INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor and participants
Royal Brass & Hose Employee Stock Ownership Plan
Knoxville, Tennessee

Opinion

We have audited the financial statements of Royal Brass & Hose Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Royal Brass & Hose Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Royal Brass & Hose Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of assets held at end of year as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – DESCRIPTION OF PLAN

The following description of Royal Brass & Hose Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Effective January 1, 2018, Royal Brass & Hose Company, Inc. (the Company) established Royal Brass & Hose Employee Stock Ownership Plan. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Company's Plan Committee comprised of one person appointed by the Board of Directors of the Company. The Plan's trustee was appointed by the Board of Directors of the Company.

On December 31, 2018, the Plan purchased 200,000 shares of the Company's common stock with a loan of $5,750,000 (see Note 3) and holds the common stock in a trust established under the Plan. The stock was purchased at a price of $28.75 per share, for an aggregate purchase price of $5,750,000.

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, present separately the assets and liabilities and changes therein pertaining to:

a. the accounts of employees with rights in allocated common stock (allocated), and
b. common stock not yet allocated to employees (unallocated).

Eligibility

Employees of the Company are generally eligible to participate in the Plan after one year of service, provided they worked at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of company contributions for such year.

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employee contributions are not permitted. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance to total eligible participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company, according to the following schedule:

Years of Service	Vesting Percentage
< 2	0%
2	20
3	40
4	60
5	80
6 or >	100

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interests of plan participants and beneficiaries.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of three years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company common stock into investments that are more diversified. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. The election to diversify is made subsequent to year-end based upon the shares of employer stock in the participant's account at year-end.

Payment of Benefits

Distributions on account of death, disability, or retirement are made in three annual installments beginning in the plan year following the event. Distributions for other separations from service commence in the third plan year following the separation from service and are made in three annual installments. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash. Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations.

Forfeited Accounts

Forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the plan year. As of December 31, 2025 and 2024, forfeited nonvested accounts to be allocated to participant accounts totaled $0 and $0, respectively. For the year ended December 31, 2025, forfeitures in the amount of $0 were allocated to participants.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Plan Expenses

Certain administration expenses of the Plan are absorbed by the plan sponsor. Those expenses are not included in these financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP), which requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Financial Accounting Standards Board (FASB) has adopted the Accounting Standards Codification (ASC) as the sole source of authoritative GAAP. The FASB will issue Accounting Standards Updates (ASU) from time to time to make adjustments to GAAP.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock (allocated) and (b) stock not yet allocated to employees (unallocated), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The shares of company common stock are reported at fair value. See Note 4 for a discussion of the fair value measurements. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 3 – LOAN PAYABLE

In 2018, the Plan entered into a $5,750,000 term loan agreement with the Company. The proceeds of the loan were used to purchase company common stock. Unallocated shares are collateral for the loan. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral times the ratio of the current year payments divided by the total of this year's payments plus all future years' principal and interest payments. This resulted in 20,912 and 20,234 shares being released and allocated for the plan years ended December 31, 2025, and December 31, 2024, respectively.

(Continued)

NOTE 3 – LOAN PAYABLE (Continued)

The loan bears interest at a rate of 3.31%. Future minimum principal payments for the years ended December 31 are as follows:

2026	621,111
2027	641,669
	$ 1,262,780

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan adopted FASB ASC 820, *Fair Value Measurements*. FASB ASC 820 defines a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 consists of unadjusted quoted prices in active markets for identical assets or liabilities and has the highest priority.
Level 2 consists of inputs other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly.
Level 3 consists of significant unobservable inputs for the asset or liability and has the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

The plan investments consist primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The fair value of the company stock is determined using the following methodology:

The income approach was employed in valuing the Company's operations using the capitalization of earnings method.

Modern financial theory holds the value of any asset to be a function of several interrelated factors: (i) the stream of benefits the owner of the asset expects to receive, (ii) the timing and receipt of these benefits, and (iii) the risk borne by the owner. Thus, appraisal methodologies rely on the premise that the value of a business enterprise is equal to the present value of the income which it can expect to receive going forward. From an investor's standpoint, these future income streams represent the dividend-paying capacity of the company, or in the case of a leveraged company, monies available for all invested capital.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The capitalization of earnings method utilized in the analysis of the Company assumes that a company's historical earnings (before interest expense) provide an adequate base that can be used to project the income streams available to all invested capital (i.e., both interest-bearing debt and equity). In applying this approach, the earnings base is divided via a capitalization rate (cap rate) that is based on the weighted average cost of capital. The initial result is indicative of a company's market value of invested capital (MVIC). Thereafter, the value of the equity is simply determined by subtracting the amount of any outstanding interest-bearing debt.

		Fair Value Measurements Using:
	2025	**(Level 3)**
Company stock	$ 8,454,000	$ 8,454,000
Total assets	$ 8,454,000	$ 8,454,000
	2024	**(Level 3)**
Company stock	$ 8,078,000	$ 8,078,000
Total assets	$ 8,078,000	$ 8,078,000

Reconciliation of the level 3 investments for the year ended December 31, 2025, is as follows:

Beginning balance	$ 8,078,000
Appreciation in fair value	376,000
Ending balance	$ 8,454,000

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in company common stock and has indebtedness due to the Company. These are related party and party-in-interest transactions. Additional parties-in-interest include South Park Advisors, who performed an appraisal of the stock; Menke & Associates, who is the recordkeeper for the Plan; HHM CPAs, the plan auditors; and Garvin Ingram, who has a note receivable from the Plan.

NOTE 6 – TAX STATUS

The Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) and are therefore not subject to income taxes. The Plan obtained its latest determination letter on June 25, 2019, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification.

NOTE 6 – TAX STATUS (Continued)

The Plan follows the accounting guidance for uncertainty in income taxes using the provisions of FASB ASC Topic 740, *Income Taxes*. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits. The Plan's evaluation was performed for tax years from December 31, 2022, through December 31, 2025, the years that remain subject to examination by major tax jurisdictions as of December 31, 2025.

NOTE 7 – AMOUNTS OWED TO WITHDRAWN PARTICIPANTS

As of December 31, 2025, the amount of net assets available for benefits that were in accounts of participants that are no longer employees of the plan sponsor totaled $800,053. Of these balances, no amounts requested for payment remained unpaid as of the Plan's year end.

NOTE 8 – SUBSEQUENT EVENTS

The plan administrator evaluated events and transactions subsequent to December 31, 2025, through October 12, 2026, (the date the financial statements were available to be issued) for potential recognition or disclosure in the financial statements. The plan administrator has not identified any items requiring recognition or disclosure in the financial statements.
