To the Plan Administrator
Reimagine Network 401(k) Plan
(formerly known as Safe-Harbor 401(k) Profit-Sharing Plan for
Employees of Reimagine Network)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Reimagine Network 401(k) Plan (formerly known as Safe-Harbor 401(k) Profit-Sharing Plan for Employees of Reimagine Network), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Reimagine Network 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Reimagine Network 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Reimagine Network 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Reimagine Network 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Reimagine Network 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules delinquent participant contributions for the year then ended December 31, 2025 and schedule of assets (held at end of year) as of December 31, 2025 (collectively, "supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Reimagine Network 401(k) Plan
(formerly known as Safe-Harbor 401(k) Profit-Sharing Plan for Employees of Reimagine Network)
Notes to Financial Statements
December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following description of Reimagine Network 401(k) Plan (formerly known as Safe-Harbor 401(k) Profit-Sharing Plan for Employees of Reimagine Network) (the "Plan") provides only general information. The name of the Plan changed effective February 1, 2025. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Reimagine Network (the "Organization" or "Plan Sponsor"), pursuant to Section 401(a) and related provisions of the Internal Revenue Code (IRC), was established effective January 1, 2004, and restated effective November 1, 2025. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, or financial hardship. The Plan covers all employees of the Organization who meet certain eligibility requirements. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA).

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE 2.0) was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. On April 2, 2026, the Plan Sponsor adopted a formal amendment to incorporate applicable SECURE 2.0 provisions. Key provisions adopted by the Plan include changes relating to long-term, part-time employee eligibility, increased catch-up contributions for certain older participants, Roth catch-up contribution requirements, required minimum distribution rules, increased mandatory cash-out limits from $5,000 to $7,000, and other administrative and operational changes required by applicable law. Management believes the Plan has been operated in accordance with the applicable requirements of SECURE 2.0, and the adoption of the amendment did not have a material impact on the Plan's net assets available for benefits or changes therein.

Plan administration

The Organization is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Organization has delegated certain responsibilities for the operation and administration of the Plan. The Organization has contracted with Mutual of America Life Insurance Company (the "Custodian") to serve as the Plan's asset custodian (from January 1, 2025 through August 6, 2025) and with John Hancock Trust Company LLC (the "Trustee") to serve as the Plan's Trustee (from August 7, 2025 through December 31, 2025).

Eligibility

All employees of the Organization, except union employees and non-resident aliens, who have attained the age of 19 and completed one month of service are eligible to participate in the Plan on the first of the month following satisfying the eligibility requirements.

1. DESCRIPTION OF THE PLAN (continued)

Participant contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual eligible compensation, as defined by the plan documents, on a pretax basis or on an after-tax basis as Roth contributions, up to a maximum amount allowed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catchup contributions, up to a maximum amount allowed by the IRC.

Participants may also contribute amounts representing distributions from other qualified employer-sponsored retirement plans or individual retirement accounts (rollovers).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation with a 1% increase each year up to 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants direct the investment of all their contributions into various investment options offered by the Plan.

Employer contributions

The Organization makes a safe harbor matching contribution equal to 100% of a participant's deferrals up to the first 4% of compensation. The Organization may elect to make discretionary non-elective contributions to eligible participants employed on the last day of the Plan year with at least 1,000 hours of service during the Plan year. No discretionary non-elective contribution was made to the Plan for the year ended December 31, 2025.

Participant accounts

Each participant's account is credited with the participant's contributions, rollovers, and allocations of employer contributions, if any, and investment earnings, and charged with an allocation of investment losses, if any, and administrative expenses not paid directly by the Organization. Allocations of investment earnings are based strictly on the participant's selection of investments and timing of purchase. Other allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their participant and employer contributions, if any, plus earnings thereon.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans" or "loans") terms are generally five years or less but may exceed five years if the purpose of the loan is to purchase a principal residence. Participants may have no more than 2 outstanding loans at a time. Participant loans are secured by the balance in the participant's account and accrue interest at the prime rate plus one percent. Principal and interest are generally paid ratably through payroll deductions. As of December 31, 2025, the rates of interest on outstanding loans range from 5.00% to 9.50% and loans have various maturity dates through November 2030.

Payment of benefits

Participants are eligible to receive partial or lump sum distributions from the Plan upon reaching normal retirement age, termination of service, disability, or death. A participant also can take an in-service distribution up to his or her total vested account upon reaching age 59½, or upon incurring a hardship, or funds contributed from a rollover at anytime. If a participant's account balance is less than or equal to $1,000 upon termination, the balance is distributed in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. Upon termination, vested balances greater than $1,000 and less than or equal to $7,000 will be rolled over to an individual retirement account designated by the administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan. If the vested account balance is greater than $7,000 upon termination, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, installment payments, partial payments, or postpone payment to a later date and remain in the Plan as described in the plan documents.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Investment valuation and income recognition

The Plan's investments are reported at fair value and contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4).

