Independent Auditors' Report

To the Committee of
Seneca Gaming Corporation 401(k) Plan
Niagara Falls, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Seneca Gaming Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Seneca Gaming Corporation 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Seneca Gaming Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules

and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Seneca Gaming Corporation
401(k) Plan
Notes to Financial Statements

1. Description of Plan

The following brief description of the Seneca Gaming Corporation 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – Established March 1, 2004, the Plan is a defined contribution pension plan covering all eligible employees of Seneca Gaming Corporation (the "Company") and designated affiliates ("affiliates") and is intended to conform to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was restated effective July 15, 2022 to align the plan document for the transition of the Plan's trustee from Wells Fargo Bank, N.A. to Principal Trust Company, which occurred during 2021. The Plan was most recently restated effective April 1, 2025 to include minor modifications.

Participation – All eligible Company employees who have attained the age of 18 and who have completed 90 days of entry service are eligible to participate in the Plan. Unless otherwise elected by the employee, all newly eligible employees are automatically enrolled in the Plan with a contribution of 3% of eligible compensation, which does not automatically increase after enrollment.

Contributions – Participants may elect to contribute 1% - 60% of their eligible pay to the Plan as Pre-Tax or Roth 401(k) contributions, subject to certain limitations. Employees who are age 50 or older by the end of calendar year are allowed to make an additional "catch-up" contribution. This "catch-up" contribution is limited to statutorily defined maximum amounts. The Company makes matching contributions equal to 50% of the first 4% of each participant's 401(k) contributions, not to exceed 2% of the participant's eligible pay. "Catch-up" contributions are not eligible for employer matching contributions.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If a participant is automatically enrolled, their contributions are invested in the Plan's qualified default option until the participant makes an affirmative investment election. Company contributions made on behalf of a participant are invested in the same manner as the participant's elective contributions.

Participant Accounts – Each participant's account is credited with the participant's contributions and the Company's contribution made on the participant's behalf. All contributions are invested according to the participant's investment election. Investment earnings or losses are credited to participants' accounts based on the investment performance of the Plan investment options in which they are invested. Certain Plan expenses are also charged against participants' accounts.

1. Description of Plan (continued)

Vesting – All participants are immediately 100% vested in the portion of their accounts attributable to their 401(k) contributions. Participants become 20% vested in the portion of their accounts attributable to the Company's matching contributions made on their behalf upon completion of one year of service, including at least 1,000 hours of service during the year. Vesting increases 20% per year until participants become 100% vested upon completion of five years of service with the Company.

Loans to Participants – In accordance with Plan provisions, participants may borrow a minimum of $1,000 per loan up to a maximum of 50% of his or her vested account balance. In addition, the total amount a participant may have outstanding as a loan during any 12-month period may not exceed $50,000. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest that ranged from 4.25% – 9.50% at December 31, 2025.

Participants may only have one loan outstanding at any time. Loans are repayable over a period of up to five years, or up to fifteen years if used for the purchase of a primary residence. Loans outstanding are repayable in full at the end of a calendar-year quarter following the calendar-year quarter after the participant's termination of employment with the Company. Notes receivable from participants in the accompanying statements of net assets available for benefits are measured at their unpaid principal balances plus accrued but unpaid interest, if any.

Payment of Benefits and Withdrawals – A participant may elect financial hardship withdrawals before age 59 ½ while employed by the Company. Financial hardship withdrawals are limited to the total of the participant's contributions and the vested portion of the participant's account attributable to Company matching contributions.

A participant may also elect withdrawals from the portion of the participant's account attributable to rollover contributions at any time during employment with the Company.

After attaining age 59½, a participant may elect withdrawals during employment with the Company from the portion of the participant's account attributable to 401(k) contributions, rollover contributions and any qualified non-elective contributions made by the Company and from the vested portion of the participant's account attributable to Company matching contributions.

Upon termination of service due to death, disability, involuntary or voluntary termination, or retirement, a participant or the participant's beneficiary where applicable, is eligible to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Distribution is mandatory if the value of the vested interest is $5,000 or less. Normal retirement age is 65.

