REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of the
Turbine Engine Specialist, Inc. Retirement Trust

Opinion

We have audited the financial statements of the Turbine Engine Specialist, Inc. Retirement Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

HLB WE ARE AN INDEPENDENT MEMBER OF THE GLOBAL ADVISORY AND ACCOUNTING NETWORK

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In forming our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TURBINE ENGINE SPECIALIST, INC. RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

A. Description of the Plan

General

The following brief description of the Turbine Engine Specialist, Inc. Retirement Trust (the "Plan") is provided for general information purposes only. The Plan is sponsored by Turbine Engine Specialist, Inc. (the "Company" or "Plan Sponsor"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are in Fort Worth, Texas.

The Plan was effective February 1, 2015, restated most recently effective December 29, 2022, and is a defined contribution plan available to all employees of the Company who have attained age 21, except for union employees, leased employees, and non-resident aliens, and completed one month of service. Eligible employees may enter the Plan on the first day of the month following one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Effective November 19, 2024, the Plan Sponsor elected to suspend all employee and employer contributions to Killick Aerospace, LLC ("Killick") employees and transfer all Killick assets to the ADP TotalSource Retirement Savings Plan. As a result, a transfer to another plan in the amount of $431,571 is recorded as a plan transfer on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. In addition, participants may contribute designated Roth (after tax) contributions. All contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

Effective January 1, 2025, the Plan permitted eligible participants who attain ages 60 through 63 during the Plan year to make additional elective deferrals in excess of the standard age 50 catch-up contribution limit, as permitted under section 109 of the SECURE 2.0 Act of 2022 ("super catch-up contributions"). Super catch-up contributions are subject to annual limits established by the Code and are advertised periodically for inflation. The availability of super catch-up contributions is optional, and the Plan elected to adopt this provision with the 2025 Plan year.

A. Description of the Plan – continued

Contributions – continued

The Company makes a safe harbor matching contribution to the Plan equal to 3% of eligible compensation. The Company may make discretionary matching contributions to the Plan as determined annually by the Company. There were no discretionary matching contributions made during 2025 or 2024. Participants are eligible to receive safe harbor and discretionary matching contributions on the first day of the month following the 30 days of service.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary and matching contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balances. Loan terms range up to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2025 and 2024, interest rates range from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their account balances. Benefits are distributed in the form of rollovers or lump-sum payments.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of his/her vested account balance while employed after reaching age 59 ½.

Investment Options

Upon enrollment in the Plan, a participant may direct his/her salary deferrals in 1% increments into any of the Plan's investment options.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

B. Summary of Significant Accounting Policies – continued

Cash and Cash Equivalents

All highly liquid investments with a maturity of three months or less when purchased are treated as cash equivalents. At December 31, 2025, the Plan held such investments primarily in one financial institution, which at times exceeded amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation ("FDIC"). These investments were approximately $161,000 as of December 31, 2025, and are included within Cash (non-interest bearing) on the accompanying statement of net assets available for benefits. The Plan has not experienced any losses related to amounts in excess of FDIC limits. There were no such investments held at December 31, 2024.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

C. Fair Value Measurements – continued

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value ("NAV") of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at NAV.

- The self-directed account primarily consists of interest-bearing cash, United States treasury bills, mutual funds, and common stocks that are valued on the basis of readily determinable market prices and are classified within Level 1 of the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2025 or 2024. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2025 and 2024. The Plan has no investments classified within Level 2 or Level 3 of the valuation hierarchy.

	2025	
	Level 1	**Total**
Mutual funds	$ 6,592,662	$ 6,592,662
Self-directed account	472,386	472,386
Total investments at fair value	$ 7,065,048	$ 7,065,048

	2024	
	Level 1	**Total**
Mutual funds	$ 5,142,388	$ 5,142,388
Self-directed account	484,260	484,260
Total investments at fair value	$ 5,626,648	$ 5,626,648

D. Tax Status

Effective December 29, 2022, the Plan was amended and restated by the adoption of the Ubiquity Retirement Pre-Approved Profit Sharing Plan with CODA, which has a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

D. Tax Status – continued

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

E. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.

F. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

G. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds and the self-directed accounts managed by Charles Schwab Corporation ("Charles Schwab"). Charles Schwab acts as custodian for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to Decimal, Inc. (dba Ubiquity Retirement + Savings), the Plan's recordkeeper. These transactions are party-in-interest transactions under ERISA which are exempt from the prohibited transaction rules.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2025 and 2024, per the accompanying financial statements to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 7,435,682	$ 5,793,436
Participant contributions receivable per the financial statements	-	(20,295)
Employer contributions receivable per the financial statements	-	(15,389)
Participant loans reduced by deemed distributions	(17,491)	(17,491)
Non-interest bearing cash	(161,489)	-
Net assets available for benefits per the Form 5500	$ 7,256,702	$ 5,740,261

The following is a reconciliation of the net increase in net assets available for benefits for the years ended December 31, 2025 and 2024, per the accompanying financial statements to the Form 5500:

	2025	2024
Net increase in net assets available for benefits per the financial statements	$ 1,642,246	$ 1,404,007
Current year participant contributions receivable per the financial statements	-	(20,295)
Current year employer contributions receivable per the financial statements	-	(15,389)
Prior year participant contributions receivable per the financial statements	20,295	35,869
Prior year employer contributions receivable per the financial statements	15,389	24,439
Current year non-interest bearing cash per the financial statements	(161,489)	-
Change in deemed distributions of participant loans as reflected in the Form 5500 for the current year	-	(4,848)
Net increase in net assets available for benefits per the Form 5500	$ 1,516,441	$ 1,423,783

The reconciling item noted above is due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.

I. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through October 15, 2026, the date the financial statements were available for issuance.

REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of the
Turbine Engine Specialist, Inc. Retirement Trust

Opinion

We have audited the financial statements of the Turbine Engine Specialist, Inc. Retirement Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

HLB WE ARE AN INDEPENDENT MEMBER OF THE GLOBAL ADVISORY AND ACCOUNTING NETWORK

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In forming our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TURBINE ENGINE SPECIALIST, INC. RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

A. Description of the Plan

General

The following brief description of the Turbine Engine Specialist, Inc. Retirement Trust (the "Plan") is provided for general information purposes only. The Plan is sponsored by Turbine Engine Specialist, Inc. (the "Company" or "Plan Sponsor"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are in Fort Worth, Texas.

The Plan was effective February 1, 2015, restated most recently effective December 29, 2022, and is a defined contribution plan available to all employees of the Company who have attained age 21, except for union employees, leased employees, and non-resident aliens, and completed one month of service. Eligible employees may enter the Plan on the first day of the month following one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Effective November 19, 2024, the Plan Sponsor elected to suspend all employee and employer contributions to Killick Aerospace, LLC ("Killick") employees and transfer all Killick assets to the ADP TotalSource Retirement Savings Plan. As a result, a transfer to another plan in the amount of $431,571 is recorded as a plan transfer on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. In addition, participants may contribute designated Roth (after tax) contributions. All contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

Effective January 1, 2025, the Plan permitted eligible participants who attain ages 60 through 63 during the Plan year to make additional elective deferrals in excess of the standard age 50 catch-up contribution limit, as permitted under section 109 of the SECURE 2.0 Act of 2022 ("super catch-up contributions"). Super catch-up contributions are subject to annual limits established by the Code and are advertised periodically for inflation. The availability of super catch-up contributions is optional, and the Plan elected to adopt this provision with the 2025 Plan year.

A. Description of the Plan – continued

Contributions – continued

The Company makes a safe harbor matching contribution to the Plan equal to 3% of eligible compensation. The Company may make discretionary matching contributions to the Plan as determined annually by the Company. There were no discretionary matching contributions made during 2025 or 2024. Participants are eligible to receive safe harbor and discretionary matching contributions on the first day of the month following the 30 days of service.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary and matching contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balances. Loan terms range up to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2025 and 2024, interest rates range from 5.25% to 10.50%. Principal and interest are paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their account balances. Benefits are distributed in the form of rollovers or lump-sum payments.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of his/her vested account balance while employed after reaching age 59 ½.

Investment Options

Upon enrollment in the Plan, a participant may direct his/her salary deferrals in 1% increments into any of the Plan's investment options.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

B. Summary of Significant Accounting Policies – continued

Cash and Cash Equivalents

All highly liquid investments with a maturity of three months or less when purchased are treated as cash equivalents. At December 31, 2025, the Plan held such investments primarily in one financial institution, which at times exceeded amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation ("FDIC"). These investments were approximately $161,000 as of December 31, 2025, and are included within Cash (non-interest bearing) on the accompanying statement of net assets available for benefits. The Plan has not experienced any losses related to amounts in excess of FDIC limits. There were no such investments held at December 31, 2024.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

C. Fair Value Measurements – continued

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value ("NAV") of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at NAV.

- The self-directed account primarily consists of interest-bearing cash, United States treasury bills, mutual funds, and common stocks that are valued on the basis of readily determinable market prices and are classified within Level 1 of the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2025 or 2024. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2025 and 2024. The Plan has no investments classified within Level 2 or Level 3 of the valuation hierarchy.

	2025	
	Level 1	**Total**
Mutual funds	$ 6,592,662	$ 6,592,662
Self-directed account	472,386	472,386
Total investments at fair value	$ 7,065,048	$ 7,065,048

	2024	
	Level 1	**Total**
Mutual funds	$ 5,142,388	$ 5,142,388
Self-directed account	484,260	484,260
Total investments at fair value	$ 5,626,648	$ 5,626,648

D. Tax Status

Effective December 29, 2022, the Plan was amended and restated by the adoption of the Ubiquity Retirement Pre-Approved Profit Sharing Plan with CODA, which has a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

D. Tax Status – continued

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

E. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.

F. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

G. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds and the self-directed accounts managed by Charles Schwab Corporation ("Charles Schwab"). Charles Schwab acts as custodian for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to Decimal, Inc. (dba Ubiquity Retirement + Savings), the Plan's recordkeeper. These transactions are party-in-interest transactions under ERISA which are exempt from the prohibited transaction rules.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2025 and 2024, per the accompanying financial statements to the Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 7,435,682	$ 5,793,436
Participant contributions receivable per the financial statements	-	(20,295)
Employer contributions receivable per the financial statements	-	(15,389)
Participant loans reduced by deemed distributions	(17,491)	(17,491)
Non-interest bearing cash	(161,489)	-
Net assets available for benefits per the Form 5500	$ 7,256,702	$ 5,740,261

The following is a reconciliation of the net increase in net assets available for benefits for the years ended December 31, 2025 and 2024, per the accompanying financial statements to the Form 5500:

	2025	2024
Net increase in net assets available for benefits per the financial statements	$ 1,642,246	$ 1,404,007
Current year participant contributions receivable per the financial statements	-	(20,295)
Current year employer contributions receivable per the financial statements	-	(15,389)
Prior year participant contributions receivable per the financial statements	20,295	35,869
Prior year employer contributions receivable per the financial statements	15,389	24,439
Current year non-interest bearing cash per the financial statements	(161,489)	-
Change in deemed distributions of participant loans as reflected in the Form 5500 for the current year	-	(4,848)
Net increase in net assets available for benefits per the Form 5500	$ 1,516,441	$ 1,423,783

The reconciling item noted above is due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.

I. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through October 15, 2026, the date the financial statements were available for issuance.
