Independent Auditors' Report

To the Retirement Administrative Panel
Hartford HealthCare Corporation

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of the Hartford HealthCare 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate. Investments held by American Funds were not certified.

Disclaimer of Opinion

We do not express an opinion on the financial statements of the Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to certain current and former employees prior to January 1, 2009 as explained further below. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Basis for Disclaimer of Opinion (continued)

As described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to and in the name of current and former employees who were participants of the former William W. Backus Hospital 403(b) Plan and Charlotte Hungerford Hospital 403(b) Plan prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule referred to above.

1. Description of the Plan

The following description of Hartford HealthCare 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1990. Hartford HealthCare Corporation (the Company) is the sponsor of the Plan. The Hartford HealthCare Corporation Retirement Administrative Panel is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2016, the Plan was amended to freeze contributions, with the exception of rollover contributions, and participation in all respects and for all purposes under the Plan. Participants in the Plan are eligible to enroll in either the Hartford HealthCare 401(k) Retirement Plan or the Hartford HealthCare 401(k) Retirement Savings Plan depending on the affiliated entity the participant was employed at as of December 31, 2015.

Effective December 31, 2019, the Charlotte Hungerford Hospital (CHH) 403(b) Plan was amended to freeze all contributions and participation for all employees and merged into the Plan. The CHH 403(b) Plan rules, including vesting, will be grandfathered into the Plan, with loans and withdrawal features continuing to be available. Participants of the CHH 403(b) Plan may elect to enroll in the Hartford HealthCare 401(k) Retirement Plan which began January 1, 2020.

Effective April 1, 2020, Center for Hospice Care Southeast Connecticut, Inc. 403(b) plan merged into the Plan.

Effective January 1, 2024, the Plan adopted in-plan Roth conversions. The Plan also adopted the following provisions of SECURE 2.0 effective January 1, 2024 (1) increase in mandatory cash-out limit to $7,000, (2) self-certification of hardship withdrawals, and (3) distributions of up to $5,000 for qualified birth or adoption expenses. Effective May 1, 2024 the Plan allows penalty free distributions to pay for long term care premiums or for individuals who are terminally ill or a victim of domestic abuse.

Effective January 1, 2025, the Plan adopted the SECURE 2.0 provision allowing emergency personal expense distributions of up to $1,000.

Effective July 11, 2025 Hartford HealthCare 403(b) Plan Brighthouse Financial (Brighthouse) assets and investment balances from three of the four accounts held with Brighthouse have been transferred to Fidelity Management Trust Company (Fidelity) investments.

1. Description of the Plan (continued)

Eligibility

The Plan is frozen and closed to new participants.

Contributions

No contributions are allowed to the Plan, with the exception of rollovers from qualified retirement plans by existing participants.

Participant Accounts

Each participant's account is credited with the participant's rollover contributions as well as allocations of Plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant directed transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability

A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting

Participants are immediately vested in their elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary non-elective contributions is based on years of service. A participant is 100% vested after three years of service. A participant is credited for a year of service for each year in which they work at least one thousand hours.

1. Description of the Plan (continued)

Vesting (continued)

Participants who transferred to the Plan from one of the plans which has merged into the Plan during prior years are vested in their employer transition, contract exchange, non-elective contributions, matching, and non-elective contribution sub-accounts transferred from the Legacy Plans as follows:

Legacy Plan	Vesting
William W. Backus Hospital 403(b) Plan	100% vested after 3 years of service for non-elective and employer match contributions.
Midstate Medical Center 403(b) Retirement Account Plan	Immediately 100% vested upon transfer for employer match contributions and graded 5 year vesting schedule for employer non-elective contribution.
403(b) Thrift Plan of VNA Health Care, Inc.	Immediately 100% vested upon transfer
Windham Community Memorial Hospital 403(b) Plan	Immediately 100% vested upon transfer
Central Connecticut Health Alliance & Affiliates 403(b) Plan	100% vested after 3 years of service for non-elective and employer match contributions.
Charlotte Hungerford 403(b) Plan	100% vested after 3 years of service

Payment of Benefits

Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under $7,000 are automatically distributed to participants. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump sum or installment payments, as defined. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59.5.

Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with market rates for similar loans. All loans are covered by demand notes and participants are required to make repayments directly with the Trustees.

1. Description of the Plan (continued)

Forfeited Accounts

Forfeited nonvested employer matching and discretionary non-elective accounts may be used to pay plan expenses. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $122,845 and $696,846, respectively. Forfeitures used to reduce plan expenses for the years ended December 31, 2025 and 2024 totaled $156,730 and $13,033, respectively. During the years ended December 31, 2025 and 2024 there was $507,367 and $0 forfeited nonvested accounts reallocated to participant accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

Administrative and Investment Management Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of the investment income reported by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

2. Summary of Significant Accounting Policies (continued)

Incomplete Presentation

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title 1 of ERISA. Prior to the amended regulations, the William W. Backus Hospital 403(b) Plan (the Backus Plan) and Charlotte Hungerford 403(b) Plan (the Charlotte Plan) were not viewed as separate reporting entities. Historically, the Backus and Charlotte Plans were viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Company. Accordingly, various accounting records related to the 403(b) annuity contracts and custodial accounts issued to current or former participants prior to January 1, 2009, were not sufficiently maintained by the Backus and Charlotte Plans. Consequently, the financial statements have been prepared based on records available by Plan management. As certain records were not available from the inception of the Backus and Charlotte Plans, the effect, if any, on the completeness or accuracy of the Plans' financial statements upon the transfer in of the accounts cannot be determined.

GAAP requires that all accounts and the related income and distributions be included in the accompanying financial statements. However, for reasons above the Plan has excluded from investments in the accompanying statements of net assets available for certain contracts and custodial accounts related to former vendors of the Backus and Charlotte Plans (Excluded Amounts) issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these Excluded Amounts and the related income and distributions are not determinable.

