REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Participants and Plan Administrator of
Campbell Soup Company Retiree Medical Plan

Opinion

We have audited the financial statements of Campbell Soup Company Retiree Medical Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits and changes in its plan benefit obligations for the year ended December 31, 2025 in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Grant Thornton

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Campbell Soup Company Retiree Medical Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan sponsor.

General

The Plan provides health benefits to certain eligible former employees of The Campbell's Company, formerly known as Campbell Soup Company (the "Company") and its participating subsidiaries, as well as their spouses and dependent children. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

On January 1, 2015, the Company established a trust to hold direct bill receipts and pension deductions of retirees that contribute toward their health benefits. The trust is periodically used in association with the Company to pay the health benefits covered by the Plan (which is self-insured) and reasonable plan expenses.

Benefits

The Plan provides health benefit coverage options, including hospitalization, major medical, and prescription drug coverage. In addition, the Plan reimburses certain medical expenses through Retiree Medical Accounts ("RMA") and Health Reimbursement Arrangements ("HRA"). Eligibility for the RMAs and HRAs varies, and both are funded solely through Company contributions. The RMAs and HRAs allow eligible participants to be reimbursed tax free for qualified medical expenses subject to a specified ceiling. Amounts remaining at the end of the year can generally be carried over to the next year. For participants with RMAs, an interest credit is applied to the account at the end of every calendar year based on the yield of the 30-year U.S. Treasury bonds from the prior November. Effective as of January 1, 2025, the interest credit will no longer be applied to non-union participants not covered by collective bargaining agreements with RMAs as of December 31, 2025 and thus, no interest will be applied based on their available RMA balance for 2025 and subsequent calendar years. The Company is not permitted to refund any part of the balance to the participant and the account cannot be used for anything other than reimbursements for qualified medical expenses.

The Plan provides continuation of certain benefits to qualified beneficiaries as a result of a qualifying event, as defined in the Plan document, through the Consolidated Omnibus Budget Reconciliation Act of 1985 ("COBRA"), as amended.

The Plan no longer sponsors medical coverage for certain Medicare-eligible retiree groups, including both retiree members covered by the Company's remaining collective bargaining agreements, as well as non-union retiree members not covered by collective bargaining agreements. Instead, the Plan offers all these Medicare-eligible retirees' access to health care coverage through a private exchange and offers a HRA to subsidize benefits for a select group of such retirees. In addition, the Company offers eligible retirees a subsidized HRA and provides a catastrophic prescription drug benefit for eligible participants.

Self-Insured Benefits

Claims for self-insured benefits include hospitalization, major medical and prescription drug coverage, are processed by the Plan's third-party claims processors under Administrative Services Only arrangements. The claims processors pay claims directly to or on behalf of participants and are then reimbursed by the Plan. Despite the Plan's utilization of third-party claim's processors, ultimate responsibility for payments to providers and participants is retained by the Plan.

Contributions

In addition to deductibles and co-payments, participants are generally required to contribute to the Plan to partially fund the cost of their health benefits. Amounts required to be contributed by participants are determined annually by the Company in accordance with the Plan document and are based on applicable monthly premiums for their respective benefit elections. The remainder of the funding required to pay benefits under the Plan is paid by the Company. The Company makes contributions to the Plan as needed to fund claims in excess of participants' contributions. Any deficiency of the Plan's net assets over benefit obligations is funded by the Company on a pay-as-you-go basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein; claims payable; and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash

The Plan maintains its cash in a bank deposit account that at times exceeds federally insured limits. As of December 31, 2025 and 2024, the noninterest bearing account held with insured institutions are guaranteed by the Federal Deposit Insurance Corporation up to $250,000. The Plan has not experienced any losses on this account, and the Plan Administrator believes the Plan is not exposed to any significant risk on this account.

Deposits

Deposits in the accompanying statements of net assets available for benefits represents the deposits available to pay future claims at Horizon Blue Cross Blue Shield of New Jersey as of December 31, 2025 and 2024, in the amount of $131,096 and $110,565, respectively.

Prescription Drug Rebates

The Plan periodically receives rebates associated with prescription drug coverage contract arrangements. Formulary rebates are estimated on a quarterly basis and payments are received quarterly. Rebates are recorded when earned. Prescription drug rebates receivable as of December 31, 2025 and 2024 totaled $19,201 and $47,819, respectively. The amount is also recorded as an offset to claims paid, net in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

Payment of Benefits

Claim payments are recorded when submitted to the Plan for reimbursement by the third-party claims processor. Amounts due to claims processors that have yet to be reimbursed by the Plan are recorded as claims payable in the accompanying statements of plan benefit obligations.

