Report of Independent Auditors

To the Administrator of XFL 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of XFL 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PricewaterhouseCoopers LLP
401 Broad Hollow Road, Melville, NY 11747
T: (631) 753 2700

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the XFL 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan was established on June 1, 2018 and is a defined contribution plan covering eligible employees of XFL Properties, LLC (the "Company" and "Plan Administrator"). The Plan was amended and restated on June 27, 2025. The Plan is sponsored and administered by the Company, which is designated as the Plan Administrator and Investment Fiduciary under the adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company is the Trustee of the Plan (the "Trustee"). Fidelity Workplace Services LLC is the recordkeeper of the Plan (the "Recordkeeper").

All employees of the Company are eligible to participate in the Plan with no age or service requirement, except employees covered by a collective bargaining agreement unless the agreement provides for participation, leased employees and nonresident aliens who do not receive U.S.-source earned income from the Company. Eligible employees may begin making deferral contributions immediately upon satisfying the applicable eligibility requirements.

Vesting

Participants are immediately 100% vested in their deferral and rollover contribution accounts, including related earnings. The Plan does not provide for matching or nonelective employer contributions for the year ended December 31, 2025. Historical nondiscretionary nonelective (profit-sharing) contributions are 100% vested.

Contributions

Participants may elect to contribute up to 90% of eligible compensation on a pre-tax basis, subject to applicable Internal Revenue Code limitations. Participants eligible to make catch-up contributions may contribute additional amounts subject to applicable statutory limits, and participants may designate all or a portion of their deferral contributions as Roth 401(k) contributions. The Plan does not provide for automatic enrollment or voluntary after-tax employee contributions. Eligible employees may make qualifying rollover contributions to the Plan. Participant contributions remain subject to the annual limitations prescribed by the Internal Revenue Code.

Investments

Participants may elect to reallocate their account balances among the funds at any time during the year. There is no limit on the number of changes participants may make.

Benefits

Upon reaching age 65, becoming permanently disabled, or upon termination, a participant may elect to receive vested benefits in the form of a lump sum distribution, installment payments, or partial withdrawals. If the participant is still employed at age 65, they may elect to defer receiving benefits until they terminate employment. If terminated, a participant may elect to have their vested account balance transferred to another qualified plan.

Withdrawals for financial hardship are permitted provided they are for an immediate and heavy financial need, and the distribution is necessary to satisfy that need. Employees must submit evidence of hardship to the Recordkeeper who will determine whether the situation qualifies for a hardship withdrawal based on guidance from the Plan Administrator. The taxable portion of a hardship withdrawal is generally subject to ordinary income tax and may be subject to a 10 percent additional tax on early distributions.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions which may differ from actual results.

Investments and Investment Income
Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on the trade date. The net investment income which includes the realized and unrealized gain or loss on investments of the Plan during the year, is allocated to participants based upon their percentage of the fund balance at the beginning of the year adjusted for benefit payments made during the year and administrative expenses.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the investment income related to the net appreciation in the fair value of investments, which consists of realized gains and losses and the unrealized appreciation or depreciation on investments. See Note 3 for additional information regarding the Plan's fair value measurements.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (the “IRS”) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 Plan year excess contributions to the applicable participants before March 15, 2026.

Administrative Expenses
Administrative expenses are recorded on an accrual basis. Certain expenses of administering the Plan, including audit and other professional service fees, may be paid directly by the Company and are not reflected in the Plan's financial statements. Participant-specific fees, including applicable loan or transaction fees, are charged to the related participant accounts in accordance with the Plan's administrative procedures.

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties
The Plan provides for various investment options in any combination of various investment securities. These investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably

possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

3. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification 820, "Fair Value Measurement," ("ASC 820"), which defines fair value, establishes the framework and gives guidance regarding the methods used for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 76,871	$ -	$ -	$ 76,871
Mutual funds	5,430,537	-	-	5,430,537
Total investments, at fair value	$ 5,507,408	$ -	$ -	$ 5,507,408

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 61,270	$ -	$ -	$ 61,270
Mutual funds	4,295,681	-	-	4,295,681
Total investments, at fair value	$ 4,356,951	$ -	$ -	$ 4,356,951

It is the Plan's policy to account for asset transfers between levels at the end of the year. There were no transfers between levels for the year ended December 31, 2025.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money market funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. The NAV of the money market funds are based on prices in active markets.

Mutual funds: Valued at the NAV of shares reported in the active market in which the individual fund is traded. The Plan considers the published NAVs of its investments to be readily determinable fair value in accordance with accounting principles generally accepted in the United States of America.

4. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by affiliates of the Trustee and Recordkeeper, and therefore, these activities qualify as party-in-interest transactions. Certain participants borrowed from the Plan. Such participants are parties-in-interest to the Plan.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their respective accounts.

6. Note Receivable From Participant

Participants may borrow from their vested contributions in the Plan up to the lesser of $50,000 or 50% of the value of their vested contributions, subject to certain other restrictions. Generally, the loan must be repaid with interest over a period not extending beyond five years, unless such loan is for the purchase of a participant's primary residence. However, if the loan is used by a participant to purchase a principal residence, it may be repaid over ten years. All loans shall bear a

reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates. The loans are valued at unpaid principal balance plus accrued unpaid interest. Participant loans in default are reclassified as taxable distributions based upon the terms of the Plan document.

7. Tax Status

The Internal Revenue Service has determined and informed the Plan Administrator by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. There are currently no audits for any tax periods in progress or pending. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

8. Information Certified by the Plan's Trustee

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule, which were certified by Fidelity Management Trust Company as of December 31, 2025 and 2024 and for the year ended December 31, 2025 as complete and accurate, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
