Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
The DWC 401(k) Pooled Employer Plan
Cedar Rapids, Iowa

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The DWC 401(k) Pooled Employer Plan (the PEP), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from the qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by the institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE DWC 401(k) POOLED EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of The DWC 401(k) Pooled Employer Plan (the PEP or the Plan) provides only general information. Participants should refer to the PEP basic plan document, and the applicable adoption agreement for the participant's employer which has chosen to participate in the PEP (Participating Employer), for a more complete description of the PEP's provisions.

General

The PEP is a pooled employer plan established and administered by Administrative Group, LLC DBA Transamerica Fiduciary Services (TFS), the Pooled Plan Provider (PPP). The PEP was established, as amended on January 1, 2025, under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act). The PEP is a defined contribution plan covering eligible employees of the Participating Employers and is intended to qualify under the applicable sections of the Internal Revenue Code (IRC). The PEP allows any affiliated or unaffiliated employer, as defined, to participate in the PEP. Each Participating Employer elects their own provisions related to eligibility, contributions, notes receivable from participants, and payment of benefits. The PEP is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered as a pooled employer plan (PEP) as defined in Section 3(43) of ERISA, in accordance with the requirement of Section 413(e) of the IRC, the regulations thereunder, and other applicable authority. A PEP allows numerous unrelated businesses of any size to participate in a single retirement plan that is managed by a PPP who must register with the Department of Labor (DOL) and the Department of Treasury.

Participating Employers in a PEP have different plan provisions for their respective participating employees. Accordingly, each adopting employer executes an adoption agreement with terms and conditions specific to such employer. Employees of Participating Employers who are not excluded by certain provisions in the Plan document may enter the Plan on various dates coinciding with or following the date on which those employees meet eligibility requirements outlined within their respective Participating Employer's adoption agreement.

The PPP is responsible for oversight of the Plan. The PEP contracted with Transamerica Financial Life Insurance Company (the Custodian or Transamerica) as the Plan's Custodian and with its affiliate, Transamerica Retirement Solutions (TRS), for recordkeeping services.

Eligibility

Only employees specifically designated as eligible by their Participating Employers, who are designated by the Participating Employer in its adoption agreement, are eligible to participate in the PEP. Participating Employers may define eligibility requirements based on factors such as age, service or employee type. Eligible employees shall be eligible to make contributions and receive allocations of employer contributions to the extent specified in the applicable adoption agreement or otherwise provided by the PEP.

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0 provisions became effective in 2024 and subsequent years. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

Note 1 – Description of Plan, Continued

Contributions

Each year, eligible participants may make pre-tax, Roth, and/or after-tax contributions of their eligible compensation, as defined by the PEP and Participating Employer adoption agreement, subject to applicable limits established by law. Under certain circumstances, eligible employees may make rollover contributions to the PEP. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants direct their contributions into various investment options offered by the PEP.

The Participating Employers in the PEP may elect automatic enrollment and escalation features, whereby, all newly eligible employees are automatically enrolled in the PEP unless they affirmatively elect not to participate in the PEP. Accordingly, the Participating Employer will automatically withhold a defined percentage of an eligible participant's compensation based on the Participating Employer's adoption agreement. Participating Employers may elect safe harbor or non-safe harbor contribution provisions as well as compensation definitions.

Under the terms of the Participating Employer adoption agreements, the Participating Employers may elect to make matching contributions, profit-sharing contributions, prevailing wage contributions, qualified nonelective contributions (QNECs), and qualified matching contributions (QMACs), to the PEP. Participating Employers may also elect to make true-up matching contributions. Participating Employer contributions, if any, are recorded in the year for which the contributions apply. Participating Employers also make true-up matching contributions. Aggregate Participating Employer contributions for the year ended December 31, 2025, totaled $2,836,641. Participating Employer contributions are invested in funds in accordance with the participant's direction and the PEP's provisions. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's individual contributions and their Participating Employer's contributions, if any, and Plan earnings thereon. Participants are charged with an allocation of administrative expenses. Participants may direct their account balance into various investment options offered by the PEP. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their individual contributions and their Participating Employer's safe harbor contributions, if any, plus actual earnings or losses thereon. Vesting in their Participating Employer's other contributions portion of their accounts, plus actual earnings thereon, is based on years of credited service, ranging from immediate to six years based on graded or cliff vesting schedules, as elected by each Participating Employer. Participant accounts become fully vested upon reaching normal retirement age (65), death, or disability.

