INDEPENDENT AUDITOR'S REPORT

To the Participants and
The Administrative Committee of the
Diamond G Employee Benefit Plan
Greeneville, Tennessee

Opinion

We have audited the financial statements of Diamond G Employee Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with the modified cash basis of accounting as described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at year end as of December 31, 2025 and reportable transactions for the year ended December 31, 2025, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting records and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

DIAMOND G EMPLOYEE BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Diamond G Employee Benefit Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan was established to provide health and other benefits for eligible retired and full-time employees of Unaka Corporation, Crown Point Ltd., Meco Corporation, and So-Pak-Co, Inc. (collectively the Company or Plan Sponsor) after completion of an initial waiting period ranging from the first day of the month after the date of employment to the first day of the month after 60 days depending on the employee's classification, as well as covered dependents.

Certain Plan assets are held in a voluntary employees' beneficiary association (VEBA) trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions - Contributions to the Plan are made by the Plan Sponsor in amounts determined to be necessary to fund claims made against the Plan. Any deficiency of the Plan's net assets available for benefits over benefit obligations is funded by the Company on a pay-as-you-go basis. Participants share in the cost of medical and prescription drug benefits, and the Company pays the cost of life insurance, long-term disability, accidental death and dismemberment and certain short-term disability. In addition, the Company allows participants to purchase additional life insurance if desired. Participants pay 100% of the cost for vision, dental and certain short-term disability benefits.

As permitted under Section 125 of the Internal Revenue Code, the Company offers a flexible benefits plan which allows participating employees to pay a designated amount of their Plan contributions with pre-tax dollars.

Certain insurance premiums and administrative fees are paid by the Plan Sponsor and are included in the Plan's financial statements as Plan Sponsor contributions.

Benefits - The Plan provides health benefits (medical, vision, dental and prescription drugs), life insurance, short-term and long-term disability benefits, and accidental death and dismemberment benefits. Retired employees hired prior to January 1, 2018, have the option to continue benefits provided they are between the ages of 55 and 65 and have attained the number of years of service with the Company as specified in the Plan Agreement. The cost of retirement benefits to retired employees depends on their age and number of years of service at retirement in accordance with the Plan Agreement. The Plan also provides continuation of certain benefits upon termination of employment through the Consolidated Omnibus Budget Reconciliation Act (COBRA).

Insured Benefits - The Plan fully insures the vision, dental, life, short and long-term disability and accidental death and dismemberment benefits. The Plan purchases annual contracts for these insured benefits. Premiums for vision, dental, life, and disability programs are paid to the insurance company from the general assets of the Company, funded by employee payroll deductions. Premiums for all other insured benefits are paid to the insurance company from the assets of the VEBA trust and recorded as premium payments in the accompanying statement of net assets available for benefits.

Self-Insured Benefits - All other plan benefits are self-insured. The claims for self-insured benefits are processed by BlueCross BlueShield of Tennessee and EpiphanyRx, the Plan's third-party claims processors, under an administrative services only (ASO) arrangement. The claims processors pay claims directly to or on behalf of participants and are reimbursed by the Plan's VEBA trust. Despite the Plan's utilization of third-party claims processors, the ultimate responsibility for payments to providers and participants is retained by the Plan. Claim payments are recorded when paid.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

The Plan utilizes a pharmacy benefit manager (PBM) which periodically makes refunds to the Plan based on the Plan's actual utilization pattern of specific drugs.

Stop Loss Coverage - The Plan has entered into a stop-loss insurance arrangement in an effort to limit its exposure for self-insured benefits (individual participant claims over specific dollar amount, as well as its aggregate exposure for all claims).

Medicare Subsidy - The Plan's postretirement benefit obligation does not reflect an amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug Improvement and Modernization Act of 2003 because the Plan is not directly entitled to the Medicare subsidy.

Administrative Expenses - The Plan pays administrative expenses that consist primarily of administrative fees paid to the third-party claims administrator and the Trustee. These expenses are reported on the statement of changes in net assets available for benefits. Certain administrative expenses are paid by the Plan Sponsor and are excluded from these financial statements.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. The modified cash basis of accounting is an acceptable alternative method of reporting under regulations issued by the Department of Labor. The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income on the accrual basis.

Use of Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell or redeem an investment in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a settlement date basis. Interest income is recorded on the accrual basis.

Payment of Benefits - Premiums paid by either the Company or VEBA trust are recorded as premium payments in the statement of changes in net assets available for benefits. Claim payments are recorded when paid.