The Plan maintains vendor relationships with Fidelity. Accordingly, the Plan allows previously Excluded Amounts to be contributed to the Plan, which would then be held by Fidelity. These transfers have been reported as rollovers into the Plan in the accompanying statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments, other than fully benefit responsive investment contracts, are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

3. Unaudited Information - Certified Investments and Notes Receivable from Participants

With the exception of information presented below, substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity, Brighthouse, Voya Retirement and Annuity Company (Voya), and Mutual of America (MOA).

Investments held by American Funds were not certified by a qualified certifying institution in 2025 and 2024 and are not considered material to the financial statements. The following is a summary of information that has not been certified to be complete and accurate as of December 31, 2025 and 2024:

	2025	2024
Investments, at fair value:		
Mutual funds	**$ 31,825,307**	$27,934,358

The following is a summary of information that has not been certified by a qualified certifying institution to be complete and accurate for the years ended December 31, 2025 and 2024:

	2025	2024
Net appreciation (depreciation) in fair value of investments	**$ 2,807,206**	$ 2,195,161
Interest and dividend income	**$ 2,452,374**	$ 1,743,796

4. Fair Value Measurements

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

4. Fair Value Measurements (continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds - The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges.

Self-Directed Brokerage account – Primarily comprised of mutual funds, common stock, and exchange traded funds. Valued based on the investments held by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Variable Annuity Contracts - The fair values of accumulation units held in variable annuity contracts are based on the net asset values of the underlying funds, as reported by the fund managers as of the financial statement dates and recent transaction prices. Each of the variable annuity account invests in a single, open-ended mutual fund, which is generally identified in the name of the variable annuity account.

The investment strategies of these variable annuity contracts are consistent with each of the mutual funds identified in the names of the funds. Each variable annuity contract provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

Fixed Annuity Contracts - The Plan holds certain fixed annuity contracts with Brighthouse and Voya that are not fully benefit responsive due to restrictions on the ability of the contracts to transact at contract value or due to restrictions on participants' ability to initiate certain transactions in the contracts. These fixed annuity contracts are carried at fair value.

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

Investments measured at fair value, at December 31, 2025 and 2024, on a recurring basis are summarized below:

Description	Level 1	Level 2	Level 3	Total

Total investments at fair value				$644,835,571

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

The Plan's Level 3 investments had purchases of $644,071 and $252,584 for the years ended December 31, 2025 and 2024, respectively, and participant redemptions of $49,534,945 and $11,892,747 for the years ended December 31, 2025 and 2024, respectively.

5. Fully Benefit-Responsive Investment Contracts

The Plan holds fully benefit-responsive investment contracts that are reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the Plan's fully benefit-responsive traditional investment contracts are presented below:

	December 31, 2025	December 31, 2024
Group annuity contract – Empower Retirement	**$ 12,690,781**	$ 12,660,637
Group annuity contract - MOA	**4,711,731**	4,875,288
Total investments at contract value	**$ 17,402,512**	$ 17,535,925

Group Annuity Contract – Empower Retirement

The Plan holds a fully benefit-responsive evergreen (no maturity date) group annuity contract with Empower Retirement (formerly Prudential Retirement Insurance & Annuity Contract) (a traditional investment contract). The group annuity contract is record kept as an investment option in the Plan by Fidelity. The group annuity contract is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Fidelity maintains the contributions in its general account. The Issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is semi-annually based upon contract provisions, and it may not be less than 1.5%. Interest crediting rates were 2.90% as of December 31, 2025 and 2024. Fidelity's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable beyond 90 days from the requested distribution. Such circumstances include Plan termination, Plan merger, termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

5. Fully Benefit-Responsive Investment Contracts (continued)

Group Annuity Contract – MOA

The Plan has a group annuity contract with MOA that is fully benefit-responsive. MOA maintains the contributions in its general and separate accounts. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The crediting interest rate for the contract, which will not be less than zero, is determined periodically by the issuer and was 2.65% and 2.85% at December 31, 2025 and 2024, respectively.

Generally, there are not any events that could limit the ability of the Plan or participants to transact at contract value. The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable beyond 90 days from the requested distribution. Such circumstances include Plan termination, Plan merger, termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Tax Status

Effective June 28, 2013, the Internal Revenue Service began accepting applications for opinion and advisory letters for prototype and volume submitter 403(b) Plans. Revenue Procedure 2014-28 has extended the deadline to submit applications for prototype and volume submitter 403(b) plans until April 30, 2015. As of the report date, the Plan has not yet received a favorable opinion or advisory letter. Although the Plan has not received a favorable determination letter and with the exception of the matter described in Note 2 – Incomplete Presentation, Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. Party-In-Interest and Related Party Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds mutual funds issued by Fidelity, a group annuity contract issued by Empower Retirement, record-kept and maintained as an investment option in the Plan by Fidelity, an interest accumulation fund issued by MOA, fixed and variable annuity contracts issued by Voya and Brighthouse and mutual funds managed by American Funds and MOA. Fidelity, Brighthouse, Voya, MOA, and American Funds are service providers to the Plan and, therefore, these transactions and the Plan's payment of fees to Fidelity, Brighthouse, Voya, MOA, and American Funds, and their affiliates, qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

8. Subsequent Events

The Plan has evaluated events occurring between December 31, 2025 and September 28, 2026, the date the financial statements were available to be issued.

The Retirement Administrative Panel has approved the adoption of provisions related to federally declared disasters under the Federal Emergency Management Agency (FEMA) disaster relief rules, permitting eligible participants to take penalty-free withdrawals in accordance with applicable federal law.
