Independent Auditor's Report

To the Plan Administrator and Participants of
Health Partners Plans, Inc. Retirement Plan 401(k):

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Health Partners Plans, Inc. Retirement Plan 401(k), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Health Partners Plans, Inc. Retirement Plan 401(k)'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Health Partners Plans, Inc. Retirement Plan 401(k) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Health Partners Plans, Inc. Retirement Plan 401(k)'s ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Health Partners Plans, Inc. Retirement Plan 401(k)'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Health Partners Plans, Inc. Retirement Plan 401(k)'s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, for the year ended December 31, 2025, and Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of Health Partners Plans, Inc. Retirement Plan 401(k) (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 2015, as restated December 2, 2025. Effective December 2, 2025, the Plan Sponsor name was changed to Thomas Jefferson University (the "Company" or "TJU"). The TJU Benefit Plan Administrative Committee is the Plan administrator.

The Plan covers all employees of Health Partners Plans, Inc. (the "Participating Employer"), excluding certain nonresident aliens who have no earned income from sources within the United States, employees who are residents of Puerto Rico, leased employees, all employees of Thomas Jefferson University other than the Participating Employer and, for the period of January 1, 2025 through December 1, 2025, employees under 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective December 2, 2025, the Plan completed a transfer of Plan assets from T.Rowe Price Trust Company ("T.Rowe") to Fidelity Management Trust Company. The transferred assets were allocated among various investment options in accordance with participant investment elections. The transaction represented a change in custodial arrangements and did not constitute a merger with another plan.

Contributions

Each year, participants may contribute up to 85% of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes a safe harbor contribution to the Plan, matching 100% of the first 3% of compensation and 50% of next 2%.

Additional discretionary amounts may be contributed by the Company at the option of the Board of Directors. For the year ended December 31, 2025, the Company approved a 4% of each participant's earnings discretionary contribution to the Plan.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, allocations of the Company's discretionary contributions and an allocation of the Plan’s earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, the Company's safe harbor matching contribution, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 20% vested after 1 year of credited service and continues to vest in increments of 20% until 100% vested after 5 years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined as of the date the loan is issued, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions through December 1, 2025 and monthly through direct payment from the participant, effective December 2, 2025. Terms range up to five years or greater for the purchase of a primary residence.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant's vested balance is less than or equal to $7,000, the amount may be automatically distributed in the form of lump sum cash payment. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts
As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $257,412 and $11,623, respectively. Reduce employer contributions otherwise due; if the Employer instead satisfies its contributions in cash, any remaining forfeitures shall first be used to restore account balances and then may be used for any permissible purpose, including payment of reasonable Plan expenses. During 2025, employer contributions were reduced by $263,582, from forfeited nonvested accounts, in accordance with plan provisions.

2. Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value or net asset value ("NAV"), which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions
Contributions from participants and the matching contributions from the employer are recorded in the year in which the related participant compensation is earned

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Subsequent Events
The Plan‘s management evaluated events that occurred after December 31, 2025 through October 15, 2026, the date when the financial statements were available to be issued. Based on that evaluation, the Plan's management has determined that no subsequent events have occurred which would require disclosure in the financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used during the years ended December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investments Measured at Net Asset Value: Consisting of common-collective trusts, valued at the net asset value ("NAV") of units of a bank collective trust. NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its evaluation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 145,423,026	$ -	$ -	$ 145,423,026
Investments valued at net asset value (a)	-	-	-	6,070,200
Total investments at fair value	$ 145,423,026	$ -	$ -	$ 151,493,226

	December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 135,396,003	$ -	$ -	$ 135,396,003
Investments valued at net asset value (a)	-	-	-	8,084,648
Total investments at fair value	$ 135,396,003	$ -	$ -	$ 143,480,651

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value
The following table summarizes investments measured at fair value based on net asset value ("NAV") per share as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2025			
	Fair Value	**Unfunded Commitments**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Common-collective trust	$ 6,070,200	$ -	Daily	12 to 30 months

	December 31, 2024			
	Fair Value	**Unfunded Commitments**	**Redemption Frequency (if currently eligible)**	**Redemption Notice Period**
Common-collective trust	$ 8,084,648	$ -	Daily	12 to 30 months

4. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by the current trustee, and therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of the investment.

Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, Fidelity Management Trust Company, the current Trustee of the Plan, has certified the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statement of net assets available for benefits, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reported in the statement of changes in net assets available for benefits for the period from December 2, 2025 through December 31, 2025. T.Rowe Price Trust Company, the previous Trustee of the Plan, has certified the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying statement of net assets available for benefits as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the statement of changes in net assets available for benefits for the period from January 1, 2025 through December 1, 2025.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The Company has adopted a pre-approved plan document offered by FMR LLC that has received an IRS Opinion Letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the IRS Opinion Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. For the years ended December 31, 2025 and 2024, three investments represented a concentration of greater than 10% of the Plan's net assets available for benefits.

9. Delinquent Participant Contributions

For the years ended December 31, 2025 and 2024, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled $11,000, were not corrected in 2025. Untimely remittances of $2,783 were identified on the Schedule of Delinquent Participant Contributions in a prior year and were not corrected prior to January 1, 2025. The prior year untimely remittances were not corrected in 2025. Additionally, the Company will be compensating participants for lost earnings resulting from the delay in contributions.

