INDEPENDENT AUDITOR'S REPORT

Administrative Committee
Pillsbury Winthrop Shaw Pittman LLP
Cash Balance Plan No. 4
Four Embarcadero Center, 22nd Floor
San Francisco, California 94111

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 4 (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits (In Liquidation) as of December 31, 2025, and the related statement of changes in net assets available for benefits (In Liquidation) for the period March 3, 2025 (Inception) to December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the period March 3, 2025 (Inception) to December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the Firm approved a plan of termination and liquidation on February 28, 2025. As a result, the Plan's basis of accounting in presenting the financial statements is the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

(Attached notes are an integral part of this statement)

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 4 (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more specific provisions.

A. General

The Plan is a cash balance defined benefit pension plan that was established March 3, 2025 to provide for the spin-off of liability and assets of the Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 1 ("Plan No. 1") and Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 2 ("Plan No. 2"). The firm contemporaneously approved the termination of the Plan effective November 30, 2025, subsequently amended to November 30, 2026. In accordance with accounting principles generally accepted in the United States of America, the financial statements are prepared on the liquidation basis of accounting. The plan administrator believes the Plan is designed and operated in compliance with applicable requirements of the Internal Revenue Code (the "Code") so as not to jeopardize its tax-qualified status and provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

B. Administration and Expenses

The Firm has appointed an Administrative Committee (the "Committee") to manage the operation and administration of the Plan. Assets of the Plan are held in a master trust together with the assets of Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 1 ("Plan No. 1") and Plan No. 2 ("Plan No. 2"), related plans administered by the Committee. U.S. Bank, N.A., is the directed trustee of the Plan and custodian of assets maintained in the master trust. Galliard Capital Management is the investment manager. The Firm pays substantially all costs of administering the Plan.

C. Eligibility

Any participant in the Plan No. 1 and Plan No. 2 who (a) had not attained age 60 as of December 31, 2024 and (b) is still providing services to the Pillsbury Winthrop Shaw Pittman LLP as of February 15, 2025 shall become a participant on March 3, 2025. No other individuals shall become a participant in the Plan at any time.

D. Contributions

The Plan is entirely funded by the Firm. The Plan shall satisfy the minimum funding standards of ERISA and the Code. The Plan meets ERISA minimum funding requirements for the year ended December 31, 2025.

E. Interest Credit

An interest credit is computed for each eligible participant. Interest is credited monthly based on the actual return on Plan assets for the month, reduced by an amount sufficient to provide for monthly grandfathered interest credits on cash balance accounts accrued prior to January 1, 2011, but in no event greater than 5.00% for the plan year. The annual interest credit for active participants for 2025 was 4.79%.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

F. Vesting

Participants are immediately 100% vested in their accounts.

G. Payment of Benefits

Normal retirement under the Plan is age 60. Benefits are payable upon attaining normal retirement age, at retirement or upon death or disability. Participants may elect a single life annuity, 50% joint and survivor annuity, 75% joint and survivor annuity or lump sum payment. Lump sum payments may be paid in cash or as a direct rollover to another qualified plan or to an IRA. Upon termination of employment, a participant's benefit under the Plan is equal to his or her accumulated contribution accounts transferred from Plan No. 1 and Plan No. 2, plus the interest credits through the month-end preceding distribution. Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

B. Investment Valuation and Income Recognition

Master trust investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results may differ from those estimates.

D. Risks and Uncertainties

Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the value of investments in the near term could materially affect the amounts reported in the financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Risks and Uncertainties (Continued)

Plan contributions are made, and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, the discount rate and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the financial statements.

E. Subsequent Events

As mentioned in Note 1, the Plan shall be terminated effective November 30, 2026. Distributions will be made to participants consisting of all accrued benefit as soon as practicable following the termination of the Plan and the Trust Fund shall accordingly be liquidated.

Management has evaluated subsequent events through October 15, 2026, the date on which the financial statements were available to be issued. There are no other material subsequent events that require recognition or additional disclosure in the Plan's financial statements.

