Independent Auditor's Report

To the Plan Administrator of
UB Greensfelder LLP Retirement/401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of UB Greensfelder LLP Retirement/401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits—modified cash basis as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits—modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of UB Greensfelder LLP Retirement/401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of UB Greensfelder LLP Retirement/401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America and, as a result, the financial statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of UB Greensfelder LLP Retirement/401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about UB Greensfelder LLP Retirement/401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The supplemental schedule—modified cash basis of Schedule H, line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule—modified cash basis, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule—modified cash basis that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule—modified cash basis, we evaluated whether the supplemental schedule—modified cash basis, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule—modified cash basis, other than the information in the supplemental schedule—modified cash basis that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule—modified cash basis related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UB Greensfelder LLP Retirement/401(k) Plan

Notes to Financial Statements

As of December 31, 2025 and 2024 and
For the Year Ended December 31, 2025

1. Description of Plan

The following description of the UB Greensfelder LLP Retirement/401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 31, 1969, as restated January 1, 2025. The Plan covers all eligible employees of UB Greensfelder LLP (the “Firm”) who have completed three months of service and are age 21 or older. Eligible employees include all employees, except for leased employees. Plan participation commences the first day of the month following such eligibility. Eligible employees, once meeting the employment and age requirements described above, are able to make deferrals into the Plan following three months of consecutive service in which at least 250 hours of service were earned. Participants become eligible for the Firm’s non-elective contributions and matching contributions after one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan Administrator is responsible for oversight of the Plan. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company.

Effective January 1, 2025, the Plan was amended and restated in connection with the merger of the Greensfelder, Hemker & Gale PC Profit Sharing and 401(k) Plan into the Plan. The restatement added provisions recognizing prior service with Greensfelder, preserving certain vesting and retirement benefits for former Greensfelder participants, and maintaining protected distribution options associated with assets transferred from a predecessor money purchase pension plan.

Effective January 1, 2025, the Plan is operating in accordance with the applicable mandatory provisions of the SECURE 2.0 Act of 2022. As of the financial statement issuance date, the related plan amendments have not yet been formally adopted; however, management intends to execute the required amendments within the applicable remedial amendment period.

1. Description of Plan (Continued)

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (“IRC”). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Firm contributes a discretionary match of 50 percent of the first 2.5 percent of base compensation that a participant contributes to the Plan. Additional discretionary profit sharing amounts may be contributed at the option of the Firm. During the year ended December 31, 2025, the Firm made a $2,777,107 profit sharing contribution to the Plan for the Firm's year ended Decembr 31, 2024. Additional discretionary amounts may be contributed by the Firm at the option of the Plan Administrator. For the year ended December 31, 2025, there were no additional discretionary contributions to the Plan. To qualify for matching and discretionary profit sharing contributions, generally, the participant must have completed a year of service and be employed on the last day of the year. The Plan requires a participant to be employed as of year end to be eligible to receive employer contributions. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Subsequent to December 31, 2025, the employer's discretionary profit sharing contribution for the Firm's year ended December 31, 2025 was remitted in the amount of $5,177,882.

Participant Accounts

Each participant's account is credited with the participant's contributions, Firm matching contributions, allocations of the Firm's discretionary contributions and an allocation of the Plan’s earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The Firm's discretionary profit-sharing contributions generally are allocated to eligible participant accounts based on a formula specified in the Plan, which is integrated with Social Security, provided that there is an additional overriding formula specified for participating partners. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Firm's contribution portion of their accounts is based on years of continuous service. A participant is 20 percent vested after two years of credited service and continues to vest in increments of 20 percent until 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined annually, is set at the a reasonable rate of interest, as defined. Principal and interest are paid ratably through payroll deductions. Terms range up to five years or greater for the purchase of a primary residence.

