Independent Auditor's Report

To the Plan Administrator

AGMB, LLP 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AGMB, LLP 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefit as of December 31, 2025 and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.
- Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – SUMMARY OF THE PLAN

Plan Description

The following description of the AGMB, LLP (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established in 2002, under section 401(k) of the Internal Revenue Code ("IRC"), was subsequently restated as of June 1, 2017, subsequently amended by the Company on November 1, 2019, to provide benefits to eligible employees, as defined in the Plan document. Each of the Company's employees is eligible to participate in the Plan upon attaining the age of 21 and completion of 12 consecutive months of employment. Eligible participants may enter the Plan on the first day of each plan year and the first day of the fourth, seventh, and tenth months of each plan year, as defined by the Plan, following eligibility. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

The Plan's sponsor has the right under the Plan to change Plan custodians at any time subject to provisions of ERISA. During 2025, the Plan's Trustee changed from OneAmerica Retirement Services LLC ("One America") to Voya Retirement Insurance and Annuity Company ("Voya") as a result of Voya's acquisition of One America's retirement plan business. On September 2025, all investments held by One America were transferred to Voya and reinvested in investment options offered by the Plan based on the respective participant's investment option elections.

Effective January 1, 2025, the Plan was amended to update the definitions of Hours of Service and Period of Service, eligibility, vesting, and allocation purposes, and changed the service-crediting methodology from the hour-of-service method to the elapsed-time method, subject to transition provisions.

Plan Administration

The Plan is administered by the Company (the "Plan Administrator"). One America and Voya are the trustees of the plan.

Participant Eligibility

Employees of the Company are eligible to participate in the Plan after having reached 21 years of age and completing one year of service.

NOTE 1 – SUMMARY OF THE PLAN (Continued)

Contributions

The Company's eligible employees may contribute up to the 402(g) limit and/or the Actual Deferral Percentage (ADP) test limit for highly compensated employees. The 402(g) limit for 2025 was $23,500. Participants may also rollover amounts representing distributions from other qualified plans. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v). The total deferral may not exceed the maximum dollar limit allowed by the Internal Revenue Code ("IRC") of $23,500, plus $7,500 if the employee is age 50 or older for 2025. The Plan has operationally adopted the enhanced catch-up contributions, allowing participants ages 60-63 to make catch up contributions up to $11,250.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution in cash or other forms of property acceptable to the custodian without regard to the Company's current or accumulated profits.

The company has elected to make safe Harbor matching contributions to all eligible Participants in an amount equal to 100% of the first three percent of their eligible compensation, and 50% of the next two percent of their eligible compensation, contributed to the Plan as Deferral Contributions (computed by the company based on the employee's eligible compensation contributed to the Plan each payroll period).

The Company may also make discretionary profit sharing. The profit-sharing contribution will be allocated or divided among participants eligible to share in the contribution for the Plan year. During the year ended December 31, 2025, the Company accrued a $327,833 profit sharing contribution and $370,706 safe harbor matching contribution to the Plan and paid in 2026. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – SUMMARY OF THE PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service. Upon the death of a participant before the participant's retirement date, all amounts credited to such participant account shall be fully vested. In the event of a participant termination due to disability prior to the participant's retirement date, all amounts credited to such participant shall be fully vested.

Employer Matching	
Years of Service	Vested Interest (%)
less than 3 years	0%
3 years or more	100%

Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The number of outstanding loans is limited to one at any point in time. The loans are secured by the balance in the participant's account and bear interest at a fixed rate as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. A loan default occurs if payment is not received in a quarter following the quarter in which the payment became due or payable and is considered a deemed distributed loan. Although a defaulted loan becomes taxable as a deemed distribution, it is not considered an actual distribution. It remains an asset of the participant's account. A defaulted loan is still considered outstanding until it is either repaid or offset. Upon termination of employment, outstanding loans become due and payable. The effective interest loan rate for loans outstanding at December 31, 2025 was 4.25 % to 9.5% and mature at various dates through 2029. Total loans outstanding of $48,481 and $107,595 as of December 31, 2025 and 2024, respectively, are recorded in the Plan's accompanying financial statements. No allowance was considered necessary as of December 31, 2025 and 2024.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump sum amounts equal to the value of the participant's vested interest in his or her account. Retired or terminated participants receive the vested portion of their Company contributions and related earnings and one hundred percent (100%) of their pre-tax contribution as soon as administratively possible following death, retirement, termination or upon becoming disabled. Any withdrawals made prior to the participant attaining age 59½ for any reason is subject to applicable federal income tax.

Distribution of elective deferrals may be made to a participant in the event of hardship. A hardship distribution may only be made on account of immediate and heavy financial need of the participant and where the distribution is necessary to satisfy the immediate and heavy financial need.

NOTE 1 – SUMMARY OF THE PLAN (Continued)

Forfeited Accounts

Forfeitures resulting from the nonvested portions of participants' accounts who terminate prior to being fully vested are generally used first to pay the administrative expenses of the Plan, and any remaining amounts may be used to reduce future matching contributions.

Under certain circumstances, forfeitures may be made available to reinstate previously forfeited account balances of rehired participants, as permitted by the Plan. During the year ended December 31, 2025, there were $35,560 forfeitures used for employer contributions and $0 were used to pay administrative expenses.

