Independent Auditors' Report

To the Board of Directors of Vocational Instruction Project Community Services, Inc., as Sponsor of Vocational Instruction Project Community Services, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Vocational Instruction Project Community Services, Inc. 403(b) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with

accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and the Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of Vocational Instruction Project Community Services, Inc. 403(b) Plan (the "Plan") provides only general information. Readers should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan is a defined contribution plan sponsored by Vocational Instruction Project Community Services, Inc. (the "Sponsor" or "Employer"). Eligible employees may make elective deferrals immediately upon employment, except for non-resident aliens with no U.S. earned income. Employees covered by a collective bargaining agreement, leased employees, non-resident aliens and per diem employees are excluded from matching and non-elective contributions. The adoption agreement was effective October 1, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

B. Administration - The Plan is administered by the Sponsor, which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations of the Plan and may designate one or more individuals to perform those responsibilities.

C. Participant Contributions - Participants may contribute up to 100% of compensation on a pre-tax or Roth basis, subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. All eligible employees may make rollover contributions, even if they have not otherwise become participants in the Plan. Participants direct the investment of all their accounts among the investment options offered by the Plan. New employees who do not make an elective deferral election within two months after their date of hire are automatically enrolled in the Plan. The initial automatic enrollment rate is 2% of compensation and increases by 1% after the second year and each January 1 thereafter until a maximum of 5% of compensation is reached. Automatic contributions are made on a pre-tax basis. The Plan also permits in-Plan Roth rollovers. Unless a participant makes an investment election, the default investment is BlackRock LifePath Indexes 2030-2065 based on expected age of retirement.

D. Employer Contributions - The Employer may make discretionary matching contributions and discretionary non-elective contributions. Participants must be at least 21 years of age, complete 1,000 hours of service and be employed on the last day of the Plan year to receive an allocation. The service and last-day requirements are waived for participants whose employment terminates due to death, disability or attainment of normal retirement age. Discretionary non-elective contributions are allocated pro rata based on eligible compensation at the end of the Plan year. Participant deferrals are not required to receive non-elective contributions. Compensation for purposes of allocations is defined as W-2 compensation for the Plan year. Elective deferrals and post-severance compensation are included. Shift differentials, bonuses, commissions, overtime and compensation paid while an employee is in an excluded employee category are excluded for matching and non-elective contribution purposes.

E. Participant Accounts - Each participant's account is credited with the participant's contribution, if any, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

F. Vesting - Participants are fully and immediately vested in their elective deferral, Roth elective deferral and rollover contribution accounts. Employer matching and non-elective contribution accounts are subject to three-year cliff vesting. A year of vesting service requires 1,000 hours of service during the Plan year. Employer contribution accounts become fully vested upon death or disability while employed. If an employee terminates employment before becoming fully vested, the non-vested balance is forfeited.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

G. Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000. The loans are secured by the balance in the participant's account and are generally payable in installments over periods ranging from one to five years (unless the loan is used for the purchase of a primary residence, in which case the repayment period may be up to fifteen years). The loans are repaid by the employee directly to the custodian. A loan that is considered in default is reported as a deemed distribution, which may be a taxable event for the participant. The maximum borrowings for a participant is the lesser of $50,000 or 50% of the participant's vested Plan account balance.

H. Payment of Benefits - Upon severance from employment, retirement or death, a participant, or beneficiary in the case of death, may elect to receive lump-sum, installment or partial cash payments. Normal retirement age is 65. Hardship withdrawals are permitted from elective deferral and Roth elective deferral accounts. In-service withdrawals are permitted at age 59½ from elective deferral, Roth elective deferral, matching, non-elective, qualified non-elective and rollover contribution accounts. The Plan also permits qualified reservist and deemed-severance distributions. The Plan provides for mandatory distributions of a participant's vested account balance following severance from employment or retirement when the participant's vested account balance is less than or equal to $5,000.

I. Forfeited Accounts - Forfeitures of non-vested accounts may be used to restore forfeitures, reduce or reallocate Employer contributions, or pay reasonable Plan expenses. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $313,366 and $229,699, respectively. During the years ended December 31, 2025 and 2024, forfeitures of $397,891 and $0, respectively, were applied against the employer contribution receivable.

J. Regulatory Compliance Affecting Retirement Plans - The *Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act 1.0)* was enacted on December 20, 2019, and introduced significant changes to the required minimum distribution ("RMD") rules. Effective January 1, 2020, the Act increased the age at which participants generally must begin receiving RMDs from age 70½ to age 72 for individuals who had not attained age 70½ before January 1, 2020. The *SECURE 2.0 Act of 2022* further increased the RMD age to 73 effective January 1, 2023, and provides for an increase to age 75 for certain participants in future years.