1. Description of Plan (continued)

Forfeited Accounts – If a participant terminates employment with the Company before becoming 100% vested in the portion of the participant's account attributable to Company matching contributions, the participant will generally forfeit the non-vested portion as of the earlier of the date on which the participant incurs five consecutive one-year breaks in service or the date of distribution of the participant's vested interest. If a participant is rehired before the date on which the participant incurs five consecutive one-year breaks in service and previously received a distribution of his or her vested interest, the amount forfeited by the participant will be reinstated if the participant repays the amount distributed within a specified period.

Forfeitures are first used to restore returning participant forfeitures, and then to offset Plan expenses and reduce the Company's matching contributions.

The Plan had $278,669 and $102,852 of unapplied forfeitures at December 31, 2025 and 2024, respectively, for participants that have not yet had greater than five consecutive one-year breaks in service.

Administrative Expenses – The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and custodian fees. Some administrative expenses that are paid by the Plan are charged against participants' accounts, while other expenses are fees paid by participants for specific transactions, such as distributions and loans. Expenses related to the Plan's investment options are generally charged to the particular investment option to which the expenses relate.

Income Taxes – The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the volume submitter profit sharing plan is qualified under Section 401(a) of the Code. An adopting employer may rely upon that letter with respect to qualification of its plan under Section 401(a) of the Code.

Although the Plan was restated subsequent to the IRS determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code, and therefore, is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting – These financial statements are prepared on the accrual basis of accounting.

Notes Receivable from Participants – Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred.

No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan administrator offsets the loan against the participant's account balance, the offset is considered to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the published net asset value of shares on public exchanges at year end. There are no reserves against investment values for credit risk.

The Plan presents in the accompanying statements of changes in net assets available for the net appreciation in the fair value of its investments which consists of the realized gains and the unrealized appreciation of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Party-in-Interest Transactions – For the years ended December 31, 2025 and 2024, certain recordkeeping, custodian, legal and accounting services were provided at the expense of the Plan Sponsor.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate, credit, and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events – The Plan Administrator has evaluated the effects of all subsequent events, for recognition or disclosure, through October 15, 2026, the date the accompanying financial statements were available to be issued.

3. Investments – Information Certified by the Trustees' (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company has certified the investments, at fair value, and notes receivable from participants information included in the financial statements and supplemental information as complete and accurate as of and for the year ended December 31, 2025 and 2024, respectively, except that Principal Trust Company did not certify to the completeness and accuracy of the investment measured at net asset value for the years ended December 31, 2025 and 2024. Principal also certified interest and dividend income of $2,853,145 and $2,676,260 as well as net appreciation in fair value of investments of $16,767,961 and $11,534,499 for the years ended December 31, 2025 and 2024, respectively.

4. Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value of the Plan's assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- **Level 1 Inputs** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date. Investments measured at Level 1 inputs include mutual funds totaling $131,492,398 and $112,930,652, at December 31, 2025 and 2024, respectively.
- **Level 2 Inputs** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. There were no assets of the plan that utilized Level 2 inputs as its primary basis for calculating fair value as of December 31, 2025 and 2024, respectively.

4. Fair Value Measurements (continued)

- **Level 3 Inputs** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There were no assets of the plan that utilized Level 3 inputs as its primary basis for calculating fair value as of December 31, 2025 and 2024, respectively.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Pooled Separate Accounts: The Plan has participant-directed investments held in pooled separate accounts of New York Life Insurance Company. The fair value of these investments is based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. The underlying securities in pooled separate accounts are listed on national securities exchanges and valued on the basis on year-end closing prices.

The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted net asset value under agreements with the insurance company. Investments measured at net asset value include pooled separate accounts totaling $7,596,784 and $6,664,254, at December 31, 2025 and 2024, respectively.

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements and the economic environment may significantly affect the net asset value of the pooled separate accounts and, consequently, the fair value of the Plan investments.
