Independent Auditors' Report

Trustees and Audit Committee
The Arc of Bergen and Passaic Counties, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Arc of Bergen and Passaic Counties, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter--Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1 - Summary of Plan Provisions

The following brief description of The Arc of Bergen and Passaic Counties, Inc. 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 1988, by The Arc of Bergen and Passaic Counties, Inc. (the "Organization"), which is also the Plan sponsor and Plan administrator. The Plan covers eligible employees of the Organization and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan uses a pre-approved defined contribution plan document sponsored by Altigro Pension Services, Inc., most recently restated effective November 1, 2023. During 2025, third-party administration services were provided by Essex Retirement Services, LLC and changed to Core TPA, LLC during the year.

Through August 13, 2025, the Plan's assets were held under a group annuity contract issued by The Lincoln National Life Insurance Company ("Lincoln"), which also served as the Plan's recordkeeper. Effective August 13, 2025, all Plan assets, including outstanding participant loans, were transferred to Principal Financial Group ("Principal"). Principal Life Insurance Company holds the Plan's pooled separate accounts and the Principal Guaranteed Option under a group annuity contract and serves as recordkeeper, and Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company ("Principal Trust Company"), serves as directed trustee and custodian of the Plan's mutual funds and collective investment trusts. During the transition, participants were subject to a blackout period beginning August 5, 2025 and ending the week of August 24, 2025. The Organization's Board of Trustees, through its delegation to the Plan's pension trustees, is responsible for selecting and monitoring the Plan's investment options.

Eligibility

All employees of the Organization are eligible to participate upon attaining age 21 and completing one year of service, defined as twelve consecutive months of employment with at least 1,000 hours of service, and enter the Plan on the first day of the month coinciding with or next following the date the requirements are met. The Plan excludes union employees covered by a collective bargaining agreement, nonresident aliens, residents of Puerto Rico, employees whose compensation is based solely on commission, camp employees, self-employed individuals, program participants and casual employees.

Contributions

Participants may contribute a percentage or a dollar amount of their compensation on a pre-tax or Roth basis, subject to certain limitations as defined by the Plan and the Internal Revenue Code ("IRC"). The maximum participant deferral for the years ended December 31, 2025 and 2024 was $23,500 and $23,000, respectively. Participants who are age 50 or older may also make catch-up contributions as permitted by the IRC. Participants may also contribute rollover amounts representing distributions from other qualified plans.

The Organization contributes a matching contribution equal to 50% of the participant's elective deferrals, up to a maximum of 1.50% of the participant's compensation. Matching contributions are made each payroll period.

The Organization may also make a discretionary non-elective contribution.

Note 1 - Summary of Plan Provisions – Continued

To share in the discretionary contribution, a participant must complete at least 1,000 hours of service during the plan year and be employed on the last day of the plan year, except in the case of death, disability or attainment of normal retirement age. The Organization approved a discretionary contribution of 3.00% of each eligible participant's compensation for the year ended December 31, 2025 and 2.25% for the year ended December 31, 2024.

Participant Accounts
Each participant's account is credited with the participant's contributions, the Organization's matching and discretionary contributions and Plan earnings (losses), and is charged with benefit payments and an allocation of administrative expenses. Earnings are allocated based on the participant's share of each investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments
Participants direct the investment of their accounts among the investment options offered by the Plan. Accounts of participants who do not make an investment election are invested in the Plan's qualified default investment alternative, the Great Gray RetirePilot American Funds Class collective investment trust.

Vesting
Participants are immediately 100% vested in their elective deferrals, Roth contributions and rollover contributions. Employer matching and discretionary contributions vest 100% after three years of vesting service (0% before three years). Participants also become 100% vested upon attaining normal retirement age (65), death or disability. The non-vested portion of a participant's account is forfeited upon termination of employment.

Payment of Benefits
On termination of service due to death, disability, or retirement, or other reasons a participant may elect to receive a lump sum equal to the value of the participant's vested interest in his or her account. Terminated participant vested account balances of $5,000 or less, may be automatically distributed as a lump sum without participant consent. Prior to termination, the Plan provides for distributions to 100% vested participants with a minimum amount of $1,000 in the event of a financial hardship, limited to the dollar amount of the participant's elective deferrals as well as in-service distributions for participants who have attained the age of 59 ½.

