REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator and Plan Participants
The Avaya Inc. Health and Welfare Plan for Retirees

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed an audit of the financial statements of The Avaya Inc. Health and Welfare Benefits Plan for Retirees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of benefit obligations and net assets available for benefits as of December 31, 2025, and the related statements of changes in benefit obligations and changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2025 supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2024 financial statements
Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by qualified institutions. Their report dated October 15, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - PLAN DESCRIPTION

The following description of The Avaya Inc. Health & Welfare Benefits Plan for Retirees (the "Plan") provides only general information. Participants should refer to the applicable Summary Plan Descriptions for a more complete description of the Plan's provisions.

General

The Plan is a welfare benefit plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan provides life insurance benefits to eligible retired represented employees of Avaya Inc. (the "Sponsor") and its U.S. subsidiaries.

The Plan is administered by the Health & Welfare Plan Administrator who is an employee of Avaya Inc. ("Avaya"). The Health & Welfare Plan Administrator has overall responsibility for the operation and administration of the Plan. The Avaya Investment Committee, which is comprised of Avaya employees, determines the appropriateness of the Plan's investments, and monitors investment performance.

Avaya agreed to extend the 2009 Collective Bargaining Agreement ("CBA") with the Communications Workers of America, and with the International Brotherhood of Electrical Workers, effective January 25, 2018 and February 2, 2018, respectively. The CBA, which was previously extended through June 13, 2017; June 14, 2018; September 21, 2019 and June 21, 2021; June 24, 2023; and was extended through December 15, 2026.

Eligibility:

Eligible participants in the Plan include a former eligible employee who: 1) Was either a represented employee when he or she retired from an Avaya participating company, or who transferred to a management position less than 12 months before he or she retired from an Avaya participating company; and 2) Is receiving or eligible to receive a service or disability pension under the Avaya Inc. Pension Plan. An eligible participant must enroll to receive healthcare benefits under the Plan.

Benefits

On going benefits in the Plan include Life insurance coverage to eligible retired represented employees who retire after March 26, 2021.

A participant may assign his or her life insurance under the Plan in accordance with the terms and conditions of the policy. Life insurance benefit payments are administered under insurance contracts with Metropolitan Life Insurance Company ("MetLife").

An eligible retired represented employee receives basic life insurance coverage under the Plan equal to his or her total annual pay at retirement times the following percentage:

Age	Percentage
65 or less	100%
66	90%
67	80%
68	70%
69	60%
70 or older	50%

"Total Annual Pay" for represented employees is defined as follows:

- If retired before January 1, 2004, generally, total annual pay is the annual rate of pay at the time of retirement, plus any bonuses, incentives and merit awards paid within the last 12 months before retirement (if these amounts are considered a part of compensation for the normal work schedule), rounded to the next higher $1,000. Total annual pay does not include differentials, overtime pay, extra payments or allowances that are considered temporary.

- If retired on or after January 1, 2004, total annual pay is the annual rate of pay plus the annual Avaya Performance Award Target Payment amount as of September 10 of the prior Plan year, rounded to the next higher $1,000.

Contributions

To fund benefits under the Plan, the Sponsor created the Avaya Inc. Represented Employees' Post-Retirement Health Benefits Trust (the "Trust"), a Voluntary Employees' Beneficiary Association Trust within the meaning of Section 501(c)(9) of the Internal Revenue Code ("IRC"). According to the Trust agreement, the Sponsor shall contribute such assets to the Trust as it reasonably determines necessary and appropriate to pay current benefit and administration expenses under the Plan for each year consistent with any limitations under Section 419 of the IRC.

Participants do not contribute for basic life insurance coverage. Life benefits are not fully insured, and all claims are paid from the Group Term Life Insurance Contract as funded by the Life Insurance Funding Account.

Administration Costs

Administration costs incurred by the Sponsor, to the extent directly related to the Plan, generally are charged back to the Plan. These costs include but are not limited to administrative services, investment management, investment consulting, trustee fees and audit fees.

Termination Provisions

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to modify the benefits provided to participants, to discontinue its contributions at any time, or to terminate the Plan, subject to the provisions set forth in ERISA and to the terms of the applicable collective bargaining agreements. In the event of such termination, the net assets of the Plan shall be allocated to pay the benefit obligations of the Plan in accordance with ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments consist of separate accounts offered by MetLife, which comprise the Plan's Life Insurance Funding Account, and a money market fund.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of investments are recorded as of the trade date. Interest income is recorded as earned on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein; claims payable; and when applicable, disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payments for Benefits

Payments for death benefits represent claim amounts paid by MetLife on behalf of the Plan. All such payments are recorded when paid in the statement of changes in net assets available for benefits.

NOTE 3 - RISKS AND UNCERTAINTIES

Investments held by the Trust are exposed to various risks, such as interest rate, market and credit risks, including the financial stability of the insurance company. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term, and those changes could materially affect the amounts reported in the statement of benefit obligations and net assets available for benefits. Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Trusts' investments. Accordingly, the valuation of investments at December 31, 2025 may not necessarily be indicative of amounts that could be realized in a current market exchange.

