local 2396 (the Union). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company’s Plan Committee (Committee), which is a committee of the Board of Directors of the Company. The Committee has overall responsibility for the operation and administration of the Plan, determines the appropriateness of the Plan’s investment, and reports to the Plan’s Board of Trustees.

Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The minimum funding requirements of ERISA were met in 2025 and 2024. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Pension Benefits

Employees are eligible for the Plan after one year of continuous service, as defined in the Plan document. Also, an eligible employee will be credited with a prorated benefit for the year in which he or she was hired if the employee worked at least 1,000 hours in that Plan year.

Normal retirement age is the later of a participant’s 65th birthday or the 5th anniversary of the first day of the Plan year in which participation in the Plan commenced. The Plan allows for early retirement if a participant has attained age 55 and has received credit for at least five years of accrued service. Nominal benefits are reduced if early retirement is elected. Participants of the Plan become vested in their accrued benefits based on the following schedule of years of service with the Company:

Completed Years of Service	Percentage Vested
Less than 3 years	0%
3 years	20%
4 years	40%
5 years	60%
6 years	80%
7 years or more	100%

A participant becomes 100% vested if they reach early retirement age, die, or become totally and permanently disabled while in the service of the Company. Employees may elect to receive the value of their accumulated Plan benefits as a lump–sum distribution upon retirement or termination, or they may elect to receive their benefits as a life annuity payable monthly from retirement.

Death and Disability Benefits

Death benefits are available to beneficiaries of participants (typically, the participant’s spouse). The death benefit is generally in an amount equal to 50% of the value of the employee’s accumulated pension benefits.

Participants who become disabled while they are a participant in the Plan and their condition continues for a period of six months will receive annual disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they become disabled.

Payment of benefits

Pension benefits and vesting - The Plan provides for normal annual retirement benefits (subject to certain maximum payments) equal to the sum of the annual benefit multiplied by the years of credited service while employed at the Company as a member of the Union as follows:

Years of Credited Service	Annual Benefit
Before 8/01/71	$ 120
8/1/71 - 7/31/87	318
8/1/87 - 7/31/90	360
8/1/90 - 7/31/93	384
8/1/93 - 7/31/94	480
8/1/94 - 7/31/95	510
8/1/95 - 7/31/97	540
8/1/97 - 7/31/99	570
8/1/99 - 7/31/00	600
8/1/00 - 7/31/01	660
8/1/01 - 12/31/04	720
1/01/05 - 2/1/13	780
2/2/13 - 2/1/14	810
2/2/14 - 2/8/15	840
2/9/15 - 2/2/20	888
2/3/20 - 2/1/23	960
2/2/23 - 2/1/24	996
2/2/24 - 2/1/25	1,032
2/2/25 - 2/1/26	1,068
2/2/26 - 2/1/27	1,104
2/2/2027 and later	1,140

Benefits may be paid in a single lump-sum or an annuity.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at contract value as certified by the Plan's custodian, New York Life Insurance Company (NY Life). Contract value represents contributions made under contract, plus interest at the contract rate, less participant withdrawals and administrative expenses. Interest income is recorded on an accrual basis.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the statements of changes in net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through October 15, 2026, the date the financial statements were available to be issued.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date. Benefits payable under all circumstances, such as retirement, death, disability, and termination of employment, are included, to the extent they are attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of December 31, 2024, were (a) for life expectancy of participants, the PRI-2012 Amount-Weighted Mortality Table (Blue Collar), projected generationally with the 2024 Adjusted MP-2021 Scale, (b) retirement age assumptions (normal retirement age was 65), and (c) investment return (interest rate of 4.90%). The investment return includes a reduction to reflect anticipated administrative expenses associated with providing benefits.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2025. Had the valuation been performed as of December 31, there would be no material differences. The significant actuarial assumptions used in the valuation were:

	December 31, 2024
Actuarial present value of accumulated plan benefits	
Vested Benefits	
Participants currently receiving payments	$ 1,866,969
Other participants	3,407,331
Total	5,274,300
Nonvested benefits	153,625
Total actuarial present value of accumulated plan benefits	$ 5,427,925

	December 31, 2024
Actuarial present value of accumulated plan benefits	$ 5,274,489
Increase (decrease) during the year attributable to	
Plan amendement	19,570
Benefits accumulated and actuarial gains	403,682
Increase for interest due to the decrease in the discount period	244,051
Benefits paid	(163,827)
Change in discount rate	(173,833)
Change in other actuarial assumptions	(176,207)
Net Increase	153,436
Actuarial present value of accumulated plan benefits at end of year	$ 5,427,925

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

4. Contract with New York Life Insurance Company

In 1982, the Company entered into an insurance contract with the NY Life. The contract is divided into two sections, a pension account and a fixed dollar account. Company contributions are deposited in the fixed dollar account. The pension account represents the present value of future annuity payments to retirees or their beneficiaries and was valued at $1,877,364 and $1,968,555 at December 31, 2025 and 2024, respectively. Any overage or shortfall in the pension account is transferred to or from the fixed dollar account annually. The fixed dollar account was $2,942,982 and $2,549,742 at December 31, 2025 and 2024, respectively. Both accounts earned interest credits of 4.31% and 4.07% in 2025 and 2024, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (4) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Surrender charges may apply upon cancelation of the contract; however, management currently has no intention to discontinue the contract.

