**Independent Auditor's Report on Financial Statements and Supplemental Schedule**

To the Plan Administrators
Hauser & Wirth 401(k) and Profit Sharing Plan
New York, New York

***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Hauser & Wirth 401(k) and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

***Opinion***

In our opinion, based on our audit, and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Hauser & Wirth Inc. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan covering substantially all employees (the "Participants") of Hauser & Wirth AG's entities in the United States of America; these entities include Hauser & Wirth Inc. and Hauser & Wirth CA Inc. (the "Companies" and "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The executive management of the Companies control and manage the operation and administration of the Plan.

**Eligibility** - To be eligible for elective contributions, an employee must have completed one (1) year of service and be twenty-one (21) years of age or older. The Plan defines (1) year of service by the completion of 12 consecutive months from date of employment in which an employee completes 1,000 hours of service. A participant may enter the plan on the first day of the month coinciding with, or next following the date the participant satisfies the eligibility requirements. The plan excludes certain collectively bargained employees, nonresident aliens without U.S. earned income, and leased employees.

**Employee Contributions** - Each year, participants may contribute up to the maximum amount limited by the Internal Revenue Service (the "IRS"). For the year ended December 31, 2025, employees can defer a percentage up to 90% of compensation, up to $23,500 (amount will increase to $24,500 for the year ending December 31, 2026). Participants may also contribute amounts representing rollover distributions from other qualified retirement accounts. The Plan permits after-tax Roth 401K contributions.

The Plan has adopted an Eligible Automatic Contribution Arrangement which enrolls all eligible employees and allocates 3.0% of each employee's eligible compensation as a pre-tax contribution. Employees have the right to opt out, change their contribution percentage or change their investment allocation election at any time.

Participants who are aged 50-59 may make regular catch-up contributions to the Plan up to the maximum amount limited by the IRS. For the year ended December 31, 2025, this additional catch-up contribution is $7,500 (amounts will increase to $8,000 for the year ending December 31, 2026).

Participants who are aged 60-63 may make catch-up contributions to the Plan up to the maximum amount limited by the IRS. For the year ended December 31, 2025, this additional catch-up contribution is $11,250 (amounts will remain at $11,250 for the year ending December 31, 2026).

**Employer Contributions** - The Company provides Safe Harbor nonelective contributions to all participants, currently at the rate of 3.0% of the participant compensation. The Plan also provides that the employer may make discretionary profit-sharing contributions, which the Company made 3.0% profit sharing contributions during the current year. For the year ended December 31, 2025, the Company contributed total $1,158,677 as Safe Harbor nonelective contribution and discretionary profit sharing contributions. Employer contributions receivable of $617,929 on December 31, 2025, consists of the discretionary profit sharing contribution that was funded after year-end.

**Investment Options** - Participants direct the investment of all contributions into the various investment options that are offered by the Plan. The Plan currently offers approximately 32 registered investment companies as investment options. The Plan also offers a common collective trust administered that provides a stable value investment option. Participants may change their investment allocation at their discretion. The shares of the mutual funds (and investments in the common collective trust) are purchased at the direction of Participants through salary deferral and rollovers, Company safe-harbor contributions, and investment income reinvestments. Additionally, shares of the funds are sold whenever a participant withdraws from the Plan or transfers account balances among the funds.

**NOTE 1 - DESCRIPTION OF THE PLAN - (CONTINUED)**

**Participant Accounts** - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** - Participants are immediately vested in their elective deferrals, including Roth contributions, rollover contributions, safe harbor nonelective contributions, and related earnings.

Vesting in employer profit-sharing contributions and related earnings is based on credited Years of Service. A participant earns a Year of Service for each Plan Year in which the participant completes at least 1,000 hours of service, subject to the Plan's service-crediting and break-in-service provisions. The vesting schedule is as follows:

| Years of Service | % Vested |
|---|---|
| 0 to 1 year | 0% |
| 2 years | 20% |
| 3 years | 40% |
| 4 years | 60% |
| 5 years | 80% |
| 6 years | 100% |

Additionally, a participant becomes 100 percent vested in the employer's contribution upon the occurrence of (a) death and (b) total and permanent disability.

**Participants' Loans** - Except for provisions provided by the CARES Act, participants may borrow from their fund accounts the lesser of $50,000 or 50% of the vested amount. Loan terms are in general up to 5 years, or a reasonable time would be determined if the loan is for the main purpose of purchasing the principal residence of the participant. Loans bear interest at the prime lending rate plus 1.00%. A participant is limited to one loan outstanding at any one time. There are four loans receivable outstanding as of December 31, 2025. The participant loans mature between March 2026 to July 2031. The loans are secured by the balance in the participants' accounts, and the current loans bear interest rates at 8.00% and 9.50%**.** Principal and interest are paid through payroll deduction. Additionally, participants who apply for loans are charged a small, one-time application fee.

