INDEPENDENT AUDITORS' REPORT

To the Retirement Committee of the
Rutan & Tucker, LLP Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Rutan & Tucker, LLP Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

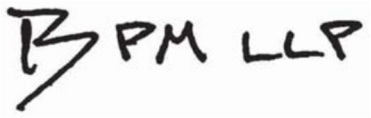

Other Matter – *Supplemental Schedule Required by ERISA*

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Rutan & Tucker, LLP Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and/or Plan agreement for a more complete description of the Plan's provisions.

General

Rutan & Tucker, LLP Profit Sharing Plan was adopted on January 1, 1988, for all eligible employees (the "participants") of Rutan & Tucker, LLP (the "Company," "Employer," and "Plan Sponsor"). The Plan was most recently amended and restated effective January 1, 2021. Effective April 1, 2024, the Plan was amended to recognize service and permit a special one-time entry date of April 1, 2024 to employees of a predecessor employer.

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC"). Employees of the Company are eligible to participate in the Plan provided they are at least 18 years old and complete one year of service, with entry dates being January 1 and July 1 once eligibility requirements are met. Employees who are union employees, leased employees, nonresident aliens, employees classified as an associate, income partner, senior counsel, or client relations partner in primarily administrative roles, associate attorneys, non-equity partners, income partners, attorneys, of counsel, pre-bar associates, and patent agents are excluded from participating in the Plan. The Retirement Committee is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Empower Retirement, LLC was the recordkeeper and Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively "Empower"), and First State Trust Company were the appointed trustees for the Plan for the years ended December 31, 2025 and 2024, and acted at the direction of the Plan's administrator. Future Plan was the third-party administrator for the Plan as of December 31, 2025 and 2024.

SECURE 2.0 Act

On December 29, 2022, the SECURE 2.0 Act of 2022 ("SECURE 2.0") was enacted as part of the Consolidated Appropriations Act of 2023. The provisions include additional increases to required minimum distribution age, changes to long-term and part-time eligibility, new annual funding notice requirements, increased catch-up limits for some participants, a mandatory Roth catch-up requirement for high-income participants, and other provisions. The United States Department of the Treasury and the Internal Revenue Service ("IRS") continue to issue guidance and regulations implementing provisions of SECURE 2.0. The deadline for amending Plan documents was extended to December 31, 2026 and, accordingly, the Plan Sponsor is currently evaluating the provisions of SECURE 2.0 and related guidance to determine the full impact to the Plan and participants (see Note 10).

1. Description of the Plan, continued

Contributions

The Plan includes automatic enrollment for all employees, which commences 30 days after eligibility, unless they affirmatively elect not to participate in the Plan. Deferral contributions for employees entered under the automatic enrollment is 3%, with no automatic escalation. Employees who elect to participate in the Plan may contribute up to 100% of their salary, up to the limits imposed by Section 402(g) of the IRC. Participants may elect to make Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective January 1, 2025, participants who attain ages 60 through 63 during the year are eligible to make an enhanced catch-up contribution consistent with SECURE 2.0 and applicable IRS limits.

The Plan allows for non-elective contributions at the discretion of the Plan Sponsor. The discretionary profit-sharing calculation may vary by employee group or individual participants as it is based on the grouping method whereby each participant constitutes a separate classification. Participants must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to be eligible to receive discretionary profit-sharing.

Participants direct the investment of their contributions into various investment options offered by the Plan, including self-directed brokerage accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions and rollovers from other qualified plans, as well as an allocation of the Company's profit-sharing contribution, an allocation of revenue sharing, and Plan earnings or losses. The Company pays the administrative fees for active participants; however, terminated participants are charged with an allocation of administrative expenses paid by the Plan. Plan earnings or losses are allocated based upon each participant's account balance and specific participant transactions, as defined in the Plan. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions and rollovers, Company profit-sharing contributions, and net earnings on these contributions are fully vested when made or earned.

Notes Receivable from Participants

Participants are allowed four notes receivable at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Note receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which may have a maximum term of 15 years. The notes receivable are secured by no more than 50% of the balance in the participant's account and bear interest at 1% over the prime rate at the time the note receivable originates. Interest rates on notes receivable from participants ranged from 4.25% to 9.50% per annum as of December 31, 2025. Principal and interest are repaid in equal installments through payroll deductions or personal checks for employees on leave. Following termination of employment, outstanding notes receivable may be paid in full or continue to be repaid through personal checks or ACH payments.