NOTE 3 - ACCUMULATED POSTRETIREMENT BENEFIT OBLIGATIONS

A postretirement obligation has been recognized for retiree medical benefits for eligible participants and their dependents upon retirement. In addition, a postretirement benefit obligation has been recognized for health and welfare benefits for qualified beneficiaries through COBRA. These benefit obligations represent the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to employee service rendered to the date of the financial statements reduced by the actuarial present value of contributions expected to be received in the future from current retirees of the Plan. The obligations represent the amounts that are expected to be funded by contributions from the Company and from existing assets of the Plan. Postretirement benefits include benefits expected to be paid to or for currently retired or terminated participants and their beneficiaries and dependents.

The actuarial present value of the expected postretirement benefit obligations is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The obligation for COBRA benefits is estimated by an actuary based on the actual number of qualified beneficiaries utilizing COBRA benefits as of the measurement date and claim payment history.

Assumptions used to measure the projected benefit obligation:

	2025	2024
Weighted-average discount rate	5.09%	5.55%
Census measurement date, projected to year end	8/1/2025	8/1/2024
Retirement age-normal	55-70	55-70

Assumed health care cost trend rates:

	2025	2024
Health care cost trend rate assumed for next year	6.50%	6.50%
Rate to which the cost trend rate is assumed to decline (ultimate trend rate)	5.00%	5.00%
Year that the rate reaches the ultimate trend rate	2032	2030
Life expectancy	Pri-2012 Mortality Tables with MP-2021 Mortality Improvement Scale applied on a generational basis in 2025	Pri-2012 Mortality Tables with MP-2021 Mortality Improvement Scale applied on a generational basis in 2024

The health care cost trend rate assumption can have a significant effect on the amounts reported as postretirement benefit obligations. If the assumed rate increases by 1 percentage point, that will increase the obligation as of December 31, 2025 and 2024 by $12,743 and $17,261, respectively.

NOTE 4 - ADMINISTRATION OF PLAN ASSETS

Substantially all administrative expenses of the Plan, including, but not limited to, costs related to claims processing are paid from Plan assets. Certain other expenses of the Plan, including legal, accounting and actuarial costs are paid by the Company.

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions of the Plan are performed by employees of the Company. No such employee receives compensation from the Plan. As described in Notes 1 and 2, the Plan has several arrangements with service providers. These transactions are exempt party-in-interest transactions under ERISA.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to and contributions required of participants, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

NOTE 7 - TAX STATUS

The Plan's Administrators believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The trust is established to fund the benefits of the Plan and may be subject to income taxes. No federal or state income taxes have been recorded in 2025 or 2024.

U.S. GAAP requires Plan Administrators to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no such audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 - MEDICARE PRESCRIPTION DRUG, IMPROVEMENT AND MODERNIZATION ACT OF 2003

In December 2003, the Medicare Prescription Drug, Improvement and Modernization Act of 2003 (the “Act”) was signed into law. The Act introduces a prescription drug benefit under Medicare Part D and also provides for a tax-free federal subsidy to sponsors of retiree health care benefit plans that provide an actuarially equivalent level of prescription drug benefits. Benefits under the Plan have been evaluated and found to be actuarially equivalent to Medicare Part D.

The Plan is not directly entitled to the subsidy nor are the participant benefits affected by the subsidy as the subsidy is provided to the Plan sponsor. Therefore, the Plan's postretirement benefit obligations do not reflect the subsidy while the Company has included the effect of the Medicare subsidy in calculating its postretirement benefit obligations. Accordingly, the Plan's accumulated postretirement benefit obligation differs from the Company's.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events for recognition or disclosure through October 12, 2026, the date the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in these financial statements.

Part III Form M-1 Compliance Information (to be completed by welfare benefit plans)

11a If the plan provides welfare benefits, was the plan subject to the Form M-1 filing requirements during the plan year? (See instructions and 29 CFR 2520.101-2.) ☐ Yes ☒ No

If "Yes" is checked, complete lines 11b and 11c.

11b Is the plan currently in compliance with the Form M-1 filing requirements? (See instructions and 29 CFR 2520.101-2.) ☐ Yes ☐ No

11c Enter the Receipt Confirmation Code for the 2025 Form M-1 annual report. If the plan was not required to file the 2025 Form M-1 annual report, enter the Receipt Confirmation Code for the most recent Form M-1 that was required to be filed under the Form M-1 filing requirements. (Failure to enter a valid Receipt Confirmation Code will subject the Form 5500 filing to rejection as incomplete.)
