Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
BuildWise PEP
Shrewsbury, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of BuildWise PEP (the Plan or PEP), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the information or statements regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

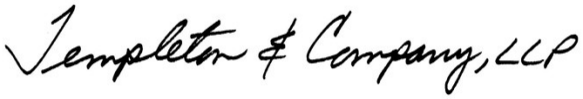

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the BuildWise PEP (the PEP or Plan) provides only general information. Participants should refer to the PEP basic plan document, and the applicable adoption agreement for the participant's employer which has chosen to participate in the PEP (Participating Employer), for a more complete description of the PEP's provisions.

General

The PEP is a pooled employer plan established and administered by Plan Professionals, LLC, the Pooled Plan Provider (PPP), effective January 1, 2021. The PEP was established under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act). The Plan is a defined contribution plan covering eligible employees of the Participating Employers and is intended to qualify under the applicable sections of the Internal Revenue Code (IRC). The PEP is intended to constitute a multiple employer plan, as described under IRC Sections 413(c), 411, 413, and 415. Each Participating Employer elects its own provisions related to eligibility, contributions, notes receivable from participants, vesting, and payment of benefits. The PEP is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered as a pooled employer plan as defined in Section 3(43) of ERISA, in accordance with the requirement of Section 413(e) of the IRC, the regulations thereunder, and other applicable authority. A PEP allows numerous unrelated businesses of any size to participate in a single retirement plan that is managed by a PPP who must register with the Department of Labor (DOL) and the Department of Treasury. The PPP has overall responsibility for the operation and administration of the Plan.

Participating Employers in a PEP have different plan provisions for their respective participating employees. Accordingly, each adopting employer executes an adoption agreement with terms and conditions specific to such employer. Employees of Participating Employers who are not excluded by certain provisions in the Plan document may enter the Plan on various dates coinciding with or following the date on which those employees meet eligibility requirements outlined within their respective Participating Employer's adoption agreement.

The PEP's PPP is responsible for oversight of the Plan. Transamerica Financial Life Insurance Company (Transamerica or the Custodian) serves as the custodian of the PEP's investment assets, processes transactions, and maintains the participant records.

Eligibility

Only employees specifically designated as eligible by their Participating Employers, who are designated by the Participating Employer in its adoption agreement, shall be eligible to participate in the PEP. Participating Employers may define eligibility requirements based on factors such as age, service or employee type. Eligible employees shall be eligible to make contributions and receive allocations of employer contributions as specified in the applicable adoption agreement or otherwise provided by the PEP.

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0 provisions became effective in 2024 and subsequent years. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

Note 1 – Description of Plan, Continued

Contributions

Each year, eligible participants may make pre-tax, and/or after-tax contributions of their eligible annual compensation, as defined by the Plan document, subject to applicable Internal Revenue Service (IRS) limits. Participants may make rollover contributions representing distributions from other qualified defined benefit or defined contribution plans. Additionally, participants who have attained age 50 before the end of the PEP year are eligible to make catch-up contributions. Participants may also make Roth 401(k) deferrals if the Participating Employer has elected this option in their adoption agreement with the Plan.

Participating Employers may elect automatic enrollment and escalation features. Accordingly, if so elected, the Participating Employer will automatically withhold a defined percentage of an eligible participant's compensation based on the terms in Participating Employer's adoption agreement, unless the participant affirmatively opts out or elects a different deferral percentage.

Depending on the provisions in each Participating Employer's adoption agreement, a Participating Employer may make discretionary matching contributions to the Plan on behalf of its deferring employees or make matching contributions equal to a percentage of the amount a participant contributes to the Plan. Additionally, Participating Employers may elect to make safe harbor contributions and/or a profit-sharing contribution at an amount determined in accordance with a specified formula in their respective adoption agreement. Participating Employers may also elect to make true-up matching contributions. Participating Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Participating Employer contributions for the year ended December 31, 2025 totaled $31,767,931. Participating Employer contributions are invested in funds in accordance with the participant's direction and the PEP's provisions.

Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, their Participating Employer's contributions, if any, and Plan earnings thereon. Participants are charged with the participant's withdrawals, applicable transaction charges, and an allocation of administrative expenses. Participants direct the investment of all contributions into various investment options offered by the PEP. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their individual contributions and their Participating Employer's safe harbor contributions, (if any), plus actual earnings thereon. Vesting in any other Participating Employer contributions, plus actual earnings thereon, is based on years of credited service, as elected by each Participating Employer. Vesting periods range from immediate to six years based on graded or cliff vesting schedules, as elected by each Participating Employer. Participant accounts become fully vested upon reaching normal retirement age (65), death, or disability.