1. Description of the Plan, continued

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment, partial withdrawals, or installments. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½ or having a hardship. Distributions under the Plan shall generally be made as soon as possible after the date of retirement, death, or termination of employment. In-service withdrawals may be taken from all accounts. Mandatory distributions of account balances under $1,000 will be made as soon as possible. In addition, the Plan allows for withdrawals of any rollover contributions at any time.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions and Company profit-sharing contributions in percentage increments into a series of mutual funds, common/collective trusts, a guaranteed interest account, or self-directed accounts offered by the Plan. Participants may change their investment options at any time. Investments in partnerships/joint venture interest held by First State Trust Company are closed for future contributions. Two participants have investments in partnerships from prior periods and are allowed to exchange one partnership investment for others. However, the Plan no longer allows for other participants to acquire such investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, with the exception of a guaranteed interest account investment contract that is valued at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan’s valuation policies utilizing information provided by the investment advisor and trustees. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies, continued

Fully Benefit-Responsive Investment Contract

The Plan holds a direct interest in a guaranteed interest account investment contract and reports this investment at contract value. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants invested in guaranteed interest account investment contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees paid by participants are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants, self-directed brokerage accounts, and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in either net appreciation in fair value of investments or administrative expenses, depending on the nature of the expense.

Information Certified by the Trustees

Empower and First State Trust Company have prepared and certified as complete and accurate the Plan's schedule of investment assets, notes receivable from participants, transactions, net appreciation in fair value of investments, interest and dividend income, and other investment income, which were used to prepare the accompanying financial statements and supplemental schedule.

3. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements, continued

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Cash equivalents: Valued based on redemption values on the last business day of the Plan year.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. government securities and corporate debt instruments: Valued using quoted prices for similar securities and valuations provided by alternative pricing sources supported by observable inputs.

Preferred stocks, common stocks, unit investment trusts, and other assets: Valued at the closing price reported on the active market on which the individual securities are traded.

Partnerships: Valued based on the individual entity's financial statements and projected cash flow.

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

3. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total

Investments, at fair value	$ 146,045,175	$ 3,916,069	$ 957,482	$ 150,918,726

The Plan invests in common/collective trust funds, which are measured at fair value using the NAV per share practical expedient. These investments are not categorized within the fair value hierarchy.

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Company evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

3. Fair Value Measurements, continued

Changes in Fair Value of Level 3 Assets, continued

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025:

	Partnership/Joint Venture Interests
Transfers out of Level 3	$ 252,307
Transfers into Level 3	$ -
Purchases	$ -
Issues	$ -

Transfers out of Level 3 represent cash proceeds from the sale of nonmarketable investments and income earned on nonmarketable investments that has been received in cash and subsequently transferred out of Level 3 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2025 and 2024:

Instrument	Fair Value December 31, 2025	Fair Value December 31, 2024	Principal Valuation Technique	Unobservable Inputs
Partnership/Joint Venture Interests	$ 905,817	$ 957,482	Partnership/Joint Venture Interests' Financial Statements and Projected Cash Flow	Timing of cash flows and discount rate

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if Eligible)	Redemption Notice Period
Common/collective trusts:				
Great Gray Trust Capital Group Target Date Funds	$ 14,289,480	N/A	Daily	30 Days
Total	$ 14,289,480			

4. Certified Information

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Empower and First State Trust Company as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

Interest on notes receivable from participants	$ 48,454	N/A

5. Investment Contract with New York Life Insurance Company

In August 2019, the Plan entered into a guaranteed interest account investment contract with New York Life Insurance Company (the “Investment Contract”). The Investment Contract is a participating group annuity contract with funds held in a pooled separate account. As of December 31, 2025 and 2024, the contract value of the guaranteed interest account investment contract totaled $14,514,827 and $15,045,372, respectively.

