Plan Administrator and 401(k) Committee
Shermco Industries, Inc. 401(k) Plan
Irving, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Shermco Industries, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Shermco Industries, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to Internal Revenue Code Section 401(k) provisions. The Plan was established January 1, 1979, and has been amended periodically subsequent to that date. The Plan covers substantially all employees of Shermco Industries, Inc. (the "Parent" or the "Plan Sponsor") and its wholly owned subsidiaries, Shermco System Integration LLC ("SSI"), Sigma Six Solutions, Inc. ("Sigma"), Power Products & Solutions ("PPS") and R3L Engineering (all collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility: Employees are eligible to participate in the Plan if they are age 18 or older and have completed two months of service. Employees become eligible to receive Company contributions upon satisfying the same requirements. An employee can enter the Plan on the first day of the month immediately following, or coincident with, the date the employee completes the eligibility requirements.

Effective January 1, 2024, the Plan was amended to require employees to complete 12 months of service to be eligible to receive Company safe harbor matching contributions. This change applies only to matching contributions made on or after January 1, 2024.

Employees who are not eligible to participate in the Plan include union employees, non-resident aliens, leased or part-time employees, temporary employees, employees based in Puerto Rico, and intern or co-op employees.

Contributions: Each year, participants may contribute up to 80 percent of pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. The Plan also allows for participants to make elective contributions on an after-tax basis. In addition, those participants, who are over the age of 50 or turning age 50, are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company allows a traditional ADP safe harbor matching contribution equal to 100% of each eligible participant's elective deferrals that do not exceed 4% of compensation. The adoption agreement further provides that additional matching contribution rules may apply. Specifically, a year-end "true-up" contribution may be made at the discretion of the Company, unless otherwise required under the Plan. The Company also has the ability to make profit-sharing contributions, on a discretionary basis. The Company made no profit-sharing contributions for the year ended December 31, 2025.

Investment Options: Plan participants direct the investment of their contributions and the discretionary Company contributions into the various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of Company contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Participants become 20% vested for Company matching and profit-sharing contributions and earnings thereon after one year of credited service and vest an additional 20% for each year of service thereafter until they are fully vested after completion of five years of service. A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Payment of Benefits: Upon termination of service due to death, disability, or retirement, each participant can receive their vested account balance in one lump-sum payment or, in certain cases, the participant can receive installment payments. For termination of service due to other reasons, a participant may receive their vested account balance in one lump sum payment. If a participant's vested balance is $5,000 or less, the participant will receive a single distribution of their entire vested account balance. The Plan provides for the automatic rollover of vested participant balances above $1,000, but less than $5,000 into an individual retirement account if the participant does not elect to have the distribution paid directly to an eligible retirement plan in a direct rollover or to receive the distributions directly. Hardship withdrawals are also allowed, subject to the provisions specified in the Plan agreement. Active participants may also take distributions from the Plan upon attainment of age 59½. Effective November 12, 2024, the Plan also permits certain in-service distributions for qualified birth or adoption distributions, domestic abuse, qualified disasters, and emergency personal expenses, subject to eligibility requirements, distribution limits, and other provisions specified in the Plan agreement.

Notes Receivable from Participants: Participants may borrow up to 50% of their vested accounts in the form of a note with a minimum amount of $1,000 and a maximum amount of $50,000. Notes are secured by the balance in the participant's account and bear interest at prevailing market rates at the time the funds are borrowed. The term of the notes cannot exceed five years, except for notes used to purchase a principal residence, which may have a term up to fifteen years. At December 31, 2025, the interest rate on outstanding loans was between 5.25% and 10.50%. Principal and interest are paid ratably through payroll deductions and as of December 31, 2025, the notes receivable outstanding are due in various amount through December 2040. A participant may only have one note outstanding at a time.

Forfeitures: If a participant terminates employment prior to becoming fully vested, the right to the unvested balance is forfeited. Participant forfeitures of Company contributions may be used to reduce Company contributions and/or to pay Plan expenses. During 2025, $332,391 of unvested balances from terminated participants were added to the Plan's forfeiture account, and $142,579 of forfeited Company contributions was used to offset Company contributions and Plan expenses. The remaining balances of forfeitures available to offset future Company contributions as of December 31, 2025 and 2024 were $344,475 and $154,663, respectively.

Administrative Expenses: Certain costs incurred in the administration of the Plan have been paid by the Company. Investment management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investments fees and operating expenses are reflected as a reduction of investment return for such investments. Recordkeeping fees, loan processing fees, investment advisor fees and other administrative fees are paid by the Plan and included as administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan:

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust Fund: The fair values of participation units held in collective trusts are based on the net asset values per unit (NAV) as reported by the fund managers. The NAV is used as a practical expedient to measure fair value. The collective trust provides for daily redemptions by the Plan at reported NAV with no advance notice requirement. For Plan closure or transfer, the collective trust provides redemptions with a 45-day advance notice requirement.

Investments measured at fair value on a recurring basis are summarized below.

	Fair Value Measurements at December 31, 2025, Using			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual funds	$ 88,246,086	$ -	$ -	$ 88,246,086
Collective trust fund*	-	-	-	1,927,393
Total	$ 88,246,086	$ -	$ -	$ 90,173,479

	Fair Value Measurements at December 31, 2024, Using			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual funds	$ 74,125,720	$ -	$ -	$ 74,125,720
Collective trust fund*	-	-	-	1,201,542
Total	$ 74,125,720	$ -	$ -	$ 75,327,262

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may retire the transfer of investments from one fair value level to another. For the year ended December 31, 2025, there were no transfers in or out of Level 3.

The following table sets forth an additional disclosure of the Plan's investment in a collective investment trust, whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2025 and 2024:

	Fair Value		Unfunded	Redemption	Redemption
	2025	2024	Commitment	Frequency	Note Period
Collective investment trust	$ 1,927,393	$ 1,201,542	-	Immediate	None

NOTE 4 - CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest income and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, the trustee of the Plan.

NOTE 5 - PARTIES-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan pays certain administrative fees to Charles Schwab Trust Bank, the trustee of the Plan. Therefore, the fees paid to Charles Schwab Trust Bank qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated September 21, 2020, indicating that the prototype plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

NOTE 6 - TAX STATUS (Continued)

As of the date the financial statements were available to be issued, the Plan's annual compliance testing for the year ended December 31, 2025, had not been completed. The Plan administrator intends to make any necessary corrections in accordance with applicable Internal Revenue Service requirements should any compliance deficiencies be identified upon completion of the testing.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit risks and global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their account balances and Plan assets will be distributed in accordance with the Plan document.

NOTE 9 - PROHIBITED TRANSACTIONS

During the Plan year ending December 31, 2024, the Plan Sponsor inadvertently failed to deposit $435 of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The DOL considers late deposits to be a prohibited transaction. The Plan Sponsor corrected this failure during 2025.

NOTE 10 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 15, 2026, which is the date the financial statements were available to be issued. Effective January 1, 2026, the Eastern High Voltage, Inc. 401(k) Plan is merged into the Plan.