Payment of Benefits

If the participant has terminated employment with the Firm before attaining fifty-five (55) years of age and if the participant’s non-forfeitable accrued benefit (excluding, with respect to Plan years beginning after December 31, 2001, amounts attributable to rollover contributions) exceeds $1,000, the participant may elect to receive a lump-sum payout (including a rollover distribution) as soon as administratively practicable after such benefit amount can be ascertained in accordance with the Plan document, or the participant may elect to delay receipt of such accrued benefit (as the same is adjusted from time to time to reflect future valuations) until either (i) such future time as the participant attains their normal retirement age, at which time it would be distributed in a lump-sum, or (ii) the participant subsequently elects, within sixty (60) days after receipt of their year-end valuation statement for such Plan year or any succeeding Plan year, to receive such payout or to direct such rollover. If the participant has terminated employment with the Firm after attaining fifty-five (55) years of age, he or she may elect to delay commencement of benefits until a future date, which may not be later than the date as of which benefits must commence pursuant to the Plan document, and may elect to receive payment in a lump-sum or over one of the following periods (or a combination thereof):

1. Description of Plan (Continued)

Payment of Benefits (Continued)

- The life of the participant and a designated beneficiary
- A period certain not extending beyond the life expectancy of the participant; and
- A period certain not extending beyond the joint life and last survivor expectancy of the participant and a designated beneficiary

If the participant's accrued benefit is to be distributed in other than a lump-sum, then the amount to be distributed each year must be at least an amount equal to the quotient obtained by dividing the participant's accrued benefit by the life expectancy of the participant or the joint and last survivor expectancy of the participant and designated beneficiary. For this purpose, life expectancy and joint and last survivor expectancy are computed by use of the return multiples contained in U.S. Treasury Regulation Section 1.72-9. For purposes of this computation, a participant's life expectancy may be calculated no more frequently than annually; however, the life expectancy of a designated beneficiary who is not the participant's spouse may not be recalculated. Further, if the participant's spouse is not the designated beneficiary, the method of distribution selected must assure that at least 50 percent of the present value of the amount available for distribution is paid within the life expectancy of the participant.

As an additional alternative or supplement to the foregoing distribution methods and so long as such participant is receiving at least the minimum annual distributions required under the Plan after attainment of the participant's required beginning date, the participant may elect at any time with reasonable advance notice to the Plan administrator and trustee, to receive periodic and/or non-periodic payments, and to vary the amount of such periodic payments to be received, from the participant's account(s) as the participant may specify, provided such requests are reasonable and administratively practicable.

If the participant has not terminated employment with the Firm, in-service withdrawals of employee or employer contributions are allowed in certain situations specified by the Plan, such as proven financial hardship.

Upon termination of employment, participants with vested account balances not exceeding $5,000 may be subject to a mandatory distribution. Amounts subject to mandatory rollover requirements are automatically rolled over to an individual retirement account if the participant does not make an affirmative distribution election.

The Plan, in line with the IRS rules, also requires the participants to receive required minimum distributions upon attainment of age 73.

1. Description of Plan (Continued)

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $209,682 and $32,273, respectively. These accounts will be used to reduce future employer contributions. During 2025, employer contributions were reduced by $209,682, from forfeited nonvested accounts, in accordance with plan provisions.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). Accordingly, additions are included in the year in which they are collected and deductions are included in the year in which they are disbursed; however, earnings on investments include adjustments to fair value.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants, the discretionary matching contributions, and discretionary profit sharing contributions from the Company are recorded in the year in which contributions are remitted into the Plan.

2. Summary of Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these modified cash basis financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events were evaluated through October 15, 2026, the date the modified cash basis financial statements were available to be issued. Aside from the matters disclosed in Note 1, there were no events that required recognition or disclosure in these financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Money market funds: Valued at the quoted net asset value (“NAV”) of shares held by the Plan at year end.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. Fair Value Measurements (Continued)

Investments measured at net asset value: Consisting of common-collective trusts, valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Self-directed investments: Included within the self-directed investments are various common stocks and mutual funds. The common stocks are valued at the closing price reported on the active market on which the individual securities are traded. The mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**

Total Investments at Fair Value	$ 156,521,733	$ -	$ -	$ 190,947,953

3. Fair Value Measurements (Continued)

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits—Modified Cash Basis.