Participant Notes Receivable
Participants may borrow a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000. Loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions, and loans must be repaid within five years unless used to purchase a primary residence, in which case the term may be up to twenty-five years. Only one outstanding loan per participant is allowed. At December 31, 2025, interest rates on outstanding loans ranged from 4.25% to 9.50%, with maturities through 2030.

Loans of participants who terminate employment and do not repay are treated as loan offsets (distributions) and are reported as benefits paid to participants. Participant loans offset and reflected as benefits paid in the accompanying statements of changes in net assets available for benefits totaled $37,987 and $29,419 for the years ended December 31, 2025 and 2024, respectively.

Note 1 - Summary of Plan Provisions – Continued

Administrative Expenses
Certain recordkeeping, administrative, loan and distribution fees are paid from Plan assets and charged to participant accounts. Other expenses of administering the Plan are paid by the Organization.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting and Financial Statement Presentation
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") applicable to defined contribution plans (FASB ASC 962, Plan Accounting-Defined Contribution Pension Plans).

Use of Estimates
The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements and Note 5 for the Plan's guaranteed investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions
Participant contributions and the Organization's matching contributions are recorded in the period in which the participant contributions are withheld from participant compensation. Discretionary contributions are recorded in the plan year to which they relate. The 2025 discretionary contribution of $359,656 was approved by the Organization's board in March and May 2026 and was funded on June 29, 2026 with forfeitures of $106,498 and cash of $253,158. The cash portion is reported as an employer contribution receivable at December 31, 2025; the forfeiture portion is a reallocation of existing Plan assets and is not reported as a contribution.

Participant Notes Receivable
Participant Notes Receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant terminates employment and ceases to make loan repayments, the participant loan balance, including accrued interest, is offset against the participant's account and recorded as a benefit payment.

Note 2 - Summary of Significant Accounting Policies – Continued

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to the administration of distribution requests and other participant changes are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Forfeited Accounts
Under the Plan, forfeitures may be used to pay Plan expenses or to reduce the Organization's contributions. Forfeited non-vested accounts totaled $107,011 and $29,508 at December 31, 2025 and 2024, respectively. In June 2026, forfeitures of $106,498 were used to fund a portion of the 2025 discretionary contribution.

Note 3 - Information Certified and Provided by Qualified Institutions

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln (for the period January 1, 2025 through August 13, 2025), Principal Life Insurance Company (for the pooled separate accounts and the Principal Guaranteed Option for the period August 13, 2025 through December 31, 2025) and Principal Trust Company (for the mutual funds and collective investment trusts for the period August 13, 2025 through December 31, 2025) have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments of $14,051,742 as of December 31, 2025, consisting of pooled separate accounts of $6,862,522, mutual funds of $4,560,966, collective investment trusts of $2,954 and the Principal Guaranteed Option, at contract value, of $2,625,300;

- Investment income of $1,725,825 for the year ended December 31, 2025, consisting of net appreciation in fair value of investments of $1,622,483, interest from guaranteed funds of $46,393 and dividends of $56,949 ($1,297,888 certified by Lincoln and $427,937 certified by Principal Life Insurance Company and Principal Trust Company); and

- The investment information included in the supplemental Schedule H, Line 4i — Schedule of Assets (Held at End of Year) as of December 31, 2025.

Investments of $14,829,549 as of December 31, 2024 were certified by Lincoln. Notes receivable from participants, contributions, benefit payments, administrative expenses and the employer contribution receivable are not covered by the certifications.

