Independent Auditor's Report

To the Plan Administrator of
Lee Enterprises, Inc. Group Dental Plan

Opinion

We have audited the financial statements of Lee Enterprises, Inc. Group Dental Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and benefit obligations for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. Description of Plan

The following description of the Lee Enterprises, Inc. Group Dental Plan (the "Plan") provides only general information purposes only and is sponsored by Lee Enterprises, Inc. (the "Company" or "Plan Sponsor"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan constitutes an employee welfare benefit plan under the applicable section of the Employee Retirement Income Security Act of 1974 ("ERISA") and is extended to substantially all active eligible employees and their eligible dependents. The Plan Sponsor has designated the Plan to pay the dental claims of its participants. Eligible employees may elect dental services through their preferred provider organizations participating in the Plan, or any dental organization of their choice. Claim payments are based on each participant's coverage election.

Contributions

The Plan is contributory, funded by both participant and employer contributions. Employee contributions are based upon rates determined by the Plan Sponsor and the claims processor. Any and all remaining participant claims and administrative fees are paid by the Company who has committed to make payments to the Plan as needed to pay any remaining benefits and expenses related to the Plan.

Master trust

The Plan has an interest in the Pulitzer Inc. Employee Benefits Trust ("Master Trust") which covers benefits of only certain covered participants.

Self-insured benefits

All Plan benefits are self-insured. The claims are processed by the Plan's third-party claims processor under an administrative services only (ASO) arrangement. The claims processor pays claims directly to or on behalf of participants and is then reimbursed by contributions from the Company. The Company is reimbursed by the Master Trust for claims of certain participants. Despite the Plan's utilization of third-party claims' processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

2. Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments held in the Master Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan's interest in the investment gain of the Master Trust, in the accompanying statements of changes in net assets available for benefits includes the Plan's allocation of interest, dividends, realized gains or losses from the sale of investments, and unrealized appreciation in the fair value of investments held by the Master Trust, and fees charged to the Master Trust, which are netted against or included with net appreciation in fair value of investments. These fees represent charges by the Trustee for services provided in connection with recordkeeping and investment management. Net unrealized appreciation in fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investments as of the beginning of the period or the cost of the investment if purchased during the year.

Payment of benefits
Claim payments are recorded when paid by the third-party claims processor as claims paid in the accompanying statement of changes in net assets available for benefits. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as reimbursements payable to Plan Sponsor in the accompanying statements of net assets available for benefits.

Expenses
The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, the trustee, and actuary. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses. All other administrative expenses, such as professional fees, are paid by the Company on behalf of the Plan.

Claims incurred but not reported
Plan obligations at December 31 for claims incurred but not reported are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrators. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Subsequent events
Subsequent events were evaluated through October 15, 2026, the date the financial statements were available to be issued.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board issued Accounting Standards Codification 820, *Fair Value Measurement*, are described as follows:

- Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation technique include:

  - Quoted prices for similar assets or liabilities in active markets;

  - Quoted prices for identical or similar assets or liabilities in inactive markets;

  - Inputs other than quoted prices that are observable for the asset or liability; and

  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments measured at net asset value: Valued at the NAV of units of a limited partnership. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. If the Plan initiates a full redemption of the limited partnership, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. Interest in Master Trust

A portion of the Plan's investments are held in a master trust (the “Master Trust”), which was established for the investment of assets of the Plan and several other Pulitzer Inc. Employee Benefits Trust sponsored retirement plans. Each participating retirement plan has a divided interest in the Master Trust. The assets of the Master Trust are held by Pulitzer Inc. Employee Benefits Trust.

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Total investment income (including net appreciation (depreciation) in the fair value of investments) and administrative expenses of the Master Trust are allocated to the individual plans based upon the amount of the time the Plan’s assets were invested in the Master Trust.

