Nuvia Dental Implant Center 401(k) Plan
Cottonwood Heights, Utah

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2025 Financial Statements

We have performed the audit of the financial statements of Nuvia Dental Implant Center 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Nuvia Dental Implant Center 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP); and

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Nuvia Dental Implant Center 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Nuvia Dental Implant Center 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Nuvia Dental Implant Center 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Nuvia Dental Implant Center 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule 1 and 2) are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of Nuvia Dental Implant Center 401(k) Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 2, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Nuvia Dental Implant Center 401(k) Plan
Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Nuvia Dental Implant Center 401(k) Plan (the Plan), a single employer plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Nuvia MSO, LLC (the Plan Sponsor) who have attained age 18 and completed one month of service. Nonresident aliens who receive no U.S. source income from the Plan Sponsor and employees covered by a collective bargaining agreement are excluded from participation. Eligible employees enter the Plan on the first day of the month coinciding with or immediately following the date they satisfy the eligibility requirements. The Plan was originally effective January 1, 2022, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Change in Service Providers

Effective December 1, 2025, the Plan changed its recordkeeper from Ameritas to Fidelity Management Trust Company (Fidelity). Fidelity assumed responsibility for the Plan's recordkeeping and related administrative services following the transition. Matrix Trust Company and Fidelity served as trustees of the Plan during the year ended December 31, 2025, as described in Note 3. During 2025, the Plan also engaged Actuarial Benefits Corp. as its third-party administrator.

Contributions

Participants may contribute a portion of their eligible compensation to the Plan through pre-tax and Roth 401(k) contributions, subject to limitations established by the Internal Revenue Code. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also permits eligible rollover contributions from other qualified retirement plans. Participants direct the investment of their contributions into the investment options offered by the Plan.

The Sponsor may make discretionary matching contributions and discretionary nonelective contributions in amounts determined by the Sponsor and permitted under the Plan and the Internal Revenue Code. The Plan includes an automatic enrollment feature under which eligible employees are automatically enrolled in the Plan upon satisfying the Plan's eligibility requirements unless they affirmatively elect otherwise or make a different election in accordance with the Plan's provisions.

Effective January 1, 2025, the Plan began complying with provisions of the SECURE 2.0 Act applicable to catch-up contributions for certain participants ages 60 through 63. Roth contributions are permitted by the Plan and may be subject to certain IRC limitations. Distributions from other qualified retirement plans may also be contributed to the Plan and retained as rollover contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and allocations of Plan earnings and losses. Participant accounts may also be charged with certain administrative expenses, as provided by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting
Participants are immediately vested in their elective deferral contributions, rollover contributions, and the related earnings. Employer matching contributions, employer nonelective contributions, and the related earnings vest based on years of vesting service as follows:

Years of service	Vested
Less than one year	0%
At least one year	25%
At least two years	50%
At least three years	75%
At least four years	100%

Upon reaching the normal retirement age of 65, participants become 100% vested in all account balances, regardless of the Plan's vesting schedules.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The number of loans that may be outstanding at any one time is one. Loans are secured by the balance in the participant's account and bear interest at rates determined in accordance with the Plan's provisions. Principal and interest are paid through payroll deductions.

Forfeited Accounts
If a participant is not fully vested upon termination of employment, the nonvested portion of the participant's account is forfeited. Forfeitures may be used to reduce employer and matching contributions or to pay Plan expenses. The Plan used $130,280 of forfeitures during the year ended December 31, 2025, to reduce employer contributions. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $52,657 and $53,406, respectively.

Payment of Benefits
Participants are 100% vested in their accounts upon normal or early retirement, late retirement, qualifying disability retirement, or death, in accordance with the Plan's provisions. The Plan's Normal Retirement Age is 65. Upon termination of employment for any reason, participants may receive the value of their vested account balances in accordance with the provisions of the Plan. Participants who elect to defer benefit payments continue to share in investment earnings and losses attributable to their accounts.

The Plan permits hardship withdrawals and in-service distributions upon attainment of age 59½, subject to the provisions of the Plan. Distributions from the Plan are generally subject to applicable federal and state income taxes and may be subject to additional taxes or penalties unless rolled over into another qualified retirement plan or individual retirement account.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants and investment management and advisory fees are included in administrative expenses and charged directly to the participant's account.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is based on quoted prices for identical assets in active markets or other observable inputs, as applicable. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, and interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes realized gains and losses on investments sold and unrealized appreciation and depreciation on investments held during the year.

Contributions
Participant contributions and the related employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation. Other employer contributions are recorded in the year in which they are earned in accordance with the provisions of the Plan.

