INDEPENDENT AUDITOR'S REPORT

October 14, 2026

Board of Directors
Sandair Corporation
401(k) Profit Sharing Plan
Ripon, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sandair Corporation 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, ADP Retirement Trust Services, LLC, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets Held at End of Year as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that

agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1 Description of the Plan

The following description of the Sandair Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General The Plan is a participant directed defined contribution plan covering all employees of Sandair Corporation (the Company), other than employees covered under a collective bargaining agreement, leased employees and non-resident aliens, who have attained age 21 and have completed six months of service. The employees can enter the Plan during the first pay period immediately after meeting the service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Effective April 2024, the Plan changed its trustee from John Hancock Life Insurance Company to ADP Retirement Trust Services, LLC. With this change in trustee, the Plan was restated effective April 1, 2024.

During the year ended December 31, 2024, the Company acquired a similar operating entity to the Company. As a result, the Plan was amended to allow those participants to participate in the Plan effective October 1, 2024. The amendment allowed such participants years of service and vesting to be grandfathered into the Plan.

Contributions Eligible employees of the Company may elect to contribute up to the applicable limits allowed under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes a safe harbor contribution to eligible participants with deferral elections. The safe harbor contribution is equal to 100% of matched contributions up to 6% of eligible wages. The Company may elect to make discretionary matching and profit sharing contributions that are not to exceed limits as defined by the Internal Revenue Code. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company elected to make a discretionary matching contribution to eligible participants with deferral elections.

Participant Accounts Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, (b) plan earnings, (c) administration expenses, and (d) any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. An individual may not have more than one loan outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest ranging from 5.25% to 10.50%. Loan terms, unless for the purchase of a principal residence, are not to exceed five years. Principal and interest are paid ratably through payroll deductions. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of his or her account or rollover to another qualified plan. A participant may elect a hardship distribution prior to his or her separation from service in accordance with the hardship distribution policy.

Note 1 Description of the Plan (Continued)

Investment Options Upon enrollment in the Plan, a participant may direct contributions into numerous investment choices offered by the trustee. Participants may change their investment options via the internet or contacting the trustee directly.

Administrative Expenses Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments.

Vesting Participants are immediately 100% vested in their elective deferrals, rollover contributions, safe harbor contributions, and discretionary contributions. Participants are 100% vested in the Company profit sharing contributions after six years of credited service (20% per year after two years of credited service). A participant is 100% vested after reaching normal retirement age, or upon death or disability.

Forfeitures At December 31, 2025 and 2024, there was $10 of forfeited non-fully vested accounts. The Plan has elected to allocate these forfeitures to first reduce safe harbor matching contributions, and the remaining will be used to reduce any administrative fees. Forfeitures of $9,200 were utilized during the year ended December 31, 2025 to reduce employer contributions.

Secure 2.0 Act On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law, which includes the package of retirement provisions referred to as Secure 2.0. These provisions continue the themes and reforms that began with the 2019 Secure Act, focusing on getting more participants into the retirement system and finding ways for them to accumulate more assets. These changes have various effective dates starting in 2023 and forward. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

Note 2 Summary of Accounting Policies

Basis of Accounting The financial statements are prepared on the accrual basis of accounting.

Investment Valuations and Income Recognition Investments are reported at fair value, except for fully benefit-responsive investment contracts, which may be reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, or trustees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2025 or 2024.

Note 2 Summary of Accounting Policies (Continued)

Terminated Vested Benefits The Plan records benefits when paid. Total vested benefits due to terminated participants but not paid was $1,496,296 at December 31, 2025.

Accounting for Uncertainty in Income Taxes Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Subsequent Events In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2026, the date the financial statements were available to be issued.

Note 3 Information Prepared and Certified by the Trustee

The following is a summary of the Plan's asset information at December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and the supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedules related to the following assets:

	2025	2024
Mutual funds	$25,654,434	$19,136,236
Common collective trusts	888,646	260,300
Stable value funds	-	439,123
Notes receivable from participants	1,397,388	1,226,986

The trustee also certified to the completeness and accuracy of $1,820,654 of net appreciation in fair value, $1,519,989 of dividends associated with the investments, and $116,079 of interest income associated with notes receivable from participants for the year ended December 31, 2025.

Note 4 Transactions with Parties-In-Interest

ADP Retirement Trust Services, LLC, the Plan's trustee and third party administrator, and Atherton & Associates, LLP, the Plan's independent auditor are parties-in-interest according to Section 3(14) of ERISA.

Note 5 Income Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing/money purchase plan which has obtained a favorable opinion letter on October 6, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 6 Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account and balances and the amounts reported in the statements of net assets available for benefits.

Note 8 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets at the measurement date that the Plan can access at the measurement date.

Note 8 Fair Value Measurements (Continued)

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 and 2024. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts and stable value funds: Composed primarily of benefit-responsive investment contracts that is valued at the net asset value of units of the collective investment trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$25,654,434	$ -	$ -	$25,654,434
Common collective trusts	-	888,646	-	888,646
Total assets at fair value in hierarchy	$25,654,434	$ 888,646	$ -	$26,543,080

Note 8 Fair Value Measurements (Continued)

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$19,136,236	$ -	$ -	$19,136,236
Common collective trusts	-	260,300	-	260,300
Total assets at fair value in hierarchy	$19,136,236	$ 266,300	$ -	19,396,536
Investments measured at net asset value (a)				439,123
Investments at fair value				$19,835,659

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable value funds December 31, 2024	$ 439,123	N/A	Daily	12 months
