Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
The Argent Wealth PEP
Jackson, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Argent Wealth PEP (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that individually, or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE ARGENT WEALTH PEP

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of The Argent Wealth PEP (the Plan or PEP) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2015 as a multiple employer defined contribution plan sponsored by the Associated General Contractors of Mississippi (the Association). Effective September 1, 2024, the Plan was amended and restated, under the applicable sections of the Internal Revenue Code (IRC), as a pooled employer plan (PEP). The Plan's pooled plan provider is Plan Professionals, LLC (the PPP). The PPP is responsible for oversight of the Plan. The Plan is intended to constitute a multiple employer plan, as described under IRC sections 410(a), 411, 413, and 415. Each Participating Employer elects its own provisions related to eligibility, contributions, notes receivable from participants, and payment of benefits.

The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Only those employees specifically designated as eligible by their Participating Employer in its adoption agreement have the eligibility to participate in the Plan. Participating Employers may define eligibility requirements based on factors such as age, service or employee type. Participants are eligible to make contributions and receive employer contributions to the extent specified in the applicable adoption agreement or otherwise provided by the Plan.

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0 provisions became effective in 2024 and subsequent years. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

Contributions

Each year, participants may voluntarily contribute an amount of annual eligible compensation, as elected by their Participating Employer, within the limits prescribed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). The Plan also provides for Roth 401(k) elective deferrals, if elected by Participating Employers. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Participating Employers in the Plan may elect automatic enrollment and escalation features. Accordingly, the Participating Employer will automatically withhold a defined percentage of an eligible participant's compensation based on the Participating Employer's adoption agreement, unless the participant affirmatively opts out. A Participating Employer may make safe harbor matching, discretionary profit-sharing, and discretionary matching contributions at an amount determined in accordance with the formula specified in the adoption agreement, if so elected.

Note 1 – Description of Plan, Continued

Contributions, continued

Participating Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Participating Employer contributions for the year ended December 31, 2025 amounted to $2,620,432. Participating Employer contributions are invested in funds in accordance with the participant's direction and the Plan's provisions.

Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) their Participating Employer's contributions (if any), and (b) Plan earnings or losses. Participants are charged with their withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and their Participating Employer's safe harbor contributions, if applicable, plus actual earnings or losses thereon. Vesting in the Participating Employer's other contributions, and earnings or losses thereon, is based on years of credited service, based on elections made by the Participating Employer. Vesting periods and schedules vary based on the Participating Employer's elections. Participants become fully vested upon reaching normal retirement age (65), death, or disability.

Forfeitures

Forfeited nonvested accounts may be used to offset certain Plan administrative expenses or reduce the Participating Employer's future contributions. For the year ended December 31, 2025, forfeitures totaling $74,889 were used to offset certain Plan administrative expenses and reduce Participating Employer contributions. At December 31, 2025 and 2024, available forfeited non-vested accounts totaled $105,017 and $77,844, respectively.

Notes receivable from participants

Plan participants are permitted to borrow from their account a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years unless the loan is used to acquire a principal residence of the participant which must be repaid in a reasonable period of time not to exceed thirty years. Loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 1%. A participant may only have one (1) loan outstanding at any time. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Principal and interest are repaid through regular payroll deductions.

Plan administration

The PPP has registered with the appropriate regulatory authorities to act as the pooled plan provider of the Plan and retained National Professional Planning Group, Inc. (NPPG) to serve as third-party administrator. Additionally, certain Participating Employers may utilize their own investment advisory firms, as defined and approved by the PPP. The Plan has an arrangement with Transamerica Financial Life Insurance Company (Transamerica or the Custodian) for custodian and recordkeeping services.

Note 1 – Description of Plan, Continued

Payment of benefits

Upon termination of service due to death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $7,000 or elect a lump-sum distribution. Participants with vested amounts less than $7,000 must elect a lump-sum distribution. Participants may elect to take an in-service distribution of their vested accounts if they meet certain defined requirements, including becoming disabled, have attained age 59½, or due to heavy financial hardship, as defined.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and those differences may be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably that changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the financial statements.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are charged directly to the borrowing participants' accounts and included as administrative expenses when incurred. No allowance for doubtful collection has been recorded as of December 31, 2025 and 2024. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable is reduced and a benefit payment recorded.

Note 2 – Summary of Significant Accounting Policies, Continued

Contributions

Contributions from Plan participants are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the respective Participating Employer.

Payment of benefits

The Plan records benefits when paid.

