REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Medical Faculty Associates 403(b) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We were engaged to perform audits of the financial statements of Medical Faculty Associates 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of opinion
We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for disclaimer of opinion
The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Emphasis of mater - basis of accounting
We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of account is an acceptable basis for the preparation of the financial statements in the circumstances, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Our responsibility is to conduct an audit of the Plan’s financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor’s report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other matter - supplemental schedules required by ERISA
The supplemental schedules of delinquent participant contributions for the year ended December 31, 2025 and assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates

directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Medical Faculty Associates 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by Medical Faculty Associates, Inc. ("MFA") on July 1, 2000. The Plan was last restated effective January 1, 2018 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The purpose of the Plan is to provide retirement income benefits to eligible employees of MFA through various participant directed investment options made available under an Internal Revenue Code (the "Code" or "IRC") section 403(b) plan. Prior to January 1, 2018, the Plan was funded solely by participant contributions and earnings thereon.

Eligibility and Vesting

All employees above the age of 21 are eligible to participate in the Plan. Employees are 100% vested in their 403(b) Plan contributions and earnings thereon. The Plan includes a three-year cliff vesting schedule with respect to employer contributions.

Any amounts forfeited can be used to reduce future employer contributions or pay administrative expenses. As of December 31, 2025 and 2024, the forfeiture account balance was approximately $2,519,766 and $1,812,518, respectively. During 2025, $39,601 forfeitures were used to reduce employer contributions and $93,584 was used for administrative expenses.

Contributions

Participants may elect to make pre-tax elective deferral contributions to the Plan in accordance with Code section 403(b) and the Treasury Regulations thereunder. Participants may also elect to make an after-tax Roth elective deferral contribution of their compensation in accordance with Code section 403(b) and Code section 402A and the Treasury Regulations thereunder. Eligible participants who have attained age 50 may elect an additional catch-up contribution, subject to certain limitations under the IRC. A Participant's salary reduction contributions to the Plan during any calendar year may not exceed the dollar limit applicable to the Plan for that year under Code section 402(g), which was $23,500 for 2025. The age 50+ catch up annual limit was $7,500 and for 2025. In accordance with the SECURE 2.0 Act, participants who attained ages 60 through 63 during 2025 were eligible to make enhanced catch-up contributions of up to $11,250. MFA contributes 4% of eligible employee compensation for the period. Effective January 1, 2018, eligible employees are automatically enrolled at 4% of their compensation upon hire.

Participant Accounts

Each participant's account is credited with the participant and employer contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may elect to contribute to various mutual funds and a guaranteed income fund as well as through a brokerage link account offered by Fidelity Management Trust Company ("Fidelity"), custodian of the Plan. Participants who were eligible to participate in the Plan as of September 30, 2007 were able to elect to contribute to traditional and variable annuity accounts and a pooled separate account offered by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund ("TIAA and CREF"), insurance companies of the Plan.

Notes Receivable from Participants and Plan Loans

The Plan permits participant loans (notes receivable from participants) to qualifying participants from their balances. Loans shall be made available to active participants on a reasonably equivalent basis. A participant can have up to two outstanding loans at a given time. Principal and interest paid by the participant are reinvested into their account. Loans made for the purchase of a primary residence must be repaid within 15 years. Loans for all other purposes must be repaid in five years. The administrator determines interest rates on loans based on the prevailing commercial rates. Interest rates are fixed for the duration of the loan, interest rates ranged from 4.25% to 10.50% for 2025 and 2024.

Participants may also hold Plan loans related to their TIAA balances. Loans shall be made available to active participants on a reasonably equivalent basis. The minimum loan amount is $1,000 with a maximum amount of $50,000 or 45% of a participant's balance, whichever is less. Plan loan balances outstanding from participants to TIAA were $42,906 and $57,920 at December 31, 2025 and 2024, respectively. These loans are issued directly from funds owned by TIAA and not from participant accounts like participant loans. Participants who take a Plan loan must transfer 110% of the loan amount into the TIAA Traditional Annuity as collateral. Participants had pledged $47,197 and $63,712 of plan assets as collateral on December 31, 2025 and 2024, respectively. Were a plan loan to go into default, the collateral associated with the loan would not be distributed to TIAA unless the participant was otherwise eligible for a distribution. TIAA discontinued issuing plan loans as of January 1, 2022.

Payment of Benefits

Payment of benefits from the Plan is permitted upon a participant's attaining age 59½, termination of employment, death or disability or reaching age 73. Upon termination of service, participants may elect to receive a lump-sum distribution. They may also elect to receive benefit payments under any of the lifetime income benefits available through the TIAA annuities or may maintain their investments held by Fidelity. The annuities are based upon the value of the investment results and the mortality and expense associated with the specific annuities available through TIAA and CREF, which are selected by the participant. Hardship withdrawals are also permitted subject to Plan provisions.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP") and is permitted under the United States Department of Labor's reporting and disclosure requirements. Accordingly, certain additions and related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligations are incurred. Contributions are recognized when received by the Plan.