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan (Note 5).

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses for investments purchased and sold, as well as held, during the year.

Contributions and receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Organization, which is the pay date. Employer contributions are recorded in the year they are earned and to coincide with the year in which the Organization records contributions. The Plan records receivables for contributions based upon contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions have been received the Custodian or Trustee.

Notes receivable from participants

Notes receivable from participants are recorded at the unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. If a participant ceases to make repayments and the plan administrator deems the participant note to be a distribution, the note receivable balance is reduced, and a benefit payment is recorded.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Expenses are recorded when incurred.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AND TRUSTEE (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Custodian and Trustee, determined to be qualified institutions by the plan administrator, have certified to the completeness and accuracy of:

- Total investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2025, ("supplemental schedule").

Accordingly, as requested by the plan administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements described above and the supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

4. FAIR VALUE MEASUREMENTS (continued)

The three levels of the fair value hierarchy are described as follows:

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan hast the ability to access at the measurement date.
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- *Level 3* - inputs are unobservable inputs for the assets or liabilities and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Money Market and Mutual Funds: Valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Pooled separate accounts are accumulation units valued daily to reflect the investment performance of the underlying investment and the prorated daily deduction for expense charges within a pooled separate account. The number of units credited to a participant's account is determined by dividing the dollar amount of the transaction by the unit value the next time value is computed. Units are valued any day the New York Stock Exchange is open for business and may be accessed by plan sponsors and participants via the Custodian's website. Pooled separate accounts are included in the fair value hierarchy table as level 2 investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The significant investment strategies of the investees of the investments in pooled separate accounts as of December 31, 2025 are as follows:

Equity Funds: Seeks capital appreciation, long-term capital appreciation, capital growth, long-term capital growth, investment performance which corresponds to a broad market or multi-market equity index, or investment performance which exceeds the performance of a particular broad market or multi-market equity index.

Real Estate Funds: Seeks to provide a high level of income and moderate long-term capital appreciation by tracking performance of a benchmark index that measures performance of publicly traded equity real estate investment trusts and other real estate-related investments.

Fixed Income Funds: Seeks current income and maintenance of liquidity, high level of current income with a secondary objective to preserve shareholders' capital, current income with a secondary objective to preserve shareholders' capital, to track the performance of a broad market weighted bond index, or income through investment in inflation-indexed bonds of varying maturities.

Balanced Funds: Seeks high total return with reduced risk over the long term, competitive total return, current income and to a lesser extent capital appreciation, current income and capital appreciation, current income with preservation of capital and to a lesser extent capital appreciation, or current income and capital appreciation appropriate for an asset allocation associated with the fund's approximate year of retirement which is included in its name.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Fair Value
Money Market and Mutual Funds	$ 2,581,137	$ -	$ -	$ 2,581,137

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Pooled separate accounts	$ -	$ 4,023,958	$ -	$ 4,023,958

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Mutual of America Interest Accumulation Account (the "Account") is a guaranteed interest account issued under a group annuity contract with the Custodian. Participant contributions to the Account are commingled with the general assets of the Custodian. The Account is credited with contribution and a stated rate of interest and charged for participant withdrawals and administrative expenses. The Account, is a fully benefit-responsive contract, is included in the financial statements at contract value, as reported to the Plan by the Custodian and approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value.

There is no reserve against contract value for credit risk of the Custodian or otherwise. The crediting interest rate ranged from 1.00% to 2.90% during 2024. The crediting interest rate during 2025 resulted in the effective annual yield of 2.85%. The methodology for calculating the crediting interest rate is based on the earnings of the underlying assets compared to the minimum interest credit rate, as stated in the Plan's contract with the Custodian, and prevailing market condition. The crediting interest rate is reset quarterly and can never be less than zero.

Certain events limit the ability of the Plan to transact at contract value with the Account issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemptions. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the Custodian or with participants are probable of occurring.

6. PLAN TERMINATION

Although the Organization has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS

The Company adopted a Pre-Approved Non-Standardized Pre-Approved Plan (the "pre-approved plan"). The Internal Revenue Service has issued an opinion letter dated June 30, 2020, stating that the pre-approved plan is designed in accordance with the applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Organization pays certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions. The Plan is not required to repay expenses paid by the Organization on its behalf. The Plan has included in its investment fund options certain funds managed by the Custodian, Trustee, or one of its affiliates. Transactions in these funds are considered party-in-interest transactions under ERISA. Notes receivable from participants are also considered party-in-interest transactions. Such transactions are permitted under provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management and shareholder services are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts.

The Trustee and Custodian retains as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued. Effective April 2, 2026, the Plan was formally amended to adopt provisions of SECURE 2.0, as described in Note 1. No other subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.
