INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of Family Centered Services of Alaska, Inc. 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

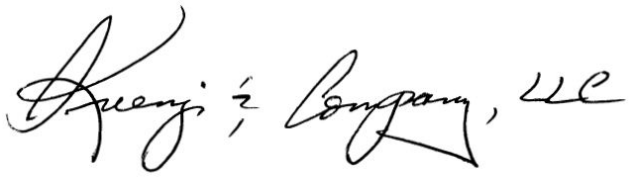

Other Matter – Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF PLAN

The following description of the Family Centered Services of Alaska, Inc. 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was originally adopted on January 1, 2002, and most recently amended and restated effective February 1, 2025. The Plan is a defined contribution plan under the Internal Revenue Code section 403(b), covering all full-time employees of Family Centered Services of Alaska, Inc. (the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to make deferrals to the Plan immediately if they are 18 years of age and expected to work at least 1,000 hours in a given Plan year. Employees are eligible for the employer non-elective contribution if they are 18 years of age and work 1,000 hours during a twelve-month period. Plan entry dates are on the first day of the first calendar quarter following the date which they satisfy the eligibility requirements.

Contributions – Participants can contribute salary deferrals to the Plan as a pre-tax or post-tax (Roth) contribution, as defined in the Plan, not to exceed statutory limits. The Plan Sponsor will determine each Plan year whether it will make discretionary contributions to the Plan. Once determined, such contributions are made on the ratio of each employee's compensation. The Plan Sponsor authorized a contribution rate of 13% of eligible compensation for eligible employees for the Plan years ending December 31, 2025, and 2024.

Investment Elections – Participants may choose any combination of investments or may select a model portfolio which is composed of certain mutual funds offered by the Plan. The accounts of participants who do not choose from among these options are automatically invested in the appropriate Nuveen Lifecycle Index Target Date Retirement Fund for the year which corresponds to the participant's normal retirement age. Participants can change investment combinations as often as permitted under each particular investment vehicle.

Participant Accounts – Each participant's account is credited with the allocation of the Plan Sponsor's contribution and Plan earnings (losses), and charged with an allocation of administrative expenses, when applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

On February 1, 2025, the Plan transitioned its custodial and recordkeeping service providers, and all assets were transferred from American Trust Company (Mid Atlantic Trust Company) to The Standard Insurance Company (The Standard). Participants were sent a notice that included a blackout period of January 23, 2025, through February 21, 2025, where access to accounts was limited at American Trust and unavailable at The Standard.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Vesting – Vesting in the Plan Sponsor's contribution portion of participant accounts is based on years of credited service. Vesting occurs as follows:

Years of service	Percent vested
One	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or more	100%

Payment of Benefits – On termination of service due to death or normal retirement age, a participant or beneficiary becomes 100% vested in his or her account. A participant or the beneficiary of a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or rollover vested benefits into another qualified plan. Upon termination, participants may elect to distribute their vested benefits or rollover vested benefits into another qualified plan or account. The Plan Sponsor may force-out accounts of terminated participants with balances of $5,000 or less.

Hardship Distributions – The Plan contains a provision for hardship distributions in the event of a qualified financial hardship, which constitutes an immediate and heavy need. Examples of qualified hardships include incurring medical expenses, purchase of a personal residence, tuition costs, preventing an eviction from a participant's primary residence, burial or funeral expenses, qualifying casualty related damage/repair costs, and expenses for federally declared disasters. Participants are allowed to continue making elective deferrals following a hardship distribution.

Forfeited Accounts – At December 31, 2025 and 2024, forfeited nonvested accounts totaled $39,695 and $36,623, respectively. During the year ended December 31, 2025, $210,107 was forfeited. The Plan allows for forfeitures to be reallocated to participant accounts, used to reduce employer contributions or pay Plan expenses. During 2025, $195,761 of forfeitures were used to reduce employer contributions and $6,535 were used to pay Plan expenses.

Notes Receivable from Participants – Participants may borrow from their accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans are secured by participants vested balance and bear interest at the Prime Rate plus two percent. Principal and interest are paid ratably through periodic payroll deductions.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments in registered investment companies are reported at fair value. The investment contract held in the Standard Stable Asset D account is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurement. Fair value and contract value for the investments of the Plan are certified by the custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefits are recorded when paid. As of December 31, 2025, there were no distributions requested by participants, but not yet processed, that would require disclosure in these financial statements.

Administrative Expenses – Certain administrative activities are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses paid by the Plan include trust administration, recordkeeping and investment advising services. Other expenses related to the Plan are paid directly by the Plan Sponsor.

Date of Management's Review – Subsequent events were evaluated through October 15, 2026, which is the date the financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Registered Investment Companies (Mutual Funds) – Valued at the daily closing prices as reported by the mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table presents the fair value hierarchy of the Plan's investment assets as of December 31, 2025 and 2024:

	As of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 8,006,636	$ -	$ -	$ 8,006,636

	As of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 8,431,024	$ -	$ -	$ 8,431,024

NOTE 4. GROUP ANNUITY CONTRACT

In 2025, the Plan entered into a fully benefit-responsive guaranteed investment contract with The Standard Insurance Company (The Standard). Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented at contract value on the face of the statements of net assets available for benefits. Contract value represents contributions made, less withdrawals and administrative expenses, plus interest credited. Daily liquidity at contract value is available for participant contributions and withdrawals.

Crediting rates for the Plan's standard contract are set by The Standard Insurance Company using a process similar to that used by banks or other insurance companies for similar products, whereas The Standard will quarterly declare a crediting rate for all assets in the fund during the coming quarter. This crediting rate takes into account yield forecasts from the asset advisory group and the margins required by The Standard. The crediting rate is declared in advance and is reset quarterly. The fund's declared crediting rate will never be below 1 percent annually. The average yield earned by the Plan for the year ended December 31, 2025, was 1.98%.

The Plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and that would also limit the ability of the Plan to transact at contract value with the participants. These include but are not limited to termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply.

NOTE 5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians held all investments and executed all investment transactions on behalf of the Plan. As of December 31, 2025, and 2024, information in the accompanying financial statements and supplemental schedules related to investments, loan balances, investment interest and dividend income, and net appreciation/depreciation in the fair value of investments, was obtained or derived from information supplied to the Plan administrator and has been certified complete and accurate by the custodians, American Trust Company (Mid Atlantic Trust Company) in 2024 and the period of time they held the assets in 2025, and The Standard in 2025.

NOTE 6. PARTIES-IN-INTEREST

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Plan Sponsor. The Plan Sponsor provides to the Plan certain accounting and administrative services for which no fees are charged. Fees paid during the year to third party administrators or custodians for services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan issues loans to participants, which are secured by balances in the participants' accounts. These transactions qualify as exempt parties-in-interest transactions.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan complete or partial termination, participants become fully vested in their accounts.

NOTE 8. TAX STATUS

The Plan obtained its latest Internal Revenue Service Determination letter dated March 31, 2017, in which the IRS stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, Plan management and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the

Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

NOTE 8. TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
