INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
The Prudential Retiree Welfare Benefits Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Prudential Retiree Welfare Benefits Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) and of plan benefit obligations (modified cash basis) as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits (modified cash basis) and of changes in plan benefit obligations (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

MITCHELL TITUS

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis-of-Matter—Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

MITCHELL TITUS

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information to the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

MITCHELL TITUS

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) at December 31, 2025 and the schedule of reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of The Prudential Retiree Welfare Benefits Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Descriptions for the specific benefit programs (e.g., medical, dental, vision, etc.) and Plan documents for a complete description of the Plan's provisions.

General
The Plan generally provides health benefits to eligible retired employees and full-time life insurance salespersons of The Prudential Insurance Company of America (the "Company") and its participating affiliates, other than employees excluded pursuant to collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Benefits
The Plan provides health benefits (medical, dental and vision) to participants and covered dependents. Generally, retired employees are eligible for health benefits if they retire at or after age 55 and have at least 10 years of vesting service or otherwise meet the eligibility requirements for retirement status under The Prudential Merged Retirement Plan (the "Retirement Plan"). Benefits may be provided by insurance contracts, some of which may be underwritten by the Company, depending on the specific coverage. The Plan also provides a Retiree Medical Savings Account ("RMSA") and a PruCredit Account, which are record keeping accounts. Eligible retired employees may generally use the RMSA and PruCredit Account for reimbursement for the cost of premiums for certain medical, dental, vision and prescription drug coverage.

The RMSA is closed to the participation of new employees and rehired employees with forfeited or exhausted RMSAs. Interest credit allocations previously ceased, a time limit was previously established to use the allocations in the RMSA, and types of expenses eligible for reimbursement under the RMSA were previously expanded.

Contributions
The contributions required to provide benefits may be made wholly by the Company, wholly by the participant or by both the Company and the participant, based on the particular eligible coverage. Participants may contribute specified amounts to extend coverage to eligible dependents. The amounts are determined by the Company.

The Company makes contributions to the Plan as needed to fund claims in excess of participants' contributions. Any deficiency of the Plan's net assets over benefit obligations is funded by the Company on a pay-as-you-go basis.

The costs of the postretirement benefits are shared by the employer and retirees. In addition to deductibles, co-pays, and coinsurance for benefits, participants (where applicable) pay monthly contributions into the Plan. Contributions, as an estimated percentage of total medical benefits paid, made by retirees during the years ended 2025 and 2024 were as follows:

Medical Benefits		
Participants Retiring	***Pre 65 Contributions***	***Post 65 Contributions***
Prior to January 1, 1994	No contributions required	No contributions required
January 1, 1994 through December 31, 1997	Varies by year of service • Retiree: 5.6% - 17.8% • Spouse: 7.8% - 38.9%	2025 Varies by year of service • Retiree: 0% - 39.6% • Spouse: 0% - 79.3% 2024 Varies by year of service • Retiree: 0% - 31% • Spouse: 0% - 62.1%
January 1, 1998 through December 31, 2000	Varies by year of service • Retiree: 10% - 27.8% • Spouse: 17.8% - 47.8%	2025 Varies by year of service • Retiree: 15.1% - 42.4% • Spouse: 30.0% - 83.2% 2024 Varies by year of service • Retiree: 11.8% - 33.2% • Spouse: 23.5% - 65.2%
On or after January 1, 2001 through December 31, 2007, and for participants who retire in 2008, 2009 or 2010 and elect the Credit Approach.	2025 Varies by service • Retiree: 19.7% - 76.3% • Spouse: 33.9% - 81.8% 2024 Varies by service • Retiree: 23.7% - 72.6% • Spouse: 37.2% - 78.9%	Individuals receive a service-based credit to a Health Reimbursement Account (HRA) to be used to offset the cost of individual medical or prescription drug coverage in the Alight Retiree Health Exchange. Once the HRA is exhausted, the retiree pays full cost of coverage.
On or after January 1, 2008 (except for participants who retire in 2008, 2009 and 2010 and elect the Credit Approach).	Retiree has a choice to reimburse eligible retiree healthcare premiums until the RMSA balance is exhausted (or forfeited); at which time, retiree pays full cost of coverage.	Retiree has a choice to reimburse eligible individual medical or prescription drug coverage premiums in Alight Retiree Health Exchange or individual Marketplace until the RMSA balance is exhausted (or forfeited); at which time, retiree pays full cost of coverage.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America ("U.S. GAAP"). The modified cash basis of accounting is a cash receipt and disbursement method of accounting unlike U.S. GAAP where information is reported on an accrual basis. However, under the modified basis of accounting investments are stated at their respective fair value or contract value, which is consistent with U.S. GAAP.

Use of Estimates
The preparation of financial statements in accordance with a modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for the variable life insurance policies, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

The Plan invests in group and individual variable life insurance policies issued by Pruco Life Insurance Company ("Pruco Life"), a wholly-owned life insurance subsidiary of the Company, and Pruco Life Insurance Company of New Jersey, a wholly-owned subsidiary of Pruco Life. These investments are carried at their cash surrender value (contract value), which approximates the fair market value of the underlying assets held by insurance company separate accounts for group policies and registered investment companies for individual policies.

Purchases and sales of investments are recorded on a trade-date basis. Interest is recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefit payments made to or for participants are recorded when paid.

Administrative Expenses
Expenses are the obligation of the Plan and are recorded when paid. The Company, without obligation to do so in the future, may pay selected expenses of the Plan. Expenses paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Recently Issued Accounting Pronouncements
Changes to U.S. GAAP are established by the Financial Accounting Standards Board ("FASB") in the form of Accounting Standards Updates ("ASU") to the FASB Accounting Standards Codification ("ASC"). The Plan considers the applicability and impact of all ASU. All ASU were assessed and determined to be not applicable or not material to the Plan.

