Independent Auditor's Report

To the Plan Administrator and Participants of
Partners Information Technology 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit on the Financial Statements

We have performed audits of the financial statements of Partners Information Technology 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

- We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.
- We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.
- We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit on the financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, line 4a- Schedule of Reportable Transactions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – SUMMARY OF THE PLAN

Plan Description

The following description of the Partner Information Technology 401(k) Profit Sharing Plan (the "Plan"), formerly known as Partners Consulting Services, Inc. 401(k) Profit Sharing Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was effective on January 1, 1992 and qualifies as a defined contribution retirement plan for Partners Information Technology, Inc. dba Calance (the "Company"), formerly known as Partners Consulting Services, Inc., eligible employees. On January 31, 2012, Partners Information Technology, Inc. took over the Plan and became the Plan's sponsor. This Plan was established for the purpose of providing retirement benefits to eligible employees in accordance with the Plan. The Plan is intended to satisfy the provisions of Section 401(a) of the Internal Revenue Code ("IRC") of 1986, as amended. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Plan is administered by the Company. Voya Retirement Insurance and Annuity Company is the asset custodian of the Plan ("Asset Custodian").

Participant Eligibility

Each of the Company's employees is eligible to participate in the 401(k) Plan. Once the eligibility requirement has been met, employees may enroll in the Plan. In order to be eligible to receive an allocation of the discretionary employer contribution for the Plan year, the employee must have completed 1,000 hours of service during the Plan year.

Contributions

The Company's eligible employees may contribute up to the IRC Section 402(g) limit and/or the Actual Deferral Percentage (ADP) test limit for highly compensated employees. The 402(g) limit for 2025 was $23,500. Participants may also rollover amounts representing distributions from other qualified plans. In addition, all eligible employees who have attained age 50 before the close of the Plan year are permitted to make catch-up contributions in accordance with, and subject to the limitations of, IRC Section 414(v). For 2025, the maximum catch-up contribution limit for participants age 50 and older was $7,500. Effective January 1, 2025, the Plan adopted the enhanced catch-up contribution provisions of SECURE 2.0 Act Section 109. Under these provisions, participants who attain ages 60 through 63 by the end of the Plan year are eligible to make catch-up contributions up to an annual limit of $11,250 for the 2025 Plan year. Participants eligible for catch-up contributions who are outside this age range remain subject to the standard catch-up contribution limits.

NOTE 1 – SUMMARY OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the Company's matching contribution, (b) the Company's discretionary contribution, (c) the participant's contribution and, (d) Plan earnings.

Investment Options

All accounts are invested in accordance with the terms of the Plan document and investment options elected by participants. Participants direct the investment of their contributions into various investments offered by the Plan.

Vesting

Participants are one hundred percent (100%) vested in their contributions plus actual earnings thereon. Participants become vested in their Company matching contributions and Company discretionary account and any earnings as follows. Notwithstanding the vesting schedules, participants become fully vested upon death, disability.

Years of Service	Vested Interest (%)
Less than one year	0
One year but less than two years	20
After two but less than three years	40
After three but less than four years	60
After four but less than five years	80
After five years	100

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contribution account and Company discretionary contribution account and earnings on Company contributions are used first to reduce administrative expenses, then to reduce matching and discretionary contributions. As of December 31, 2025 and 2024, the Plan held forfeited non-vested account balances of $81,899 and $76,713, respectively. These forfeitures represent unallocated assets which will be used to offset future administrative expenses and employer contributions. During 2025 and 2024, $0, and $1,175 respectively, were used to offset administrative expenses.

NOTE 1 – SUMMARY OF THE PLAN (Continued)

Payment of Benefits

In the event of retirement, death, disability, or termination, a participant or beneficiary may elect to receive a lump-sum payment, make partial withdrawals, or rollover the balance in their account to an eligible retirement Plan, equal to the value of the participant's vested interest in his or her account. Distributions will be made as soon as administratively feasible following termination of employment. If upon termination, the participant has not elected to receive or rollover their balance and, if the vested account balance does not exceed $7,000, the Asset Custodian will follow the Plan's provisions for mandatory distribution. If the participant's vested account balance exceeds $7,000, he or she may elect to keep the account in the Plan and maintain his or her account in any of the Plan's investment options.

Any withdrawals made upon terminating employment and prior to the participant attaining age 55 will be subject to the applicable federal and states taxes and/or penalties, unless it is a rollover into an eligible retirement plan or IRA. There is no penalty for withdrawals due to death or disability.

Hardship Distributions

A participant may elect a hardship distribution if it is deemed that the participant has an immediate and heavy financial need as described by the Plan. Any hardship withdrawals made prior to the participant attaining age 59½ will be subject to the applicable federal and states taxes and/or penalties.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of the participant's vested account balance, $50,000, or the limitations set by the Tax Reform Act of 1986 and Section 408(b) of ERISA. Loans are repaid through payroll withholding and generally must be repaid within five years. However, loans used to purchase a participant's principal residence may have a repayment term of up to 20 years. The notes are secured by the balance in the participant's account and bear interest at a rate based on the rates available for similar notes from commercial lending institutions as determined by the Plan Administrator.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Loans mature through February 2033 with interest rates ranging from 7% to 10.50%.