5. Information Certified by Custodian

The plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by New York Life Insurance Company, the Plan's custodian and a qualified institution:

- The fixed dollar account portion of the insurance contract of $2,942,982 and $2,549,742 reflected within the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, respectively.
- Investment income of $116,234 and $97,197 related to the fixed dollar account portion of the insurance contract reflected within the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, respectively.
- The fixed dollar account investments of $2,942,982 reflected on the supplemental schedule of assets (held at end of year).

6. Related-Party and Party In Interest Transactions

The Plan paid expenses related to the Plan's operations and investment management to various service providers. The Plan's investments consist of an insurance contract issued by NY Life, and thus are considered exempt party-in-interest transactions.

7. Plan Termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All nonvested benefits.

Benefits to be provided under contracts for which NY Life (see Note 4) is obligated to pay the benefits would be excluded for allocation purposes.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual’s monthly benefit that the PBGC guarantees. For plan terminations occurring during 2025, that ceiling is $7,432 per month. The ceiling applies to those pensioners who elect to receive their benefits in the form of a single–life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single–life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

8. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

SCHEDULE SB – PART V – ACTUARIAL METHODS AND ASSUMPTIONS
January 1, 2025

As prescribed by federal law the funding method used for this valuation is the "Unit Credit" funding method. The requirements set forth in this report have as their basis the following valuation assumptions.

1) INTEREST RATE

The interest rate assumptions employed in this valuation are summarized below:

Liability Measured	Rates	Date Adopted
Minimum Funding	5.00%/5.27%/5.50%	January 1, 2025
Minimum Funding Effective Rate	5.46%	January 1, 2025
Maximum Deductible Contribution	5.00%/5.27%/5.40%	January 1, 2025

The *Minimum Funding* and *Maximum Deductible Contribution* interest rates are prescribed under the Pension Protection Act of 2006 (PPA). The *Minimum Funding* rates are adjusted under the American Rescue Plan Act of 2021 (ARPA). The rates do not use a lookback month, as defined by the Plan.

The *Minimum Funding Effective Rate* is the single effective rate that produces the same liability amount as the required three segment rates used for funding purposes.

2) MORTALITY

The IRS 2024 Small Plan Combined Static Mortality Table (base table: sex-distinct PRI-2012) was used to estimate participant mortality rates.

SCHEDULE SB – PART V – ACTUARIAL METHODS AND ASSUMPTIONS
January 1, 2025

3) TERMINATIONS

Voluntary termination rates as taken from the prior actuary's report were developed based on Table T-3 as published in the "Actuary's Pension Handbook" by Crocker, Sarason & Straight:

Age	Number Terminating Per 1,000 Covered	Age	Number Terminating Per 1,000 Covered
25	53	45	32
30	48	50	15
35	45	55	3
40	38	60	0

4) ADMINISTRATIVE EXPENSES

Administrative (non-investment) expenses are not taken into account since the employer pays these expenses directly. However, investment expenses are assumed to be paid out of plan assets.

5) VALUATION OF ASSETS

Plan assets are valued at fair market value. The assets are held in insurance contracts and measured as the contract value adjusted for actual contributions and distributions made and credited with interest at a rate specified by the contract holder. The assets are further adjusted to reflect experience adjustments and discontinuance value, as provided by New York Life.

6) RETIREMENT AGE

Participants are assumed to retire at Normal Retirement Age and elect a Three Year Certain and Life Annuity.

CHANGES SINCE THE PRIOR YEAR AND REASONS FOR CHANGE

All non-prescribed actuarial assumptions are the same as the prior year.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

CASCADE POLE AND LUMBER COMPANY
EIN: 20-3529371 Plan Number: 005

SCHEDULE SB – PART V - SUMMARY OF PLAN PROVISIONS

January 1, 2025

1) EFFECTIVE DATE OF PLAN

The plan was originally effective on August 1, 1968. The Plan was most recently amended effective January 1, 2023 to reflect annual increases each year through 2027.

2) FUNDING

The plan is funded by employer contributions.

3) EMPLOYEES INCLUDED

Employees covered by the collective bargaining agreement between the Employer and the United Brotherhood of Carpenters and Joiners of America shall be eligible to participate on the January 1 on or following the completion of one year of eligibility service. If this entry date would cause the participant to enter the Plan over 18 months after their hire date, the entry date will be the January 1 immediately following their date of hire.

4) PLAN YEAR

The plan year is the 12-month period from January 1 to December 31.

5) EMPLOYER CONTRIBUTIONS

The employer contributes amounts sufficient to meet government minimums and maintain the Plan's funded status at an adequate level.

6) EMPLOYEE CONTRIBUTIONS

Participants in the plan are neither required nor allowed to make any contributions.

7) YEAR OF SERVICE

For vesting and benefit purposes, a year of service is credited for each plan year in which an employee completes 1,000 hours of service. For eligibility purposes, a year of service is the 12-month period beginning with the employee's hire date or, if the employee does not complete 1,000 hours during this period, the plan year beginning during which the employee completes 1,000 hours of service.