Note 4 – Investments and Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, and inputs derived principally from or corroborated by observable market data.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts and collective investment trusts: Valued at the NAV per unit, as a practical expedient, as reported by the issuer. The NAV is based on the fair value of the underlying investments held by the account or trust, less its liabilities, and is used to determine the price at which participant transactions occur. In accordance with Subtopic 820-10, investments measured at NAV as a practical expedient are not classified in the fair value hierarchy.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Investments and Fair Value Measurements - Continued

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value:

	December 31, 2025			
	Level 1	Level 2	Level 3	Totals
Investments measured at fair value	$4,560,966	$ ---	$ ---	$ 4,560,966
Investments measured at NAV (a)				6,865,476
Total Investments at fair value				**$11,426,442**

	December 31, 2024			
	Level 1	Level 2	Level 3	Totals
Investments measured at fair value	$ ---	$ ---	$ ---	$ ---
Investments measured at NAV (a)				14,786,700
Total Investments at fair value				**$14,786,700**

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. Guaranteed investment contracts reported at contract value are not included in these tables (see Note 5).

Fair Value of Investments in Entities that use NAV

The following table summarizes the investments measured at fair value based on NAV per share as of December 31, 2025 and 2024:

	2025 Fair Value	2024 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$6,862,522	$ 14,786,700	N/A	Daily	None
Collective investment trusts	2,954	---	N/A	Daily	None
	$6,865,476	$ 14,786,700			

Note 5 - Group Annuity and Investment Contract with Insurance Organization

Through August 13, 2025, the Plan offered the Lincoln Guaranteed Stable Value Fund, a fully benefit-responsive guaranteed investment contract under the Lincoln group annuity contract, which totaled $42,849 at December 31, 2024. In connection with the change in recordkeeper, the contract balance was transferred to Principal on August 13, 2025.

Effective August 13, 2025, the Plan offers the Principal Guaranteed Option through a custodial group annuity contract (No. GA 4-67968) issued by Principal Life Insurance Company to Principal Trust Company, as custodian, and backed by the general account of Principal Life Insurance Company. The contract totaled $2,625,300 at December 31, 2025. Principal Life Insurance Company is contractually obligated to repay the principal and interest credited under the contract. Interest is credited at a composite crediting rate declared by Principal Life Insurance Company for each crediting rate period. The composite crediting rate is never less than the guaranteed minimum interest rate, which is redetermined each time crediting rates are declared and may not be less than 1% or greater than 3%.

The contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest credited, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value; transfers to competing investment options (such as stable value, money market or other short-term fixed income options) are subject to an equity wash.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity options; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. In addition, withdrawals and transfers initiated by the Plan sponsor are limited to 35% of the Plan's interest in the contract in any 12-month period, and if the Plan sponsor elects to terminate the Plan's interest in the contract, Principal Life Insurance Company will pay the contract value in six annual installments, the first payable six months after notice, with interest continuing to be credited until the final installment. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 - Related Party and Party-In-Interest Transactions

Through August 13, 2025, Plan investments were held under a group annuity contract issued by Lincoln, the Plan's recordkeeper. From August 13, 2025, certain Plan investments are held by Principal Trust Company, the custodian, and Principal Life Insurance Company, an affiliate of the custodian, issues the Plan's pooled separate accounts and Principal Guaranteed Option and is the Plan's recordkeeper; therefore, transactions with these entities qualify as party-in-interest transactions. Essex Retirement Services, LLC and Core TPA, LLC, which provided third-party administration services to the Plan during 2025, were also parties in interest. Fees paid by the Plan for recordkeeping, administrative, loan and distribution services amounted to $40,265 and $9,580 for the years ended December 31, 2025 and 2024, respectively.

Note 6 - Related Party and Party-In-Interest Transactions-Continued

The arrangements with the related parties, identified above, are intended to be in compliance with the reasonable contract or arrangement exemption under ERISA Section 408(b)(2), which permits compensation to service providers if the services are necessary for the operation of the Plan, the arrangement is reasonable, and no more than reasonable compensation is paid.

Loans to participants also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 - Tax Status

The Plan uses a pre-approved plan document sponsored by Altigro Pension Services, Inc. The Internal Revenue Service has issued an opinion letter stating that the form of the plan is acceptable under Section 401(a) of the IRC and, therefore, that the related trust is exempt from taxation. An adopting employer may rely on the opinion letter to the extent provided by the IRS. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on its technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, participants will become 100% vested in their accounts.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Subsequent Events

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued. No subsequent events requiring recognition or disclosure in the financial statements were identified.