Forfeitures

Forfeited nonvested accounts may be used to pay Plan expenses or to reduce future employer contributions. During the year ended December 31, 2025, forfeitures totaling $656,217 were used to reduce Participating Employer contributions and pay Plan administrative expenses. At December 31, 2025 and 2024, forfeited nonvested accounts available to be utilized totaled $693,034 and $926,941, respectively.

Note 1 – Description of Plan, Continued

Notes receivable from participants

Participants are permitted to borrow from their account a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years unless the loan is used to acquire a principal residence of the participant which must be repaid in a reasonable period of time. Loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 1%, as determined by the PPP. A participant may only have one (1) loan outstanding at any time, unless as a result of a conversion from their predecessor plan.

The participant may have loans that were transferred to the PEP, in which case, up to one such grandfathered loan may also be outstanding for a possible maximum total of two loans outstanding. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Principal and interest are repaid through regular payroll deductions.

Payment of benefits

Payment of benefits can be made in a lump-sum, partial distributions, or periodic required minimum distributions based on the Participant Employer's adoption agreement. Upon separation of employment due to termination of employment, death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, in installments, or maintain their vested account balance in the PEP, based on elections made in the Participating Employer's adoption agreement. Participants with vested amounts less than $5,000 will receive a lump-sum distribution. Participants may elect to take in-service withdrawals of their vested accounts if they meet certain defined requirements, including becoming disabled, reaching early retirement age (59½), or due to heavy financial hardship, as defined.

Participants, at any time, may also withdraw amounts attributable to their contributions, rollover contributions and/or any portion of their transferred balance that is available under a grandfathered withdrawal option.

Plan administration

The PPP has registered with the appropriate regulatory authorities to act as the PPP of the PEP and retained National Planning Professionals Group, Inc. (NPPG), an affiliate of Plan Professionals, LLC, to serve as the PEP's third-party administrator. Transamerica serves as the PEP's custodian and recordkeeper. Additionally, certain Participating Employers may utilize their own investment advisory firms, as defined and approved by the PPP.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the PEP are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the PEP's valuation policies utilizing information provided by the investment advisors and the Custodian.

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition, continued

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the PEP's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Participant contributions and any related Participating Employer matching contributions are recognized in the period in which the employer makes the respective payroll deductions from the participant's compensation. Non-elective/profit-sharing contributions are recorded in the relevant period in accordance with the terms of the Plan document.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences may be material.

Risks and uncertainties

The PEP provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in such risks in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

Concentrations

For the year ended December 31, 2025, five (5) Participating Employers individually comprised 10% or more of total contributions, and in the aggregate, these Participating Employers comprised 67% of total contributions. For the year ended December 31, 2025, there was one (1) Participating Employer individually that exceeded 10% of transfers in from other qualified plans and, in the aggregate, the Participating Employer approximated 90% of total transfers in from other qualified plans.

Payment of benefits

Benefits are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on an accrual basis. Delinquent notes are reclassified as distributions based on the terms of the PEP basic plan document and participant loan program. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded.

Administrative expenses

Reasonable expenses of the PEP, including custodian, attorneys, advisors, fiduciaries, and service providers are paid by the PEP, unless otherwise paid by the PPP or the Participating Employers. Expenses that are paid by the PPP or the Participating Employers are excluded from these financial statements.

Note 2 – Summary of Significant Accounting Policies, Continued

Administrative expenses, continued

Investment advisor fees are paid from the PEP. Expenses paid by the PEP are included in administrative expenses on the accompanying statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are also included in administrative expenses. Additionally, certain investment-related expenses are included in net appreciation in fair value of investments.

Uncertain tax positions

U.S. GAAP requires the PEP administrator to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the PEP administrator has determined it does not have any positions at December 31, 2025, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The PPP has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investment information included in the Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental information.

At the request of the PEP's Administrator, the PEP's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Note 4 – Fair Value Measurements, Continued

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of investments into or out of Level 3.

The following is a description of the value methodologies used for investments measured at fair value:

Mutual funds – valued at quoted market prices, which represent their daily net asset value (NAV) reported by the fund. Mutual funds held by the PEP are open-end mutual funds that are traded on national exchanges (active markets).