Loans are assets and to the extent a participant borrows, their account will not share in the earnings and gains in value attributable to other investments. The interest that participants pay on their loans will be directly credited to their account. If any losses are realized or expense incurred in the event of default, such losses and expense shall be allocated only to the participant's accounts. Upon termination of employment, a participant's outstanding loan generally becomes immediately due and payable. The participant may repay the outstanding principal and accrued interest. If the loan is not repaid, the participant's vested account balance is reduced by the remaining outstanding loan balance in accordance with the Plan's provisions.

**Payment of Benefits** - The Plan permits in-service distributions from applicable accounts at age 59½. Upon termination of employment due to retirement or death, a participant or his or her beneficiary will receive a single sum of the vested account balance. A participant shall choose to be paid in a single sum of their vested account balance or to be rolled over to a qualified retirement plan if he or she ceases to be an employee for any other reason. The Plan has adopted an automatic distribution policy for terminated participants whose accounts are below $7,000. The Plan charges a small distribution fee for various types of distributions. The Plan permits hardship distributions.

**NOTE 1 - DESCRIPTION OF THE PLAN - (CONTINUED)**

**Automatic Rollovers -** If a terminated participant's vested account balance exceeds $1,000 but does not exceed $7,000, the Plan will automatically roll over the mandatory distribution to an individual retirement account designated by the Plan administrator unless the participant elects to receive the distribution directly or roll it over to another eligible retirement plan or individual retirement account. Rollover contributions and related earnings are excluded when determining whether the participant's vested account balance exceeds the $7,000 mandatory distribution threshold.

**Investment Management Fees -** Investment management fees charged within the Plan's investment funds are reflected in the funds' net asset values and reduce the investment returns reported by the Plan. These fees are not separately reported as administrative expenses in the accompanying statement of changes in net assets available for benefits.

**Forfeited Accounts** - Forfeited non-vested accounts are used to reduce future employer contributions or Plan fees. The following is a summary of forfeiture activity during the year ended December 31, 2025:

| | |
|---|---|
| Beginning of year | $ 38 |
| Additional forfeitures received | 129,167 |
| Earnings | 136 |
| Amounts used to reduce employer contributions | (129,319) |
| End of year | $ 22 |

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting** - The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Participant contributions are recognized in the period in which the related compensation is earned. Employer safe harbor contributions are recognized in the period in which the related compensation is earned, and discretionary profit-sharing contributions are recognized when authorized and attributable to the applicable Plan year. Contributions recognized but not remitted to the Plan at year-end are reported as contributions receivable. Benefits are recorded when paid, and administrative expenses are recognized when incurred.

**Use of Estimates** - The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** - Mutual fund values are based on the underlying investments. Mutual fund securities traded on security exchanges are valued daily at the latest quoted sales price. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. The Plan's investments are stated at fair value except for the investment in the Invesco Stable Asset Fund. This fund invests in investment contracts (also referred to as "wrap contracts") and seeks to produce a stable return while avoiding negative returns. This investment is valued at net asset values ("NAV") per share as of the close of business on the valuation date.

Participant loans, included under notes receivable from participants, are recorded at unpaid principal plus accrued unpaid interest.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)**

Purchases and sales of shares are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends from the mutual funds are recorded when reported by the registered investment companies. Security transactions are accounted for on the date securities are purchased or sold (trade date). Net realized and unrealized gains and losses are recorded in the accompanying financial statements as net realized and unrealized gains in fair value of investments. Contributions are invested as reasonably close to payroll dates as the plan administrator can segregate payroll funds and amounts are accrued, if applicable.

**Risk and Uncertainties** - The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term. Such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**Notes Receivable from Participants** - Participant loans represent loans that are recorded at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2025. Delinquent participant loans, if any, are classified as distributions based on the terms of the plan agreement.

**Plan Termination** - Although it has not expressed any intention to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, the entire amount of each participant's account, with respect to the Plan, shall become 100% vested and non-forfeitable.

**Plan Administrator Costs** - The Company absorbs a portion of administration costs related to the Plan. Administrative expenses and fund fees incurred by the Plan for the year ended December 31, 2025 totaled $5,768. This amount consists of direct transaction fees charged for participant loans and distributions. These amounts are charged directly to the participants on a per transaction fee basis.

**Related Party Transactions** - Certain Trustee, accounting, and administrative expenses relating to the maintenance of participant records and the Plan's administration are absorbed by the Company and certain administrative expenses are charged against Plan assets and allocated to Participants on a pro-rata basis. Certain Plan investments are held in shares of common collective trust accounts. These transactions and participant loans qualify as party-in-interest transactions.

**Subsequent Events -** Subsequent events have been evaluated through October 8, 2026, the date the financial statements were available to be issued.

**NOTE 3 - FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The Plan measures, monitors and discloses its assets on a fair value basis in accordance with ASC 820. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest to unobservable inputs (level 3 measurements).

