Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
The United PEP
Shrewsbury, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The United PEP (the Plan or PEP), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the information or statements regarding assets so held are prepared and certified to by the qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from the qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE UNITED PEP

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of The United PEP (the PEP or the Plan) provides only general information. Participants should refer to the PEP basic plan document, and the applicable adoption agreement for the participant's employer which has chosen to participate in the PEP (Participating Employer), for a more complete description of the PEP's provisions.

General

The Plan is a pooled employer plan ("PEP") that was originally established on May 1, 2021. Effective January 1, 2025, the Plan was restated, and participation by the Employers commenced on that date. The Plan is administered by Plan Professionals, LLC, the Pooled Plan Provider (PPP). The PEP was established under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act). The PEP is a defined contribution plan covering eligible employees of the Participating Employers and is intended to qualify under the applicable sections of the Internal Revenue Code (IRC). The PEP is intended to constitute a multiple employer plan, as described under IRC Sections 410(a), 411, 413, and 415. Each Participating Employer elects its own provisions related to eligibility, contributions, notes receivable from participants, and payment of benefits. The PEP is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered as a pooled employer plan (PEP) as defined in Section 3(43) of ERISA, in accordance with the requirements of IRC Section 413(e), the regulations thereunder, and other applicable authority. A PEP allows numerous unrelated businesses of any size to participate in a single retirement plan that is managed by a PPP who must register with the Department of Labor (DOL) and the Department of the Treasury. The PPP has overall responsibility for the operation and administration of the Plan.

Participating Employers in a PEP have different plan provisions for their respective participating employees. Accordingly, each adopting employer executes an adoption agreement with terms and conditions specific to such employer. Employees of Participating Employers who are not excluded by certain provisions in the Plan document may enter the Plan on various dates coinciding with or following the date on which those employees meet eligibility requirements outlined within their respective Participating Employer's adoption agreement.

The PPP is the Plan Administrator and is responsible for oversight of the PEP. The PEP has an arrangement with Lincoln Financial Group Trust Company, Inc. and Lincoln National Life Insurance Company (collectively, the Trustee), who serves as the trustee of the PEP and holds the PEP's investment assets. Lincoln Retirement Services Company, LLC (LRS), an affiliate of the Trustee, provides recordkeeping services to the Plan, processes and maintains the participant records and provides third-party administrative services.

Eligibility

Only those employees of the Participating Employers who are designated by the Participating Employer in its adoption agreement as eligible employees shall be eligible to participate in the PEP. Participating Employers may define eligibility requirements based on factors such as age, service or employee type. Eligible employees shall be eligible to make participant contributions and receive allocations of employer contributions if and to the extent specified in the applicable adoption agreement or otherwise provided by the PEP.

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0 provisions became effective in 2024 and subsequent years. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

Note 1 – Description of Plan, Continued

Contributions

Each year, eligible participants may make pre-tax, Roth, and/or after-tax contributions of their eligible compensation, as defined by the PEP and Participating Employer's adoption agreement, subject to applicable limits established by law and the Internal Revenue Service (IRS). Participating Employers may elect safe harbor or non-safe harbor contribution provisions as well as compensation definitions. Under certain circumstances, eligible employees may make rollover contributions to the PEP. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Under the terms of the Participating Employer adoption agreements, the Participating Employers may elect to make matching contributions, profit-sharing contributions, safe harbor, and nonelective contributions to the PEP. Participating Employers may also elect to make true-up matching contributions. Participating Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Participating Employer contributions for the year ended December 31, 2025, amounted to $1,216,237. Participating Employer contributions are invested in funds in accordance with the participant's direction and the PEP's provisions.

Contributions are subject to certain IRS limitations.

Participant accounts

Participant accounts are credited with the participant's contributions and the Participating Employer's contributions, if any, and Plan earnings or losses. Participants are charged with the participant's withdrawals, applicable transaction charges, and an allocation of administrative expenses. Participants may direct their account balance into various investment options offered by the PEP. Allocations are based on earnings and losses of the participant's investments or participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their individual contributions and their Participating Employer's safe harbor contributions (if any), plus actual earnings or losses thereon. Vesting in their Participating Employer's other contributions portion of their accounts, plus actual earnings thereon, is based on years of service ranging from immediate to six years based on graded or cliff vesting schedules, as elected by the Participating Employer. Participant accounts become fully vested upon reaching normal retirement age (65), death, or disability.