Investment Valuation and Income Recognition

Investments are reflected at their fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the cash basis. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for benefits (modified cash basis), the Plan presents the net appreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Other Income

The Plan has a revenue sharing agreement with Fidelity where the Plan receives an agreed amount from the service provider that can be used to pay for allowable Plan administration expenses.

Administrative Expenses

Certain administrative expenses of the Plan are paid from the accounts of Plan participants for actions initiated by the participants, such as loan and origination fees. Other administrative expenses such as legal, consulting and accounting expenses of the Plan are either paid by MFA, a party-in-interest, or the Plan through the revenue sharing agreement. In addition, certain accounting and administrative functions of the Plan are performed by employees of MFA at no cost to the Plan.

Use of Estimates

The preparation of the modified cash basis financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from management's estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits (modified cash basis).

NOTE 3 - CERTIFIED INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, as custodian, and TIAA and CREF are insurance carriers regulated, supervised and subject to periodic examinations, have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments, at fair value and contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits-modified cash basis as of December 31, 2025 and 2024.

- Net investment income, interest on notes receivable from participants, and other income, as shown in the statement of changes in net assets available for benefits-modified cash basis for the year ended December 31, 2025.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - PLAN RECORDS MANAGEMENT

In November 2007, the Department of Labor ("DOL") issued amended regulations eliminating an exemption granted to 403(b) plans for the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA, as amended. Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various custodial accounting and recordkeeping reports related to the Plan's annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not sufficiently maintained. Moreover, the third-party custodians were unable to provide those records to management necessary to substantiate the historical balances. Consequently, the financial statements and supplemental schedule of assets (held at end of year) have been prepared based on available records analyzed by Plan management. As certain records were not available from the inception of the Plan, the effect, is any, on the completeness or accuracy of the Plan's financial statements and supplemental schedule cannot be determined.

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the framework are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted priced included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024:

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the Plan. Because these funds are traded daily on an active exchange and are valued primarily on the basis of market quotations, official closing prices, or on the basis of information furnished by a pricing service, they are classified as Level 1.

Self-Directed Brokerage Accounts: The self-directed brokerage accounts give participants the opportunity to actively manage their retirement contributions as participants have the ability to select from various registered company fund choices. These investments are actively traded and are generally valued at the daily closing price as reported and these funds are required to publish their daily NAV and to transact at that price.

Variable Annuity Accounts: The fair values of accumulation units held by the Plan in the CREF accounts (registered investment companies held as variable annuity accounts) are based on each account's daily NAV, which is considered by Plan management to be the best approximation of fair value. CREF accounts are not exchange traded. Data for NAVs are available daily to plan administrators and client investors on NASDAQ's website (Level 1) and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources.

TIAA Access Annuities (variable annuities): Valued using daily published subaccount unit values available from TIAA. Because fair value is based on quoted prices for identical units that are readily available and transactions occur at those published values, the investments are classified within Level 1 of the fair value hierarchy.

Pooled Separate Account: Valued at the NAV of accumulation units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions. NAV, calculated daily, is applied to daily purchase and sale transactions in addition to being used to value ending market values. Transfers out of this account are limited to once per quarter. These assets are classified as Level 2 because the funds have a quoted price but have restrictions impacting a participant's ability to transact.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 298,619,611	$ -	$ -	$ 298,619,611
Brokerage link accounts	8,829,264	-	-	8,829,264

TIAA Access Annuities [(a)]	763,888	-	-	763,888
Total investments, at fair value	$ 367,439,711	$ 2,596,762	$ -	$ 370,036,473

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 259,501,030	$ -	$ -	$ 259,501,030
Brokerage link accounts	5,638,805	-	-	5,638,805
Variable annuity accounts	55,684,682	-	-	55,684,682
Pooled separate account	-	2,832,732	-	2,832,732
TIAA Access Annuities [(a)]	38,371	-	-	38,371
Total investments, at fair value	$ 320,862,888	$ 2,832,732	$ -	$ 323,695,620

[(a)] In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits - modified cash basis.

NOTE 6 - CONTRACTS WITH INSURANCE COMPANIES

Participants may elect to invest in a traditional annuity contract with TIAA. As part of the contract, TIAA maintains contributions in a general account. The TIAA Traditional Annuities are offered through the Supplemental Retirement Annuity and Group Supplemental Retirement Annuity contracts. TIAA Traditional Annuity is reported at contract value and segregated into non-benefit and fully benefit-responsive categories. As noted in ASC 962, fully benefit-responsive contracts are reported at contract value and non-benefit contracts are recorded at fair value. TIAA Traditional Annuity account balances are reported at contract value. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any.