Forfeitures

Forfeitures in any year from the accounts of participants whose employment with a Participating Employer has terminated is used by the applicable Participant Employer or to pay Plan administrative expenses. During the year ended December 31, 2025, approximately $9,000 in nonvested forfeited accounts were used to pay Plan administrative expenses and reduce Participating Employer contributions. At December 31, 2025, unallocated forfeitures totaled $4,591.

Note 1 – Description of Plan, Continued

Notes receivable from participants

Plan participants are permitted to borrow from their account a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years unless the loan is used to acquire a principal residence of the participant which must be repaid in a reasonable period of time. Loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus up to 1%. A participant can have up to two loans currently outstanding from the PEP, unless as a result of a conversion from a prior plan, the participant has loans that were transferred to the PEP, in which case, up to one such grandfathered loan may also be outstanding for a possible maximum total of two loans outstanding. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the PEP document. Principal and interest are repaid through regular payroll deductions.

Payment of benefits

Payment of benefits can be made in a lump-sum, partial distributions, or periodic required minimum distributions based on the Participant Employer's adoption agreement. Upon separation of employment due to termination of employment, death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, installment payments, or maintain their vested account balance in the PEP. Participants with vested amounts less than $7,000 will receive a lump-sum distribution. Participants may elect to take in-service withdrawals of their vested accounts if they meet certain defined requirements, including becoming disabled, reaching early retirement age (59½), or due to heavy financial hardship, as defined. Participants, at any time, may also withdraw amounts attributable to their contributions, rollover contributions and/or any portion of their transferred balance that is available under a grandfathered withdrawal option.

Plan administration

The PPP is responsible for the management and administration of the PEP. The PEP's investment assets are maintained by Transamerica (the Custodian). Transamerica invests cash received, controls and discloses the funds of the PEP.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is recorded at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The PPP determines the PEP's valuation policies based on information provided by the PEP's investment advisors and Custodian. See Note 4 for a description of fair value measurements.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the PEP's gains and losses on investments bought and sold, as well as held during the year.

Note 2 – Summary of Significant Accounting Policies, Continued

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and those differences may be material.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on an accrual basis. Delinquent notes are reclassified as distributions based on the terms of the PEP basic plan document and participant loan program. As of December 31, 2025, no allowance for doubtful collection was recorded.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the respective Participating Employer.

Payment of benefits

Benefits are recorded when paid.

Risks and uncertainties

The PEP provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in such risks in the near term would materially affect participant account balances and the amounts reported in the financial statements.

Concentrations

For the year ended December 31, 2025, three (3) Participating Employers individually exceeded 5% or more of total contributions, and in the aggregate, these Participating Employers comprised approximately 94% of total contributions. For the year ended December 31, 2025, six (6) Participating Employers individually comprised approximately 97% of transfers in from other qualified plans.

Plan expenses

Reasonable expenses of the PEP, including trustees, custodian, attorneys, advisors, fiduciaries, and service providers are paid by the PEP, unless otherwise paid by the PPP or the Participating Employers. Expenses that are paid by the PPP or the Participating Employers are excluded from these financial statements. Investment advisor fees are paid from the PEP. Expenses paid by the PEP are included in administrative expenses on the accompanying statement of changes in net assets available for benefits. Fees related to administration of notes receivable from participants are charged directly to participants' accounts and are also included in administrative expenses. Additionally, certain investment related expenses are included in net depreciation in fair value of investments.

Uncertain tax positions

U.S. GAAP requires the PEP administrator to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the PEP administrator has determined it does not have any positions at December 31, 2025, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The PPP has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statement of net assets available for benefits as of December 31, 2025;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investment information included in the Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental information.