Forfeitures

Forfeited nonvested accounts may be used to offset certain Plan administrative expenses or reduce future Participating Employer contributions. During the year ended December 31, 2025, no forfeitures were utilized. At December 31, 2025, forfeited nonvested accounts available to be utilized totaled $6,462.

Notes receivable from participants

Plan participants are permitted to borrow from their account a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years unless the loan is used to acquire a principal residence of the participant which must be repaid in a reasonable period of time. Loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 1%. A participant may only have one (1) loan outstanding at any time.

Note 1 – Description of Plan, Continued

Notes receivable from participants, continued

A participant can only have one loan currently outstanding from the PEP unless, as a result of a conversion from a prior plan, the participant has loans that were transferred to the PEP, in which case, up to one such grandfathered loan may also be outstanding for a possible maximum total of two loans outstanding. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the PEP document. Principal and interest are repaid through regular payroll deductions.

Payment of benefits

Payment of benefits can be made in a lump-sum, partial distributions, or periodic required minimum distributions based on the Participating Employer's adoption agreement. Upon separation of employment due to termination of employment, death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or maintain their vested account balance in the PEP. Participants with vested amounts less than $7,000 will receive a lump-sum distribution. Participants may elect to take in-service withdrawals of their vested accounts if they meet certain defined requirements, including becoming disabled, reaching early retirement age (59½), or due to heavy financial hardship, as defined. Participants, at any time, may also withdraw amounts attributable to their contributions, rollover contributions and/or any portion of their transferred balance that is available under a grandfathered withdrawal option.

Plan administration

The PPP is responsible for the management and administration of the PEP. Lincoln is the custodian of the PEP's investment assets and participants' accounts. Lincoln receives cash contributions and investment income and makes payments from PEP funds as directed by the participants and PPP. Lincoln Retirement Services Company, LLC, is the PEP's third-party administrator.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the PEP are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is recorded at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's PPP and Plan management determine the PEP's valuation policies utilizing information provided by their investment advisor and the Custodian. See Note 4 for a discussion of fair value measurements.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the PEP's gains and losses on investments bought and sold, as well as held during the year.

Note 2 – Summary of Significant Accounting Policies, Continued

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences may be material.

Risks and uncertainties

The PEP provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in such risks in the near term would materially affect participant account balances and the amounts reported in the financial statements.

Concentration

For the year ended December 31, 2025, four (4) Participating Employers individually comprised 5% or more of total contributions, and, in the aggregate approximated 98% of total contributions. For the year ended December 31, 2025, five (5) Participating Employers comprised approximately 5% or more of transfers in from other qualified plans and, in the aggregate approximated 100% of transfers in from other qualified plans.

Payment of benefits

Benefits are recorded when paid.

Contributions

Participant contributions and any related Participating Employer matching contributions are recognized in the period in which the employer makes the respective payroll deductions from the participant's compensation. Participating Employer non-elective/profit-sharing contributions are recorded in the relevant period in accordance with the terms of the Plan document.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on an accrual basis. Delinquent notes are reclassified as distributions based on the terms of the PEP basic plan document and participant loan program. As of December 31, 2025, no allowance for doubtful collection has been recorded.

Administrative expenses

Certain administrative expenses are paid by the PEP as provided for in the PEP basic plan document. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain other administrative expenses are paid by the PPP and Participating Employers and are not reflected in these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Reasonable expenses of the PEP, including custodian, attorneys, advisors, fiduciaries, and service providers are paid by the PEP, unless otherwise paid by the PPP or the Participating Employers.

Note 2 – Summary of Significant Accounting Policies, Continued

Uncertain tax positions

U.S. GAAP requires the Plan Administrator to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, PEP management has determined it does not have any positions at December 31, 2025, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln Financial Group Trust Company, Inc. and Lincoln National Life Insurance Company, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statement of net assets available for benefits as of December 31, 2025;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- Investment information included in the Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2025, as shown on the ERISA-required supplemental information.

At the request of the PPP, the PEP's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.

Note 4 – Fair Value Measurements, Continued

Level 3	Significant unobservable inputs.

An investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025. During the year ended December 31, 2025, there were no transfers of investments into or out of Level 3.

The following is a description of the value methodology used for assets measured at fair value:

Mutual funds – valued at quoted market prices, which represent their daily net asset value (NAV) and, therefore, are classified as Level 1. Mutual funds held by the Plan are open-end mutual funds that are traded on national exchanges (active markets).

Collective investment trust funds (CIT) – valued daily at the net asset value (NAV) of units held. The NAV, as provided by the trustee of the CITs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CIT less its liabilities. This practical expedient would not be used when it is determined to be probable that the CIT will sell for an amount different from the reported NAV. The CITs provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments. These are direct filing entities. Participant transactions (purchases and sales) may occur daily at NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the PEP believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, measured at fair value on a recurring basis, as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 39,926,784	$ -	$ -	$ 39,926,784
Collective investment trust funds*	-	-	-	1,065,656
Investments, at fair value	$ 39,926,784	$ -	$ -	$ 40,992,440

Note 5 – Guaranteed Investment Contracts with Insurance Company

The Plan invests in fully benefit-responsive investment contracts (FBRIC) issued by Lincoln, the issuer. The FBRICs issued by Lincoln have reported contract value of $6,325,444 at December 31, 2025.

Lincoln maintains contributions in its general accounts. The FBRICs is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Lincoln is contractually obligated to repay the principal and interest under the terms of the contract. Contributions received are credited with the applicable crediting rate. Interest is credited daily at a rate not less than the guaranteed minimum interest rate of 1.0%, as contractually specified. The interest crediting rate is reset by Lincoln every six months. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of Lincoln or otherwise.

Note 5 – Guaranteed Investment Contracts with Insurance Company, Continued

The Plan's ability to receive amounts due is dependent on Lincoln's ability to meet its financial obligations. Lincoln's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with Lincoln. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Lincoln and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow Lincoln to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of a material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of Lincoln.

Note 6 – Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the PEP, any party rendering service to the PEP, the Pooled Plan Provider (PPP), Participating Employers and certain others. Substantially all of the PEP's investments are managed, held, issued, and administered by Lincoln. Therefore, transactions with Lincoln are considered party-in-interest transactions. The PEP also issues loans to participants, which are secured by the vested balance in the participants' accounts. Such transactions are exempt from the prohibited transaction rules under ERISA.

Lincoln Retirement Services Company, LLC provides third-party administrative services to the PEP. The PEP compensates Lincoln Retirement Services Company, LLC and PPP directly for such services which is included in administrative expenses in the accompanying statement of changes in net assets available for benefits. Transactions with Lincoln qualify as party-in-interest transactions.

Note 7 – PEP Termination

Although it has not expressed any intent to do so, the PPP has the right under the PEP to discontinue contributions to the PEP and terminate the PEP subject to the provisions of ERISA. In the event of PEP termination, participants will become 100% vested in the Participating Employer's contribution portion of their accounts. Any unallocated assets of the PEP shall be allocated to participant accounts and distributed in such a manner as the PPP may determine. Additionally, the Participating Employers have the right to transfer the assets attributable to their participants to another qualified plan should the PPP terminate the PEP.

Note 8 – Plan Transfers

Upon termination or new entrance of a Participating Employer, funds may be transferred to or from other qualified plans. During the year ended December 31, 2025, transfers into the PEP from other qualified plans totaled $41,751,432.

Note 9 – Tax Status

On June 30, 2020, the IRS stated that the Non-Standardized Pre-Approved Profit-Sharing Plan adopted by the Plan, as then designed, was in accordance with the applicable section of the IRC, and, therefore, the related trust is tax-exempt. The Plan has not received a determination letter specific to the Plan itself. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and related trust is tax-exempt.

The PEP is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 – Delinquent Participant Contributions

During 2025, participant contributions and loan repayments totaling $23,512, were not remitted to the Plan within the period prescribed by DOL regulations. Such transactions constitute non-exempt party-in-interest transactions as defined by ERISA. These prohibited transactions have not been corrected as of the date of this report.

Note 11 – Subsequent Events

The PEP evaluated events occurring subsequent to December 31, 2025 through October 15, 2026, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
