Independent Auditor's Report

The Trustees
Kitsap Mental Health Services 403(b) Retirement Plan
Bremerton, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Kitsap Mental Health Services 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and Variable Annuity Life Insurance Company and The Lincoln National Life Insurance Company did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

1. Description of Plan

The following description of the Kitsap Mental Health Services 403(b) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan document for a more complete description of Plan's provisions.

General

The Plan was adopted effective January 1, 1988 by Kitsap Mental Health Services (the Employer), the sponsor of the Plan. The Plan is a defined contribution plan covering substantially all employees of the Employer, as defined below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Custodians and Administration of the Plan

The custodians and recordkeepers of the Plan are Principal Trust Company (Principal), Variable Annuity Life Insurance Company (VALIC), and The Lincoln National Life Insurance Company (Lincoln) and their affiliates. The administrator of the Plan is the Employer. Certain employees of the Employer serve as trustees for the Plan. The third-party administrator of the Plan is Cascade 401(k) Consultants. The custodians hold all assets of the Plan in accordance with the service provider contracts with the Employer. The trustees determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility

Employees of the Employer are considered eligible for participation, except for nonresident aliens with no U.S. source of income, students performing services described in Internal Revenue Code (IRC) Section 410(b)(3)(C), and employees that are expected to work less than 20 hours per week, until such time that they reach 1,000 hours in a Plan year. To participate in the Employer non-elective contributions, employees must complete one year of service, which consists of at least 1,000 service hours. An eligible employee can enter the Plan immediately. Plan entry for Employer non-elective contributions is monthly.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the Plan administrator and the Plan document. The Plan also allows for Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Employer may make a discretionary non-elective contribution to the Plan. The discretionary non-elective contributions for 2025 were 4% of compensation for eligible participants.

Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their individual deferral, Roth, and rollover contributions and the allocated earnings thereon. A participant's vested interest in the discretionary non-elective contributions are based upon the participant's years of continuous service. Employer contributions are subject to the following vesting schedule below:

Vesting Service (Years)	Vesting (%)
Less than 2	-
2, but less than 3	20
3, but less than 4	50
4, but less than 5	75
5 or more	100

Participants become fully vested in the event of retirement, death, or disability, as defined by the Plan.

Payment of Benefits

Upon termination of service, a participant or the participant's beneficiary, upon their consent, will receive a lump-sum amount equal to the value of the participant's vested interest in their account provided their vested account balance is in excess of $5,000. For terminated participants with vested balances greater than $1,000, but less than $5,000, their vested balance may be automatically rolled into an individual retirement account unless otherwise elected. Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is $1,000 or less. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdraw an amount at age 59½ if certain criteria are met.

Forfeitures

At December 31, 2025 and 2024, forfeited non-vested accounts totaled approximately $7,900 and $200, respectively. These amounts may be used to pay administrative expenses, reduce employer contributions, or be allocated to participants. Approximately $96,200 of the forfeited funds were used to pay administrative expenses and fund employer contributions in 2025.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance in their account during the prior

12-month period. Loans are secured by the participant's account and bear an interest rate at prime plus 1%. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the IRC. Also, each participant may not have more than two loans outstanding at any time.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation. Non-elective contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal, VALIC, and Lincoln, qualified institutions.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 or 2024. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate Accounts - Investments in the separate accounts are variable-dollar annuities. Units held in separate accounts are valued at NAV. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets, less any liabilities, and then divided by the number of units outstanding. The NAV's unit price is quoted in a market that is not active. However, the unit price is based on underlying investments, which are traded in active markets. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments, the investments can be redeemed on a daily basis, and there is no redemption notice period.

Fixed Annuity Contracts - The non-fully benefit-responsive (NFBR) fixed annuity contracts, composed of the VALIC Fixed Account Plus and Lincoln Fixed Account, are reported at fair value, which is approximated by contract value. Fair value is determined using a discounted cash flow model. The contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals. The fixed annuity contracts are not available for sale or transfer on any securities exchange. The fixed annuity accounts are subject to various restrictions (see Note 5).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 23,244,475	$ -	$ -	$ 23,244,475
Fixed annuity contracts	-	-	1,221,718	1,221,718
	$ 23,244,475	$ -	$ 1,221,718	24,466,193
Separate accounts at NAV				594,785
Total Investments, at fair value				$ 25,060,978

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,346,413	$ -	$ -	$ 19,346,413
Fixed annuity contracts	-	-	1,197,453	1,197,453
	$ 19,346,413	$ -	$ 1,197,453	20,543,866
Separate accounts at NAV				552,345
Total Investments, at fair value				$ 21,096,211

The following table summarizes investment strategies for the separate accounts valued at NAV:

December 31,	**2025**	2024
Long-term growth	**$ 309,439**	$ 280,365
Long-term growth meeting social criteria	**246,405**	235,022
Income and preservation of capital	**22,709**	20,675
Income	**16,232**	16,283
	$ 594,785	$ 552,345

Total sales of the fixed annuity contracts (NFBR) were $28,400 for the year ended December 31, 2025. There were no investments transferred to or from Level 3 during the year ended December 31, 2025.

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

December 31, 2025

Type	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values (%)
VALIC Fixed Account Plus	$ 1,178,602	Discounted cash flow/theoretical transfer (exit price)	Risk-adjusted market rates	4.50
Lincoln Fixed Account	43,116	Transfer value	Crediting rates	3.50

The remainder of this page intentionally left blank.

December 31, 2024

Type		Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values (%)
VALIC Fixed Account Plus	$	1,154,171	Discounted cash flow/theoretical transfer (exit price)	Risk-adjusted market rates	4.50
Lincoln Fixed Account		43,282	Transfer value	Crediting rates	3.50

5. Fixed Annuity Contracts

As discussed in Note 4, fixed annuity contracts consist of investment options available to participants including the VALIC Fixed Account Plus and Lincoln Fixed Account. These investments are guaranteed interest accounts (GIAs).

The GIAs are fixed-return products with annual interest rate guarantees and are credited on a net monthly basis at annual effective rates. Fair value is determined based on a discounted cash flow model by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer or the theoretical exit price. VALIC values the fixed account based on the amount paid when funds are withdrawn prior to their maturity for an event other than death, disability, termination, or retirement. The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

6. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed and/or sponsored by the custodians or their subsidiaries and affiliates. Participant loan and distribution processing fees are paid to the custodians and third-party administrator by participants. The Plan also issues loans to participants that are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

8. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set

forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

9. Tax Status

The Plan uses a pre-approved plan from its recordkeeper, which received an opinion letter from the IRS dated March 31, 2017 that states that the pre-approved plan, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

10. Subsequent Events

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.
