Report of Independent Auditors

To the Administrator of Retriever Medical Dental Payments 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Retriever Medical Dental Payments 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the Retriever Medical Dental Payments 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan provisions.

General

The Plan was established on January 1, 2014 and is a defined contribution plan which provides benefits to eligible employees of Retriever Medical Dental Payments, LLC (the "Company" or "Plan Administrator'' or "Plan Sponsor''). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2025, ADP Retirement Trust Services, LLC became the legal custodian and trustee of the Plan, succeeding Reliance Trust Company, which served as legal custodian and trustee through December 31, 2024. ADP Retirement Trust Services, LLC and Reliance Trust Company are collectively referred to as the "Trustees". ADP, Inc. provides recordkeeping and participant services, and State Street Bank and Trust Company is the physical custodian of the Plan.

Participation

Prior to December 1, 2025, eligible employees who had attained age 21 and completed one month of service were eligible to participate in the Plan for purposes of making participant contributions. Eligible employees who had attained age 21 and completed 12 consecutive months of service, including at least 1,000 hours of service, were eligible to receive employer contributions. Effective December 1, 2025, the Plan was amended to provide that eligible employees who have attained age 21 are eligible to participate in the Plan for all contribution types, with no service requirement. Such employees enter the Plan on the first day of the month coinciding with or next following satisfaction of the eligibility requirement.

Contributions

Participants can make voluntary pre-tax and Roth 401(k) contributions of up to 90% of their eligible compensation, not to exceed the 2025 limit of $23,500 set by the Internal Revenue Service ("IRS"). In addition, participants age 50 or over are eligible to make additional "catch-up" contributions to the Plan of up to $7,500 in 2025. Participants who attain age 60, 61, 62, or 63 during 2025 are eligible to make catch-up contributions of up to $11,250. Catch-up contributions may be made on a pre-tax or a Roth basis. The Company matches participant contributions at a rate of 100% of contributions up to 3% of eligible compensation. Participants are permitted to make rollover contributions from certain other qualified plans.

Vesting

Participants are fully vested at all times in their participant contributions and related earnings. Prior to December 1, 2025, participants' employer contribution account balances became 20% vested after two years of service and an additional 20% vested for each additional year of service, becoming fully vested after six years of service. Effective December 1, 2025, the Plan was amended to provide that participants' employer contribution account balances are 0% vested after one year of service and 100% vested after two years of service. Accordingly, participants who had completed at least two years of service as of December 1, 2025 became fully vested in their employer contribution account balances upon the effective date of the amendment. Participants also become fully vested upon attaining age 65, death, or becoming permanently disabled, in accordance with the provisions of the Plan.

Forfeited Accounts
Upon termination of employment, a participant's nonvested employer contribution account balance is subject to forfeiture in accordance with the terms of the Plan. Generally, forfeitures occur upon the earlier of the distribution of the participant's entire vested account balance or the last day of the Plan year in which the participant incurs five consecutive one-year breaks in service. Forfeitures may be used to pay Plan administrative expenses or reduce future employer contributions. During 2025, $102,007 of forfeitures were used to reduce employer contributions. The balance of forfeited nonvested accounts was $13,511 and $12,965 at December 31, 2025 and 2024, respectively.

Participant Accounts
Each participant's account is credited with allocations of the Company's contribution and account earnings based on the investment activity in the period. The benefit to which a participant is entitled is that which can be provided from the participant's vested account.

Investments
Each participant's account is credited with his/her contribution during the plan year. Each participant will have full responsibility for the investment results of his/her investment choices as offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, taking into consideration the participant's vesting in the employer's contribution as provided in the Plan. Most costs of plan administration are absorbed by the Company.

Notes Receivable from Participants
Participants may borrow from their vested account balances in the Plan up to the lesser of $50,000 or 50% of the value of their vested account balance, subject to certain other restrictions. Generally, loans must be repaid with interest at the prime rate plus 1% within five years. However, if a loan is used by a participant to purchase a principal residence, the Plan Administrator may permit a longer repayment term. At December 31, 2025, participant loan interest rates in effect ranged from 5.00% to 9.50%. At December 31, 2024, participant loan interest rates in effect ranged from 4.25% to 9.50%. Principal and interest are generally repaid through payroll deductions.

