INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Outer Banks Capital, Inc. 401(k) Plan
Chicago, IL

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Outer Banks Capital, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (in liquidation) as of December 31, 2025, and the related statement of changes in net assets available for benefits (in liquidation) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Outer Banks Capital, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Outer Banks Capital, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Notes 2 and 5, the Plan Sponsor approved termination of the Plan and Management determined that liquidation became imminent during 2025. Accordingly, the accompanying financial statements have been prepared using the liquidation basis of accounting, which differs from accounting principles generally accepted in the United States of America applicable to a going concern. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Outer Banks Capital, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Outer Banks Capital, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Outer Banks Capital, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplementary schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion–

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Outer Banks Capital, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan which was established in January 2019 under the provisions of the Internal Revenue Code Section 401(k). The Plan covers eligible full-time employees of Outer Banks Capital, Inc., who have one year of service and are age 21 or older. It provides employees eligible to participate an opportunity to accumulate funds for retirement, death and disability benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may elect to contribute a portion of their eligible compensation to the Plan, subject to limitations established by the Internal Revenue Code. Participant contributions may be made on a pre-tax basis or as designated Roth contributions. The Plan does not provide for automatic enrollment. Participants may also contribute amounts representing distributions from other qualified retirement plans as rollover contributions, including prior to satisfying the Plan's eligibility requirements for participation.

The Plan provides for safe harbor matching contributions by the Employer. The Employer contributes an amount equal to 100% of a participant's elective deferrals up to 3% of eligible compensation, plus 50% of elective deferrals in excess of 3% but not exceeding 5% of eligible compensation. Accordingly, the maximum safe harbor matching contribution is 4% of eligible compensation.

Employees are eligible to make elective deferrals and receive safe harbor matching contributions on the first day of the calendar month coincident with or next following attainment of age 21 and completion of two months of employment, as defined by the Plan.

The Employer may also make nonelective contributions in accordance with the provisions of the Plan. To be eligible for a nonelective contribution, an employee must complete one year of employment and 1,000 hours of service and satisfy the applicable Plan quarterly entry requirements.

Eligible compensation generally consists of taxable compensation as defined by the Plan. Certain employees, including union employees, leased employees, and nonresident aliens, are excluded from participation as provided by the Plan. Employees of Owl Management, Inc. and Building Better Community Management are eligible to participate subject to the provisions of the Plan.

Contributions are subject to applicable limitations under the Internal Revenue Code.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings (losses) and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

Vesting - Participants are immediately 100% vested in their elective deferral contributions, including designated Roth contributions, rollover contributions, safe harbor matching contributions, and the earnings thereon.

Employer nonelective contributions and the related earnings vest according to the Plan's six-year graded vesting schedule. Participants become 20% vested after two years of vesting service and an additional 20% for each subsequent year of vesting service, becoming 100% vested after six years of vesting service.

Participants become fully vested in their accounts upon termination of the Plan and upon the occurrence of any other event requiring full vesting under the terms of the Plan and applicable law.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50 percent of their account balance. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account. The loan interest rate is set to commensurate with the prevailing prime rate at the time the loan is made. Principal and interest is paid ratably through equal payroll deductions. Interest rates on outstanding loans range from 4.25% to 7.25% as of December 31, 2025.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. Accounts of inactive participants with vested balances under $1,000 may be involuntarily cashed out.

Plan Amendment - The Company has the right to amend the Plan at any time by action of its Board of Directors. In no event, however, will an amendment retroactively reduce the accrued benefit of any participant or beneficiary unless such amendment is required by the Internal Revenue Code.

Forfeited Accounts - Forfeitures can be used to reduce future fees and expenses of the Plan, or the Company's matching contributions. The Plan had no forfeiture accounts as of December 31, 2025.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. On May 20, 2025, the Plan Sponsor authorized the termination of the Plan. Because liquidation of the Plan became imminent during 2025, the financial statements as of and for the year ended December 31, 2025, were prepared using the liquidation basis of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Notes Receivable - Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when paid. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when received. Dividend income is recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2026, the date the financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2025, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) (the trustee of the Plan). This information was obtained by Management as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2025
Investments, at fair value	$ 2,339,250
Participant loans	6,295
Net appreciation in fair value of investments	563,225
Interest on participant loans	790

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS - (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Pooled separate accounts - Pooled separate accounts (PSA) are accounts maintained by an insurance company that are used for the collective investment of plan funds from more than one employee benefit plan. PSAs are credited with income, gains, or losses resulting from the assets allocated to that specific account only. The return on PSAs is not guaranteed; the value of an interest in a PSA increases or decreases based on the value of the assets held in the PSA. Each plan that invests in the PSA obtains units of participation in the account, and those units of participation share in the gains and losses of all investments in the PSA. The Plan's interest in a PSA is represented by participation units. The insurance company maintains a cumulative record of the number of participation units credited to the Plan's account and the number of units allocated to or withdrawn from the account. The participation unit value is adjusted periodically to reflect investment results under the PSA.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

As of December 31, 2025, the Plan's investments measured at fair value on a recurring basis were as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds (PSAs) measured at net asset value[(a)]	$ 0	$ 0	$ 0	$ 2,339,250
Investments at the fair value hierarchy	0	0	0	2,339,250

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 - PLAN TERMINATION

On May 20, 2025, the Plan Sponsor adopted a resolution to terminate the Plan, subject to applicable regulatory requirements. Effective with the termination, the Plan was frozen, and no additional participant or employer contributions are permitted, except as necessary to complete obligations existing prior to termination. All participants became fully vested in their account balances, to the extent not already fully vested.

Following the Plan's termination, participants were provided the opportunity to receive distributions or direct rollovers of their account balances in accordance with the terms of the Plan and applicable provisions of the Internal Revenue Code. The distribution of all participant account balances was not completed as of December 31, 2025. Accordingly, Plan assets remained available for distribution to participants and beneficiaries at December 31, 2025.

The Plan is in the process of liquidation and the accompanying financial statements have been prepared on the liquidation basis of accounting. Undistributed participant account balances remain invested and continue to be adjusted for investment income, gains and losses, and applicable administrative expenses until distributed.

Subsequent to December 31, 2025, the Plan continued the process of liquidating Plan assets and distributing participant account balances. As of October 11, 2026, approximately $1,991,082 of net assets remained to be distributed to participants and beneficiaries.

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and others. Certain Plan investments are shares of pooled separate accounts managed by John Hancock Life Insurance Company (U.S.A.); the trustee, as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Transactions during 2025 with parties-in-interest included payment of trustee fees for the Plan.

NOTE 7 - SEPARATED PARTICIPANTS

As of December 31, 2025, the Plan did not have any assets allocated to participants who have elected to withdraw from the plan but have not yet been paid.

NOTE 8 - TAX STATUS

The Plan has adopted a volume submitter/pre-approved plan document sponsored by National Benefit Services Inc. The prototype plan received an IRS Opinion Letter dated January 25, 2021, stating that the form of the pre-approved plan document is acceptable under Section 401 of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

The Plan has been amended since receiving the pre-approved plan document only as necessary to maintain compliance with applicable law. The Plan Administrator is not aware of any events that would adversely affect the Plan's qualified status. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan Administrator believes it is no longer subject to examination by federal taxing authorities for years prior to the applicable statute of limitations. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2023.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible those changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