NOTE 3 - INCOME TAX STATUS

The Plan received its most recent favorable determination letter dated September 2, 2026, in which the Internal Revenue Service stated that the Plan is designed in compliance with the applicable requirements of the Code. The Firm believes the Plan is operated in accordance with and continues to qualify under applicable requirements of the Code and related state statutes, and the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants and their beneficiaries. Benefits payables under all circumstances; retirement, death or termination of employment, are included to the extent they are deemed attributable to service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an enrolled actuary, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death or retirement) between the valuation date and

NOTE 4 - ACCUMULATED PLAN BENEFITS (Continued)

the expected date of payment. Significant actuarial assumptions used in the December 31, 2025 valuation are:

Mortality:	Society of Actuaries Pri-2012 Mortality Table with fully generational projected mortality improvements using Scale MP-2021
Payment Commencement:	All participants are assumed to receive distributions in July 2026 immediately following the Plan's termination date.
Investment Return:	2.50%

The foregoing actuarial assumptions were based on the presumption that the Plan would distribute all Plan benefits in July 2026. Subsequent to the actuarial valuation report and as mentioned in Note 1, the Plan was amended to be terminated effective November 30, 2026 with distributions to be made immediately following the Plan's termination date.

The actuarial present value of accumulated plan benefits as of December 31 follows:

	2025
Active Participants	$ 38,824,777
Terminated Participants	245,438
Retirees and Beneficiaries	-
	$ 39,070,215

The change in the actuarial present value of accumulated plan benefits from March 3, 2025 (Inception) to December 31, 2025 is attributable to the following:

Actuarial Present Value of Accumulated Plan Benefits at March 3, 2025 (Inception)	$ 37,671,761
Increase (Decrease) During the Period March 3, 2025 (Inception) to December 31, 2025 Attributable to:	
Benefits Accumulated	(18,307)
Increase for Interest	1,502,029
Benefits Paid	(85,268)
Net Increase	1,398,454
Actuarial Present Value of Accumulated Plan Benefits at December 31, 2025	$ 39,070,215

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements, including investments held at December 31, 2025, and net appreciation of investments and interest and dividends for the period March 3, 2025 (Inception) to December 31, 2025, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by U.S. Bank, N.A., the trustee.

NOTE 6 - PLAN TERMINATION

The Plan was terminated effective November 30, 2025, subsequently amended to November 30, 2026. Distributions will be made to participants consisting of all accrued benefits as soon as administratively practicable following such termination of the Plan, and the Trust Fund shall accordingly be liquidated.

No part of the Trust Fund shall revert to the firm or be used for or diverted to purposes other than the exclusive purpose of providing benefits to participants, spouses and beneficiaries who have an interest in the Plan, and of defraying the reasonable expenses of administering the Plan. On termination of the Plan, each participants right to benefits accrued hereunder shall be 100% vested an nonforfeitable. On termination of the Plan, the Trust Fund shall be allocated by the plan administrator on an actuarial basis among participants, spouses and beneficiaries in the manner prescribed by Section 404 of ERISA.

NOTE 7 - INTEREST IN MASTER TRUST

The Firm established a master trust for investment of assets of the Plan and Plans No. 1 and No. 2. Each participating retirement plan has an undivided interest in the master trust. Contributions and distributions are allocated between the Plan and Plans No. 1 and No. 2 in accordance with directions of the Plan Administrator. Investment gains and losses are allocated between plans according to each plan's interest in master trust investments. At December 31, 2025, the Plan's interest in investments held in the master trust was 55%.

Fair values of master trust investments and the Plan's interest in master trust investments were as follows at December 31:

	December 31, 2025	
	Master Trust Balances	Plan's Interest in Master Trust Balances
Money Market Mutual Funds	$ 10,071,024	$ 223,138
U.S. Government Securities	33,918,567	21,485,518
Corporate Debt Securities	25,705,211	16,282,816
State, Municipal Bonds and Other Debt Securities	1,703,221	1,078,895
Totals	$ 71,398,023	$ 39,070,367

Changes in the Plan's interest in the master trust are attributable to the aggregate investment activity of Plan participants during 2025 and include contributions and other transfers to the trust, investment gains and losses, withdrawals, expenses and other transfers from the master trust. Following are the changes in net assets of the master trust for the year ended December 31, 2025:

Investment Income:	
Dividends and Interest	$ 2,539,074
Net Appreciation of Investments	273,839
Net Investment Income	2,812,913
Net Transfers	5,994,095
Increase in Net Assets	8,807,008
Net Assets:	
Beginning of Year	62,591,015
End of Year	$ 71,398,023

NOTE 7 - INTEREST IN MASTER TRUST (Continued)

The Plan's portion of the net investment gain of the Master Trust for the period March 3, 2025 (Inception) to December 31, 2025 was $1,468,933.