The Investment Contract is considered a “traditional” contract, meaning that the Plan owns the contract itself and not the underlying assets of the investment contract. The terms of the Investment Contract prohibit transfer or assignment of rights under the contract and provide for participant-initiated distributions at contract value, frequent resetting of contractual interest rates based upon market conditions, no significant liquidity restrictions, and no defined maturities. Generally, there are no events that could limit the ability of the Plan to transact at contract value.

For the Investment Contract, the Plan’s pooled separate account is credited with contributions and earnings, including interest and dividends, on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the issuer or otherwise.

The crediting interest rate of the Investment Contract is based on the issuer’s rate-setting process. Such interest rates may change every January 1 and July 1 but cannot be less than 1%. The key factors that influence future interest-crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions, transfers, and withdrawals into/out of the contract; and the duration of the underlying investments backing the contract.

The Plan may terminate the Investment Contract, provided that written notice of termination is received by New York Life Insurance Company at least 30 days, but not more than 60 days, prior to the intended termination date. New York Life Insurance Company may terminate the Investment Contract with 60 days prior written notice to the Plan. New York Life Insurance Company may also terminate the Investment Contract immediately upon written notice to the Plan if the Plan fails to qualify as a tax-exempt plan under Section 401(a) of the Internal Revenue Code. If the Investment Contract was terminated by the Plan or New York Life Insurance Company, interest would not be less than the minimum interest rate established in the Investment Contract.

6. Party-in-Interest and Related-Party Transactions

Party-in-interest transactions are defined under the Department of Labor's Rules and Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others.

Charles Schwab & Co. provided participant self-directed brokerage accounts associated with the Plan and is considered a party-in-interest.

The Plan had outstanding notes receivable from participants totaling $712,864 and $604,892 as of December 31, 2025 and 2024, respectively.

The Company is also the Plan Sponsor of the Rutan & Tucker, LLP 401(k) Plan. From time to time, transfers will be made between the plans by participants. For the year ended December 31, 2025, transfers from Rutan & Tucker, LLP 401(k) Plan to the Plan totaled $520,711, and transfers from the Plan to Rutan & Tucker, LLP 401(k) Plan totaled $58.

Empower Retirement, LLC and/or its affiliates provide certain administrative services to the Plan pursuant to a Services Agreement ("Agreement") between the Company and Empower Retirement, LLC. Empower Retirement, LLC and/or its affiliates receive revenue from mutual fund service providers for services provided to the funds. This revenue is used to offset certain amounts owed to Empower Retirement, LLC and/or its affiliates for their administrative services to the Plan.

If the revenue received by the Plan from such mutual fund service providers exceeds the amount owed under the Agreement, Empower Retirement, LLC and/or its affiliates remit the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. For the year ended December 31, 2025, excess revenue sharing was $357,151, of which $14,045 was applied to administrative expenses and $343,106 was allocated to participant accounts. The Plan or Plan Sponsor may make payment to Empower Trust Company, LLC for administrative expenses not covered by revenue sharing.

7. Tax Status

The Plan uses a non-standardized pre-approved plan document sponsored by Ascensus LLC. Ascensus LLC received an opinion letter from the IRS dated June 30, 2020, which states that the non-standardized pre-approved plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS and has been amended since Ascensus LLC received the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds, common/collective trusts, a guaranteed interest account, and self-directed brokerage accounts offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2025, approximately 24% of net assets are held in two mutual funds, and 15% in self-directed brokerage accounts.

As of December 31, 2024, approximately 16% of net assets were held in one mutual fund, and 13% in self-directed brokerage accounts.

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 15, 2026, the date these financial statements were available to be issued.

Effective January 1, 2026, under SECURE 2.0, 401(k) catch-up contributions must be made on a Roth (post-tax) basis for participants age 50 and older whose prior-year Federal Insurance Contributions Act wages exceed an applicable threshold.

Effective February 3, 2026, the Plan was amended to eliminate the age and service eligibility requirements for employee contributions. Employees employed as of the effective date who had not yet satisfied the prior eligibility requirements were immediately eligible to participate, with February 3, 2026 serving as their Plan entry date.

Management concluded that, other than noted above, no material subsequent events have occurred since December 31, 2025 that require recognition or disclosure in these financial statements.