In addition, SECURE 2.0 expanded retirement plan provisions affecting participant eligibility and savings opportunities. Among other changes, beginning with taxable years after December 31, 2024, higher catch-up contribution limits apply to certain participants who attain ages 60 through 63. Plan sponsors are required to adopt formal plan amendments reflecting applicable SECURE Act and SECURE 2.0 provisions by the end of the 2026 plan year, unless a later deadline applies.

SECURE 2.0 also extended the long-term, part-time employee eligibility rules to ERISA-covered 403(b) plans. Effective for plan years beginning after December 31, 2024, an employee generally satisfies this service requirement after completing at least 500 hours of service in each of two consecutive 12-month periods, subject to the applicable age requirement and other statutory provisions. The Plan administrator will apply these provisions as required.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting - The Plan prepares its financial statements adhering to accounting principles generally accepted in the United States of America ("U.S. GAAP") and uses the accrual basis of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from estimates.

C. Investment Valuation and Income Recognition - Investments, except for fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

D. Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. The loans bear interest at rates ranging from 3.25% to 8.50%. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. As of December 31, 2025 and 2024, the notes receivable balance was $437,668 and $285,718, respectively.

E. Payment of Benefits - Benefits are recorded when paid.

F. Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements**.** Investment-related expenses are offset against net appreciation in fair value of investments. Administrative expenses amounted to $45,787 and $29,902 for the years ended December 31, 2025 and 2024, respectively.

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 4 – INVESTMENTS INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AS COMPLETE AND ACCURATE

As noted in the independent auditors' report, the Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by Hand Benefits and Trust, the custodian of the Plan, and was not subjected to any auditing procedures performed by the independent auditors except for comparing such information to information included in the Plan's financial statements.

NOTE 4 – INVESTMENTS INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AS COMPLETE AND ACCURATE (Continued)

Certified investments consist of the following as of December 31:

	2025	2024
Mutual Funds at fair value	$ 9,130,742	$ 7,086,546
Guaranteed Investment Account – Fully Benefit-Responsive Investment Contract at contract value	359,794	252,547
Total investments	$ 9,490,536	$ 7,339,093

Investment activity consists of the following for the years ended December 31:

	2025	2024
Net appreciation in fair value of investments	$ 844,239	$ 350,355
Interest and dividends	323,664	197,244
	$ 1,167,903	$ 547,599

Notes receivable from participants amounted to $437,668 and $285,718 as of December 31, 2025 and 2024, respectively. Interest income on notes receivable from participants amounted to $533 and $10,636 for the years ended December 31, 2025 and 2024, respectively.

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, “Fair Value Measurement,” provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liabilities; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2025 and 2024.

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Changes in Fair Value Levels:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2025 and 2024, there were no transfers.

Mutual funds carried at fair value as of December 31, 2025 and 2024 were classified as Level 1 and amounted to $9,130,742 and $7,086,546, respectively.

NOTE 6 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has invested in a fully benefit-responsive investment contract managed by Hand Benefits and Trust as of December 31, 2025 and 2024. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. As described in Note 2C, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contract is included in the financial statements at contract value as reported by Hand Benefits and Trust as of December 31, 2025 and 2024. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than 1.7%. The interest rate for the guaranteed investment contract is reviewed on a quarterly basis for resetting. The average yield and crediting interest rates on the guaranteed investment contract was 3.00% for each of the years ended December 31, 2025 and 2024, respectively.

The insurers entitle the participants to receive the principal and accrued earnings, credited to their accounts on withdrawal for allowed events such as: (1) transfers to other Plan investment options, (2) payments because of retirement and (3) termination of employment, disability, death and in-service withdrawals as permitted by the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 7 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments as of December 31, 2025 and 2024 are managed by Hand Benefits and Trust. Investment management fees paid by the Plan to Hand Benefits and Trust are shown as reductions of the investment return on each fund. In addition, the Plan pays certain contract administrative fees to Hand Benefits and Trust. Lincoln Financial Group manages the fully benefit-responsive contract. These transactions qualify as party-in-interest transactions. Administrative expenses amounted to $45,787 and $29,902 for the years ended December 31, 2025 and 2024, respectively. Notes receivables are also considered party-in-interest transactions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

NOTE 9 – TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service dated March 31, 2017, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2025 and 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS

For the year ended December 31, 2022, the Plan Sponsor did not remit certain participant contributions and loan repayments to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. The Plan Sponsor remitted the lost earnings to the Plan in 2025.

Contributions for certain payroll periods in 2025 totaling $54,146 were not remitted by the Sponsor to the recordkeeper within the time period prescribed by Department of Labor regulations. The Sponsor will remit any lost earnings in accordance with applicable Department of Labor requirements, including the Voluntary Fiduciary Correction Program, as applicable.

NOTE 11– SUBSEQUENT EVENTS

Plan management has evaluated, for potential recognition and disclosure, events subsequent to the statement of net assets available for benefits date through October 15, 2026 the date the financial statements were available to be issued.
