INDEPENDENT AUDITOR'S REPORT

Participants and Trustee
Brewery X 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Brewery X 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Brewery X 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Brewery X 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Brewery X 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Brewery X 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Brewery X 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The Supplemental Schedule of Assets Held for Investment Purposes as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management

and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BREWERY X 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2025

NOTE 1: DESCRIPTION OF THE PLAN

On January 1, 2023, Brewery X, LLC (the "Company") adopted a 401(k) plan known as Brewery X 401(k) Plan (the "Plan"). The following description of the Plan only provides general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees. Employees are eligible to participate in the plan once they have attained the minimum age of 21 and have met the 12-month service requirement. Eligible employees are automatically enrolled to contribute 6% of their compensation to the Plan, unless they affirmatively elect not to participate within the first 90 days of enrollment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company and Plan trustee administer the Plan.

Plan Custodian and Recordkeeper

The trustee of the Plan is Matrix Trust Company ("Matrix"). Recordkeeping services are provided by Human Interest, Inc. under an agreement with the Plan. Certain information included in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company, a qualified institution.

Contributions and Funding Policy

Each year, participants may contribute up to 90% of their annual compensation, and up to 50% of compensation for Roth deferrals, as defined in the Plan, up to the maximum contribution amount permitted under the Internal Revenue Code. The maximum participant elective contribution allowed for the years ended December 31, 2025 and 2024 was $23,500 and $23,000, respectively ($31,000 and $30,500 for participants age 50 and over, respectively). Participants direct the investment of their contributions into the investment options offered by the Plan. The Plan currently offers mutual funds. The Plan allows participants to roll over eligible amounts to the Plan from other qualified retirement plans.

The Plan is designed to qualify as a safe harbor 401(k) plan. Employee contributions are matched by Company contributions of 100% of the first 1%, plus 50% up to the next 6% of the employees' eligible compensation, in accordance with the Plan's safe harbor matching provisions. During the years ended December 31, 2025 and 2024, the Company made total matching contributions totaling $165,538 and $166,346, respectively, to the Plan.

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of a) the Company's matching contribution and, b) Plan earnings, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

Vesting

Participant accounts are immediately vested in employee contributions plus earnings thereon. Vesting in the Company's matching contributions is based on a two-year cliff vesting schedule in which participants are vested at 0% after one year of service and 100% after two years of service. A year of service is defined as 1,000 hours worked during the year.

Forfeitures

Forfeitures of non-vested employer contributions may be used to offset administrative expenses, reduce employer contributions, or as a non-elective contribution. During the year ended December 31, 2025, the Plan incurred forfeitures totaling $34,421, which includes $20,757 from a prior year correction of employer matching contributions. During 2025, $36,617 were used to offset employer matching contributions. During the year ended December 31, 2024, the Plan incurred forfeitures totaling $25,626, of which $23,430 were used to offset employer matching contributions. The remaining unapplied forfeitures of $2,196 was reported as cash in the statement of net assets available for plan benefits as of December 31, 2024.

Notes Receivable from Participants

Loans to participants are authorized by the administrator and trustees who are responsible for determining the terms and conditions. These loans are available to all participants on a non-discriminatory basis. The minimum amount of any loan is $1,000 and may not exceed the lesser of 50% of the participants vested account balance as of the date of loan origination, or $50,000. The loans generally must be repaid through payroll deductions over a period not to exceed five years. The notes are secured by the vested balance in the participant's account and bear interest at 8.0% to 9.50% during 2025. Interest rates are determined by the Plan administrator based on prevailing market rates. Participant loans in the amount of $22,895 and $11,599 at December 31, 2025 and 2024, respectively, are included in the accompanying financial statements under the caption "Notes receivable from participants."

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

Upon termination of service, other than death, participants will receive a lump sum payment equal to 100% of the participant's vested interest that can be distributed directly to the participant or rolled over to a qualified retirement plan or an individual retirement account.

In service distributions are permitted by the Plan after age 59 ½. In addition, the Plan allows participants to make early withdrawals for certain financial hardships. Distribution of benefits can also be accessed in the event of disability or death.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Plan investments are included in the accompanying financial statements, which are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest earned to date is included in the investment value. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded at the ex-dividend date.

Notes Receivable from Participants

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. If participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Administrative and other expenses are recorded as incurred.

Payment of Benefits

Benefits are reported when paid.

Subsequent Events

Subsequent events were evaluated through October 14, 2026, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024. Classification within the fair value hierarchy table is based on the lower level of any input that is significant to the fair value measurement.

	Assets at Fair Value 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,700,485	$ -	$ -	$ 1,700,485
Total investments at fair value	$ 1,700,485	$ -	$ -	$ 1,700,485

	Assets at Fair Value 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,044,534	$ -	$ -	$ 1,044,534
Total investments at fair value	$ 1,044,534	$ -	$ -	$ 1,044,534

NOTE 4: PLAN TERMINATION

Although the Company has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5: TAX STATUS

The Internal Revenue Service has determined and informed the Company, by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

NOTE 6: PARTY-IN-INTEREST TRANSACTIONS

Matrix Trust Company provided administrative services to the Plan during the years ended December 31, 2025 and 2024 and is considered a party in interest. Fees paid by the Plan for administrative services totaled $14,972 and $8,541 for the years ended December 31, 2025 and 2024, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8: CORRECTION OF OPERATIONAL FAILURES

During 2024, the Plan Sponsor and recordkeeper identified an error in the application of vesting provisions that resulted in certain terminated participants receiving distributions in excess of their vested account balances. The error resulted from an issue in vesting information used to process the distribution. Management has represented that the issue was corrected in accordance with the IRS Employee Plans Compliance Resolution System (“EPCRS”) and applicable Department of Labor guidance.

During 2025, the Plan identified an operational failure related to the exclusion of overtime and double-time pay from eligible compensation used to calculate participant elective deferrals for certain employees. The Plan is evaluating the required corrective contributions in accordance with applicable IRS guidance, including corrective employer contributions and related lost earnings, as applicable. As of the date of the auditor’s report, the correction had not been completed.
