Independent Auditors' Report

To the Plan Administrator
Gentuity, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Gentuity, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of ended December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, (1) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and (2) Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Gentuity, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a cash deferral arrangement covering all employees of Gentuity, LLC and Spryte Medical, Inc. (collectively, the "Employer") upon hire who have reached age 21, except for leased employees and any employee covered under a collective bargaining agreement (the "Participant"). The Employer is the Plan's administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Substantially all investments are participant directed.

The Plan used Transamerica Life Insurance Company ("Transamerica") for recordkeeping and custodian services until February 29, 2024, at which point the Plan was transferred to Fidelity Management Trust Company ("Fidelity"). Through the date of transfer to Fidelity, the Employer was responsible for the administration of the Plan and had entrusted the maintenance of records and the day-to-day administration to TAG Resources ("TAG") who processed transactions through Transamerica Financial Life Insurance Company ("Transamerica"), the custodian.

Participant Contributions

Participants may contribute up to 90% of their annual compensation as defined by the Plan, up to certain limitations. Eligible employees are automatically enrolled in the Plan to deter 3% of their compensation once they meet the requirements of eligibility unless an alternative election is made. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Participant Rollovers").

Employer Contributions

Each year, the Employer will make a safe harbor non-elective contribution of 4% of eligible compensation, subject to limits imposed by Federal law. The Employer may also elect to contribute a non-elective discretionary contribution based on an integrated allocation formula, allocated based on an amount equal to eligible compensation plus an amount equal to the participant's eligible compensation in excess of the Social Security Tax Wage Base multiplied by 5.7%. There was no non-elective discretionary contribution made for the year ended December 31, 2025.

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employer's contributions and Plan investment earnings/losses thereon and charged with administrative expenses, as applicable. Allocations are based on participant earnings, specific participant transactions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in all contributions and any earnings thereon.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested amounts totaled $189,216 and $179,710, respectively. These amounts represent excess Employer contributions forfeited and returned checks awaiting disbursement. These amounts may be used to offset Plan expenses and to reduce Employer contributions. For the year ended December 31, 2025, the Plan did not utilize forfeitures to pay Plan expenses or reduce Employer contributions.

Payments of Benefits

In-service withdrawals from a participant's vested accounts are permitted only due to financial hardship or reaching the age of 59 ½. The minimum hardship withdrawal allowed is $500. Upon termination of service, if a participant's account balance is greater than $1,000, the participant may elect to receive either a lump-sum amount equal to the value of his or her account or installment payments of such amounts, frequency and duration as the participant or beneficiary may elect. If the account balance is less than $1,000, after notification, the entire amount will be paid in a lump sum as soon as possible. If a former participant's vested account is greater than $1,000, but not more than $7,000, the Plan administrator, after notification, may distribute his or her entire non-forfeited account balance to an IRA rollover account for the benefit of the former participant.

Notes Receivable from Participants

Subject to approval by the Plan administrator , a participant may borrow a minimum of $1,000 up to the lesser of $50,000 or 50% of the participant's vested account balance reduced by the highest outstanding loan balance in the prior twelve month period. A participant may only have one loan outstanding at a time. Loan terms are up to five years (or up to 10 years for the purchase of a primary residence). The loans are secured by the balance in the Participant's vested account and bear interest at a reasonable rate of interest to be determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Note 1 - Description of Plan (Continued)

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Note 2 - Summary of Significant Accounting Policies (Continued)

Contributions

Contributions from Plan participants and the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Subsequent Events

The Employer has evaluated subsequent events through October 14, 2026, the date that the financial statements were available to be issued. No significant matters for disclosure were identified during this evaluation.

Note 3 - Information Certified by the Trustee and Custodian

As of December 31, 2025, Plan investments are held by the Plan's trustee and custodian, Fidelity. Fidelity certified the fair value of investments as of December 31, 2025 and 2024 and investment transactions for the year ended December 31, 2025. Investment transactions include interest and dividend income and net appreciation in fair value of investments. Information included in the supplemental Schedule of Assets (Held at End of Year), including participant loans (notes receivable from participants), has also been derived from information certified by Fidelity.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Note 4 - Fair Value Measurements (Continued)

Level III – Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds and self-directed brokerage accounts held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	***Level I***	***Level II***	***Level III***	***Total***
Mutual funds	$ 9,850,617	$ -	$ -	$ 9,850,617

	Assets at Fair Value as of December 31, 2024			
Description	***Level I***	***Level II***	***Level III***	***Total***
Mutual funds	$ 7,646,278	$ -	$ -	$ 7,646,278

Note 5 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 7 - Tax Status

The Plan adopted the Non-Standardized Pre-Approved Profit Sharing Plan with CODA for FMR LLC. The Internal Revenue Service ("IRS") has determined that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and informed FMR of such in a letter dated June 30, 2020. The Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Related Party Transactions and Party-in-Interest Transactions

Transamerica (former) and Fidelity (current) are/were the trustees and custodians as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid to the trustees/ custodians and other service Plan providers totaled $40,991 for the year ended December 31, 2025. In addition, notes receivable from participants also qualify as exempt party-in-interest transactions, as defined by ERISA.

Note 9 - Delinquent Participant Contributions

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets. While the Employer remitted all participant contributions to the Plan, contributions of $168,741, $135,736 and $24,535 were not remitted within the required time during the years ended December 31, 2025, 2024 and 2023 (unaudited), respectively, as reflected in the accompanying Schedule of Delinquent Participant Contributions. The Employer calculated and funded lost earnings for all remittances for the Plan years 2023 and 2024 during 2025 and 2025 during 2026.

Note 10 - Excess Contributions

For the year ended December 31, 2025, the Plan was obligated to return excess contributions of $24,331 in order to satisfy relevant nondiscrimination provisions for the Plan year. The excess contributions were returned to participants prior to March 15, 2026. There were no excess contributions for the year ended December 31, 2024.