At the request of the PPP, the PEP's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. During the year ended December 31, 2025, there were no transfers of investments into or out of Level 3.

Note 4 – Fair Value Measurements, Continued

The following is a description of the value methodologies used for assets measured at fair value:

> *Pooled separate accounts* – valued at its NAV based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the investments measured at fair value, on a recurring basis, as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 49,944,783	$ -	$ 49,944,783

Note 5 – Guaranteed Investment Contract with Insurance Company

The PEP invests in a fully benefit-responsive investment contract (FBRIC) issued by Transamerica Financial Life Insurance Company (TFLIC, the issuer) with a contract value, reported by TFLIC of $1,118,867 as of December 31, 2025. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. TFLIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the PEP. The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. Average yield and crediting interest rate was 1.60% for the year ended December 31, 2025. The FBRIC does not permit TFLIC to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the PEP. Contract value, as reported to the PEP by the issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The PEP's ability to receive amounts due is dependent on TFLIC's ability to meet its financial obligations. TFLIC's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the PEP to transact at contract value with TFLIC. Such events include amendments to the PEP documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract. PEP management does not believe any events are probable of occurring that might limit the ability of the PEP to transact at contract value with the contract issuer and that also would limit the ability of the PEP to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the PEP and settle at an amount different from contract value. Such events include an uncured violation of the PEP's investment guidelines, a breach of a material obligation under the contract, a material misrepresentation or a material amendment to the agreement without consent of the issuer.

Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the PEP, any party rendering service to the PEP, the Pooled Plan Provider (PPP), Participating Employers, and certain others. The PEP's investments are managed, held, administered, and/or issued by Transamerica. Therefore, transactions with Transamerica are considered party-in-interest transactions. The PEP also issues loans to participants that are secured by the vested balance in the participant's accounts. Such transactions are exempt from the prohibited transaction rules under ERISA.

TFS is the PEP's PPP and provides third-party administrative services. Accordingly, transactions with TFS qualify as party-in-interest transactions. The PEP compensates TFS directly for such services which is included in administrative expenses for the year ended December 31, 2025, in the accompanying statement of changes in net assets available for benefits.

Note 7 – PEP Termination

Although it has not expressed any intent to do so, the PPP has the right under the PEP to discontinue its allowance of contributions at any time and to terminate the PEP subject to the provisions of ERISA. In the event of PEP termination, participants will become 100% vested in the Participating Employer's contributions. Any unallocated assets of the PEP shall be allocated to participant accounts and distributed in such a manner as the PPP may determine. Additionally, Participating Employers have the right to transfer the assets attributable to their participants to another qualified plan should the PEP terminate.

Note 8 – Plan Transfers

In the normal course of business, the Plan adds Participating Employers, and assets from the individual qualified plans that the Participating Employers previously sponsored are transferred into the Plan, in conjunction with the Participating Employer's adoption of the Plan. Likewise, as Participating Employers leave the Plan and adopt different qualified plans, assets attributable to these outgoing Participating Employers and related participant accounts are transferred out of the Plan.

Note 9 – Tax Status

On June 30, 2020, the IRS stated that the Non-Standardized Pre-Approved Profit-Sharing Plan adopted by the PEP, as then designed, qualifies under IRC Section 401(a) and, therefore, the related trust is tax-exempt. The PEP has not received a determination letter specific to the PEP itself. The PEP has been amended since adoption, however, the PEP Administrator and the PEP's tax counsel believe that the PEP is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the PEP's financial statements.

The PEP is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 – Delinquent Participant Contributions

During 2025, participant contributions and loan repayments totaling $14,779, were not remitted to the Plan within the period prescribed by DOL regulations. Those transactions constitute non-exempt party-in-interest transactions as defined by ERISA. The Participating Employers are in the process of correcting these transactions and remitting the related lost earnings to the Plan.

Note 11 – Subsequent Events

The PEP evaluated events occurring subsequent to December 31, 2025 through October 15, 2026, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