Payment of Benefits
Benefit payments are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Management of the Plan estimates that these notes are fully collectible and therefore has no reserve for expected credit losses.

Concentrations of Credit Risk
Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist primarily of marketable securities. Marketable securities are subject to daily changes in market valuations. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash funds.

Subsequent Events
Management of the Plan has evaluated subsequent events through October 15, 2026, which is also the date the financial statements were available to be issued. No subsequent events were noted during this evaluation that require recognition or disclosure in these financial statements.

Note 3 – Certified Information

Certain information related to fund investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company (the trustee of the Plan from January 1, 2025 to November 30, 2025), and by the Fidelity Management Trust Company (the trustee of the Plan from December 1, 2025 to December 31, 2025).

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules of Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustees, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

Note 4 – Fair Value Measurements

The Plan discloses and recognizes the fair value of its assets and liabilities in accordance with Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures which among other things, defines fair value and provides enhanced disclosures about investments that are measured and reported at fair value. ASC 820 establishes a hierarchal disclosure framework, which prioritizes and ranks the level of market price observability used in measuring investments at fair value. A number of factors, including the type of investment and the characteristics specific to the investment, impact market price observability. Investments with readily available active quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

- Level 1 inputs, which have the highest priority, are quoted prices for identical assets in active markets.
- Level 2 inputs are observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets in active markets or quoted prices for identical or similar assets in markets that are not active.
- Level 3 inputs, which have the lowest priority, are unobservable inputs that reflect the Plan's own assumptions, consistent with reasonably available assumptions made by other market participants.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors. An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Money market fund – The money market fund is valued at the outstanding balance, which is considered the best estimate of fair value. Accordingly, the investment is classified within Level 1 of the fair value hierarchy.

Mutual funds – These investments are valued at the net asset value (NAV) of shares held by the fund based on closing prices reported in an active market and classified within Level 1 of the valuation hierarchy. The investments can be redeemed on a daily basis and there is no restriction on redemption.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2025	**Fair value**	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 13,492,408	$ 13,492,408	$ -	$ -
Money market funds	132,164	132,164	-	-
Investments at fair value	$ 13,624,572	$ 13,624,572	$ -	$ -

2024	**Fair value**	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 6,537,488	$ 6,537,488	$ -	$ -
Money market funds	107,000	107,000	-	-
Investments at fair value	$ 6,644,488	$ 6,644,488	$ -	$ -

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 – Income Tax Status

The Plan adopted a nonstandardized pre-approved plan document that received an opinion letter from the Internal Revenue Service dated June 30, 2020, which stated that the pre-approved plan document is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan Administrator believes that the Plan, as adopted and amended, is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that, more likely than not, would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has evaluated the Plan's tax positions and determined that there are no uncertain tax positions requiring recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however, no examinations are currently in progress.

Note 7 – Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is the reconciliation of net assets available for benefits reported in the financial statements to the Form 5500:

	2025	2024
Net assets per financial statements	$ 13,760,350	$ 6,732,935
Employer contributions receivable	-	(2,578)
Corrective distributions payable	3,453	2,189
Participant contributions receivable	-	(8,455)
Net assets per Form 5500	$ 13,763,803	$ 6,724,091

The following is a reconciliation of the change in net assets per the financial statements to change in net assets per Form 5500:

	2025
Change in net assets per financial statements	$7,027,415
Corrective distributions payable	1,264
Employee contributions	8,455
Employer contributions	2,578
Change in net assets per Form 5500	$ 7,039,712

Note 9 – Excess Contributions

The Plan is subject to nondiscrimination requirements of the Internal Revenue Code, which limit the amount of elective deferrals that may be contributed by highly compensated employees. Excess contributions are determined by applying the Actual Deferral Percentage tests as required by the Internal Revenue Code and the applicable Treasury Regulations. A liability in the amount of $3,453 and $2,189 was booked to record the return of excess deferral contributions to certain active participants as required to satisfy the relevant nondiscrimination provisions of the Plan for the years ended December 31, 2025 and 2024, respectively.