What's New

The overall Plan design is not changing, but we have a few enhancements to share:

Contribution Elections	Contributions to the Plan at Fidelity will now be made as a percentage of your pay, up to 80%. If you currently contribute a specific dollar amount to the Plan, you'll need to update it to a percentage by November 17, 2025. To make this change, contact T. Rowe Price before the deadline or the Plan sponsor will convert your dollar contribution to a comparable percentage.
Roth In-Plan Conversion	As part of our commitment to help you meet your workplace savings goals, the Plan will now offer Roth In-Plan Conversions. This enhancement to the Roth option allows you to convert pre-tax and after-tax money to Roth and pay taxes on the taxable portion today. You can withdraw converted money—including any earnings generated after the conversion—tax-free once certain conditions are met.[1] Before deciding if a Roth In-Plan Conversion is right for you, visit **www.netbenefits.com/atwork** to learn more about the benefits and considerations. Consult a tax advisor to understand how this option may fit into your overall financial strategy, based on your personal goals, tax situation and retirement timeline.
Loans	Any outstanding loan balances in the Plan will transfer to Fidelity. Once there, loans will be paid via monthly ACH via your personal bank account. You'll receive repayment instructions in your email or mailed to your home about how to provide your banking information to Fidelity. Set up your banking information with Fidelity as soon as possible to keep your loan current and in good order. The first loan payment will be due January 30, 2026. After the transition to Fidelity, you will be permitted to only have one loan outstanding at a time. There will be a 30-day waiting period after paying off a loan before you can take out another.
Beneficiary Designations	Your beneficiary designation should be carried over from T. Rowe Price to Fidelity during the transition. While we expect the transfer to be smooth, it's important to carefully review your information once the process is complete to ensure everything is accurate and up to date. Once it's complete, call **800-343-0860** or log in to **www.netbenefits.com/atwork** to review or update your beneficiary information. With Fidelity's Online Beneficiaries Service, you can designate or update your beneficiaries, receive instant online confirmation and access your beneficiary information anytime. Be sure to verify that your beneficiary details are accurate and up to date once the transition is complete.
Account Statements	Your first account statement from Fidelity will be available online in January 2026. Statements will not be automatically mailed to your home. Instead, you can access them anytime at **www.netbenefits.com/atwork**. If you prefer to receive paper statements by mail, call Fidelity at **800-343-0860** or log in to **www.netbenefits.com/atwork**, click the *Profile & Settings* icon and select *Communication*.

[1] A distribution from a Roth 401(k) and 403(b) is federally tax-free and penalty free, provided the five-year aging requirement has been satisfied and one of the following conditions is met: age 59½, disability or death.

Action Required

Percentage Contribution Elections	If you currently contribute a dollar amount to the Plan, you'll need to update it to a percentage by November 17, 2025. To make this change, contact T. Rowe Price at **800-922-9945** before the deadline or the Plan sponsor will convert your dollar contribution to a comparable percentage.
Installment and Required Minimum Distribution (RMD) Payments	If you are currently receiving installment payments or required minimum distributions from your Plan at T. Rowe Price, these payments will transfer to Fidelity. **It is important that you review your payment election at T. Rowe Price and decide whether to make changes or establish a new payment election with Fidelity once the transition is complete.** To review or make changes to your current payment setup, please contact T. Rowe Price at **800-922-9945**.

The Transition to Fidelity

Get the information and resources you need to understand the upcoming changes and how they may affect you.

Presentations and Help Desks

Beginning in October, Fidelity Workplace Financial Consultants will host both on-site and virtual *Get Ready for the Move to Fidelity* sessions to answer your questions about the transition.

Registration is required for the virtual sessions. To find a session that works for you and register, visit **www.myfidelitysite.com/Jeffersonretirement**.

If you can't attend a live presentation, an on-demand presentation will be available at **www.myfidelitysite.com/Jeffersonretirement**.

One-On-One Appointments

After the transition is complete (the week of December 21, 2025), Fidelity will continue to offer individual retirement planning support. You'll be able to schedule a virtual or in-person meeting with a dedicated Workplace Financial Consultant or call a Fidelity Retirement Planner at **800-343-0860** Monday through Friday 8:30 a.m. to 8 p.m. ET for retirement planning and investment help with:

- Reviewing your current retirement savings, contribution level and asset allocation.
- Conducting retirement planning.
- Navigating financial decisions during important life changes.

Meet Your Workplace Financial Consultants

George Christiani

George Christiani joined Fidelity as a Workplace Financial Consultant in 2020 and has more than 25 years in the financial industry. Mr. Christiani promotes financial wellness for plan participants through one-on-one planning and educational events. A CERTIFIED FINANCIAL PLANNER® certificant, investment advisor representative, registered securities representative and licensed insurance representative, George holds a bachelor's degree in business administration from Baruch College.

