Independent Auditors' Report

To the Participants and Plan Administrator of
Ateeco, Inc. Group Health Plan

Opinion

We have audited the financial statements of Ateeco, Inc. Group Health Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and benefit obligations for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, Line 4(j) - Schedule of Reportable Transactions as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Ateeco, Inc. Group Health Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan provides health and welfare benefits covering all full-time employees of Ateeco, Inc. (the Company) who work 30 hours or more a week, covered dependents, as well as retired owners, spouses and dependent children. Certain plan assets are held in a taxable trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Benefits

The Plan provides health benefits (medical, vision, dental and prescription drugs) to all full-time employees who work 30 hours or more per week and have been employed for 30 days and their covered dependents. Eligibility for life insurance occurs after 6 months of service and eligibility for short and long-term disability benefits and accidental death and dismemberment benefits for active participants occurs after 1 year of service. The Plan provides health benefits to retired owners. This Plan is supplementary to Medicare for retired owners who qualify for Medicare. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Insured Benefits

The Plan fully insures the life insurance benefits (basic, supplemental and dependent), accidental death and dismemberment benefits (basic, supplemental and spousal), short and long-term disability benefits, vision and dental benefits. The Plan purchases annual insurance contracts for these insured benefits. Premiums for basic life insurance, basic accidental death and dismemberment insurance, short and long-term disability insurance, vision insurance and dental insurance programs are paid to the insurance company from the general assets of the Company. These payments are included in insurance premiums paid on the Statements of Changes in Net Assets Available for Benefits.

Self-Insured Benefits

The Plan self-insures medical and prescription drug benefits. The claims for self-insured benefits are processed by the Plan's third-party claims processor under an administrative services only arrangement. The claims processor pays claims directly to or on behalf of participants and is then reimbursed by the Plan's trust. Despite the Plan's utilization of a third-party claim's processor, ultimate responsibility for payments to providers and participants is retained by the Plan.

Stop-Loss Coverage

The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims).

Contributions

In addition to deductibles and co-payments, participants are generally required to contribute to the Plan to fund the cost of their health benefits on a weekly basis through payroll deductions. Amounts required to be contributed by participants are determined annually by the Company in accordance with the plan document. Retired owners are required to pay COBRA rates as determined annually by the Company in accordance with the plan document. The remainder of the funding required to pay benefits under the Plan is paid by the Company. The Company pays the full cost of basic life insurance, basic accidental death and dismemberment insurance, short and long-term disability insurance and stop-loss insurance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein; claims incurred but not reported; claims payable; and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Interest-Bearing Cash

The Plan maintains an interest-bearing checking account with a financial institution which is valued at cost. Interest income related to the account is recorded as interest income in the Statement of Changes in Net Asset Available for Benefits.

Payment of Benefits

Premiums paid by either the Company or the Plan's trust are recorded as insurance premiums paid in the accompanying Statement of Changes in Net Assets Available for Benefits.

Health claim payments are recorded when paid by the third-party claims processor and are included in the accompanying Statement of Changes in Net Assets Available for Benefits. Amounts due to health claims processors that have yet to be reimbursed by the Plan are recorded as amounts due to claims processors on behalf of the Plan in the accompanying Statement of Net Assets Available for Benefits.

Stop-Loss Refunds

Premiums for stop-loss insurance are included in insurance premiums paid in the Statement of Changes in Net Assets Available for Benefits. Net stop-loss refunds, which are recorded as a reduction in self-insured claims paid in the accompanying Statement of Changes in Net Assets Available for Benefits totaled $384,418 during the year ended December 31, 2025.

Claims Incurred but not Reported

The Plan is self-insured for health claims up to $85,000 per claim. Stop-loss insurance coverage is maintained for claims in excess of this amount. The Plan's liability for health claims incurred, but not reported is estimated by the Plan's consultant, Benecon, using actuarial data provided by the insurance providers who have been retained by the Company. Such estimated amounts are reported in the accompanying Statements of Benefit Obligations.

Expenses

The Plan pays administrative expenses that consist primarily of administrative fees to third-party claims administrators. These expenses are reported in the Statement of Changes in Net Assets Available for Benefits as administrative expenses. All other administrative expenses are paid by the Company on behalf of the Plan and are excluded from these financial statements.

Postretirement Benefit Obligations

The amounts reported as postretirement benefit obligations represent the actuarial present value of those estimated future benefits attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from the current plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated participants and their beneficiaries and dependents who are eligible to be in the Plan and (2) active participants and their beneficiaries and dependents who are eligible to remain in the Plan after retirement. The postretirement benefit obligations represent the amount that is to be funded by contributions from the Company, participants and from existing plan assets.

The actuarial present value of the expected postretirement benefit obligation is determined by an independent actuary and results from applying actuarial assumptions to historical claims data to estimate future annual incurred claim costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

For measurement purposes, a 7.00% weighted average annual rate of increase in the average per capita cost of covered healthcare benefits was assumed for 2025. The rate was assumed to be 7.00% in 2025, 8.00% in 2026, 7.00% in 2027, 6.00% in 2028, and 5.50% in 2029, and then gradually decreasing from 5.40% in 2030 until reaching 4.00%. For the year ended December 31, 2024, the rate was assumed to be 7.00% in 2024, 7.00% in 2025 with a 0.5% decrease per year until reaching 5.50% in 2028, and then gradually decreasing from 5.40% in 2029 until reaching 4.00%.

