Independent Auditors' Report

To the Plan Participants and Plan Administrator
Mercy Health Retirement Savings Plan 403b:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Mercy Health Retirement Savings Plan 403b (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year then ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. U.S. generally accepted accounting

KPMG LLP, a Delaware limited liability partnership, and its subsidiaries are part of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

principles require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

(1) Description of Plan

The following description of the Mercy Health Retirement Savings Plan 403b (the Plan) provides general information about the Plan's provisions. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions. Bon Secours Mercy Health (the Company) is the plan sponsor.

The Plan has been amended from time to time to reflect organizational changes and the merger of various predecessor retirement plans.

(a) General

The Plan is a defined contribution plan covering eligible employees of the Company and its participating employers. As of December 31, 2019, the plan no longer allows new participants. New employees of the company are eligible to contribute to a different defined contribution plan offered by the Plan Sponsor beginning on January 1, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Bon Secours Mercy Health Retirement Plan Committee (the Committee or the Plan Administrator) is responsible for the general administration of the Plan. Fidelity Management Trust Company serves as the Plan's trustee (the Trustee) and Fidelity Workplace Services LLC serves as the recordkeeper of the Plan.

(b) Contributions

Effective December 31, 2019, in conjunction with the employee's eligibility to contribute to a different plan beginning on January 1, 2020, the Plan was amended to no longer allow employee contributions to the Plan beginning on or after January 1, 2020. Also, effective December 31, 2019, the Plan was amended to no longer allow employer contributions to the Plan beginning on or after January 1, 2020, including the annual employer nonelective contribution and the retirement shared success contribution.

(c) Participant Accounts

Prior to December 31, 2019, each participant's account was credited with the participant's contributions, the allocations of the Company's discretionary, nonelective, and matching contributions. Subsequent to December 31, 2019, each participants account is credited with allocations of the Plan's earnings and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Participant-Directed Investment Options

A participant may direct individual account balances, specifying whole number percentages with the entire amount so allocated equal to 100%, to any investment option in the Plan available during the year.

(e) Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. For participants hired after September 28, 2012, they are vested in the employer's matching contributions, nonelective contributions, and discretionary contributions, and any earnings on them, after the participant completed three years of service.

For participants hired before September 28, 2012, the vesting schedule is the better of the Plan (as noted above) or the original transferred employer plan as defined in the respective previous merged plan document.

(f) Forfeitures

Any discretionary, nonelective, and matching contributions forfeited by participants who terminate employment prior to becoming fully vested are used first by restoring the amount of previous forfeitures and then by either reducing the amount of employer contributions or by paying Plan administrative expenses. Unallocated forfeited nonvested accounts were $403,320 and $361,368 as of December 31, 2025 and 2024, respectively.

(g) Participant Loans

The Plan allows participants to apply for and obtain loans, limited to 50% of the participant's vested account balance, not to exceed $50,000, from the vested balance of the participant's account. For loans taken after the merger date, these loans must be repaid within five years unless the loan is used to finance the participant's primary residence, in which case, the Plan Administrator shall have the discretion to determine the repayment period for such loan. Each loan shall bear interest at a rate to be fixed by the Plan Administrator and, in determining the interest rate, the Plan Administrator shall take into consideration interest rates currently being charged by commercial lending institutions. Interest rates shall be fixed for the term of the loan at the time the loan is made, and the Plan Administrator shall determine periodically the interest rate to be charged on new loans.

(h) Payment of Benefits

On termination of service due to death, disability, or retirement, participants may elect to receive a distribution equal to the value of their vested interest in their account or defer receipt of their account balance until age 72. At the later of 72 or termination of employment, minimum required distributions are required to commence.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

(i) Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

(j) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

As discussed in note (1), the Plan was established in 2002 and historically was viewed as an amalgamation of individual annuity and custodial accounts, and the Plan and its custodians did not maintain financial information at a plan level. As of December 31, 2008, the Plan's trustee began to provide the plan administrator with annual certified statements summarizing the Plan's activities and holdings. Because of the lack of historical records, the amounts of any excluded annuity and custodial accounts and the related income and distributions that may have been excluded prior to January 1, 2009 are not determinable.

(b) Payment of Benefits

Benefits are recorded when paid.

(c) Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Loans deemed to be distributions were approximately $82,856 for the year ended December 31, 2025, which is included in benefit payments in the statement of changes in net asset available for benefits.

(Continued)

(d) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

(e) Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See note (4) for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(3) Information Certified by the Trustee

Amounts contained in the accompanying financial statements and supplemental schedule, which was obtained or derived from information provided by the Plan Administrator, was certified by the Trustee as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, is as follows:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in the fair value of investments
- Interest and dividend income
- Interest income on notes receivable from participants
- Investment information included in note (4), excluding fair value levels
- Schedule H, line 4(i) – schedule of assets (held at end of year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:
  - Quoted prices for similar assets and liabilities in active markets
  - Quoted prices for identical or similar assets or liabilities in markets that are not active
  - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan:

Mutual funds and money market – Valued at the closing price reported on the major market on which the individual securities are traded and are classified within Level 1 of the valuation hierarchy. The Plan does not adjust the quoted market price for such financial instruments.

Self-directed brokerage accounts – Valued at the quoted market price of publicly traded investments held by the Plan at year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2025:

		Level 1	Level 2	Level 3	Total
Money market	$	1,535,443	—	—	1,535,443
Self-directed brokerage accounts		1,280,890	—	—	1,280,890
Mutual funds		68,143,312	—	—	68,143,312
Total assets at fair value	$	70,959,645	—	—	70,959,645

(Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Money market	$ 1,789,356	—	—	1,789,356
Self-directed brokerage accounts	1,117,673	—	—	1,117,673
Mutual funds	64,308,631	—	—	64,308,631
Total assets at fair value	$ 67,215,660	—	—	67,215,660

(5) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(6) Related-Party and Party-in-Interest Transactions

The Plan holds units of mutual funds managed by the Trustee. The related transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

(7) Tax Status

The Plan is intended to satisfy the requirements of Section 403(b) of the Internal Revenue Code (the "Code") and is required to operate in conformity with the applicable requirements of the Code to maintain its tax-favored status. Effective June 1, 2023, the Internal Revenue Service ("IRS") established a determination letter program for certain individually designed 403(b) plans. The Plan has neither applied for nor received a determination letter from the IRS. The Plan Administrator believes the Plan is operating in compliance with the applicable requirements of Section 403(b) of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Subsequent Events

Management evaluated subsequent events for the Plan through October 15, 2026, the date the financial statements were available to be issued.
