Independent Auditor's Report

To the Board of Trustees
Meharry Medical College
Nashville, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Meharry Medical College Defined Contribution Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal

control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H Line 4(i) – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of the Meharry Medical College Defined Contribution Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

In January 1952, the Meharry Medical College Defined Contribution Plan (the "Plan") was established for the employees of Meharry Medical College (the "College" or "employer"). The College had three different 403(b) plans performing the same function. The College merged the three plans creating one 403(b) plan. The merger became effective on January 1, 2009. The Plan was restated effective June 1, 2016. The Plan was established for the purpose of determining tax-favored investment arrangements for employees pursuant to section 403(b) of the Internal Revenue Code. The Plan covers substantially all employees of the College who have completed minimum service requirements. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to a maximum of 100% of their compensation on a before-tax basis, within IRS limits (maximum of $23,500 for 2025 and $23,000 for 2024). There are additional catch-up contributions that are available to participants that meet certain requirements. Individual's age 50 or over are eligible for an additional catch-up contribution up to $7,500 for 2025 and 2024. Participants may also contribute amounts representing distributions from other qualified pension plans. Employer contributions for non-union employees shall be made at a rate equal to a uniform percentage of the compensation of each non-union employee who is eligible for employer contributions. The employer shall have discretion to vary the contribution rate. The initial uniform rate shall be equal to 1% of the compensation of each employee who is eligible for employer contributions.

The Plan complies with the safe harbor method of satisfying the nondiscrimination requirements of section 401(m) of the Internal Revenue Code. Accordingly, the Employer shall contribute up to 5% of compensation, not to exceed 100% of the participant's contribution, to the participant's safe harbor contribution account. Matching contributions shall not be in excess of 5% of compensation.

Employer contributions for union employees shall be at a rate equal to 5% of their compensation in excess of $15,000 of each union employee who is eligible for employer contributions. The employer shall have discretion to vary the contribution rate.

A. DESCRIPTION OF THE PLAN - Continued

Participant Accounts

Each participant's account is credited with his or her individual contributions on a cash basis, when received by the Plan's custodians. In addition, each participant's account is credited with an allocation of any Employer's contribution, plan earnings and forfeitures of nonvested accounts of terminated employees. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are also credited with rollovers from participants' other qualified plans when received by the Plan.

Vesting

Participant contributions and Employer contributions are 100% vested when contributed, including actual earnings thereon.

Notes Receivable from Participants

Generally, a participant may borrow a minimum of $1,000 up to a maximum equal to the lesser of 45% of participant's combined TIAA accumulation or 90% of participant's traditional annuity under the Plan. Such loans, in accordance with the terms of participant contracts, are directly with TIAA and not from Plan assets, therefore these loan balances are not included in the financial statements of the Plan. These loans are issued directly from TIAA and not from Plan assets but are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by TIAA. Defaults on loans will reduce a participant's nonforfeitable accrued benefit by the amount in default (plus accrued interest). These collateralized loan balances at December 31, 2025 and 2024 were $30,046 and $28,938, respectively, and are not presented on the Plan financial statements. Effective January 1, 2021, TIAA stopped issuing collateralized loans, encouraging plan sponsors to move to issuing participant loans directly from the participant's account. As a result, the Plan sponsor switched to issuing participant loans beginning January 1, 2021. Participants whose plan investments include mutual funds held by VALIC, now Corebridge, may borrow funds from plan assets, and the loans are issued directly from the participant's account. These loans are reflected as notes receivable from participants in the statements of net assets available for benefits. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. VALIC, now Corebridge limitations are 50% of the participant's vested account balance or $50,000. The loans bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. The participant pays principal and interest ratably directly to the TIAA, or the Plan depending on the source of the loan funds.

A. DESCRIPTION OF THE PLAN - Continued

Payment of Benefits

On retirement, death, disability, hardship, attainment of age 59½ or termination of service, participants receive payment of their individual vested account balances based on options as defined in the Plan agreement. Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses are paid directly from Plan assets. Investment income is shown net of administrative expenses.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting and are presented in accordance with the reporting guidelines recommended in *Audits of Employee Benefit Plans*, an industry audit guide of the American Institute of Certified Public Accountants.

Estimates

Judgment and estimation are exercised by management in certain areas of the preparation of financial statements. Management believes that such estimates have been based on reasonable assumptions and that such estimates are adequate. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments in mutual funds and shares of registered investment companies and real estate accounts are stated at fair value based on quoted market prices as determined by the investment vendors. The real estate account is a variable annuity contract which invests in real estate properties and real estate related investments. These are valued using appraisals and securities priced using quoted prices in active markets. Unit prices are valued daily. The fully benefit responsive group annuity contracts are reported at contract value as determined and certified by the Plan custodians. See Notes D and H.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Risks and Uncertainties

The Plan provides for various investment fund options, which in turn invest in any combination of stocks, bonds and other investment securities exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Benefit Payments

Benefits are recorded when paid.

C. INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians of the Plan have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

	2025	2024
Investments, at fair value:		
Group annuity and guaranteed interest contracts - non benefit responsive	$ 17,443,873	$ 18,131,286
Mutual funds	117,396,027	107,266,531
Real estate account	1,363,421	1,315,733
Investments, at contract value:		
Group annuity and guaranteed interest contracts - fully benefit responsive	7,413,293	7,342,614
Notes receivable from participants	1,265,331	1,005,014
Net appreciation in fair value of investments	14,772,925	N/A
Net interest and dividends	3,627,657	N/A

During 2025, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $14,772,925.

D. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan has an investment annuity and guaranteed interest contracts with the investment custodians. The custodians maintain the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Certain investments of the contracts are not fully benefit- responsive and are reported at fair value. For fully benefit-responsive contracts, the contract values and fair values approximate each other at year-end and are reported as one line in the financial statements.

For fully benefit-responsive contracts, contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contracts may have certain restrictions that impact the ability to collect the full contract value. Such type events include the following: (1) premature termination of the contracts by the Plan, (2) layoffs, (3) Plan termination or merger, (4) bankruptcy, (5) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The custodians may not terminate the contract at any amount less than contract value.

The custodians that hold fully benefit-responsive contracts are contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis. The group annuity contracts earned and credited to participants an average yield of approximately 4.31% for the year ended December 31, 2025.

E. PLAN TERMINATION

Although it has not expressed an intention to do so, the employer has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event the Plan is terminated, participants shall become 100% vested in their accounts.

F. INCOME TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Service Code. The Plan Administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Service Code. Accordingly, no provision for income taxes is included in the accompanying financial statements. If it is determined that the Plan is not a qualified plan, there could be a material adverse impact in the Plan's financial statements and participant account balances.

F. INCOME TAX STATUS - Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. RELATED PARTY TRANSACTIONS

The Plan's investments are managed by TIAA and VALIC, now Corebridge, at both December 31, 2025 and 2024. Transactions with these parties qualify as party-in-interest under ERISA.

H. FAIR VALUE OF FINANCIAL INSTRUMENTS

Assets recorded at fair value in the statements of net assets available for benefits are categorized based on the level of judgment associated with the inputs used to measure their fair value. Level inputs, as defined by ASC 820, *Fair Value Measurements and Disclosures*, are as follows:

Level 1 - Values are unadjusted quoted prices for identical assets in active markets accessible at the measurement date.

Level 2 - Inputs include quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.

Level 3 - Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

H. FAIR VALUE OF FINANCIAL INSTRUMENTS - Continued

The estimated fair value amounts have been determined based on the Plan's assessment of available market information and appropriate valuation methodologies. The following table summarizes required fair value disclosures and measurements at December 31 for assets measured at fair value on a recurring basis:

		Fair Value Measurements at Reporting Date Using		
	Assets Measured at Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2025:

	$126,713,550	$108,582,264	$ -	$18,131,286

The following is a summary of purchases, issuances, and transfers of the Level 3 financial instruments for the year ended December 31, 2025:

Purchases	$ -
Issuances	(2,199,501)
Transfers in	2,303,176
Transfers out	(2,268,715)

During 2025, investments valued at $2,303,176 were transferred from Level 1 to Level 3, and investments valued at $(2,268,715) were transferred from Level 3 to Level 1. Transfers in and out of the Level 3 guaranteed interest contracts occur as allowed under the provisions of the contracts.

H. FAIR VALUE OF FINANCIAL INSTRUMENTS - Continued

Quantitative Information Regarding Level 3 Fair Value Measurements

The following table represents information about significant unobservable inputs related to the Plan's financial instruments categorized as Level 3 for the year ended December 31, 2025:

Financial Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Values
Group annuity and guaranteed interest contracts	$17,443,873	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA: 3.55% to 6.50% SRA: 3.00% to 5.75% GRA: 3.55% to 6.50% GSRA: 3.00% to 5.75% RC: 3.80% to 6.75% RCP: 3.05% to 6.00%

Receivables

The carrying value of employer contributions receivable approximate fair value due to the short-term maturities of the receivables.

I. PLAN AMENDMENTS

There were no amendments to the Plan in 2025. The Plan was amended effective January 1, 2026 to include an option for Roth deferrals, removes the age and service requirements for salary deferrals, reduces the employer contribution service period to 90 days, increases the safe harbor match cap from 4% to 5% of Plan compensation, revises and expands the excluded employee categories (while adding long-term part-time employee provisions), among other administrative changes.

J. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 to the corresponding amounts on Forms 5500:

Net assets available for benefits per the financial statements	$ 146,189,064
Less: Loans deemed distributions	(229,581)
Net assets available for benefits per Form 5500	$ 145,959,483

J. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 - Continued

The following is a reconciliation of total deductions to net assets per the financial statements for the year ended December 31, 2025, to the corresponding amount on Form 5500:

Total deductions to net assets per the financial statements	$ 15,636,713
Less: Loans deemed distributions – beginning of year	(150,403)
Add: Loans deemed distributions – end of year	229,581
Total deductions to net assets per Form 5500	$ 15,715,891

K. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 13, 2026, the date the financial statements were available for issuance, and has determined the following subsequent events requires disclosure:

- The Plan was amended effective January 1, 2026 as described in Note I.