The weighted average health care cost-trend rate assumption has a significant effect on the amounts reported as post-retirement benefit obligations. If the assumed rates increased by 1 percentage point in each year, it would increase the obligation by approximately $657 and $823 as of December 31, 2025 and 2024, respectively.

Other significant assumptions used to determine the Plan's benefit obligations as of December 31, 2025 and 2024 are as follows:

Discount rate	3.87% in 2025, and 4.69% 2024
Mortality	Pri-2012 White Collar Mortality Table, as adjusted for certain mortality increases for mortality improvement scale MP- 2021 for 2025 and 2024
Retirement age	62

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the postretirement benefit obligation.

The assumed rate of interest used to value the present value of benefit obligations changed from 4.69% to 3.87% for the year ended December 31, 2025. These factors resulted in an increase of $850 in the actuarial present value of postretirement benefit obligations for the year ended December 31, 2025.

Prescription Drug Rebates

Rebates due from the Plan's pharmacy benefits manager are recorded when earned. Rebates have been reported as prescription drug rebates on the Statement of Changes in Net Assets Available for Benefits.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 15, 2026, the date the financial statements were available to be issued.

3. Related-Party and Party in Interest Transactions

As described in Notes 1 and 2, the Plan has several arrangements with service providers; these transactions are party in interest transactions under ERISA. The Plan's interest-bearing cash is held by UMB Bank and Trust, and therefore, these transactions qualify as party in interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants, or to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

5. Tax Status

The trust established under the Plan to hold the Plan's assets is a taxable trust, accordingly, the trust's net investment income is not exempt from income taxes. The trust files annual tax returns as required. The plan administrator believes the trust is operating in accordance with the applicable sections of the Internal Revenue Code. Taxes due and payable by the trust are not significant; therefore, no tax provision has been recorded.

Management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

Claims incurred but not reported are calculated based on historical trends of claims reported but not settled and claims that have been incurred but not reported. Postretirement benefit obligations are reported based on certain assumptions pertaining to inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan's interest-bearing account is maintained at one financial institution and is comprised of one account. Such balances are insured by the Federal Deposit Insurance Corporation up to $250,000.

Independent Auditors' Report

To the Participants and Plan Administrator of
Ateeco, Inc. Group Health Plan

Opinion

We have audited the financial statements of Ateeco, Inc. Group Health Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and changes in benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and benefit obligations for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) and Schedule H, Line 4(j) - Schedule of Reportable Transactions as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Ateeco, Inc. Group Health Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan provides health and welfare benefits covering all full-time employees of Ateeco, Inc. (the Company) who work 30 hours or more a week, covered dependents, as well as retired owners, spouses and dependent children. Certain plan assets are held in a taxable trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Benefits

The Plan provides health benefits (medical, vision, dental and prescription drugs) to all full-time employees who work 30 hours or more per week and have been employed for 30 days and their covered dependents. Eligibility for life insurance occurs after 6 months of service and eligibility for short and long-term disability benefits and accidental death and dismemberment benefits for active participants occurs after 1 year of service. The Plan provides health benefits to retired owners. This Plan is supplementary to Medicare for retired owners who qualify for Medicare. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Insured Benefits

The Plan fully insures the life insurance benefits (basic, supplemental and dependent), accidental death and dismemberment benefits (basic, supplemental and spousal), short and long-term disability benefits, vision and dental benefits. The Plan purchases annual insurance contracts for these insured benefits. Premiums for basic life insurance, basic accidental death and dismemberment insurance, short and long-term disability insurance, vision insurance and dental insurance programs are paid to the insurance company from the general assets of the Company. These payments are included in insurance premiums paid on the Statements of Changes in Net Assets Available for Benefits.

Self-Insured Benefits

The Plan self-insures medical and prescription drug benefits. The claims for self-insured benefits are processed by the Plan's third-party claims processor under an administrative services only arrangement. The claims processor pays claims directly to or on behalf of participants and is then reimbursed by the Plan's trust. Despite the Plan's utilization of a third-party claim's processor, ultimate responsibility for payments to providers and participants is retained by the Plan.

Stop-Loss Coverage

The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over a specific dollar amount, as well as its aggregate exposure for all claims).

Contributions

In addition to deductibles and co-payments, participants are generally required to contribute to the Plan to fund the cost of their health benefits on a weekly basis through payroll deductions. Amounts required to be contributed by participants are determined annually by the Company in accordance with the plan document. Retired owners are required to pay COBRA rates as determined annually by the Company in accordance with the plan document. The remainder of the funding required to pay benefits under the Plan is paid by the Company. The Company pays the full cost of basic life insurance, basic accidental death and dismemberment insurance, short and long-term disability insurance and stop-loss insurance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein; claims incurred but not reported; claims payable; and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Interest-Bearing Cash

The Plan maintains an interest-bearing checking account with a financial institution which is valued at cost. Interest income related to the account is recorded as interest income in the Statement of Changes in Net Asset Available for Benefits.