Laurore Duclair

Laurore Duclair, a Fidelity Workplace Financial Consultant, has more than two years with the company, eight years in the financial industry and two years in accounting. He was previously an advanced planning analyst for Fidelity's Advanced Planning & Leadership Development team. Mr. Duclair promotes financial wellness for plan participants through one-on-one planning and educational events. An investment advisor representative, registered securities representative, and licensed insurance representative, Laurore holds a bachelor's degree in accounting from the East Stroudsburg University.

Investment advisor representatives are licensed with Strategic Advisers LLC Strategic Advisers), a registered investment adviser, and registered with Fidelity Brokerage Services LLC (FBS), a registered broker-dealer. Whether a Fidelity representative provides advisory services through Strategic Advisers for a fee or brokerage services through FBS will depend on the products and services you choose.

Transition Timeline

To help ensure a smooth and accurate transfer of information from your current Plan account at T. Rowe Price to your new account at Fidelity, there will be a temporary period during which you'll be unable to access certain Plan features. This is known as a "blackout period." **It will begin at 4 p.m., ET on November 26, 2025, and end during the week of December 21, 2025. To determine whether the blackout period is in effect, contact T. Rowe Price at 800-922-9945.**

Preparing for the Blackout

Because you won't be able to direct or diversify your Plan balance during the blackout period, it's important that you take a few important steps in advance:

Review your current investments to make sure they align with your long-term goals.

Consider the importance of a well-balanced and diversified investment portfolio, taking into account all your assets, income and investments.

Even if you're not planning to retire soon, this temporary restriction may impact your broader financial strategy, so plan accordingly.

If you have any questions concerning the blackout period, contact the Fidelity Retirement Service Center at 800-343-0860. Review this transition calendar to understand how your account may be affected.

KEY DATES*	PLAN ACTIVITY/ACTION STEPS
November 17, 2025, 4 p.m. ET	This is the last day you can enroll in the Plan or change your future contribution rate. You'll be able to enroll or make changes once the blackout period has ended.
November 24, 2025, 4 p.m. ET	This is the last day to return all necessary paperwork to T. Rowe Price to process a loan or distribution. Please allow enough time to request, receive, complete and return the paperwork to T. Rowe Price before this deadline.
November 26, 2025, 4 p.m. ET	**Blackout period begins and it's the last day you can:** • Check your account balance. • Change your investment elections or rebalance the funds in your account. • Request an exchange between investment options. You'll be able to perform these actions once the blackout period has ended.
December 2, 2025, 4 p.m. ET	Your account balance will be valued at the close of the market.
December 3, 2025	Your account balance is scheduled to transfer to Fidelity. Review the *Investment Options* section of this guide on pages 9-12 to learn how your current investment lineup will change as a result of the transition.

Transition Timeline

Preparing for the Blackout (continued)

KEY DATES*	PLAN ACTIVITY/ACTION STEPS
During the week of December 21, 2025	**Blackout period ends. You will be notified that full access to your Plan account has been restored.** • Visit **www.netbenefits.com/atwork** to set up your username and password. If you already have accounts at Fidelity, you can use that same log in information to access your account. From there, you can review your account balances, enroll in the Plan, make changes to your account, request a loan or distribution or access/research investment options and performance. • Call **800-343-0860** to speak with a Fidelity representative who can answer questions and walk you through any transactions. • Confirm your beneficiaries. Your beneficiary designation should be carried over from T. Rowe Price to Fidelity during the transition. While we expect the transfer to be smooth, carefully review your information once the process is complete to ensure everything is accurate and up to date. To confirm, call **800-343-0860** or visit **www.netbenefits.com/atwork**.
January 2026	Account statements will not be automatically mailed to your home. To receive paper statements, update your preferences by calling Fidelity at **800-343-0860** or by logging in to **www.netbenefits.com/atwork**. Once there, click the *Profile & Settings* icon, then *Communication*.

*The timing of the Plan changes and transition period, including any asset reallocations, described within this brochure depends on a variety of factors, which may include the timing and accuracy of the transfer of data, receipt of instructions and receipt of assets. Changes in any of these factors may impact the timing of the delivery of services, the transition period and/or the dates on which, and thus the prices at which, assets in your account are sold and/or reinvested.

