Independent Auditor's Report

To the Participants and Administrator of
Quanta Manufacturing LLC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Quanta Manufacturing LLC Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Quanta Manufacturing LLC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements Section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or its derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Quanta Manufacturing LLC Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Quanta Manufacturing LLC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that included our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of

expressing an opinion on the effectiveness of Quanta Manufacturing LLC Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Quanta Manufacturing LLC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes as of December 31, 2025 and the schedule of delinquent participant contributions for the year ended December 31, 2025 , are presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters – Auditor's Report on the 2024 Financial Statements

The 2024 financial statements of Quanta Manufacturing LLC Retirement Plan were audited by predecessor auditors whose report dated October 10, 2025, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in the 2024 supplemental schedules were fairly stated in all material respects in relation to the financial statements as a whole.

Quanta Manufacturing LLC Retirement Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the Quanta Manufacturing LLC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The sponsor of the Plan was Quanta Manufacturing LLC.

General

The Plan was established on April 15, 2004. Employees of the Company are eligible to participate in the Plan after completing 90 days of service and are age 18 or older.

The Plan is a defined contribution plan covering all employees of the Company with the exception of leased employees. The Plan is subject to the provisions of the Employee retirement Income security Act of 1974 ("ERISA").

The retirement service provider for the Plan is ADP while Merrill Lynch is its financial advisor. ADP's alliance Reliance Trust Company maintains the Plan's assets in various fund accounts and common/collective trusts, which are credited with actual earnings on the underlying investments and charged for Plan withdrawals.

The Plan did a Product-to-Product change in 2025. It moved off from the SPS 3(38) Tier 0 investment platform to the ML SBP 3(21) investment platform in September 2025 and added an ML advisor.

Contributions

A participant can elect to defer annually up to the amount allowed under the current IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company has discretion in establishing the amount of the Company's contributions. For the year ended December 31, 2025, the Company matched the employee's contribution at 50% for the first 4% an employee contributed. Any matching Company contributions are allocated to the participant directed funds pro-rata to participant contributions.

Investment Elections

The investments of the Plan are self-directed by the participants. Investment elections may be changed at any time.

Participant Accounts

Each Participant's account is credited with the participant's and Company contributions and related earnings and charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Quanta Manufacturing LLC Retirement Plan
Notes to Financial Statements

1. Description of the Plan, continued

Vesting

Participants are immediately vested in their contribution plus actual earnings thereon. Participants are 100% vested in the Company's contribution portion of their account plus actual earnings thereon after one year of service.

Notes Receivable from Participants

Participants may borrow up to the lessor of $50,000 or 50% of their vested balances. The loans are secured by the balance in the participant's account. The amounts borrowed carry fixed interest rates which are based on interest rates determined by the Plan Administrator. Principal and interest is paid ratably through each payroll deductions. Loans are payable in full upon the participant's termination of employment from the Company.

Payment of Benefits

On termination of service, participants may receive lump-sum amounts equal to the vested value of their account.

Hardship Withdrawals

A distribution may be made on account of an immediate or heavy financial need of the participant only if the distribution is on account of expenses incurred or necessary for medical care; purchase (excluding mortgage payments) of a principal residence for the participant; payment of tuition and related educational fees for the next 12 months of post-secondary education of the participant, their spouse, children, or dependents; or the need to present the eviction of the participant from their principal residence or foreclosure on the mortgage of the participant's principal residence.

Forfeited Accounts

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the company's contributions will only start after one year of service. There was a total amount of $2,464 forfeiture credited in 2025. Any forfeiture used a total of $1,228 to pay for the plan's expenses. The balances for the forfeiture account was $43 as of December 31, 2025.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefits are recorded when paid.

2. Summary of Significant Accounting Policies, continued

Significant Risk and Uncertainty

The fair value of the Plan's assets is subject to change as a result of changes in market rates and prices. A significant change in market rates and prices can significantly reduce the net assets available for Plan benefits and concurrently participant balances. Plans that invest in foreign securities are subject to foreign exchange and political risks among other risks.