Payment of Benefits

Premiums paid by either the Company or the Plan's trust are recorded as insurance premiums paid in the accompanying Statement of Changes in Net Assets Available for Benefits.

Health claim payments are recorded when paid by the third-party claims processor and are included in the accompanying Statement of Changes in Net Assets Available for Benefits. Amounts due to health claims processors that have yet to be reimbursed by the Plan are recorded as amounts due to claims processors on behalf of the Plan in the accompanying Statement of Net Assets Available for Benefits.

Stop-Loss Refunds

Premiums for stop-loss insurance are included in insurance premiums paid in the Statement of Changes in Net Assets Available for Benefits. Net stop-loss refunds, which are recorded as a reduction in self-insured claims paid in the accompanying Statement of Changes in Net Assets Available for Benefits totaled $384,418 during the year ended December 31, 2025.

Claims Incurred but not Reported

The Plan is self-insured for health claims up to $85,000 per claim. Stop-loss insurance coverage is maintained for claims in excess of this amount. The Plan's liability for health claims incurred, but not reported is estimated by the Plan's consultant, Benecon, using actuarial data provided by the insurance providers who have been retained by the Company. Such estimated amounts are reported in the accompanying Statements of Benefit Obligations.

Expenses

The Plan pays administrative expenses that consist primarily of administrative fees to third-party claims administrators. These expenses are reported in the Statement of Changes in Net Assets Available for Benefits as administrative expenses. All other administrative expenses are paid by the Company on behalf of the Plan and are excluded from these financial statements.

Postretirement Benefit Obligations

The amounts reported as postretirement benefit obligations represent the actuarial present value of those estimated future benefits attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from the current plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated participants and their beneficiaries and dependents who are eligible to be in the Plan and (2) active participants and their beneficiaries and dependents who are eligible to remain in the Plan after retirement. The postretirement benefit obligations represent the amount that is to be funded by contributions from the Company, participants and from existing plan assets.

The actuarial present value of the expected postretirement benefit obligation is determined by an independent actuary and results from applying actuarial assumptions to historical claims data to estimate future annual incurred claim costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

For measurement purposes, a 7.00% weighted average annual rate of increase in the average per capita cost of covered healthcare benefits was assumed for 2025. The rate was assumed to be 7.00% in 2025, 8.00% in 2026, 7.00% in 2027, 6.00% in 2028, and 5.50% in 2029, and then gradually decreasing from 5.40% in 2030 until reaching 4.00%. For the year ended December 31, 2024, the rate was assumed to be 7.00% in 2024, 7.00% in 2025 with a 0.5% decrease per year until reaching 5.50% in 2028, and then gradually decreasing from 5.40% in 2029 until reaching 4.00%.

The weighted average health care cost-trend rate assumption has a significant effect on the amounts reported as post-retirement benefit obligations. If the assumed rates increased by 1 percentage point in each year, it would increase the obligation by approximately $657 and $823 as of December 31, 2025 and 2024, respectively.

Other significant assumptions used to determine the Plan's benefit obligations as of December 31, 2025 and 2024 are as follows:

Discount rate	3.87% in 2025, and 4.69% 2024
Mortality	Pri-2012 White Collar Mortality Table, as adjusted for certain mortality increases for mortality improvement scale MP- 2021 for 2025 and 2024
Retirement age	62

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the postretirement benefit obligation.

The assumed rate of interest used to value the present value of benefit obligations changed from 4.69% to 3.87% for the year ended December 31, 2025. These factors resulted in an increase of $850 in the actuarial present value of postretirement benefit obligations for the year ended December 31, 2025.

Prescription Drug Rebates

Rebates due from the Plan's pharmacy benefits manager are recorded when earned. Rebates have been reported as prescription drug rebates on the Statement of Changes in Net Assets Available for Benefits.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 15, 2026, the date the financial statements were available to be issued.

3. Related-Party and Party in Interest Transactions

As described in Notes 1 and 2, the Plan has several arrangements with service providers; these transactions are party in interest transactions under ERISA. The Plan's interest-bearing cash is held by UMB Bank and Trust, and therefore, these transactions qualify as party in interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants, or to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

5. Tax Status

The trust established under the Plan to hold the Plan's assets is a taxable trust, accordingly, the trust's net investment income is not exempt from income taxes. The trust files annual tax returns as required. The plan administrator believes the trust is operating in accordance with the applicable sections of the Internal Revenue Code. Taxes due and payable by the trust are not significant; therefore, no tax provision has been recorded.

Management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

Claims incurred but not reported are calculated based on historical trends of claims reported but not settled and claims that have been incurred but not reported. Postretirement benefit obligations are reported based on certain assumptions pertaining to inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan's interest-bearing account is maintained at one financial institution and is comprised of one account. Such balances are insured by the Federal Deposit Insurance Corporation up to $250,000.