Key Dates and Action Steps

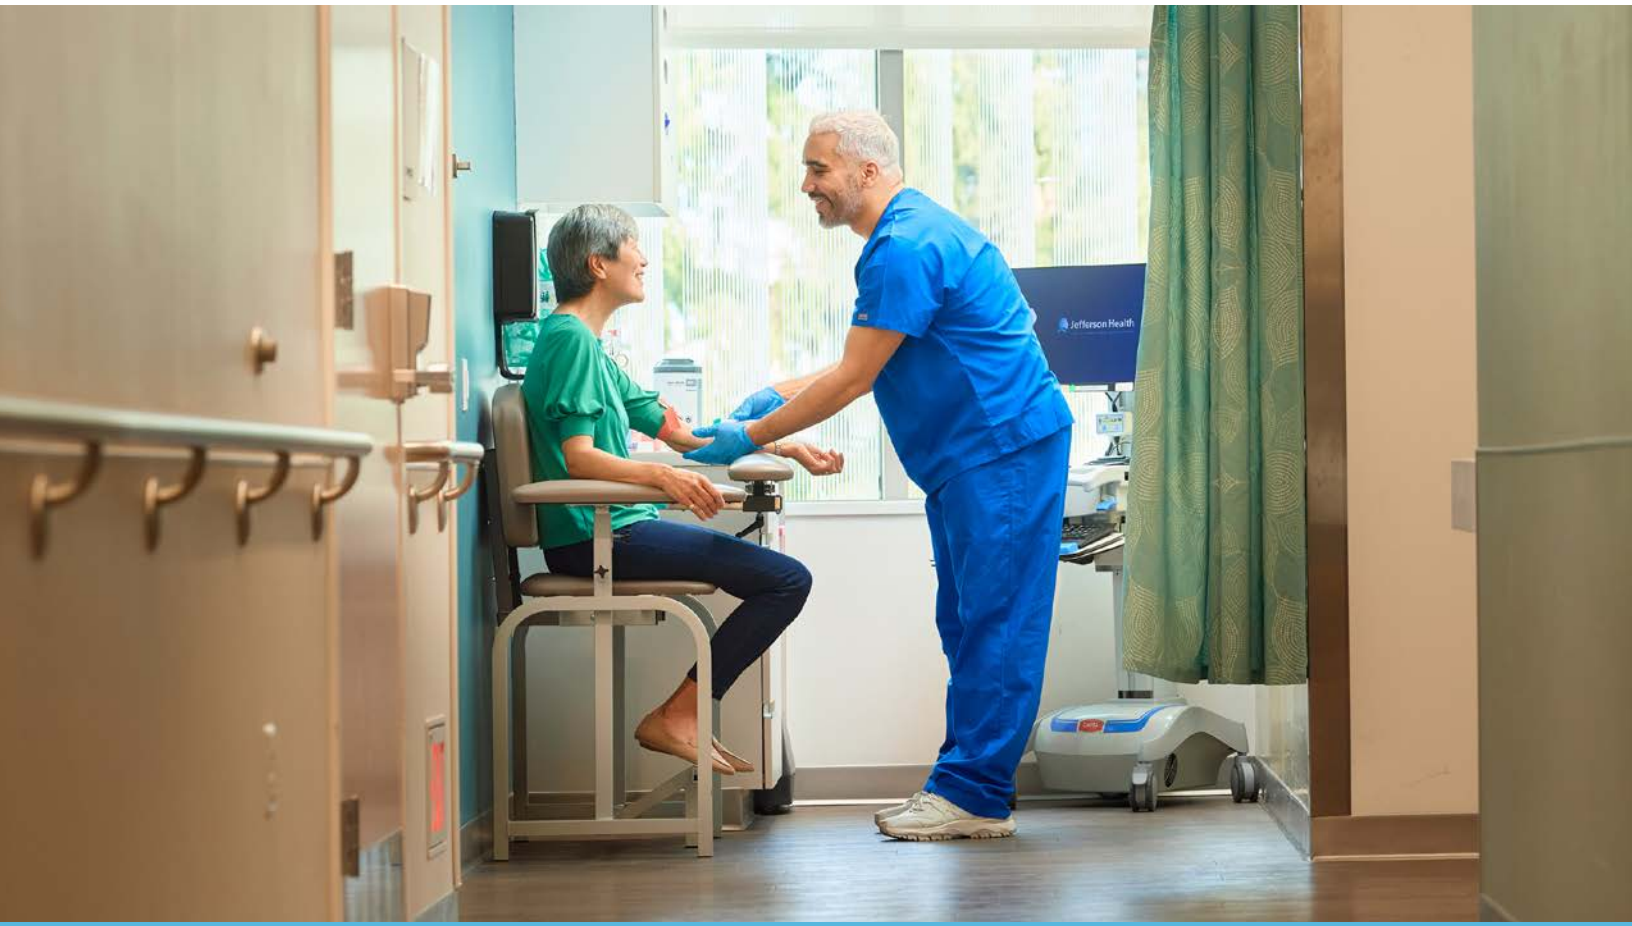

Before the Blackout Period Begins on Wednesday, November 26, 2025

- Make any changes to your T. Rowe Price account by calling **800-922-9945** or visiting **www.troweprice.com**.
  - Contact T. Rowe Price and change your dollar contribution amount to a percentage before November 17, 2025 or the Plan sponsor will convert it for you.

After the Blackout Period Ends During the Week of December 21, 2025

- Visit NetBenefits® at **www.netbenefits.com**, which will go live and be accessible starting the week of December 21, to:
  - Set up your username and password to access your account. If you have an existing Fidelity account, you can use that same login information to access your Jefferson Plan account.
  - Add your preferred email address and elect eDelivery.
  - Adjust your contribution amount, and/or change your investment elections.
  - Enter or update your beneficiary information.
  - Research the Plan's investment options.

Investment Options

Before investing in any mutual fund, consider the investment objectives, risks, charges and expenses. Contact Fidelity for a prospectus or, if available, a summary prospectus containing this information. Read it carefully.

The Plan offers a variety of investment options, giving you the flexibility to build a strategy that meets your short- and long-term financial goals. After the transition to Fidelity, the Plan investment lineup will include both current and new investment choices.

