Bristol Bay Native Corporation 401(k) Savings Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bristol Bay Native Corporation 401(k) Savings Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bristol Bay Native Corporation 401(k) Savings Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bristol Bay Native Corporation 401(k) Savings Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bristol Bay Native Corporation 401(k) Savings Plan and Trust's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bristol Bay Native Corporation 401(k) Savings Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bristol Bay Native Corporation 401(k) Savings Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Bristol Bay Native Corporation 401(k) Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was originally adopted January 1, 1985, and is a defined-contribution multiple employer plan that covers substantially all employees of Bristol Bay Native Corporation (the Plan sponsor), its subsidiaries, and qualified affiliates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees become eligible to participate on the first day of the calendar month following or coincident with the employee's first hour of service. For matching contributions, a participant becomes eligible on January 1 or July 1, immediately following the date on which the participant completes 1,000 hours of service. The initial computation period is the 12-month period beginning on the first day of work. An employee is credited with a year of eligibility service as soon as the employee completes at least 1,000 hours of service. If an employee does not have at least 1,000 hours of service in their first 12 months of employment, a year of eligibility service can be earned by completing 1,000 hours of service during any plan year beginning after their first day of work.

Contributions

Participant contributions – Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing pre-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may create an annual increase program to gradually raise their contribution rate each year, subject to contribution limits.

Employer contributions – The employer's matching contribution is 5% of each participant's eligible compensation, not to exceed the amount of the participant's deferral amount. The employer's discretionary profit-sharing contribution ranges from 0% to 5% of each participant's eligible compensation. Each subsidiary establishes, and the Plan sponsor's Board of Directors approves, a profit share percentage applicable to its employees, between 0% and 5%, on an annual basis. Participants' eligibility is similar to the employer match, except the employee must also complete 1,000 hours in the current Plan year and be employed at December 31. The profit-sharing contribution amount is determined at Plan year-end and included as a receivable at year-end. The Plan sponsor's Board of Directors, at its discretion, may elect to make an additional contribution to the Plan.

Contributions are subject to regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of the Plan's earnings. Participant accounts are charged a quarterly administration fee, and administrative expenses are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan. Participants may change their investment elections and make transfers between investment options on a daily basis. Participants have the option of having self-directed brokerage accounts for which they may choose to buy any mutual fund.

Vesting

Participants are vested immediately in their contributions, the employer’s matching contributions, and actual earnings thereon. Vesting in the employer's profit-sharing of their accounts is based on years of continuous service. A participant is 20% vested after 2 years of credited service and continues to vest in increments of 20% until 100% vested after 5 years of credited service. Participants become 100% vested in their accounts if, while employed by the Plan Sponsor, they attain normal retirement age (age 65), early retirement age (age 55 and five years of service), or if they become totally and permanently disabled or deceased.

Notes Receivable From Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 minus the highest outstanding loan balance within the prior 12 months or 50% of their vested account balance minus the current outstanding loan balance. The loans are secured by the balance in the participant's account. The loan interest rate, bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Terms range up to five years or greater for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant’s vested balance is less than or equal to $1000, the amount may be automatically distributed in the form of lump sum cash payment. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $1,299,012 and $1,425,676, respectively. Any forfeitures occurring during a Plan year are applied to reduce the contributions of the employer. For the years ended December 31, 2025 and 2024, employer contributions were reduced by $638,474 and $1,383,881, respectively, from forfeited nonvested accounts, in accordance with plan provisions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, and custodians, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from participants and the matching contributions from the employer are recorded in the year in which the related participant contributions are withheld from compensation.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. The Plan operates on a per participant fee that is deducted from participant accounts.

Subsequent Events

Subsequent events were evaluated through October 15, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments measured at net asset value: Consisting of collective trusts, valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts: This asset category represents separate brokerage accounts that offer a wide range of investment opportunities. The investments held within these accounts are mutual funds valued at net asset values of shares held at year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 537,292,179	$ -	$ -	$ 537,292,179
Self-directed brokerage accounts	1,286,617	-	-	1,286,617
Total assets in the fair value hierarchy	538,578,796	-	-	538,578,796
Investments measured at net asset value (a)	-	-	-	15,987,729
Total investments at fair value	$ 538,578,796	$ -	$ -	$ 554,566,525

Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 447,035,471	$ -	$ -	$ 447,035,471
Self-directed brokerage accounts	1,064,695	-	-	1,064,695
Total assets in the fair value hierarchy	448,100,166	-	-	448,100,166
Investments measured at net asset value (a)	-	-	-	15,662,481
Total investments at fair value	$ 448,100,166	$ -	$ -	$ 463,762,647

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

4. Information Certified by Custodians

The Plan Administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Lincoln Financial Group Trust Company, Inc., the Plan’s current custodian and a qualified institution, certified to the completeness and accuracy of the Plan’s investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits and the accompanying Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity, including net appreciation, interest and dividends, and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the period from July 23, 2025 through December 31, 2025.
Matrix Trust Company, the Plan’s previous custodian and a qualified institution, certified to the completeness and accuracy of the Plan’s investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2024, and the related investment activity, including net appreciation, interest and dividends, and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2025 through July 23, 2025.

5. Related-Party and Party-In-Interest Transactions

During a portion of 2025, Matrix Trust Company served as custodian of the Plan and provided certain administrative services to the Plan. Effective July 23, 2025, Lincoln Financial Group Trust Company, Inc. became the Plan's custodian, and Lincoln Financial Group began providing recordkeeping and related administrative services to the Plan. Transactions with parties providing services to the Plan may qualify as party-in-interest transactions under ERISA.

Fees incurred by the Plan for investment management services are included in net appreciation in the fair value of investments, as applicable. During the period in which Matrix Trust Company served as custodian, Matrix Trust Company received revenue from investment fund service providers for services provided to the funds. This revenue was used to offset certain amounts owed for administrative services to the Plan. If the revenue received exceeded the amount owed for such services, the excess was remitted to the Plan's trust.

Beginning July 23, 2025, Lincoln Financial Group credits a portion of its recordkeeping fees to a Plan expense account held in the Plan's trust. The account is invested in a capital preservation investment issued by an affiliate of Lincoln Financial Group. Amounts in the account are used, at the direction of the Plan Administrator, to pay qualified Plan expenses.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The IRS has determined and informed the Sponsor by a letter dated November 9, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Delinquent Participant Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Plan administrator has determined the amount of related lost earnings and has remitted these amounts to participants’ accounts during 2025, and will correct subsequent to year-end, for the portion that was not corrected as of December 31, 2025.
