Independent Auditor's Report

To the Plan Administrator of
Ohana Pacific Management Company Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Ohana Pacific Management Company Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood

that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - ***Supplemental Schedules Required by ERISA***

The supplemental schedules of Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ohana Pacific Management Company Retirement Plan

Notes to Financial Statements
December 31, 2025 and 2024

1. Description of Plan

The following description of the Ohana Pacific Management Company Retirement Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution retirement plan, which covers substantially all employees of Ohana Pacific Management Company, Inc. (Company), Ohana Pacific Foundation, Hale Kupuna Heritage Home, LLC, Integrated Health Resources, LLC, Garden Isle Healthcare, LLC, Ann Pearl Care Home, LLC, Liliha Kupuna SNF, LLC, Stay at Home HealthCare Services, LLC, Hilo SNF, LLC, Liliha Kupuna ALF, LLC, Prime Care Services Hawaii, LLC and Kalele Care Services, LLC that meet the Plan's eligibility requirements.

The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Talcott Resolution Life Insurance Company (Talcott) and Empower Trust Company, LLC (ETC) are the trustees and custodians of the Plan. Talcott and ETC are affiliates.

b. Eligibility

All employees are eligible to participate in the Plan at the date of hire with no minimum age requirement. Participants are eligible for employer contributions starting on the first day of January or July following the date on which the participant completes one year of service, are at least twenty-one years of age, and have worked at least 1,000 hours of services within a twelve month consecutive period.

c. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan, up to the permissible 401(k) limit as defined by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additional matching contributions, profit sharing amounts, or qualified non-elective contributions may be contributed at the option of the Company's board of directors. For the year ended December 31, 2025, the Company determined the matching employer contribution to be 50% of the participant's elective deferral, up to a maximum of 50% of the first 6% of the participant's eligible compensation.

1. Description of Plan (continued)

d. Participants' Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan and can change their investment options on a daily basis. Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, if any, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon as well as in contributions from rollovers and qualified non-elective employer contributions. Vesting in the Company's matching, profit-sharing and qualified non-elective contributions, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of service. A participant also would automatically become fully vested upon attaining normal retirement age, as defined by the Plan, or total and permanent disability or death.

f. Payment of Benefits

Upon termination of service due to death, disability or retirement, if a participant's vested account balance is greater than $1,000, the participant may elect to maintain the vested portion of their account in any of the available funds offered through the Plan, receive a lump-sum distribution of the vested amount, receive periodic installments over a fixed period, or transfer the account balance to another plan. Certain participant balances are also eligible for distribution as a qualified joint and survivor annuity. If a participant's vested account balance is $1,000 or less, the participant will receive a lump-sum distribution. If a participant does not make a timely election and distribution amount is more than $1,000 but less than $5,000, the participant will receive notification and an automatic rollover to an individual retirement account.

1. Description of Plan (continued)

g. Forfeitures Accounts

Forfeitures are the non-vested amounts in the accounts of participants who terminate employment. Plan forfeitures are to be used to reduce administrative expenses incurred by the Plan or future employer contributions. Unallocated forfeiture account balances were not significant as of December 31, 2025 and 2024.

h. Notes Receivable from Participants

Participants are allowed to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are made through the custodian of the Plan, are secured by the balance in the participant's account, bear interest at a rate of 4.25 percent to 9.50 percent, and are generally due within 5 years (15 years for the purchase of a primary residence). The loans mature at various dates through February 2036 or on the date of termination of the participant's Plan interest, if sooner. Principal and interest are paid ratably through payroll deductions.

i. Administration

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Summary of Significant Accounting Policies (continued)

b. Management's Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan.

e. Contributions Receivable

Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation. Employer contributions are based on the same compensation.

f. Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

g. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

h. Subsequent Events

The Plan management has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued, and it was determined that all subsequent events had been properly accounted for.

3. Information Certified by Trustees

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-related supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Talcott and ETC, qualified institutions. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2025	2024
Investments at fair value -		
Variable annuity contracts	$ 13,204,154	$ 10,581,490
Group annuity contract	544,157	716,857
Notes receivable from participants	194,628	191,425
	$ 13,942,939	$ 11,489,772

Talcott and ETC also certified to the completeness and accuracy of net investment income of $1,845,958 and interest income on notes receivable from participants of $15,918 for the year ended December 31, 2025.

4. Fair Value Measurements

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under U.S. GAAP are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2025 and 2024, the Plan's investments consisted of investments in variable annuity contracts of $13,204,154 and $10,581,490, respectively, which were valued using Level 2 measurements using the shares held by the Plan and the quoted net asset value of the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract.

There were no changes in the methodologies used as of December 31, 2025 and 2024.

4. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Group Annuity Contract

The Plan invests in an unallocated, fixed income group annuity contract with Talcott. This investment provides for a guaranteed crediting rate. Guarantees are based on the claims paying ability of Talcott and not the value of the securities within the insurer's general account. The credit rating of the issuer at December 31, 2025 was BBB+ as reported by Standard and Poor's. Deposits made to the fixed account are deposited in Talcott's general account. Payment obligations under the fixed account represent an insurance claim supported by all the general account assets.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Talcott, represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

5. Group Annuity Contract (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

As of December 31, 2025 and 2024, the investment amounted to $544,157 and $716,857 respectively.

6. Tax Status

The Plan has adopted a non-standardized pre-approved plan that received an opinion letter dated June 30, 2020 from the IRS as to the non-standardized pre-approved plan's qualified status. The non-standardized pre-approved plan opinion letter has been relied upon by the Plan. The Plan has been amended since the non-standardized pre-approved plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Administrative errors, if any, which are insignificant or operational in nature are handled by the Plan Administrator in accordance with applicable IRS correction policies. Plan years from December 31, 2022 are open for examination for federal tax purposes.

7. Plan Termination

Although it has not been expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, all participants become 100% vested in their accounts.

8. Exempt Party-in-Interest Transactions

The Plan investments include a group annuity contract managed by Talcott. These transactions qualify as exempt party-in-interest transactions. Notes receivable from participants are also considered exempt party-in-interest transactions.

9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2025 and 2024 to the Plan's Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 14,372,297	$ 11,486,339
Notes receivable deemed distributed in Form 5500	(7,857)	(13,226)
Net assets available for benefits per Form 5500	$ 14,364,440	$ 11,473,113

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per the Plan's Form 5500 for the year ended December 31, 2025.

Net increase in net assets available for benefits per the financial statements	$ 2,885,958
Notes receivable deemed distributed in Form 5500 - beginning of year	13,226
Notes receivable deemed distributed in Form 5500 - end of year	(7,857)
Net income per Form 5500	$ 2,891,327

The Form 5500 considers defaulted loans deemed distributions, and the financial statements continue to classify them as loans until a distributable event occurs such as termination of employment, death or disability.

10. Prohibited Transactions

During the year ended December 31, 2024, the Company did not remit certain employee deferral contributions to the Plan on a timely basis as determined by DOL Regulation 2510.3-102. The DOL considers late deposits to be prohibited transactions. Participant contributions transferred late to the Plan totaled $180 and are reported on the Form 5500. The Plan Sponsor remitted the lost earnings related to the 2024 Plan year in 2025 and filed the respective Form 5330 with applicable taxes.