The following table presents the net assets of the Master Trust as of December 31, 2025 and 2024:

	Master Trust Balances 2025	Plan's Interest in Master Trust Balances 2025	Master Trust Balances 2024	Plan's Interest in Master Trust Balances 2024
Mutual funds	$ 26,733,975	$ 392,561	$ 26,375,413	$ 362,037
Limited partnerships	188,451	2,767	242,794	3,333
Total	$ 26,922,426	$ 395,328	$ 26,618,207	$ 365,370

The following are the changes in net assets for the Master Trust for the years ended December 31, 2025 and 2024:

	2025	2024
Changes in net assets		
Net appreciation in fair value of investments	$ 1,343,693	$ 1,037,269
Interest		11,713
Dividends	940,410	951,890
Net investment income	2,284,103	2,000,872
Administrative expenses	(101,567)	(66,970)
Net transfers	(1,878,317)	(2,287,319)
Distributions		(66,486)
Increase (decrease) in net assets	304,219	(419,903)
Net assets		
Beginning of year	26,618,207	27,038,110
End of year	$26,922,426	$26,618,207

Refer to Note 3 for description of the valuation methodologies used.

The following table sets forth by level, within the fair value hierarchy, the assets of the Master Trust at fair value as of December 31, 2025 and 2024:

Master Trust Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$26,733,975	$ -	$ -	$26,733,975
Total assets in the fair value hierarchy	26,733,975	-	-	26,733,975
Investments measured at net asset value (a)	-	-	-	188,451
Total Master Trust assets, at fair value	$26,733,975	$ -	$ -	$26,922,426

Master Trust Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$26,375,413	$ -	$ -	$26,375,413
Total assets in the fair value hierarchy	26,375,413	-	-	26,375,413
Investments measured at net asset value (a)	-	-	-	242,794
Total Master Trust assets, at fair value	$26,375,413	$ -	$ -	$26,618,207

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the Interest in Master Trust table.

Fair value of investments held in the Master Trust that calculate net asset value
The following table summarizes investments held in the Master Trust which are measured at fair value based on net asset value ("NAVs") per share as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. Income tax status

The Voluntary Employees' Beneficiary Association (VEBA) trust funding certain benefits of the Plan received an exemption letter from the Internal Revenue Service ("IRS") dated June 13, 1990, stating that the trust is tax-exempt under the provisions of Section 501(c)9 of the Internal Revenue Code ("IRC"). However, as a result of the Plan's funding policy, from time to time the trust may be subject to income taxes. No federal or state income taxes have been recorded for unrelated business taxable income. In addition, the Plan and the trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to modify the benefits provided to, and contributions required of, participants, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

7. Related-party and party-in-interest transactions

Certain Plan assets were invested in a common trust fund managed by the trustee of the Plan. As described in Notes 1 and 2, the Plan has several arrangements with service providers. These transactions are party-in-interest transactions under ERISA.

Certain administrative functions of the Plan are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of claims paid per the financial statements for the year ended December 31, 2025 to Form 5500:

	2025	2024
Claims paid per the financial statements	$ 1,137,449	$ 1,215,729
Add: Amounts payable for current year-end	36,964	40,000
Less: Amounts payable for prior year-end	(40,000)	(99,355)
Claims paid per Form 5500	$ 1,134,413	$ 1,156,374

Claims incurred but not reported are not considered liabilities under GAAP and, therefore, are not presented as liabilities or claims paid in the accompanying financial statements but are recorded on Form 5500 as a liability.

The following is a reconciliation of the statement of net assets available for benefits per the financial statements as of December 31, 2025 to Form 5500:

	Per Financial Statements	Adjustments	Per Form 5500
Net assets available for benefits per the financial statements	$ 291,046	$ (36,964)	$ 254,082

The following is a reconciliation of the statement of net assets available for benefits per the financial statements as of December 31, 2024 to Form 5500:

	Per Financial Statements	Adjustments	Per Form 5500
Net assets available for benefits per the financial statements	$ 262,136	$ (40,000)	$ 222,136
