Independent Auditor's Report

To: The Plan Administrator and Participants of 603 Healthcare 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed an audit of the accompanying financial statements of 603 Healthcare 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ending December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ending December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of 603 Healthcare 401(k) Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 603 Healthcare 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 603 Healthcare 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 603 Healthcare 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of 603 Healthcare 401(k) Plan as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of 603 Healthcare 401(k) Plan, (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on February 28, 2024 by 603 Healthcare, LLC (referred to as the Plan Sponsor, Employer or the Company). The purpose of the Plan is to accumulate retirement income for its employees that will supplement retirement benefits provided to them by Social Security Administration. The Plan is a contributory single-employer 401(k) plan, under Section 401(k) of the Internal Revenue Code (the Code) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Retirement Committee of the Plan Sponsor has overall responsibility for the operation and administration of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan Sponsor is responsible for the general administration of the Plan. Transamerica Financial Life insurance Company (Transamerica) is the trustee, custodian and recordkeeper of the Plan.

Eligibility

Employee Elective Contributions – All non-union, non-leased employees become eligible to participate following the attainment of age 18 and the completion of three months of service. The entry date is the first day of the plan year quarter coinciding with or following the the date the eligibility requirements were satisfied.

Employer Discretionary Matching Contributions – The Employer may make a discretionary matching contribution equal to a percentage of eligible compensation deferrals. Annually, the Employer will determine the amount of the discretionary match percentage and will provide a separate notice no later than 60 days after the last match payment is made for the plan year. Participants are required to be employed on the last day of the plan year to qualify for discretionary matching contributions, when applicable.

Contributions

Each plan year, participants may elect to contribute a portion of their eligible compensation, as defined in the Plan, up to a maximum of $23,500 in 2025. Participants who have attained age 50 before the end of the plan year or those between the ages of 50-59 or 64+ are eligible to make catch-up contributions, up to a maximum of $7,500 in 2025. Participants between the ages of 60-63 are eligible to make super catch-up contributions, up to a maximum of $11,250 in 2025. Contributions may be pre-tax or Roth 401(k) contributions. Participants may also roll over amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes automatic deferral of 3% of eligible compensation which is established upon entry into the plan and remains in effect until it is changed by the participant. The automatic deferral will increase annually by 1% up to a maximum of 10% of eligible compensation.

The Company, at its discretion, may make a discretionary matching contribution, equal to a percentage determined by the employer annually, when applicable. During the year ended December 31, 2025, no discretionary matching contributions were made.

Note 1 - Description of the Plan (continued)

Participant Accounts
Each participant's account is credited with the employee elective contributions, allocations of the Company's discretionary matching contributions (when applicable) and plan investment earnings and reduced by an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options
Participants must direct their contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct phone or online access. As of December 31, 2025, the Plan offered a selection of mutual funds and one common collective trust fund as investment options for participants.

Vesting
Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's discretionary matching contributions (when applicable) become 20% vested after the second year of service as defined in the Plan document, 40% after the third year, 60% after the fourth year, 80% after the fifth year and 100% after the sixth year. An employee will become 100% vested upon death or disability.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits
The vested value of a participant's account may be distributed upon death, disability, retirement or termination of employment. Benefits less than or equal to $5,000 must be distributed in a single lump-sum payment. Benefits over $5,000 are payable either by a single lump-sum payment or periodic installments (subject to minimum distribution rules) over a period of not more than the participant's life expectancy. Distributions may be deferred until the participant reaches 72 or 73 years of age with the age being determined by the year of birth. However, if no distribution election is made before the age of 72 or 73, the participant will begin to receive mandatory minimum distributions as required by federal regulations.

Forfeited Accounts
Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions and (or) pay plan expenses. During the year ended December 31, 2025, no forfeitures were used to reduce Company contributions or pay plan expenses. There were no forfeiture balances as of December 31, 2025 and 2024.

Note 2 - Summary of Accounting Policies

Plan Administration
Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Most administrative expenses are paid by the Company, except for the administrative costs associated with participant activity such as loan or distribution fees.

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting and in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires that Plan management make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for details on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Plan's expenses are paid either by the Plan or plan sponsor as provided by the Plan document. Expenses that are paid directly by the plan sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 2 - Summary of Accounting Policies (continued)

Income Taxes

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 3 - Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends for the year ending December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica (the trustee of the Plan). This information has not been audited by the Plan's independent auditors.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 - Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-ended mutual funds that are with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of the collective trust per unit based on the underlying investments comprising the trust and based on audited financial statements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value of reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 2,181,545	$ -	$ -	$ 2,181,545
Common collective trust measured at NAV	-	-	-	2,606
Total assets at fair value				$ 2,184,151

	Assets at Fair Value as of December 31, 2024			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 471,329	$ -	$ -	$ 471,329
Common collective trust measured at NAV	-	-	-	270
Total assets at fair value				$ 471,599

In accordance with Subtopic 820-10, certain investments that are measured at fair value using a NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4 - Fair Value Measurements (continued)

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share ("NAV") as of December 31, 2025 and 2024:

Fair Value Estimated using NAV per Share as of December 31, 2025

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 2,606	None	Daily	None

Fair Value Estimated using NAV per Share as of December 31, 2024

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 270	None	Daily	None

This category seeks the preservation of principle and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity

Note 5 – Rollover Contributions

An aggregate of $532,594 was rolled into the Plan during the year ended December 31, 2025 and is included in rollovers on the statement of changes in net assets available for benefits.

Note 6 – Party-In-Interest Transactions

Transamerica is the trustee of the Plan and the Plan invests primarily in mutual funds and a common collective trust fund managed by the trustee, which are considered to be party-in-interest transactions. In addition, the Plan Sponsor paid certain expenses related to plan operations and investment activity to the Plan, and such expenses are excluded from these financial statements.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in the company contribution of their account.

Note 8 – Income Tax Status

The Plan obtained its latest determination letter February 28, 2024 in which the IRS stated the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although, the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended is qualified and tax exempt.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2025	2024
Net Assets Available for Benefits per the Financial Statements	$ 2,214,160	$ 489,651
Employer Contribution	(391)	-
Net Assets Available for Benefits per the Form 5500	$ 2,213,769	$ 489,651

The following is a reconciliation of net increase per the financial statements to the Form 5500 for the year ending December 31, 2025:

Net Increase per the Financial Statements	$ 1,724,509
Employer Contribution	(391)
Net Increase per the Form 5500	$ 1,724,118

Note 11 - Subsequent Events

Effective January 1, 2026, the Plan is implementing the Secure Act 2.0 Roth Catch-Up provision which requires eligible participants with prior calendar year wages exceeds $150,000 making catch-up contributions into the Plan deposit the catch-up contributions into Roth accounts.

During plan year 2026, the Company determined that there were contribution and loan repayment errors related to late funding transfers to the trustee during plan year 2025. Upon realizing the error that occurred, the Company took the necessary steps to correct the error with the assistance of the custodian and recordkeeper. A qualified non-elective contribution (QNEC) is being processed during plan year 2026 in the amount of $391 and is presented on both the statements of net assets available for benefits and the statement of changes in net assets available for benefits as employer contributions. The QNEC is still pending as of the date these financial statements were issued.

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued and no additional subsequent events have occurred since December 31, 2025 that require recognition or disclosure in these financial statements.