Administrative expenses

Reasonable expenses of the Plan, including custodian, attorneys, advisors, fiduciaries, and service providers are paid by the Plan, unless otherwise paid by the PPP or the Participating Employers. Expenses that are paid by the PPP or the Participating Employers are excluded from these financial statements.

Investment advisor fees are paid from the Plan. Expenses paid by the Plan are included in administrative expenses on the accompanying statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are also included in administrative expenses. Additionally, certain investment-related expenses are included in net appreciation in fair value of investments.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2025, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investment information included in the supplemental Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental schedule.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified information to the related investment information included in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodology used at December 31, 2025 and 2024. During the year ended December 31, 2025, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the value methodology used for assets measured at fair value:

Pooled separate accounts – valued at net asset value (NAV) based upon the units of such pooled separate accounts held by the Plan at year-end multiplied by the respective unit value. The unit values of the pooled separate accounts are based upon significant observable inputs but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

The preceding method described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value, on a recurring basis, as of December 31, 2025 and 2024.

	Fair Value Measurements at December 31, 2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 61,062,468	$ -	$ 61,062,468

	Fair Value Measurements at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 49,927,420	$ -	$ 49,927,420

Note 5 – Guaranteed Investment Contract with Insurance Company

The Plan invests in a fully benefit-responsive investment contract (FBRIC) issued by and guaranteed by Transamerica (the issuer). Contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value of the FBRIC, as reported by Transamerica, as of December 31, 2025 and 2024, was $1,112,645 and $935,015, respectively.

Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The effective rate of interest is set semi-annually and effective as of the first day of the semi-annual period. The average crediting rate for the year ended December 31, 2025, was 1.60%. Transamerica may not terminate the agreement prior to the scheduled maturity date. The effective rate of interest is established every January 1 and July 1 and is based on the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. There is no stated minimum or maximum interest rate.

The contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the sponsor or other sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract. The Plan Administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation or a material amendment to the agreement without the consent of the issuer. Based on ongoing credit evaluations of its guaranteed investment contract investments, Plan management does not expect payment defaults or delinquencies and has not recorded an allowance for credit losses as of December 31, 2025 and 2024.

Note 6 – Refunds Payable for Excess Contributions

During 2025 and 2024, the Plan received contributions from participants in excess of Plan and IRS limitations. Such excess contributions were refunded to participants in each of the subsequent years with a liability recorded and corresponding reduction in contributions recorded in the year the excess contribution is received.

Note 7 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Pooled Plan Provider, the Association, Participating Employers and certain others. The Plan's investments are held, issued, and managed by Transamerica. Transamerica is the Custodian of the Plan and its affiliate TRS is the Plan's recordkeeper. Therefore, transactions with Transamerica and TRS qualify as party-in-interest transactions. Such transactions are exempt from the prohibited transactions rules under ERISA.

The Plan utilizes an expense budget account (EBA) to pay Plan related expenses. The EBA is funded by an annual charge to participant accounts of 0.27%. EBA funds can be used to pay Plan-related expenses approved by the Plan Administrator or can be allocated to Plan participants at the end of the year. At December 31, 2025 and 2024, the balance of the EBA amounted to $123,054 and $43,030, respectively. During the year ended December 31, 2025, $216,020 from the EBA was utilized to pay Plan related expenses. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

The Plan contracted with NPPG for third-party administrative services. The Plan compensates NPPG directly for such services which is included in administrative expenses for the year ended December 31, 2025 in the accompanying statement of changes in net assets available for benefits.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Pooled Plan Provider has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Participating Employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the PPP may determine. Additionally, Participating Employers have the right to transfer the assets attributable to their participants to another plan should the PPP terminate the Plan.

Note 9 – Plan Transfers

In the normal course of business, the Plan adds Participating Employers, and assets from the individual qualified plans that the added employers previously sponsored are transferred into the Plan, in conjunction with the Participating Employer's adoption of the Plan. Likewise, Participating Employers may terminate their arrangement with the Plan and transfer out of the Plan through mergers with, or creation of other qualified plans.

Note 10 – Tax Status

On June 30, 2020, the IRS stated that the prototype non-standardized profit-sharing plan with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC and, therefore, the Plan and its related trust are tax-exempt. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since adoption; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 11 – Delinquent Participant Contributions

For the years ended December 31, 2025, 2024, 2023, 2022, 2021, and 2020, participant contributions and loan repayments totaling $178,326, $172,546, $189,656, $169,484, $239,054, and $40,987, respectively, were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt prohibited transactions as defined by ERISA. The Participating Employers are in the process of correcting these transactions.

Note 12 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2025 through October 5, 2026, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