Note 10 – Party-in-Interest Transactions

Plan investments as of December 31, 2025, included mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan. Accordingly, these investments and related transactions qualify as party-in-interest transactions. During the year ended December 31, 2025, the Plan incurred investment management and advisory fees of $53,134 and recordkeeping and administrative fees of $126,100, certain of which were paid to parties in interest. Notes receivable from participants also represent party-in-interest transactions. These transactions are exempt from the prohibited transaction provisions of ERISA.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2025 Financial Statements

We have performed the audit of the financial statements of Nuvia Dental Implant Center 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Nuvia Dental Implant Center 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP); and

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Nuvia Dental Implant Center 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Nuvia Dental Implant Center 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Nuvia Dental Implant Center 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Nuvia Dental Implant Center 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule 1 and 2) are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of Nuvia Dental Implant Center 401(k) Plan as of December 31, 2024, were audited by predecessor auditors. In accordance with ERISA Section pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 2, 2025 indicated that in their opinion (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Nuvia Dental Implant Center 401(k) Plan
Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Nuvia Dental Implant Center 401(k) Plan (the Plan), a single employer plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Nuvia MSO, LLC (the Plan Sponsor) who have attained age 18 and completed one month of service. Nonresident aliens who receive no U.S. source income from the Plan Sponsor and employees covered by a collective bargaining agreement are excluded from participation. Eligible employees enter the Plan on the first day of the month coinciding with or immediately following the date they satisfy the eligibility requirements. The Plan was originally effective January 1, 2022, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Change in Service Providers

Effective December 1, 2025, the Plan changed its recordkeeper from Ameritas to Fidelity Management Trust Company (Fidelity). Fidelity assumed responsibility for the Plan's recordkeeping and related administrative services following the transition. Matrix Trust Company and Fidelity served as trustees of the Plan during the year ended December 31, 2025, as described in Note 3. During 2025, the Plan also engaged Actuarial Benefits Corp. as its third-party administrator.

Contributions

Participants may contribute a portion of their eligible compensation to the Plan through pre-tax and Roth 401(k) contributions, subject to limitations established by the Internal Revenue Code. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also permits eligible rollover contributions from other qualified retirement plans. Participants direct the investment of their contributions into the investment options offered by the Plan.

The Sponsor may make discretionary matching contributions and discretionary nonelective contributions in amounts determined by the Sponsor and permitted under the Plan and the Internal Revenue Code. The Plan includes an automatic enrollment feature under which eligible employees are automatically enrolled in the Plan upon satisfying the Plan's eligibility requirements unless they affirmatively elect otherwise or make a different election in accordance with the Plan's provisions.

Effective January 1, 2025, the Plan began complying with provisions of the SECURE 2.0 Act applicable to catch-up contributions for certain participants ages 60 through 63. Roth contributions are permitted by the Plan and may be subject to certain IRC limitations. Distributions from other qualified retirement plans may also be contributed to the Plan and retained as rollover contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and allocations of Plan earnings and losses. Participant accounts may also be charged with certain administrative expenses, as provided by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting
Participants are immediately vested in their elective deferral contributions, rollover contributions, and the related earnings. Employer matching contributions, employer nonelective contributions, and the related earnings vest based on years of vesting service as follows:

Years of service	Vested
Less than one year	0%
At least one year	25%
At least two years	50%
At least three years	75%
At least four years	100%

Upon reaching the normal retirement age of 65, participants become 100% vested in all account balances, regardless of the Plan's vesting schedules.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The number of loans that may be outstanding at any one time is one. Loans are secured by the balance in the participant's account and bear interest at rates determined in accordance with the Plan's provisions. Principal and interest are paid through payroll deductions.

Forfeited Accounts
If a participant is not fully vested upon termination of employment, the nonvested portion of the participant's account is forfeited. Forfeitures may be used to reduce employer and matching contributions or to pay Plan expenses. The Plan used $130,280 of forfeitures during the year ended December 31, 2025, to reduce employer contributions. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $52,657 and $53,406, respectively.

Payment of Benefits
Participants are 100% vested in their accounts upon normal or early retirement, late retirement, qualifying disability retirement, or death, in accordance with the Plan's provisions. The Plan's Normal Retirement Age is 65. Upon termination of employment for any reason, participants may receive the value of their vested account balances in accordance with the provisions of the Plan. Participants who elect to defer benefit payments continue to share in investment earnings and losses attributable to their accounts.

The Plan permits hardship withdrawals and in-service distributions upon attainment of age 59½, subject to the provisions of the Plan. Distributions from the Plan are generally subject to applicable federal and state income taxes and may be subject to additional taxes or penalties unless rolled over into another qualified retirement plan or individual retirement account.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants and investment management and advisory fees are included in administrative expenses and charged directly to the participant's account.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is based on quoted prices for identical assets in active markets or other observable inputs, as applicable. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date, and interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes realized gains and losses on investments sold and unrealized appreciation and depreciation on investments held during the year.

Contributions
Participant contributions and the related employer matching contributions are recorded in the year in which the employee contributions are withheld from compensation. Other employer contributions are recorded in the year in which they are earned in accordance with the provisions of the Plan.