Fair Value of Investments that Calculate Net Asset Value

Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trusts - Mellon Stable Value Fund (1)	$ 24,055,640	$ -	Daily	Daily
Common/collective trusts - Schwab Institutional Large Cap Value Trust Fund	$ 16,080,313	$ -	Daily	Daily

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trusts - Mellon Stable Value Fund (1)	$ 20,566,180	$ -	Daily	Daily
Common/collective trusts - Schwab Institutional Large Cap Value Trust Fund	$ 13,860,040	$ -	Daily	Daily

3. Fair Value Measurements (Continued)

(1) Mellon Stable Value Fund

Participants may elect to invest in the Mellon Stable Value Fund. The objective of this fund is to generate income while maintaining stability of invested principal. This fund pursues its objective by investing primarily in a diversified portfolio of fixed-income instruments which may include various types of guaranteed investment contracts, repurchase agreements, U.S. treasury and agency securities, high quality debt securities including mortgage-backed, commercial mortgage-backed, asset-backed and corporate securities held by the fund within contracts intended to minimize market volatility, and cash and cash equivalents, including certificates of deposit and money market instruments. This fund may also invest in affiliated and unaffiliated bank collective funds and money market funds.

4. Concentrations

At December 31, 2025, the Plan had significant concentrations of investments in the Fidelity 500 Index Fund, T. Rowe Price Institutional Large Cap Growth Fund, Mellon Stable Value Fund, Dodge & Cox Balanced Fund, Schwab Institutional Large Cap Value Trust Fund, and T. Rowe Price Retirement Blend 2040 Fund which represented approximately 18.5%, 11.2%, 8.0%, 6.0%, 5.4% and 5.0%, respectively, of the Plan's net assets available for benefits. The fair values of these investments totaled approximately $161.8 million at December 31, 2025. At December 31, 2024, the Plan had significant concentrations of investments in the Fidelity 500 Index Fund, T. Rowe Price Institutional Large Cap Growth Fund, Mellon Stable Value Fund, Dodge & Cox Balanced Fund, and Schwab Institutional Large Cap Value Trust Fund, which represented approximately 22.6%, 15.1%, 10.7%, 7.6%, and 7.2%, respectively, of the Plan's net assets available for benefits. The fair values of these investments totaled approximately $121.2 million at December 31, 2024.

5. Transfers Into the Plan

Effective January 1, 2025, the Board of Directors approved the merger of the Greensfelder, Hemker & Gale, P.C. Profit-Sharing and 401(k) Plan in the UB Greensfelder LLP Retirement/401(k) Plan. Substantially all plan assets and participant account balances were transferred to the Plan during 2025. Total assets transferred in connection with the merger amounted to $88,827,571 and are presented as transfer from another plan in the accompanying statement of changes in net assets available for benefits.

6. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, Charles Schwab Trust Bank, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis as of December 31, 2025 and 2024, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits—Modified Cash Basis for the year ended December 31, 2025.

7. Life Insurance Premiums

Participants may elect to purchase a life insurance policy using a portion of their 401(k) subject to certain maximum limitations. These life insurance policies are allocated funding arrangements. The cash surrender value at December 31, 2025 and 2024 of $2,028 and $2,119, respectively, is not included in the Plan's assets.

8. Related-Party and Party In Interest Transactions

Certain Plan investments are managed by the Trustee, and therefore, these transactions qualify as party in interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Firm. No such officer or employee receives compensation from the Plan.

9. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

10. Tax Status

The Plan adopted a pre-approved plan offered by Charles Schwab Trust Bank. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been restated since receiving this letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