Depending on which funds you currently invest in, some of your investments may change. They may be liquidated and reinvested in new investment options or transferred to the same investment option (called a reregistration or in-kind transfer). Different funds may follow different transfer methods. Some investments may be out of the market for a day or more, while others will remain fully invested during the transition. Changes to the asset transfer strategy may also occur during the transition.

How Investment Options Will Transfer*

You don't need to take any action for your Plan account to transition to Fidelity. However, as mentioned earlier, certain investment options currently offered through the Plan will no longer be available. As a result, current account balances and future contributions will transfer to the new investment options on December 3, 2025, unless you make changes to your account **before November 26, 2025**.

Once the blackout period has ended during the week of December 21, 2025, all Plan services will be available again. That includes the ability to make investment changes within your account.

The table below outlines which investment options will remain the same after the transition. Specific details about how current investments will be mapped to new investments are provided in the following section. The full new investment lineup is available at the end of this guide.

Balances as of market close (4 p.m. ET) on December 2, 2025, that are invested in options not changing will transfer to the same funds—this is referred to as an "in-kind" transfer. Future contributions will continue to be invested in these funds unless you direct Fidelity otherwise by making changes to your T. Rowe Price account before November 26, 2025, or updating your Fidelity account after the transition is complete.

Investment Options That Are Not Changing

INVESTMENT OPTION	TICKER SYMBOL
Fidelity® International Index Fund	FSPSX
Fidelity® U.S. Bond Index Fund	FXNAX
T. Rowe Price Stable Value Common Trust Fund N† - ***balances only***	N/A
Vanguard Equity-Income Fund Admiral Shares	VEIRX
Vanguard Federal Money Market Fund Investor Shares^	VMFXX

† Current balances in the T. Rowe Price Stable Value Common Trust Fund N as of Dec. 2, 2025, will transfer to the same investment at Fidelity (called a reregistration, or in-kind transfer). The balances will remain invested in the market during the transition and will be frozen to future contributions once the transition is complete. **Future contributions will be directed to the Vanguard Federal Money Market Fund Investor Shares.^** Once the blackout period has ended during the week of Dec. 21, 2025, all services will be available, including the ability to make investment changes within your account.

^ ***You could lose money by investing in a money market fund. Although the fund seeks to preserve the value of your investment at $1.00 per share, it cannot guarantee it will do so. An investment in the fund is not a bank account and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The fund's sponsor is not required to reimburse the fund for losses, and you should not expect that the sponsor will provide financial support to the fund at any time, including during periods of market stress.***

Investment Options

Balances as of market close (4 p.m. ET) on December 2, 2025, that are invested in options that will no longer be available will be mapped to a new investment option. **Unless you direct otherwise by making changes to your account before November 26, 2025,** existing and future contributions will also be mapped to new investment options, as set forth in the table below.

Please note: New investment options being added to the Plan are listed in *italics*.

This is a good time to review your investment strategy and consider whether adjustments are needed to better align with your retirement goals.

Before making any investment decisions, review the *Investment Options Guide* on **www.myfidelitysite.com/Jeffersonretirement**. Learn about each option's risk, strategy and objectives, and consider all available information before choosing your investments.

For an explanation of your rights to direct investments, Plan restrictions and the fees and expenses associated with your account, refer to the enclosed *Participant Disclosure Notice*.

The Plan is intended to be a participant-directed plan under Section 404(c) of ERISA. This means that Plan fiduciaries are generally not liable for losses that result directly from investment instructions given by a participant or beneficiary.

Investment Options

Fidelity BrokerageLink®

The Plan also offers Fidelity BrokerageLink®, which provides you with an opportunity to invest in a broad range of investment options beyond those offered directly through the Plan.

BrokerageLink includes investments beyond those in your plan's lineup. You should compare investments and share classes that are available in your plan's lineup with those available through BrokerageLink and determine the available investment and share class that is appropriate for your situation. The plan fiduciary neither evaluates nor monitors the investments available through BrokerageLink. It is your responsibility to ensure that the investments you select are suitable for your situation, including your goals, time horizon and risk tolerance.

Fidelity® Personalized Planning & Advice

Jefferson has teamed up with Fidelity to offer a managed account service designed to help you stay on course toward your retirement goals. With Fidelity® Personalized Planning & Advice, you get active retirement account management. This means that Fidelity's team of investment professionals will invest your account based on your goals and preferences, monitor your portfolio regularly and rebalance your investments as needed to respond to market changes or updates to your personal situation.

What's New

The overall Plan design is not changing, but we have a few enhancements to share:

Contribution Elections	Contributions to the Plan at Fidelity will now be made as a percentage of your pay, up to 80%. If you currently contribute a specific dollar amount to the Plan, you'll need to update it to a percentage by November 17, 2025. To make this change, contact T. Rowe Price before the deadline or the Plan sponsor will convert your dollar contribution to a comparable percentage.
Roth In-Plan Conversion	As part of our commitment to help you meet your workplace savings goals, the Plan will now offer Roth In-Plan Conversions. This enhancement to the Roth option allows you to convert pre-tax and after-tax money to Roth and pay taxes on the taxable portion today. You can withdraw converted money—including any earnings generated after the conversion—tax-free once certain conditions are met.[1] Before deciding if a Roth In-Plan Conversion is right for you, visit **www.netbenefits.com/atwork** to learn more about the benefits and considerations. Consult a tax advisor to understand how this option may fit into your overall financial strategy, based on your personal goals, tax situation and retirement timeline.
Loans	Any outstanding loan balances in the Plan will transfer to Fidelity. Once there, loans will be paid via monthly ACH via your personal bank account. You'll receive repayment instructions in your email or mailed to your home about how to provide your banking information to Fidelity. Set up your banking information with Fidelity as soon as possible to keep your loan current and in good order. The first loan payment will be due January 30, 2026. After the transition to Fidelity, you will be permitted to only have one loan outstanding at a time. There will be a 30-day waiting period after paying off a loan before you can take out another.
Beneficiary Designations	Your beneficiary designation should be carried over from T. Rowe Price to Fidelity during the transition. While we expect the transfer to be smooth, it's important to carefully review your information once the process is complete to ensure everything is accurate and up to date. Once it's complete, call **800-343-0860** or log in to **www.netbenefits.com/atwork** to review or update your beneficiary information. With Fidelity's Online Beneficiaries Service, you can designate or update your beneficiaries, receive instant online confirmation and access your beneficiary information anytime. Be sure to verify that your beneficiary details are accurate and up to date once the transition is complete.
Account Statements	Your first account statement from Fidelity will be available online in January 2026. Statements will not be automatically mailed to your home. Instead, you can access them anytime at **www.netbenefits.com/atwork**. If you prefer to receive paper statements by mail, call Fidelity at **800-343-0860** or log in to **www.netbenefits.com/atwork**, click the *Profile & Settings* icon and select *Communication*.

[1] A distribution from a Roth 401(k) and 403(b) is federally tax-free and penalty free, provided the five-year aging requirement has been satisfied and one of the following conditions is met: age 59½, disability or death.

Action Required

Percentage Contribution Elections	If you currently contribute a dollar amount to the Plan, you'll need to update it to a percentage by November 17, 2025. To make this change, contact T. Rowe Price at **800-922-9945** before the deadline or the Plan sponsor will convert your dollar contribution to a comparable percentage.
Installment and Required Minimum Distribution (RMD) Payments	If you are currently receiving installment payments or required minimum distributions from your Plan at T. Rowe Price, these payments will transfer to Fidelity. **It is important that you review your payment election at T. Rowe Price and decide whether to make changes or establish a new payment election with Fidelity once the transition is complete.** To review or make changes to your current payment setup, please contact T. Rowe Price at **800-922-9945**.

Transition Timeline

To help ensure a smooth and accurate transfer of information from your current Plan account at T. Rowe Price to your new account at Fidelity, there will be a temporary period during which you'll be unable to access certain Plan features. This is known as a "blackout period." **It will begin at 4 p.m., ET on November 26, 2025, and end during the week of December 21, 2025. To determine whether the blackout period is in effect, contact T. Rowe Price at 800-922-9945.**

Preparing for the Blackout

Because you won't be able to direct or diversify your Plan balance during the blackout period, it's important that you take a few important steps in advance:

Review your current investments to make sure they align with your long-term goals.

Consider the importance of a well-balanced and diversified investment portfolio, taking into account all your assets, income and investments.

Even if you're not planning to retire soon, this temporary restriction may impact your broader financial strategy, so plan accordingly.

If you have any questions concerning the blackout period, contact the Fidelity Retirement Service Center at 800-343-0860. Review this transition calendar to understand how your account may be affected.

KEY DATES*	PLAN ACTIVITY/ACTION STEPS
November 17, 2025, 4 p.m. ET	This is the last day you can enroll in the Plan or change your future contribution rate. You'll be able to enroll or make changes once the blackout period has ended.
November 24, 2025, 4 p.m. ET	This is the last day to return all necessary paperwork to T. Rowe Price to process a loan or distribution. Please allow enough time to request, receive, complete and return the paperwork to T. Rowe Price before this deadline.
November 26, 2025, 4 p.m. ET	**Blackout period begins and it's the last day you can:** • Check your account balance. • Change your investment elections or rebalance the funds in your account. • Request an exchange between investment options. You'll be able to perform these actions once the blackout period has ended.
December 2, 2025, 4 p.m. ET	Your account balance will be valued at the close of the market.
December 3, 2025	Your account balance is scheduled to transfer to Fidelity. Review the *Investment Options* section of this guide on pages 9-12 to learn how your current investment lineup will change as a result of the transition.

Transition Timeline

Preparing for the Blackout (continued)

KEY DATES*	PLAN ACTIVITY/ACTION STEPS
During the week of December 21, 2025	**Blackout period ends. You will be notified that full access to your Plan account has been restored.** • Visit **www.netbenefits.com/atwork** to set up your username and password. If you already have accounts at Fidelity, you can use that same log in information to access your account. From there, you can review your account balances, enroll in the Plan, make changes to your account, request a loan or distribution or access/research investment options and performance. • Call **800-343-0860** to speak with a Fidelity representative who can answer questions and walk you through any transactions. • Confirm your beneficiaries. Your beneficiary designation should be carried over from T. Rowe Price to Fidelity during the transition. While we expect the transfer to be smooth, carefully review your information once the process is complete to ensure everything is accurate and up to date. To confirm, call **800-343-0860** or visit **www.netbenefits.com/atwork**.
January 2026	Account statements will not be automatically mailed to your home. To receive paper statements, update your preferences by calling Fidelity at **800-343-0860** or by logging in to **www.netbenefits.com/atwork**. Once there, click the *Profile & Settings* icon, then *Communication*.