Plan contributions and the actuarial present value of Plan postretirement benefit obligations are reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

NOTE 4 - POSTRETIREMENT BENEFITS

The accumulated postretirement benefit obligation ("APBO") represents the actuarial present value of those estimated future benefits governed by the CBA that are attributed to employee service rendered through December 31 of the applicable year. Postretirement benefits include future benefits expected to be paid to or for (1) currently eligible retired employees and their eligible dependents and beneficiaries, and (2) active employees and their eligible dependents and beneficiaries during retirement from the Sponsor. Prior to an active employee's full eligibility date, the APBO is the portion of the expected APBO that is attributed to that employee's service performed to the valuation date.

The actuarial present value of the expected APBO is determined by the Plan's actuary, Aon Hewitt. The APBO is the amount that results from applying actuarial assumptions to participant census data to estimate future annual benefit amounts per participant and to adjust such estimates for the time value of money (through discounts for interest), and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The following summarizes significant actuarial assumptions used in the valuation as of December 31, 2025 and 2024:

	2025	2024
Weighted average discount rates	5.82%	5.89%
Mortality	Pri-2012 base table with projection scale MP-2021	Pri-2012 base table with projection scale MP-2021

During 2025, the increase in the APBO related to changes in assumptions in the amount of $535,000 resulted primarily from a change in the weighted average discount rate from 5.89% to 5.82%.

Other changes, which accounted for a decrease in the APBO in the amount of $228,000, are due to gains due to actual experience differing from that assumed.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might apply in determining the actuarial present value of the APBO.

NOTE 5 - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Bank of New York Mellon/BNY Mellon, N.A (the trustee of the Plan) and MetLife, have certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments at fair value as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments and interest income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- The schedule of assets (held at end of year) at December 31, 2025.

NOTE 6 - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices for the asset or liability that are observable; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset or liability's, fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used by the Plan to determine fair value of the assets in the Plan. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market Fund: The fair values of money market fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Life Insurance Funding Account: The Life Insurance Funding Account with MetLife provides for investment of pre-funding amounts in separate accounts offered by MetLife. Each separate account, in which the Plan owns units, provides a unit net asset value ("NAV") on a daily basis, which is based on the fair value of the underlying assets owned by the account and is used as a practical expedient to estimate fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024.

	Fair Value as of December 31, 2025			
	Total	(Level 1)	(Level 2)	(Level 3)
	(dollars in thousands)			
Money market fund	$ 199	$ 199	$ -	$ -
Investment measured at NAV[(a)]	8,258	-	-	-
Investments at fair value	$ 8,457	$ 199	$ -	$ -

	Fair Value as of December 31, 2024			
	Total	(Level 1)	(Level 2)	(Level 3)
	(dollars in thousands)			
Money market fund	$ 258	$ 258	$ -	$ -
Investment measured at NAV[(a)]	7,590	-	-	-
Investments at fair value	$ 7,848	$ 258	$ -	$ -

[(a)] Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

For investment funds whose fair value is based on the NAV of the investment (or its equivalent) as a practical expedient to estimate fair value, the attributes of the investments, such as the investment strategies of the investee, and any unfunded commitments and any restrictions on the Plan's ability to redeem its investments at December 31, 2025 and 2024, are presented below:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	(dollars in thousands)			
December 31, 2025				
Life insurance funding account [(a)]	$ 8,258	$ -	daily	2 days for partial redemption; 60 days for full liquidation
Total	$ 8,258	$ -		

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	(dollars in thousands)			
December 31, 2024				
Life insurance funding account [(a)]	$ 7,590	$ -	daily	2 days for partial redemption; 60 days for full liquidation
Total	$ 7,590	$ -		

[(a)] At December 31, 2025 and 2024, the Life Insurance Funding Account was comprised of separate accounts offered by MetLife with varying investment strategies, as follows: Equity Index (U.S. mid-large cap) = 7.0% and 7.0%; Small Cap Index = 2.0% and 2.0%; International Equity Index = 6.0% and 6.0%; Long Duration Government Credit Index = 65.0% and 65.0%; and Fixed Income Index = 20.0% and 20.0%, respectively. The funds are restricted for use to fund the group term life insurance policy held by the Plan. Inter-account transfers are permitted upon 10 business days advance notice. The first four inter-account transfers per year are free, and any additional transfers are subject to a fee.

NOTE 7 - TAX STATUS

On November 19, 2003, the Trust, which funds the Plan, received an exemption letter from the Internal Revenue Service ("IRS") confirming its tax-exempt status under the provisions of IRC Section 501(c)(9) as a Voluntary Employees' Beneficiary Association. The Plan and the Trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the Trust. The Plan's administrator and legal counsel believe that the Trust is designed and currently operating in compliance with applicable requirements of the IRC and, therefore, remains tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Trust and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Trust, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Trust is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Transactions with the trustee, The Bank of New York Mellon/BNY Mellon, N.A., and the life insurance contract administrator and separate account issuer, MetLife, are party-in-interest transactions. For the year ended December 31, 2025, trustee fees of $9,809 and life insurance contract fees of $36,701 were incurred by the Plan, which are permitted party-in-interest transactions. In addition, fees were paid to parties-in-interest for actuarial, audit and contract administration services, which are permitted party-in-interest transactions.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2025 and 2024:

	2025	2024
	(dollars in thousands)	
Net assets available for benefits per the financial statements	$ 8,458	$ 7,849
Less: Healthcare and life insurance claims payable	(12)	(12)
Net assets available per the Form 5500	$ 8,446	$ 7,837

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events have been evaluated as of October 15, 2026, the date the financial statements were available to be issued.
