Independent Auditor's Report

Plan Administrator
Geneva Trading Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements
We have performed an audit of the financial statements of Geneva Trading Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the 2025 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 financial statements
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying 2025 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2025 Financial Statements.

Responsibilities of Management for the 2025 Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule, Schedule H, line 4i—Schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—Auditor's Report on the 2024 Financial Statements
Predecessor auditors performed an audit of the 2024 financial statements of the Plan before they were restated for the matter discussed in Note 4 to the financial statements. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 9, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

In relation to the reclassifications described in Note 4 that were applied to restate the 2024 financial statement disclosures, we compared the certified investment information with the related information presented and disclosed in the financial statements, and read the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. In our opinion, such restatement is appropriate and has been properly applied. We were not engaged to audit, review, or apply any procedures to the 2024 financial statements of the Plan other than with respect to the reclassifications and related disclosures and, accordingly, we do not express an opinion or any other form of assurance on the 2024 financial statements as a whole.

Emphasis of Matter—Restatement of 2024 Investment Information
As discussed in Note 4 to the financial statements, the 2024 financial statement disclosures for certain investments held by the Plan have been restated. Our opinion is not modified with respect to this matter.

Note 1. Plan Description

The following description of the Geneva Trading Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan's adoption agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Geneva Trading USA, LLC, Geneva Management, LLC, GX2 Systems, LLC, and GX2 Spread Markets, LLC (collectively the Company or Sponsor) who are age 21 or older. There is no waiting period required to enroll in the Plan and the entry period is the first of the calendar month.

Contributions: Each year, participants may contribute up to 90% of pretax annual base compensation, as defined in the Plan, up to the maximum allowed by the Internal Revenue Code (IRC). In addition to pretax contributions, the Plan allows participants to contribute their taxable annual compensation as a Roth 401(k) contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified plans (rollover contributions). The Employer may make a discretionary contribution to the Plan each year. For the year ended December 31, 2025, the Employer made a discretionary matching contribution equal to 50% of employee salary deferrals, up to 8% of eligible employee compensation, as defined by the Plan.

Investment options: Participants direct their elective contributions into various investment options offered by the Plan as more fully described in the Plan's literature. Participants can change their investment options each payroll period. The participant's and Company's annual contributions are subject to certain limitations of the IRC.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of the Employer contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expense that are paid by the Plan. Allocations are based on the participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective contributions, plus earnings thereon. Vesting in the Company's contributions and related earnings is based on years of continuous service as follows:

Vesting years of service	Percentage
0-1	30%
2	65%
3	100%

Forfeited accounts: Upon termination of employment, participants forfeit their nonvested balances. Forfeited balances of terminated participants' nonvested accounts are used to pay Plan administrative expenses or reduce current year Company discretionary contribution amounts, if any. As of December 31, 2025 and 2024, forfeited nonvested accounts were $55,955 and $10,716, respectively.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account. Loans must be repaid within five years. However, loans for the purchase of an employee's principal residence must be repaid within 10 years. The loans must bear a reasonable rate of interest, which must be commensurate with the prevailing interest rate, as determined by the Trustee. These rates range from 8.00% to 9.50% on the loans outstanding at December 31, 2025, and loans mature through 2030. Principal and interest payments are to be made quarterly at a minimum.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive the value of the participant's vested interest in his or her account, or annual installments over a period of years not to exceed either the participant's life expectancy or joint life expectancy of the participant and the participant's designated beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The plan also allows other In-Service Distributions prior to termination of employment of certain deferrals and other contributions. Employees may also request a hardship distribution attributable to their elective deferrals. If a participant terminates employment and the participant's vested interest in the Plan does not exceed $5,000, the distribution will be paid in a lump sum as soon as practicable after allowing a participant sufficient time within which to elect whether to receive the distribution in cash or as a direct rollover.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative functions are performed by employees of the Company. No such employee received compensation from the Plan. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes Receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Defaulted loans are treated as distributions based upon the terms of the Plan document. No loans were deemed uncollectible at December 31, 2025 or 2024.

Contributions: Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3. Information Prepared and Certified by the Trustees

The following is a summary of the Plan's assets and income information included throughout the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by or derived from information certified or provided by the Plan's former trustee, The Standard Insurance Company, as of December 31, 2024, and for the period January 1, 2025 through July 15, 2025, and Fidelity Management Trust Company, current trustee, for the period July 16, 2025 through December 31, 2025, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees as of December 31, 2025 and 2024, and for the year ended December 31, 2025, that the information provided to the Plan Administrator by the trustees related to the following assets and income are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2025	2024
Investments at fair value:		
Pooled separate accounts at fair value	$ -	$ 26,919,366
Registered investment companies	26,149,759	-
Common collective trusts	3,334,850	-
Money market fund	2,830,422	-
	$ 32,315,031	$ 26,919,366
Notes receivable from participants	$ 217,347	$ 104,261

The Trustees also certified the completeness and accuracy of $3,816,181 of net appreciation in fair value of investments, $515,454 of interest and dividend income and $10,869 of interest income on notes receivable from participants for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Quoted prices in active markets for identical assets.