Payment of Benefits
Benefit payments are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Management of the Plan estimates that these notes are fully collectible and therefore has no reserve for expected credit losses.

Concentrations of Credit Risk
Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist primarily of marketable securities. Marketable securities are subject to daily changes in market valuations. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash funds.

Subsequent Events
Management of the Plan has evaluated subsequent events through October 15, 2026, which is also the date the financial statements were available to be issued. No subsequent events were noted during this evaluation that require recognition or disclosure in these financial statements.

Note 3 – Certified Information

Certain information related to fund investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company (the trustee of the Plan from January 1, 2025 to November 30, 2025), and by the Fidelity Management Trust Company (the trustee of the Plan from December 1, 2025 to December 31, 2025).

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules of Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustees, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

Note 4 – Fair Value Measurements

The Plan discloses and recognizes the fair value of its assets and liabilities in accordance with Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures which among other things, defines fair value and provides enhanced disclosures about investments that are measured and reported at fair value. ASC 820 establishes a hierarchal disclosure framework, which prioritizes and ranks the level of market price observability used in measuring investments at fair value. A number of factors, including the type of investment and the characteristics specific to the investment, impact market price observability. Investments with readily available active quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

- Level 1 inputs, which have the highest priority, are quoted prices for identical assets in active markets.
- Level 2 inputs are observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets in active markets or quoted prices for identical or similar assets in markets that are not active.
- Level 3 inputs, which have the lowest priority, are unobservable inputs that reflect the Plan's own assumptions, consistent with reasonably available assumptions made by other market participants.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors. An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Money market fund – The money market fund is valued at the outstanding balance, which is considered the best estimate of fair value. Accordingly, the investment is classified within Level 1 of the fair value hierarchy.

Mutual funds – These investments are valued at the net asset value (NAV) of shares held by the fund based on closing prices reported in an active market and classified within Level 1 of the valuation hierarchy. The investments can be redeemed on a daily basis and there is no restriction on redemption.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2025	**Fair value**	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 13,492,408	$ 13,492,408	$ -	$ -
Money market funds	132,164	132,164	-	-
Investments at fair value	$ 13,624,572	$ 13,624,572	$ -	$ -

2024	**Fair value**	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$ 6,537,488	$ 6,537,488	$ -	$ -
Money market funds	107,000	107,000	-	-
Investments at fair value	$ 6,644,488	$ 6,644,488	$ -	$ -

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 6 – Income Tax Status

The Plan adopted a nonstandardized pre-approved plan document that received an opinion letter from the Internal Revenue Service dated June 30, 2020, which stated that the pre-approved plan document is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan Administrator believes that the Plan, as adopted and amended, is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that, more likely than not, would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has evaluated the Plan's tax positions and determined that there are no uncertain tax positions requiring recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however, no examinations are currently in progress.

Note 7 – Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is the reconciliation of net assets available for benefits reported in the financial statements to the Form 5500:

	2025	2024
Net assets per financial statements	$ 13,760,350	$ 6,732,935
Employer contributions receivable	-	(2,578)
Corrective distributions payable	3,453	2,189
Participant contributions receivable	-	(8,455)
Net assets per Form 5500	$ 13,763,803	$ 6,724,091

The following is a reconciliation of the change in net assets per the financial statements to change in net assets per Form 5500:

	2025
Change in net assets per financial statements	$7,027,415
Corrective distributions payable	1,264
Employee contributions	8,455
Employer contributions	2,578
Change in net assets per Form 5500	$ 7,039,712

Note 9 – Excess Contributions

The Plan is subject to nondiscrimination requirements of the Internal Revenue Code, which limit the amount of elective deferrals that may be contributed by highly compensated employees. Excess contributions are determined by applying the Actual Deferral Percentage tests as required by the Internal Revenue Code and the applicable Treasury Regulations. A liability in the amount of $3,453 and $2,189 was booked to record the return of excess deferral contributions to certain active participants as required to satisfy the relevant nondiscrimination provisions of the Plan for the years ended December 31, 2025 and 2024, respectively.

Note 10 – Party-in-Interest Transactions

Plan investments as of December 31, 2025, included mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan. Accordingly, these investments and related transactions qualify as party-in-interest transactions. During the year ended December 31, 2025, the Plan incurred investment management and advisory fees of $53,134 and recordkeeping and administrative fees of $126,100, certain of which were paid to parties in interest. Notes receivable from participants also represent party-in-interest transactions. These transactions are exempt from the prohibited transaction provisions of ERISA.