Collective investment trust funds (CIT) – valued daily at the NAV of units held. The NAV, as provided by the trustee of the CITs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CITs less its liabilities. This practical expedient would not be used when it is determined to be probable that the CITs will sell for an amount different from the reported NAV. The CITs provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments. These are direct filing entities. Participant transactions (purchases and sales) may occur daily at NAV.

Self-directed brokerage accounts – consists of publicly traded common stocks and mutual funds valued at the closing price reported on the national exchanges on which individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the PEP believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments, measured at fair value, on a recurring basis as of December 31, 2025 and 2024:

	Fair Value Measurements as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,665,618	$ -	$ -	$ 9,665,618
Self-directed brokerage accounts	1,258,753	-	-	1,258,753
Collective investment trust funds*	-	-	-	613,184,375
Investments, at fair value	$ 10,924,371	$ -	$ -	$ 624,108,746

	Fair Value Measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 175,135,336	$ -	$ -	$ 175,135,336
Self-directed brokerage accounts	803,601	-	-	803,601
Collective investment trust funds*	-	-	-	435,106,322
Investments, at fair value	$ 175,938,937	$ -	$ -	$ 611,045,259

*Certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits.

Note 5 – Guaranteed Investment Contract with Insurance Company

The PEP invests in a fully benefit-responsive investment contract (FBRIC) issued by Transamerica (the issuer). The FBRIC's contract value, as reported by Transamerica, at December 31, 2025 and 2024, amounted to $18,440,069 and $25,814,672, respectively. Contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. The average crediting rate for the year ended December 31, 2025, was 2.60%. Per the contract's terms, Transamerica may not terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Transamerica's ability to meet its financial obligations. Transamerica's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5 – Guaranteed Investment Contract with Insurance Company, Continued

Certain events might limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Transamerica and that also would limit the ability of the Plan to transact at contract value with the participants.

The contract does not permit Transamerica to terminate the agreement prior to the scheduled maturity date. In addition, certain events allow Transamerica to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of a material obligation under the contract, a material misrepresentation or a material amendment to the agreement without the consent of Transamerica.

Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the PEP, any party rendering service to the PEP, the Pooled Plan Provider, the Participating Employers and certain others. The PEP's investments are managed, held and/or issued by Transamerica (the Custodian). Therefore, transactions with Transamerica qualify as party-in-interest transactions. The Plan issues loans to participants, which are secured by the balances in the participants' accounts, which also qualified as party-in-interest transactions. NPPG, an affiliate of the PPP, is the Plan's third-party administrator and are compensated directly for such services. Therefore, transactions with the PPP, Plan Professionals, LLC, and NPPG qualify as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules under ERISA.

Note 7 – Refunds Payable for Excess Contributions

During 2025 and 2024, the PEP received contributions from participants in excess of PEP and IRS limitations. Such excess contributions were refunded to participants in each of the subsequent years with a liability and corresponding reduction to contributions recorded in the year the excess contribution was received.

Note 8 – PEP Termination

Although it has not expressed any intent to do so, the PPP reserves the right to discontinue the allowance of contributions to the PEP at any time and to terminate the PEP subject to the provisions of ERISA. In the event of PEP termination, participants will become 100% vested in the Participating Employer's contributions.

Note 9 – Plan Transfers

Upon termination or new entrance of a Participating Employer, funds may be transferred to or from other qualified plans. During the year ended December 31, 2025, transfers into the PEP from other qualified plans totaled $11,563,213 and transfers out to other qualified plans totaled $134,601,347.

Note 10 – Tax Status

On June 30, 2020, the IRS stated that the Non-Standardized Pre-Approved Profit-Sharing Plan adopted by the PEP, as then designed, qualifies under IRC Section 401(a) and, therefore, the related trust is tax-exempt. The PEP has not received a determination letter specific to the PEP itself.

Note 10 – Tax Status, Continued

The PEP has been amended since adoption, however, the PEP Administrator and the PEP's tax counsel believe that the PEP is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the PEP's financial statements. The PEP is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 11 – Delinquent Participant Contributions

For the years ended December 31, 2025, 2024, 2023, 2022, and 2021, certain participant contributions and loan repayments totaling $480,438, $277,937, $1,175,740, $360,205, and $54,095, respectively, were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions as defined by ERISA. The Participating Employers and third-party administrator are in the process of correcting these transactions. The related lost earnings for the delinquent participant contributions have not been remitted to the Plan as of the date of this report.

Note 12 – Subsequent Events

The PEP evaluated events occurring subsequent to December 31, 2025 through October 13, 2026, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