**NOTE 3 - FAIR VALUE MEASUREMENTS - (CONTINUED)**

The three levels of the fair value hierarchy under FASB 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets that the Plan can access.

- *Level 2*: Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets.
  - Quoted prices for identical or similar assets or liabilities in inactive markets.
  - Inputs other than quoted prices that are observable for the asset or liability.
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Investments in mutual funds are stated at fair value based on the published net asset value per share multiplied by the number of shares held at year-end. These funds transact daily at their published net asset values, which represent quoted prices in active markets. Accordingly, mutual fund investments are classified within Level 1 of the fair value hierarchy.

Stable value fund - This investment is presented at net asset value, as a practical expedient.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefit as follows at December 31, 2025 and 2024:

| | Fair Value Hierarchy | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| December 31, 2025 | | | | |
| Mutual funds | $ 20,394,538 | $ - | $ - | $ 20,394,538 |
| Common collective trust, presented at NAV | | | | 162,474 |
| | | | | $ 20,557,012 |
| December 31, 2024 | | | | |
| Mutual funds | $ 15,736,920 | $ - | $ - | $ 15,736,920 |
| Common collective trust, presented at NAV | | | | 183,803 |
| | | | | $ 15,920,723 |

**NOTE 3 - FAIR VALUE MEASUREMENTS - (CONTINUED)**

In regard to the classification of investment options offered by the Plan, there were no reclassifications in or out of levels 1, 2 or 3 during the years ended December 31, 2025, and 2024. The nature, risks, and investment objectives of the level 2 and 3 investment categories described above, for which fair value is estimated at NAV, can be found in the Plan's enrollment literature. These investments can be redeemed immediately and without a redemption notification period. As of December 31, 2025 and 2024, there were no unfunded commitments associated with any of these investments.

**NOTE 4 - TAX STATUS**

The Plan follows the provisions of the Automatic Data Processing Defined Contribution Plan, a Non-Standardized Pre-Approved Profit Sharing Plan. The IRS has determined and informed the Trustee by letter dated October 6, 2020, that the prototype plan and related trust are designed in accordance with applicable sections of the IRC. The Plan may have been amended since receiving the determination letter. The Company's management believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE**

The Plan's investments were held by the Trustee, ADP Retirement Trust Services, LLC, for the year ended December 31, 2025. Financial information related to those investments is included in the accompanying financial statements based on information certified as complete and accurate by the Trustee. The Plan's independent auditors did not audit the information.

As of December 31, 2025 and 2024 and for the year ended December 31, 2025, certified investment information consisted of the following:

| | December 31, | |
|---|---|---|
| | 2025 | 2024 |
| Investments | | |
| Mutual funds, at fair value | $ 20,394,538 | $ 15,736,920 |
| Common collective trust, at net asset value | $ 162,474 | $ 183,803 |
| Receivables - Participant loans | $ 23,087 | $ 17,432 |

**NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE – (CONTINUED)**

For the Year Ended December 31, 2025

| | | |
|---|---|---|
| Investment Income: | | |
| Interest from participant loans | $ | 2,786 |
| Interest and dividends | | 800,604 |
| Net appreciation in fair value of investments | | 2,019,780 |
| Total Investment Income | $ | 2,823,170 |

The Plan's Trustee also certified the Schedule of Assets (Held at End of Year) for December 31, 2025 and 2024.

**NOTE 6 - STABLE VALUE FUND**

Invesco Stable Asset ADPZ ("Stable Value Fund") units are issued and redeemed daily at the Stable Value Fund's constant net asset value of $1.00 per unit. Stable value funds seek to provide income while preventing price fluctuations. The most common stable value funds invest in a diversified portfolio of bonds and enter into wrapper agreements with financial companies to guarantee against fluctuations in their share prices. The safety of these funds therefore depends on both the fund's investments as well as the financial strength of the insurance companies and banks that back the wrapper agreements. It is the policy of the Stable Value Fund to use its best efforts to maintain a stable net asset value of $1.00 per unit; although there is no guarantee that the fund will be able to maintain this value.

Interest-crediting rates are typically reset on a monthly or quarterly basis. The current crediting rate is 3.0%. Because changes in market interest rates affect the yield to maturity and the fair value of the underlying fixed-income securities, they can have a material impact on the interest crediting rate. In addition, withdrawals and transfers from the Stable Value Fund are paid at contract value but may be funded through fair value liquidation of the underlying fixed-income securities, which could impact the interest-crediting rate. During the year ended December 31, 2025, 76% of bonds earned AAA ratings and AA ratings.

**NOTE 7 - TRANSACTIONS WITH PARTIES-IN-INTEREST**

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL Regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third party administrator (the TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During 2025, the Plan made direct payments of $5,768 to certain parties-in-interest for administration and transaction fees, as allowed by ERISA. The Plan Sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.