NOTE 8 - FAIR VALUE MEASUREMENTS

Accounting guidance establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices for identical securities in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

Money market mutual funds and U.S. Treasury securities are valued at closing market prices. Fair values of U.S. Government securities, other than U.S. Treasury securities, corporate, state, municipal bonds and other debt securities are obtained from a pricing service and are based on recent sales of similar securities and other observable market data. Although the plan administrator believes these valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date.

The following tables summarize Plan investments at December 31 based on the inputs used to value them:

	2025			
	Level 1	Level 2	Level 3	Total
Money Market Mutual Funds	$ 10,071,024	$ -	$ -	$ 10,071,024

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods

Actuarial Basis

Overview

This 2025 Form 5500 Schedule SB for the Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 4 ("Plan") has been prepared for the Internal Revenue Service, the Department of Labor, and the Pension Benefit Guaranty Corporation. The purpose of this 2025 Schedule SB is to provide reporting of the Plan's minimum funding and other Plan information as requested to the Department of Labor's Employee Benefits Security Administration (the "EBSA"), as stated in the instructions to the 2025 Form 5500. This 2025 Schedule SB consists of the three-page Schedule SB form provided by the EBSA and the associated attachments filed concurrently with this form.

This 2025 Schedule SB is signed and dated by Daniel B. Jaffe. Mr. Jaffe is the responsible actuary for this 2025 Schedule SB for the Plan, and as an Enrolled Actuary and a Member of the American Academy of Actuaries, is qualified to issue this 2025 Schedule SB. Mr. Jaffe is not aware of any conflict of interest which could potentially impact the objectiveness of this work.

This 2025 Schedule SB may not be relied upon by any other party or for any other purposes than as stated above. The funded status disclosed in this 2025 Schedule SB is produced on the basis discussed in this reporting. In particular, Plan assets and liabilities have been measured as of the March 3, 2025 valuation date according to the data, assumptions and methodologies as discussed in this reporting. Other than as disclosed in this reporting, the responsible actuary is not aware of any subsequent events that would have a material impact on the results published here.

Future actuarial measurements may differ significantly from the current measurements presented in this report due to a variety of factors. An analysis of the potential range of such future measurements is outside the scope of this report.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (cont'd)

Liability Method

For minimum funding purposes, liabilities shown in this report have been computed using a method similar to the Unit Credit method. Use of this method for minimum funding is mandated by statute.

Liability Allocation

The objective of any liability method is to accrue for each participant's Plan benefit based on the allocation of liability between past, present and future.

Liability for past periods should be fully accrued, or if not, any unaccrued past service liability requires remedial accruals. Liability for the present period (e.g., the current plan year) should be accrued as expense for the current period. Liability assigned to future periods should be deferred to future years, and thus result in no current period accrual.

Thus, the current period expense will consist of benefit accruals for the current period, plus any remedial past service accrual.

Unit Credit

Under the Unit Credit method, liabilities are assigned to past, present and future periods based on the accrual of Plan benefits for those periods, as follows:

- Past service: the present value of the benefits accrued under the Plan as of the beginning of the plan year. For funding purposes, this is called the **Target Liability**.
- Current service: the present value of benefits accrued under the Plan during the plan year. For funding purposes, this is called the **Target Normal Cost**.
- Future service: the present value of benefits to accrue after the end of the plan year.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (cont'd)

Asset Valuation Method

The market value of assets as of March 3, 2025 stated in this report consist of the amounts transferred from the Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plans No. 1 and No. 2 to this Plan.

Contributions that are made for the current plan year, whether made before or after the valuation date, are excluded from the actuarial value of assets.

Valuation Data

The valuation date for the 2025 actuarial valuation is March 3, 2025. Except as discussed below, the March 3, 2025 valuation date is also the information date for this report.

The Plan sponsor provided data on all relevant employees and participants as of the March 3, 2025 valuation date. Employee and participant data was reviewed for reasonableness and consistency (i.e., with respect to the predecessor plans from which this plan was spun off), but was otherwise relied upon for accuracy and completeness. If any of the reported data were inaccurate, or if the reported data were not complete, these results would require modification and could not be relied upon.

Any changes in participant data effective after the March 3, 2025 valuation date were not considered in this report.

All financial data was provided by the Plan's asset custodian, US Bank. Changes in financial data after the March 3, 2025 valuation date were not considered in this report, with any exceptions to this statement fully noted in this report. The financial data received was reviewed for consistency with the expectations described by the Plan Sponsor in connection with the spinoff, but was otherwise not reviewed or analyzed.