Level 2: Other observable inputs, such as quoted prices for similar assets or liabilities in active markets; identical assets or liabilities in inactive markets; or observable inputs, such as interest rates and yield curves, and other market-corroborated inputs.

Level 3: Unobservable inputs, including market information together with the Company's judgments about the assumptions market participants would use in pricing the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Restatement: The 2024 financial statements previously reported certain pooled separate account investments totaling approximately $20,628,000 as Level 1 mutual funds and approximately $6,292,000 as Level 2 pooled separate accounts within the fair value hierarchy. Based on additional information obtained by management, it was determined that all these investments should be reported as pooled separate account investments and measured using NAV as a practical expedient rather than within the fair value hierarchy.

In addition, the 2024 financial statement disclosures omitted the required disclosures for investments measured as a practical expedient, including the related NAV table. Accordingly, the disclosure below has been restated to reclassify these investments from the fair value hierarchy to investments measured at NAV as a practical expedient and to include the related NAV disclosures, consistent with the disclosures for 2025. The restatement affects only the classification and disclosures of investments and had no impact on net assets available for benefits or no changes in net assets available for benefits as of and for the years ended December 31, 2025 and 2024.

The fair value disclosure will also be revised to include a valuation policy for pooled separate accounts and to present the corrected 2024 investment classification and NAV practical expedient disclosure.

Pooled separate accounts: Unit value is calculated based on the observable net asset value (NAV) of the underlying investment. NAV, as provided by the trustee, is used as a practical expedient. This practical expedient is not used when it is determined to be probable that the fund will sell for an amount different than the reported NAV.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4. Fair Value Measurements (Continued)

Money market fund: Valued at amortized cost, which approximates fair value.

Common/collective trusts: Valued at the NAV of units held by the Plan at year-end. The NAV of units held by the Plan is based on the most recent bid prices in the principal market in which such securities are normally traded for underlying securities for which notations are readily available and for underlying securities for which qualifications are not readily available.

The method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024, reflective of the 2024 restatement to reclassify investments measured at NAV consistent with 2025:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 26,149,759	$ -	$ -	$ 26,149,759
Money market fund	2,830,422	-	-	2,830,422
Total assets at fair value	$ 28,980,181	$ -	$ -	28,980,181
Investments measured at NAV (a)				3,334,850
				$ 32,315,031

	(As restated) December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments at fair value	$ -	$ -	$ -	$ -
Total assets at fair value	$ -	$ -	$ -	-
Investments measured at NAV (a)				26,919,366
				$ 26,919,366

(a) In accordance with subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in their fair value hierarchy. The fair value amount presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024, reflective of the 2024 restatement to reflect all pooled separate accounts consistent with 2025.

	(As restated) Fair Value		Unfunded	Redemption	Redemption
Investment	2025	2024	Commitment	Frequency	Notice Period
Common collective trusts	$ 3,334,850	$ -	n/a	Daily	n/a
Pooled separate accounts	-	26,919,366	n/a	Daily	n/a
	$ 3,334,850	$ 26,919,366			

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no transfers between Level 1, 2 or 3 assets.

Note 5. Related-Party and Parties-In-Interest Transactions

Certain Plan investments are managed by the trustees, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included as a reduction of the return earned on each fund. Administrative expense paid by the Plan to the trustees totaled $33,975 for the year ended December 31, 2025.

Note 6. Tax Status

The Plan was a non-standardized defined contribution plan sponsored by Standard Retirement Services, Inc. for the period of January 1, 2025 through July 15, 2025, at which time the Plan adopted a non-standardized defined contribution plan sponsored by Fidelity Management Trust Company effective July 16, 2025. The non-standardized defined contribution plans both obtained their latest determination letters from the Internal Revenue Service (IRS) on June 30, 2020, as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable provision of the IRS.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain positions that more likely than not would not be sustained upon examination. Through December 31, 2025, the Plan Administrator has determined that the Plan has maintained its tax-exempt status and there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Reconciliation of Financial Statements to Schedule H Form 5500

The following is a reconciliation of net assets available for benefits on the financial statements to Form 5500 at December 31, 2025 and 2024:

	2025	2024
Net assets available for benefits per the financial statements	$ 33,337,314	$ 27,883,933
Adjustment for employer contributions receivable	(866,936)	(860,369)
Excess contributions payable	62,000	-
Net assets available for benefits per Form 5500	$ 32,532,378	$ 27,023,564

The following is a reconciliation of the increase in net assets available for benefits on the financial statements to Form 5500 for the year ended December 31, 2025:

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan at its discretion. In the event of termination, the net assets of the Plan, after payment of any expenses properly charged, will be distributed to each participant according to the amount then credited to his or her account. Additionally, in the event of Plan termination, all participants will become 100% vested in their account balances.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through October 15, 2026, which is the date that the financial statements were approved and available to be issued.