*The timing of the Plan changes and transition period, including any asset reallocations, described within this brochure depends on a variety of factors, which may include the timing and accuracy of the transfer of data, receipt of instructions and receipt of assets. Changes in any of these factors may impact the timing of the delivery of services, the transition period and/or the dates on which, and thus the prices at which, assets in your account are sold and/or reinvested.

Key Dates and Action Steps

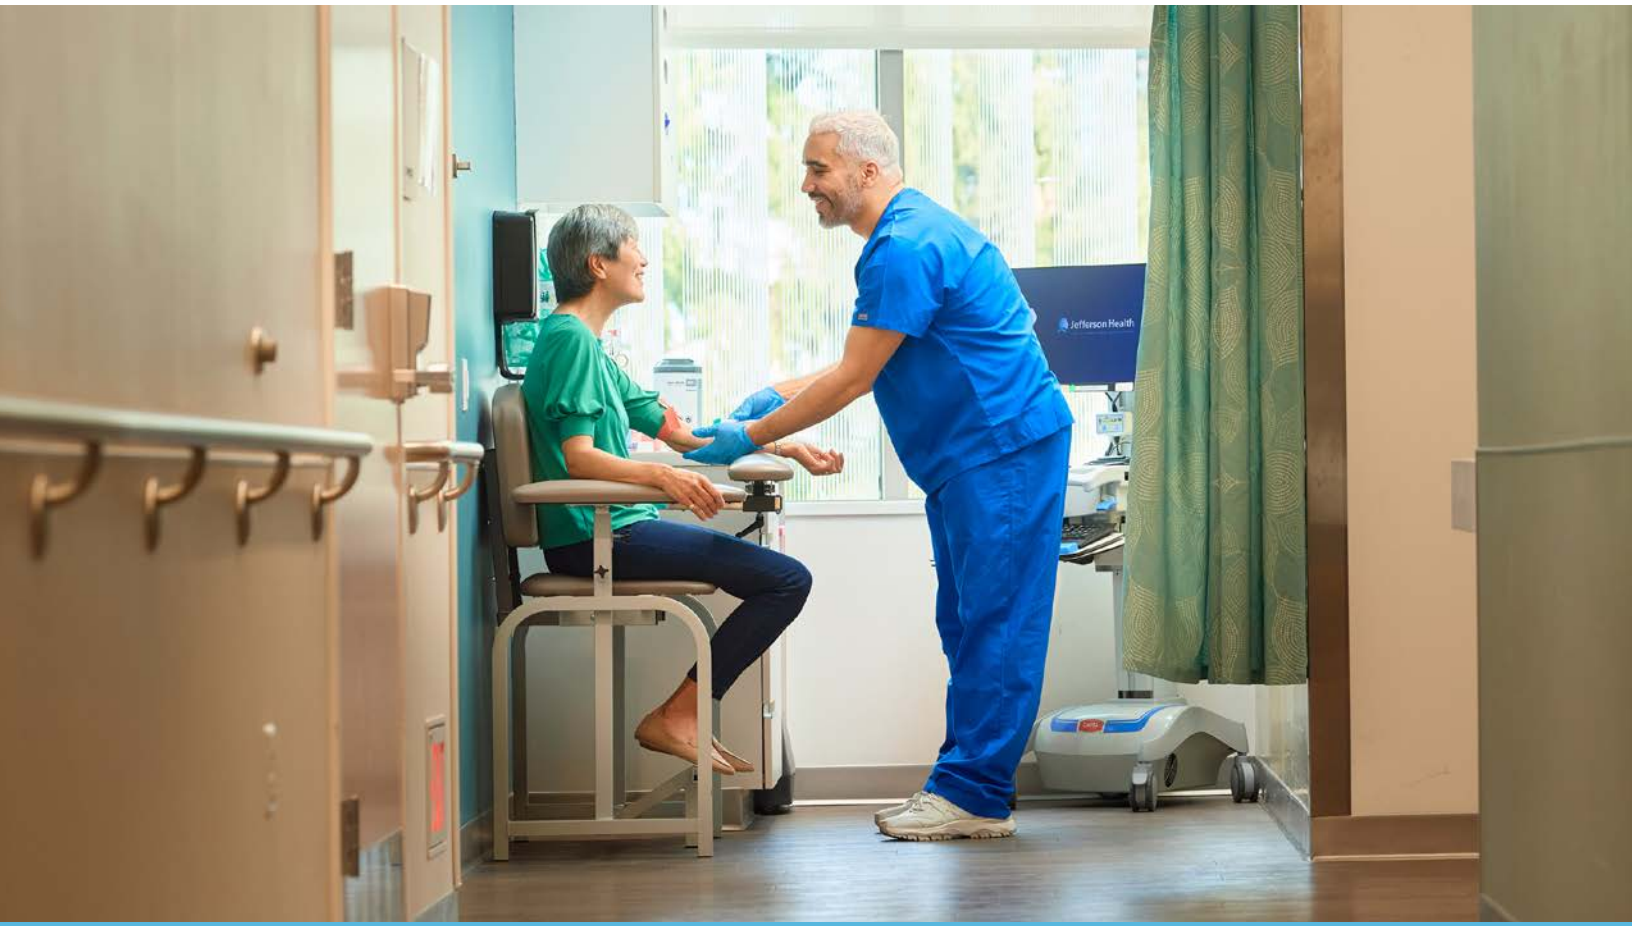

Before the Blackout Period Begins on Wednesday, November 26, 2025

- Make any changes to your T. Rowe Price account by calling **800-922-9945** or visiting **www.troweprice.com**.
  - Contact T. Rowe Price and change your dollar contribution amount to a percentage before November 17, 2025 or the Plan sponsor will convert it for you.

After the Blackout Period Ends During the Week of December 21, 2025

- Visit NetBenefits® at **www.netbenefits.com**, which will go live and be accessible starting the week of December 21, to:
  - Set up your username and password to access your account. If you have an existing Fidelity account, you can use that same login information to access your Jefferson Plan account.
  - Add your preferred email address and elect eDelivery.
  - Adjust your contribution amount, and/or change your investment elections.
  - Enter or update your beneficiary information.
  - Research the Plan's investment options.

Investment Options

Before investing in any mutual fund, consider the investment objectives, risks, charges and expenses. Contact Fidelity for a prospectus or, if available, a summary prospectus containing this information. Read it carefully.

The Plan offers a variety of investment options, giving you the flexibility to build a strategy that meets your short- and long-term financial goals. After the transition to Fidelity, the Plan investment lineup will include both current and new investment choices.

Depending on which funds you currently invest in, some of your investments may change. They may be liquidated and reinvested in new investment options or transferred to the same investment option (called a reregistration or in-kind transfer). Different funds may follow different transfer methods. Some investments may be out of the market for a day or more, while others will remain fully invested during the transition. Changes to the asset transfer strategy may also occur during the transition.

How Investment Options Will Transfer*

You don't need to take any action for your Plan account to transition to Fidelity. However, as mentioned earlier, certain investment options currently offered through the Plan will no longer be available. As a result, current account balances and future contributions will transfer to the new investment options on December 3, 2025, unless you make changes to your account **before November 26, 2025**.

Once the blackout period has ended during the week of December 21, 2025, all Plan services will be available again. That includes the ability to make investment changes within your account.