NOTE 1 – SUMMARY OF THE PLAN (Continued)

SECURE Act 2.0 Provisions

In December 2022, the Securing a Strong Retirement Act of 2022 ("SECURE Act 2.0") was enacted, introducing a broad array of mandatory and optional plan provisions intended to enhance retirement savings opportunities, simplify plan administration, and improve participant outcomes. During 2025, the Plan implemented applicable provisions of the SECURE 2.0 Act, as required by law and elected by the Plan Sponsor. Participants are encouraged to review the updated Summary Plan Description and contact the Plan Administrator with any questions regarding how these changes may affect their benefits. Plan management continues to evaluate and implement applicable SECURE 2.0 provisions and related regulatory guidance The adoption and implementation of SECURE 2.0 provisions did not have a material impact on the Plan's net assets available for benefits or changes in net assets available for benefits for the year ended December 31, 2025.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"). A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows.

Accounting Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

The Plan pays recordkeeping, maintenance and service fees. Other Plan expenses are paid by the Company. Investment manager fees are paid from participants' accounts. The Plan incurred $18,805 in administrative expenses during the year ended December 31, 2025.

Payment of Benefit

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Non-Discrimination for Employee and Employer Contributions

The Plan, as required by the IRC, performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund excess deferral contributions or make a Qualified Non-Elective Contribution ("QNEC") for the non-highly compensated employees.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess contributions that are refunded within two and a half months of the Plan year end are accrued as a liability on the statement of net assets available for benefits. For the year ended December 31, 2025, the Company made no QNEC.

Investment Valuation and Income Recognition

Investments are reported at fair value except for investments in the Voya Fixed Account and Voya Fixed Account A ("Fixed Accounts"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Boards ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

The Plan's Fixed Accounts have underlying investments in guaranteed investment contracts ("GICs") and is stated according to the ASC Section 962-325-50-3 ("ASC 962-325-50-3"), which states that contract value is the relevant measurement attributable for that portion of the net assets available for benefits as a defined-contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The accompanying financial statements have been adjusted to report fully benefit-responsive investment contracts at contract value for all periods presented. As of December 31, 2025 and 2024, the contract value of the fixed account investment GIC was $4,773,796, and $5,645,532, respectively. As of December 31, 2025 and 2024 the settlement value of the GIC was $4,268,501, and $4,861,321, respectively. At December 31, 2025 and 2024, the Plan has investments in pooled separate accounts totaling $36,574,172 and $32,547,339, respectively.

Fair value for the Plan's pooled separate account investments is measured using net asset value per share ("NAV") as a practical expedient. NAV of these investments is based on the fair value of the fund's underlying net assets divided by the number of units outstanding. In accordance with Financial Accounting Standards Board Accounting Standards Codification 820-10, since the Plan's pooled separate account investments are measured at NAV as a practical expedient, the disclosure of the fair value hierarchy information of these investments is not applicable. The Plan has no unfunded commitments related to the pooled separate accounts and redemptions and subscriptions are permitted daily.

For the year ended December 31, 2025, the net appreciation in fair market value of investments was $5,465,080.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. All of information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2025 was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Asset Custodian. The contract value of the fixed account investment GIC was certified by the Asset Custodian.

NOTE 4 – TAX STATUS

The Internal Revenue Service made a favorable determination in a letter dated June 30, 2020. that stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The trustee, Plan sponsor, and Plan administrator are not aware of any course of action or series of events that have occurred that would adversely affect the qualified status of the Plan. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan's management does not believe that there are uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for years prior to 2022.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Asset Custodian, therefore, these transactions qualify as party-in-interest transactions which there is statutory exemption under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$41,606,691	$ 38,397,140
Contribution receivable - Participants	-	(4,384)
Corrective distributions payable	-	5,289
Net assets available for benefits per the Form 5500	$41,606,691	$ 38,398,045

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the year ended December 31, 2025 to Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 3,209,551
Contribution receivable - employees prior year	4,384
Corrective distributions payable - prior year	(5,289)
Net increase in net assets available for benefits per the Form 5500	$ 3,208,646

NOTE 9 - PROHIBITED TRANSACTIONS

For the year ended December 31, 2025, the Company submitted late employee contributions totaling $14,200, to the Plan. These late remittances are considered prohibited transactions by the Internal Revenue Service (“IRS”) and Department of Labor (“DOL”) and may be subject to penalties and interest. The Plan Sponsor intends to deposit the lost interest to correct this failure in 2026.

In addition, as of December 31, 2025, lost earnings related to a 2023 late remittance totaling $18,439 had not yet been corrected and remitted to affected participant accounts. Management intends to complete the correction in accordance with applicable DOL and IRS requirements in 2026.

NOTE 10 – SUBSEQUENT EVENTS

The Plan has evaluated and determined that no events have occurred subsequent to the date of the statement of net assets available for benefits through October 15, 2026, the date which the financial statements were available to be issued, which require recording or disclosure in these financial statements.
