Independent Auditor's Report

To the Administrative Committee
GIS Holdings, LLC Compensation Deferral Plan
Houma, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of GIS Holdings, LLC Compensation Deferral Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section:

- The amounts and disclosures in the 2025 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the 2025 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the 2025 Financial Statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and schedule of delinquent participant contributions as of December 31, 2025 are presented for purposes of additional analysis are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024, were audited by the predecessor auditors. In accordance with the ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report date October 9, 2025, indicated that in their opinion (a) the amounts and disclosures in the 2024 Financial Statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with U.S. GAAP, and (b) the information in the 2024 Financial Statements related to assets held by and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of the GIS Holdings, LLC Compensation Deferral Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by GIS Holdings, LLC (the Company). Participating employers of the Plan are Grand Isle Shipyard, LLC, GIS Engineering, LLC, Discovery Industries, Inc., Global Inspections, LLC and Blanchard Industrial, LLC. The eligibility age requirement for all contributions is age 19. An eligible employee may enter the Plan immediately following the date eligibility requirements are met. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA), as amended. Union employees, nonresidential aliens, and leased employees are excluded from the Plan.

Contributions

Each year, participants may contribute portions of their eligible compensation, up to 100% within the maximum allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans. The Company may make discretionary matching and profit-sharing contributions. Employer matching contributions also apply to catch-up contributions. The Company made discretionary matching contributions of $4,077,838 to the Plan for the year ended December 31, 2025. There were no profit-sharing contributions made in 2025.

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant’s contributions and allocations of the Company’s discretionary matching and profit-sharing contributions, plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions and the Company’s discretionary matching and profit-sharing contributions and earnings.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000, up to a maximum of $50,000, or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear an interest rate which is determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions as determined by the pay frequency of the participants. A participant may only have one loan outstanding at any time.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Distributions from the Plan's assets are made upon the participant's death, disability, retirement, termination of service, or other circumstances as described in the Plan Document. Upon termination, a participant whose vested account balance does not exceed $5,000 valued at the time of the distribution will receive an immediate lump sum payment. A participant whose vested account balance exceeds $5,000 valued at the time of distribution may defer the payment of benefits until April 1st of the calendar year during which the participant attains 70½. Fully vested participants who have attained age 59½ who have not separated from service may obtain distributions of their account balance. Additionally, under certain situations of financial hardship, participants are allowed to withdraw funds from the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and cash in banks. The Plan considers all liquid assets with maturity of less than three months or less to be cash equivalents.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan Document.

NOTES TO FINANCIAL STATEMENTS

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Contributions from plan participants and the contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Use of Estimates

The preparation of the financial statements in conformity with U.S.GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from these estimates.

Tax Status

The Plan is qualified under the appropriate section of the IRC and intends to continue as a qualified plan. The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor by a letter dated August 19, 2020, that the Plan, as designed, is qualified under the appropriate section of the IRC. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred for maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are charged directly to the participant's account and are included in administrative expenses.

NOTES TO FINANCIAL STATEMENTS

NOTE 3. INFORMATION CERTIFIED BY VOYA INSTITUTIONAL TRUST COMPANY (CURRENT TRUSTEE) AND MATRIX TRUST COMPANY (PRIOR TRUSTEE)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Voya Institutional Trust Company, current trustee and Matrix Trust Company, the prior trustee of the Plan.

	2025	2024
Investments, at fair value		
Mutual funds	$ 96,017,547	$ 76,901,598
Investments, at contract value		
Insurance company general account	$ 2,988,825	$ 2,282,536
Cash and cash equivalents	$ -	$ 32,825
Notes receivable from participants	$ 4,005,314	$ 3,123,729

The current trustee also certified to the completeness and accuracy of $10,196,660 of net appreciation in fair value of investments, $3,919,740 in interest and dividend income related to the aforementioned assets, and $239,836 of interest income on notes receivable from participants for the year ended December 31, 2025.

NOTE 4. FAIR VALUE MEASUREMENTS

The Fair Value Measurement Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

***Mutual funds*:** Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2025 and 2024.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 96,017,547	$ -	$ -	$ 96,017,547
Total assets in the fair value hierarchy	$ 96,017,547	$ -	$ -	$ 96,017,547

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 76,901,598	$ -	$ -	$ 76,901,598
Total assets in the fair value hierarchy	$ 76,901,598	$ -	$ -	$ 76,901,598

NOTE 5. INVESTMENT CONTRACT WITH AMERICAN UNITED LIFE INSURANCE COMPANY

The Plan allows participants to invest in a group fixed annuity contract in which the invested funds held in an insurance company general account which supports insurance and annuity obligations. This option is the AUL Stable Value Account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. INVESTMENT CONTRACT WITH AMERICAN UNITED LIFE INSURANCE COMPANY(CONTINUED)

This contract meets the fully benefit-responsive investment contract criteria and is, therefore, reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract because this is the amount received by a participant if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported in the Plan by American United Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. A specified interest rate is declared prior to the beginning of the calendar year and is guaranteed for that year until the new rate is set for the following year.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan Document (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options; (3) bankruptcy of the Company or other company events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations; (4) the failure of the Plan to qualify under 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRS; or (5) premature termination of the contract.

The Plan Administrator believed that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Voya Institutional Trust Company. Voya Institutional Trust Company is the current trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 to Form 5500:

	December 31, 2025
Net assets available for benefits	$ 107,873,154
Less: 2025 contribution receivables	(4,861,468)
Net assets available for benefits, per form 5500	$ 103,011,686

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 to Form 5500:

	December 31, 2024
Net assets available for benefits	$ 86,283,804
Less: Deemed Distributions of Participant Loans	(9,170)
Net assets available for benefits, per form 5500	$ 86,274,634

The following is a reconciliation of statement of changes in net assets available for benefits per the financial statements for the year ended 2025 to Form 5500:

Net increase in net assets available for benefits, per financial statements	$ 21,446,217
Add: change in deemed loans balances	9,170
Less: 2025 contribution receivables	(4,861,468)
Net Income, per form 5500	$ 16,593,919

NOTE 9. PROHIBITED TRANSACTIONS

During the year ended December 31, 2025, the Plan Sponsor failed to deposit $2,770,842 of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Plan Sponsor is in the process of calculating lost earnings for these late remittances and plans to deposit these lost earnings into affected participants' accounts in 2026 to compensate those participants for potential lost income due to the delays. The Plan Sponsor also plans to apply for relief under the Voluntary Fiduciary Correction Program (VFCP).

NOTES TO FINANCIAL STATEMENTS

NOTE 9. PROHIBITED TRANSACTIONS (Continued)

During the year ended December 31, 2024, the Plan Sponsor failed to deposit $5,629,718, respectively, of participant contributions within the required timeframe as stated by the United States DOL. The DOL considers late deposits to be prohibited transactions. The Plan Sponsor deposited lost earnings for these late remittances into affected participants' accounts in 2025 to compensate those participants for potential lost income due to the delays. The Plan Sponsor successfully filed for relief under the VFCP.

NOTE 10. SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, October 13, 2026.

Effective April 1, 2026, the Engineering and Inspection Services, LLC 401(k) PS Plan merged with the Plan and approximately $13.7 million in assets were transferred in.

Other than the events described above, there were no additional subsequent events that required recognition or disclosure in these financial statements.