The compensation limitations of Code section 401(a)(17) and the benefit limitations of Code section 415(b) have been incorporated into our calculations.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (cont'd)

The following assumptions were used in valuing the liabilities and benefits under the Plan.

Economic

Yield Curve Election:	The Plan sponsor did not elect to use the full yield curve[1].
Applicable Month:	The Plan sponsor elected to base Segments Rates on the October immediately preceding the valuation year[1].
MAP-21 Segment Rates as modified by HATFA:	First Segment: 5.05% compounded annually Second Segment: 5.31% compounded annually Third Segment: 5.50% compounded annually
Interest on Cash Balances:	2.50% compounded annually. This is our reasonable estimate of anticipated experience under the Plan, taking into account the Plan's asset allocation and our expectations for long-term returns in the investment markets.

Other

Mortality:	IRS 2025 Static Mortality Table for small plans contained in IRS Notice 2024-42. The IRS 2025 Static Mortality Table is the Pri-2012 Mortality Table, combined for annuitants and non-annuitants and projected for mortality improvement by 2024 Adjusted Scale MP-2021, as described in the applicable regulations.
Payment Commencement:	All participants are assumed to receive distributions in December 2025 immediately following the Plan's termination date
Withdrawal:	None.
Disability:	None assumed.
Form of Payment:	Lump sum. This assumption is our reasonable estimate of anticipated future experience under the Plan, and reflects the fact that all except nine of the participants who have made benefit elections under the Predecessor Plans since their 2004 inceptions have elected single-sum distributions.

[1] These elections were identical for the two Predecessor Plans and as such are incorporated for purposes of IRC Section 430 for this spin-off plan.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (cont'd)

PPA Benefit Restrictions:	As required by IRS regulations, it is assumed that no PPA benefit restrictions apply in the current and all future plan years, regardless of the Plan's current funded status or any current imposition of such restrictions.
Top 25 Lump Sum Restrictions:	As required by IRS regulations, it is assumed that no Top 25 lump sum restrictions apply in the current and all future plan years, regardless of the Plan's current funded status or any current imposition of such restrictions.

Changes in Assumptions

None. This is the first year of the Plan

Nature of Assumptions

The Segment Rates and the Mortality assumptions are dictated by the provisions of the Pension Protection Act of 2006. These two assumptions were determined by IRC section 430 and the associated IRS regulations, and the Plan sponsor method elections previously made.

The assumptions with regard to the PPA Benefit Restrictions and Top-25 Lump Sum Restrictions were determined for minimum funding calculations by the IRS regulations under IRC section 430.

In the opinion of the responsible actuary, except as dictated by IRC section 430 and the associated IRS regulations, each actuarial assumption for which the actuary is allowed discretion is reasonable, taking into account the experience of the Plan and reasonable expectations, and which, in combination, represent the responsible actuary's reasonable estimate of the anticipated experience under the Plan.

Schedule SB, line 22 – Description of Weighted Average Retirement Age

All participants are assumed to commence benefits in December 2025 immediately following the Plan's November 30 termination date.

The average is therefore 9 months greater than the average age as of the valuation date, which is age 48.71.

48.71 plus 9/12 = 49.46 which rounds to age 49 and which is reported on line 22 of the 2025 Schedule SB

Schedule SB, line 25 – Change in Method

The Plan was established as a result of spin-offs from the Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 1 and the Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 2, with both spin-offs effective as of the effective date of the Plan, March 3, 2025.

Although the Plan is generally intended to continue to use calendar year plan years (as did the originating plans), because of the mid-year spin-offs, the 2025 plan year was a short plan year, commencing March 3, 2025 and ending December 31, 2025. To the extent that a spin-off is treated as a continuation of the originating plan(s), the 2025 plan year could be considered to have a funding method change due to the change in valuation dates from January 1, 2024 to March 3, 2025 and from March 3, 2025 to January 1, 2026.

In accordance with Section 412(d)(1) of the Internal Revenue Code (the "Code") and IRS Revenue Procedure 2017-57, an approval for a change in funding method for the Pillsbury Winthrop Shaw Pittman LLP Cash Balance Plan No. 4 (the "Plan") has been requested to a March 3, 2025 valuation date for the 2025 actuarial valuation and a January 1, 2026 valuation date for the 2026 actuarial valuation. The application also requested approval of the method by which the mid-year spin-off is reflected in the minimum required contribution determination for the Plan.