The table below outlines which investment options will remain the same after the transition. Specific details about how current investments will be mapped to new investments are provided in the following section. The full new investment lineup is available at the end of this guide.

Balances as of market close (4 p.m. ET) on December 2, 2025, that are invested in options not changing will transfer to the same funds—this is referred to as an "in-kind" transfer. Future contributions will continue to be invested in these funds unless you direct Fidelity otherwise by making changes to your T. Rowe Price account before November 26, 2025, or updating your Fidelity account after the transition is complete.

Investment Options That Are Not Changing

INVESTMENT OPTION	TICKER SYMBOL
Fidelity® International Index Fund	FSPSX
Fidelity® U.S. Bond Index Fund	FXNAX
T. Rowe Price Stable Value Common Trust Fund N† - ***balances only***	N/A
Vanguard Equity-Income Fund Admiral Shares	VEIRX
Vanguard Federal Money Market Fund Investor Shares^	VMFXX

† Current balances in the T. Rowe Price Stable Value Common Trust Fund N as of Dec. 2, 2025, will transfer to the same investment at Fidelity (called a reregistration, or in-kind transfer). The balances will remain invested in the market during the transition and will be frozen to future contributions once the transition is complete. **Future contributions will be directed to the Vanguard Federal Money Market Fund Investor Shares.^** Once the blackout period has ended during the week of Dec. 21, 2025, all services will be available, including the ability to make investment changes within your account.

^ ***You could lose money by investing in a money market fund. Although the fund seeks to preserve the value of your investment at $1.00 per share, it cannot guarantee it will do so. An investment in the fund is not a bank account and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The fund's sponsor is not required to reimburse the fund for losses, and you should not expect that the sponsor will provide financial support to the fund at any time, including during periods of market stress.***

Investment Options

Balances as of market close (4 p.m. ET) on December 2, 2025, that are invested in options that will no longer be available will be mapped to a new investment option. **Unless you direct otherwise by making changes to your account before November 26, 2025,** existing and future contributions will also be mapped to new investment options, as set forth in the table below.

Fidelity BrokerageLink®

The Plan also offers Fidelity BrokerageLink®, which provides you with an opportunity to invest in a broad range of investment options beyond those offered directly through the Plan.

BrokerageLink includes investments beyond those in your plan's lineup. You should compare investments and share classes that are available in your plan's lineup with those available through BrokerageLink and determine the available investment and share class that is appropriate for your situation. The plan fiduciary neither evaluates nor monitors the investments available through BrokerageLink. It is your responsibility to ensure that the investments you select are suitable for your situation, including your goals, time horizon and risk tolerance.