The type of contract through which a participant allocates to the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional amounts paid, the degree of liquidity of the participant's accumulation and the options for receiving income upon retirement. TIAA Traditional Annuity guarantees principal, and credits contracts a guaranteed minimum interest rate during the accumulation phase, generally 3%, but between 1% and 3% for some contracts. These guarantees of principal and minimum interest rates ensure that each participant's accumulation is

protected from loss and will always increase in value. Amounts to retain as a risk provision to ensure that contract guarantees will be met; primary risks in TIAA Traditional Annuity include the interest guarantee and the mortality guarantee when annuities eventually enter the payout phase. The additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the Board on a year-by-year basis. When declared, additional amounts remain in effect for the “declaration year” that begins each March 1 and are not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the “crediting rate” in the accumulation phase of the account. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Portfolio earnings projections are considered in the crediting rates determined by management and approved by the Board and enable TIAA Traditional Annuity to maintain supportable annuity crediting rates. TIAA has continued to maintain average crediting rates above the 3% minimum guarantee and further its capital base and financial strength.

The Plan invests in Prudential's Guaranteed Income Fund ("GIF"), a fully benefit-responsive group annuity contract issued by Prudential Retirement Insurance and Annuity Company ("PRIAC"). Amounts invested in the GIF are deposited in PRIAC's general account and are not segregated for the exclusive benefit of Plan participants. Accordingly, participant balances invested in the GIF represent unsecured contract claims against PRIAC. Payment obligations and guarantees under the contract are supported by the full faith and credit of PRIAC.

The GIF seeks to provide participants with principal preservation and a stable rate of return. The contract is designed to be fully benefit-responsive, permitting participant-directed transactions at contract value for events such as withdrawals, loans, transfers, retirement, disability, death, and termination of employment, subject to the terms of the contract.

Interest is credited to participant balances using a single portfolio rate methodology. The crediting rate is established periodically by PRIAC and is intended to reflect factors including the yield and market value of the underlying assets supporting the contract, expected cash flows, and the duration of the obligations under the contract. The crediting rate is guaranteed not to be less than the minimum rate specified in the contract.

Contract value represents contributions made to the fund, plus credited interest, less participant withdrawals and administrative expenses. As the contract is fully benefit-responsive, contract value is the relevant measure for participant transactions and represents the amount participants ordinarily would receive if they were to initiate permitted transactions under the terms of the Plan.

Certain events, such as Plan termination, Plan mergers, material amendments affecting the contract, or employer-initiated withdrawals from the fund, may limit the ability of the Plan to transact at contract value and could result in a settlement based on the market value of the underlying assets, as provided under the terms of the contract.

NOTE 7 - INCOME TAX STATUS

It is the intention of MFA that the Plan, as amended and restated, meets the requirements of ERISA and qualifies under Section 403(b) of the IRC, thereby exempting the Plan from federal income taxes. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no

uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - PARTY-IN-INTEREST AND RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds, a self-directed brokerage account, traditional annuities, variable annuity accounts or a pooled separate account managed by Fidelity and TIAA and CREF. TIAA and CREF are custodians and insurance companies, and Fidelity is a custodian, respectively, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The transactions related to the Fidelity revenue sharing agreement are also party-in-interest transactions. Notes receivable from participants held by the Plan also represent party-in-interest transactions. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, MFA has the right to discontinue and terminate the Plan subject to the provisions of ERISA.

NOTE 10 - PROHIBITED TRANSACTIONS

During the years ended December 31, 2024, 2022, and 2021, MFA failed to segregate and remit participant contributions to the Plan within the time period prescribed by the Department of Labor's Rules and Regulations. Failure to remit participant contributions on a timely basis constitutes a prohibited transaction under the provisions of ERISA and the Internal Revenue Code.

The late remitted contributions totaled $1,267,542, $863,917, and $1,451,065 for 2024, 2022, and 2021, respectively. The related participant contributions were subsequently remitted to the Plan. During 2026, MFA corrected the prohibited transactions by remitting the associated lost earnings to the Plan in accordance with applicable Department of Labor requirements.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent to December 31, 2025, Medical Faculty Associates, Inc. entered into and completed a transaction pursuant to which MFA became affiliated with Universal Health Services on July 31, 2026. The Plan Sponsor continues to maintain the Plan following the transaction. Management evaluated the transaction through the date the financial statements were available to be issued and determined that no adjustment to the accompanying financial statements was required. Future changes to the Plan, if any, will be reflected in the period in which such changes are adopted.

Management has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued, and determined that there were no additional subsequent events requiring adjustment to or disclosure in the financial statements.