Valuation of Investments and Income Recognition

The Plan's investment in the money market accounts is valued at fair value. The Plan's investments in the registered investment company accounts are valued at fair value as reported to the Plan by Reliance Trust Company. Participant notes receivable are valued at cost, which approximates fair value. The Plan presents, in the statement of change in net assets available for benefits with fund information, the net appreciation (depreciation) in the fair value of its investments, which consist of the realized gains or losses and the unrealized appreciation (depreciation) of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings. Company contributions are recorded based upon the required Company matching levels as defined in the Plan agreement.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator and trustee to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at December 31, 2025 and the reported amounts of additions to and deductions from net assets for the year ended December 31, 2025. Actual results may differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through October 15, 2026, which is the date the financial statements were available to be issued.

3. Investments

Investments are reported at fair value. Fair Value is the price that would be received to

3. Investments, continued

sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Investments are held in custodial capacity by Reliance Trust Company, the trustee of the plan. Individual Plan participants direct the transactions that take place in their accounts. Participants may direct contributions to the money market account or toward the purchase of shares of registered investment companies as listed below. Allocations of gains (losses) are at the individual contract level.

During the year ended December 31, 2025, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in value by $2,668,855 as follows:

Registered Investment Companies (Mutual Funds)	$2,613,879
Common/Collective Trust	26,238
Participant Loan	26,603
Other Income	2,135
	$2,668,855

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from, or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

4. Fair Value Measurements, continued

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market Funds and Mutual Funds: Valued at the net asset value of shares held by the Plan at year end. The NAV is a quoted price in an active market.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

Assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 20,386,739	$ -	$ -	$ 20,386,739

Assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$14,013,079	$ -	$ -	$ 14,013,079

5. Investment at Contract Value

The Plan invested in Invesco Stable Value Fund totaling $907,886 for 2025 and $1,030,865 for 2024. This investment meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Reliance Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. Investment at Contract Value, continued

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

6. Notes Receivable from Participants

There were 28 loans being granted during the year ended December 31, 2025.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

8. Information Prepared and Certified by Trustees (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustees.

	2025	2024
Investments, **at fair value**:		
Mutual funds	$20,386,739	$14,013,079
Common/Collective trusts (at contract value)	907,886	1,030,865
Notes receivable	282,863	282,863
Interest income	26,603	23,899
Dividend income	637,559	402,008
Net investment gain (loss)	2,002,558	1,185,517
Other Income	2,135	1

9. Income Tax Status

The Company has received a favorable determination letter from the Internal Revenue Service dated October 6, 2020, that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Company is of the opinion that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the trust, which forms a part of the Plan, is tax exempt. Accordingly, no provision for state or federal income taxes has been provided.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

10. Related Party and Party-in-interest Transactions

Certain Plan investments are held in investments managed the Plan trustee and there is a fixed income investment offered by the Plan trustee. Also the Plan paid $9,608 to ADP, Inc. which is the recordkeeper for the Plan and $11,121 to Merrill Lynch who is their financial advisor. These transactions qualify as party-in-interest. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transaction under ERISA. Notes receivable and the related interest income are considered to be related party transactions.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

11. Other Income

Other income represents a total of $2,135 which is the reconciliation difference of balances due to the plan's conversion.

12. Expense

The costs associated with the formation and administration of the Plan are borne by the Company. Administrative cost paid during the year ended December 31, 2025 is $78,155.

13. Non-exemption Transactions

During the year ended December 31, 2025, participant contributions totaling $205,652, were not remitted to the Plan within the appropriate time frame by the Company. These

13. Non-exemption Transactions, continued

transactions constitute prohibited transactions as defined by ERISA. The Company is in the process of taking the appropriate steps to correct the situation and has implemented procedures to ensure that all future remittances are made within the prescribed time period.