Payment of Benefits
Upon reaching age 65 or becoming permanently disabled, a participant may elect to receive vested benefits in the form of a lump sum distribution, substantially equal installments, or partial withdrawals. If the participant is still employed at age 65, they may elect to defer receipt of benefits in accordance with IRC §401(a)(9) required minimum distribution provisions.

Upon termination of employment before age 65, a participant with a vested balance greater than $7,000 may elect to have their vested account balance distributed to the participant or transferred to another qualified plan. Otherwise, such vested account balances may remain in the Plan and earn investment income until distributed.

Participants with a vested account balance that does not exceed $7,000 are subject to the Plan's mandatory distribution provisions and may only receive the benefit as a lump sum distribution. Benefits over $7,000 can be distributed in the form of a lump sum payment, direct rollover, installments, or partial withdrawals, or the payments can be deferred in accordance with IRC §401(a)(9) required minimum distribution provisions.

In the event of the death of a participant, the participant's vested account balance is payable to the participant's beneficiary in accordance with the terms of the Plan. Death benefits may be paid in a lump sum, installments, or partial withdrawals, subject to the Plan's required minimum distribution provisions.

Effective April 1, 2024, the Plan was amended to allow active employees to take hardship withdrawals of no less than $500, subject to the conditions and limitations of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The following is a summary of significant accounting policies.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various registered investment companies (mutual funds). Investment securities, in general, are exposed to various risks, such as interest rate, market volatility, foreign exchange rate, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or an international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investments and Investment Income

Purchases and sales of securities are recorded on a trade-date basis and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

3. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement* ("ASC 820"), which defines fair value, establishes the framework and provides guidance regarding the methods used for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

- **Mutual funds:** valued at net asset value ("NAV") of shares reported in the active market in which the individual fund is traded. The Plan considers the published NAVs of its investments to be readily determinable fair value in accordance with US GAAP.

The following tables present the placement in the fair value hierarchy of assets that are measured at fair value at December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025				
	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Investments Measured at Net Asset Value (NAV)	Total
Mutual funds	$ 15,777,706	$ -	$ -	$ -	$ 15,777,706

	Investments at Fair Value as of December 31, 2024				
	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Investments Measured at Net Asset Value (NAV)	Total
Mutual funds	$ 11,797,139	$ -	$ -	$ -	$ 11,797,139

4. Related Party and Party-in-Interest Transactions

Notes receivable from participants represent loans to participants and qualify as party-in-interest transactions under ERISA. The Company pays most expenses incurred in the administration of the Plan. Fees incurred by the Plan for administrative and investment-related services are included in administrative expenses.

5. Information Certified by the Trustees

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investments and notes receivable from participants held at December 31, 2025, and net appreciation in fair value of investments, dividends and interest income on notes receivable from participants for the year ended December 31, 2025, disclosed in the accompanying financial statements and supplemental schedule were obtained or derived from the information supplied to the Plan Administrator and certified as complete and accurate by ADP Retirement Trust Services, LLC. All investments and notes receivable from participants held at December 31, 2024 were obtained or derived from the information supplied to the Plan Administrator and certified as complete and accurate by Reliance Trust Company.

The following is a summary of the Plan's investment information certified as complete and accurate by the respective Trustees for the periods applicable to their certifications:

	2025	2024
Assets		
Investments, at fair value	$ 15,777,706	$ 11,797,139
Notes receivable from participants	169,128	221,900
Investment income		
Dividends	$ 709,793	
Net appreciation in fair value of investments	1,659,074	
Interest income on notes receivable from participants	14,653	
Total investment income	$ 2,383,520	

6. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. Federal Income Tax Status

The underlying pre-approved plan document has received an opinion letter from the IRS dated October 6, 2020, stating that the written form of the underlying pre-approved plan document is qualified under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving that opinion letter; however, the Plan Sponsor and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the Statements of Net Assets Available for Benefits at December 31, 2025 and 2024 to the Form 5500:

9. Subsequent Events

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued. No matters were identified that would materially impact the financial statements or require disclosure.