Subsequent Events
The Plan administrator has evaluated events subsequent to December 31, 2025 and through September 23, 2026, the date the financial statements were available to be issued, and determined that there have not been any events that occurred that require adjustments to these financial statements and there were no events or transactions that require disclosure other than the Plan spinoff described below.

On January 1, 2026, Prudential established The Prudential Retiree Welfare Benefits Plan for Advisors ("Advisors Retiree Welfare Plan") for eligible Prudential Advisors Financial Professionals, Financial Professional Associates, and certain former Financial Professionals and Financial Professional Associates (collectively, "Financial Advisors"). In connection with this, Financial Advisors who were participants in The Prudential Retiree Welfare Benefits Plan ("Retiree Welfare Plan") as of December 31, 2025, became eligible to participate in the Advisors Retiree Welfare Plan and were no longer eligible to participate in the Retiree Welfare Plan. To support the Advisors Retiree Welfare Plan, $41,462,400 of related assets attributable to post-retirement welfare benefits were transferred from the Retiree Welfare Plan to the Advisors Retiree Welfare Plan.

3. Postretirement Benefits

The amount reported as the postretirement benefit obligation represent the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Postretirement benefits include future benefits expected to be paid to or for (a) currently retired employees and their beneficiaries and dependents, and (b) active employees and their beneficiaries and dependents after the employees' retirement from service with the Company and participating affiliates. The postretirement benefit obligation represents the amount that is to be funded by contributions from the employer and from existing Plan assets. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The following table summarizes the significant assumptions used to determine the postretirement benefit obligations as of December 31, 2025 and 2024:

	2025	2024
Weighted average discount rate	5.25%	5.70%
Initial trend rate - Medical/ Rx	8.02%	7.90%
Ultimate trend rate - Medical/ Rx	4.75% at 2036	4.75% at 2035
Initial trend rate - Dental	5.00%	5.00%
Ultimate trend rate - Dental	5.00% at 2026	5.00% at 2025

The Pri-2012 white collar adjusted base mortality table, adjusted for Company specific experience and projected in the future with a generational improvement scale, was used for both December 31, 2025 and 2024.

The health care cost trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. Increasing the assumed rates by one percentage point in each year would increase the postretirement benefit obligation as of December 31, 2025 and 2024 by $27,133,385 and $21,926,927, respectively. Decreasing the assumed rates by one percentage point in each year would decrease the postretirement benefit obligation as of December 31, 2025 and 2024 by $(24,826,265) and $(20,177,102), respectively.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligations.

4. Investments

Certain information in the accompanying financial statements and ERISA-required supplemental schedules related to investments held as of December 31, 2025 and 2024, and net appreciation in fair value of investments and interest for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the Company and the Prudential Trust Company, qualified institutions.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1" measurements) and the lowest priority to unobservable inputs ("Level 3" measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The methods described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or

assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered Investment Companies - are mutual funds registered with the Securities and Exchange Commission. The investments held by the Plan are deemed to be actively traded and the mutual funds are required to publish their daily net asset values ("NAV") and to transact at that price. The Plan values these investments at the closing price reported by the registered investment companies on the reporting date.

Common Trusts - The Plan values these investments at unit value, which is based on the aggregate fair value of the underlying assets (primarily equity securities and bonds) in relation to the total number of units outstanding. The unit value represents the price at which the plan-directed transactions are effected. Unit value is the equivalent of NAV, which is a practical expedient for estimating the fair value of these investments.

As of December 31, 2025 and 2024, there were no unfunded commitments and the redemption frequency was daily on these investment options. The investor-level redemption restrictions for common trusts is withdrawals may be limited to less than the greater of 5% of total account assets or $2 million.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of the dates indicated:

	Investments at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 79,830,294	$ —	$ —	$ 79,830,294
Investments measured at NAV*				
Common trusts				46,996,745
Total investments at fair value				$ 126,827,039

	Investments at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 47,561,932	$ —	$ —	$ 47,561,932
Investments measured at NAV*				
Common trusts				47,715,790
Total investments at fair value				$ 95,277,722

* The Plan excludes from the fair value hierarchy investments that are measured at NAV per share (or its equivalent) as a practical expedient to estimate fair value.

6. Tax Status

As of December 31, 2025 and 2024, the Plan held 100% of the net assets available for benefits in the following trusts, which were established under the Plan documents:

a. **The Prudential Welfare Benefits Trust for Union Employees** was established to fund medical and other welfare benefits for eligible union employees, retirees, totally disabled employees, dependents, and surviving dependents and applicable expenses of the Plan and trust. The trust received an exemption letter dated March 15, 2001, stating that the trust is tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code ("IRC").

b. **The Prudential Retiree Health Benefits Trust** was established to fund post-retirement health benefits and other welfare benefits as Prudential may designate through use of such trust for eligible retirees, dependents, and surviving dependents and applicable expenses of the Plan and trust. The trust received an exemption letter dated June 3, 2004, stating that the trust is tax-exempt under the provisions of Section 501(c)(9) of the IRC.

As a result of the Plan's funding policy, from time to time the trusts may be subject to income taxes. Unrelated business income tax of $546,486 and $650,000 was recorded in 2025 and 2024, respectively and is included in administrative expenses in the Statements of Changes in Net Assets Available for Benefits. In addition, the Plan and the trusts are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trusts are tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related Party Transactions

The Prudential Insurance Company of America (or an affiliate) acts as the investment manager for some of the Plan's investments. To the extent a party-in-interest is involved, the transactions in these investments qualify as exempt party-in-interest transactions under ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