SECURE Act 2.0 Provisions

In December 2022, the Securing a Strong Retirement Act of 2022 ("SECURE Act 2.0") was enacted, introducing a broad array of mandatory and optional plan provisions intended to enhance retirement savings opportunities, simplify plan administration, and improve participant outcomes. During 2025, the Plan implemented applicable provisions of SECURE 2.0, including certain provisions adopted by the Plan Sponsor, as required or elected by the Plan Sponsor. Participants are encouraged to review the updated Summary Plan Description and contact the Plan Administrator with any questions regarding how these changes may affect their benefits. Plan management continues to evaluate and implement applicable SECURE 2.0 provisions and related regulatory guidance.

The adoption and implementation of SECURE 2.0 provisions did not have a material impact on the Plan's net assets available for benefits or changes in net assets available for benefits as of and for the year ended December 31, 2025.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") and in accordance with the Plan agreement. A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows.

Accounting Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

NOTE 2 – SUMMARY OF THE PLAN (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission and are deemed to be actively traded and are classified as level 1 investments.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Money Market Funds:

These investments have an object to earn interest for shareholders. The portfolio comprises short-term, or less than one year, securities representing high-quality, liquid debt and monetary instruments. The money market funds are held by the Plan and are deemed to be actively traded and are classified as level 1 investments.

Guaranteed Interest Account (Voya Fixed Account B):

This investment is a fixed interest account offered through Voya Retirement Insurance and Annuity Company. The account is designed to preserve principal while providing a stated rate of interest in accordance with the terms of the underlying contract. The fair value of the investment is based on information provided by the issuer and observable market inputs associated with similar investment contracts and the investment is classified within Level 2 of the fair value hierarchy.

Group Annuity Contracts:

Refer Note 4 below in Notes to financial statements.

Common Collective Trust (Fully Benefit Responsive Contract):

Refer Note 5 below in Notes to financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025, and 2024:

	As of December 31, 2025			
	Level 1	Level 2	Level 3	Total Fair Value
Assets:				
Mutual Funds	$ 12,352,608	-	-	12,352,608

Money Market Funds	9,964	-	-	9,964
Total Investments, at fair value	$ 12,362,572	$ 83,096.00	$ -	$ 12,445,668

	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total Fair Value
Assets:				
Mutual Funds	$ 12,513,298	-	-	12,513,298
Money Market Funds	61,312	-	-	61,312
Total Investments, at fair value	$ 12,574,610	$ -	$ -	$ 12,574,610

NOTE 4 - GROUP ANNUITY CONTRACT WITH NATIONAL INSURANCE COMPANY

In 2018, the Plan entered a traditional fully benefit-responsive guaranteed investment contract with Lincoln Financial Group which, at December 31, 2024 was valued at $6,289 Lincoln Financial Group maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. On September 29, 2023, the Plan Administrator elected to terminate the contract, and the book value was liquidated during 2025 plan year.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln Financial Group, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.
In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

In 2025, the Plan invested in the OneAmerica Stable Value Fund Class Z, a collective investment trust maintained by BMO Harris Bank N.A. ("BMO"). The Fund seeks to provide preservation of principal, liquidity for participant-directed transactions, and a rate of return generally higher than that of money market funds while maintaining a stable net asset value of $1.00 per unit. The Fund invests primarily in traditional and synthetic guaranteed investment contracts ("GICs"), together with high-quality fixed-income securities and related wrap contracts.

The Plan's investment in the Fund is considered a fully benefit-responsive investment contract and is therefore reported at contract value. Contract value is the relevant measurement attribute because it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Fund provides daily liquidity for participant benefit payments and participant-directed investment transfers. Employer-initiated withdrawals or transfers that are not participant-directed may be subject to restrictions, including advance notice requirements of up to one year. The trustee retains discretion to accelerate or postpone certain withdrawals in accordance with the terms of the Participation Agreement.
The Plan's ability to receive amounts due from the Fund is dependent upon the ability of the issuers of the underlying guaranteed investment contracts and wrap contracts to satisfy their contractual obligations. The Fund invests in traditional GICs issued by insurance companies and banks, as well as synthetic GIC structures supported by wrap providers. The wrap contracts are designed to permit participant transactions at contract value and support maintenance of the Fund's stable unit value.

Certain events could limit the Plan's ability to transact at contract value, including significant employer-initiated withdrawals, Plan termination, merger, spin-off transactions, loss of the Plan's tax-qualified status, or other events that adversely affect the liquidity or operation of the Fund. No events are probable of occurring that would limit the Plan's ability to transact with participants at contract value.

As of December 31, 2025, the Plan's investment in the Fund had a contract value and fair value of $70,588.

NOTE 6 – INFORMATION CERTIFIED BY THE PLAN’S TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. All of the information related to investments and promissory notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, other income, interest and dividends for the year ended December 31, 2025, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Voya and One America, the Trustees of the Plan.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants will be 100% vested in their account balances.

NOTE 8 – TAX STATUS

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, and 2024 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya and/or One America, the custodians of the Plan. Investment management fees are recorded as reductions to investment income in the statement of changes in net assets available for benefits. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 11 – PROHIBITED TRANSACTIONS

For the year ended December 31, 2025, the Company identified late employee contributions of $12,955. These late remittances are considered prohibited transactions by the Internal Revenue Service ("IRS") and Department of Labor ("DOL") and may be subject to penalties and interest.

NOTE 12 – SUBSEQUENT EVENTS

The Plan has evaluated and determined that no events have occurred subsequent to the date of the statement of net assets available for benefits through October 15, 2026, the date which the financial statements were available to be issued, which require recording or disclosure in these financial statements.