Stop Loss - Premiums for stop loss insurance are included in premium payments in the accompanying statement of changes in net assets available for benefits. Stop loss refunds (recorded when received) totaling $411,220 have been netted with claims paid in the accompanying statement of changes in net assets available for benefits.

Plan Assets - The Plan's assets are held in trust by First Horizon Bank which serves as the asset manager and handles all distributions for the trust. The Plan has a cash management system whereby the bank transfers the proceeds of money market instruments, which are under the bank's control, to the Plan's checking account once the checks have been approved for payment.

Subsequent Events - The Plan's management has evaluated subsequent events for the Plan through October 15, 2026, which is the date the financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market Fund: Valued at the daily closing price as reported by the fund. The money market fund held in the Plan is an open-ended mutual fund that is registered with the Securities and Exchange Commission. The fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund held by the VEBA account is deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Asset at Estimated Fair Value			
	Level 1	Level 2	Level 3	Total
As of December 31, 2025				
Money Market Fund	$ 1,502,994	$ 0	$ 0	$ 1,502,994
As of December 31, 2024				
Money Market Fund	$ 1,025,086	$ 0	$ 0	$ 1,025,086

NOTE 4 - BENEFIT OBLIGATIONS

Postretirement Benefits

The amount disclosed below as the postretirement benefit obligation represents the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current Plan participants. Postretirement benefits include future benefits expected to be paid for (1) currently retired employees and dependents, and (2) active employees and dependents after retirement from service with the Plan Sponsor. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Plan Sponsor. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the estimate that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant, adjusting such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The postretirement benefit obligation has not been recorded in the accompanying modified cash basis of accounting financial statements.

The present value of the accumulated postretirement benefit obligation at December 31 is as follows:

	2025	2024
Retired Participants	$ 888	$ 930
Other Participants Fully Eligible for Benefits	22,949	31,301
Participants Not Yet Fully Eligible for Benefits	317,763	343,826
Total	$ 341,600	$ 376,057

The change in the postretirement benefit obligation for 2025 is as follows:

Postretirement Benefit Obligation as of January 1, 2025	$ 376,057
Service Cost	17,237
Interest Cost	19,389
Benefits Paid (Net of Participation Contributions)	(1,841)
Actuarial (Gain) / Loss	(69,242)
Postretirement Benefit Obligation as of December 31, 2025	$ 341,600

For measurement purposes, a 5.25% annual rate of increase in the per capita cost of covered health care benefits was assumed through the end of 2025. The rate was assumed to decrease to 4.97% for 2026 and thereafter.

The following represent changes in assumptions from the prior year valuation:

Employees hired after December 31, 2017 are no longer eligible to participate in the postretirement benefits.

The medical trend assumption was decreased to 3.00% per year to better reflect current economic conditions and then back to the ultimate rate of 4.50% effective for 2027 and thereafter. The participation assumption remains at 75%.

The weighted average discount rate changed from 5.25% to 4.97%.

The mortality assumption used was Pri-2012 Mortality Fully Generational using Projection Scale MP-2021.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

NOTE 4 - BENEFIT OBLIGATIONS (Continued)

Claims Incurred but not Reported (And Currently Payable)

Benefit obligations for incurred but not reported medical claims are estimated by the Plan's management based on historical information. The liability is based on estimates and while management believes that the amount is adequate, the ultimate obligation may be in excess or less than the amounts disclosed. Any differences in the amounts estimated and actual amounts paid will be reported in future years. These amounts, which are to be funded from the Plan's assets and future contributions, have not been recorded in the accompanying modified cash basis financial statements.

Claims Incurred but not Reported as of January 1, 2025	$	374,666
Claims and premiums incurred, including claims and premiums reclassified from postemployment and postretirement benefit obligations		4,161,752
Health Claims Paid		(4,209,465)
Claims Incurred but not Reported as of December 31, 2025	$	326,953

NOTE 5 - REFUNDS

Refunds due from the Plan's PBM are recorded when received. Pharmacy rebates totaling $486,822 have been netted with claims paid in the accompanying statement of net assets available for benefits for the year ended December 31, 2025.

NOTE 6 - ADMINISTRATIVE CONTRACT

Medical and pharmacy claims of the Plan are administered by BlueCross BlueShield, the third-party administrator under the terms of an administrative contract. The contract requires performance of services necessary for the operation and conduct of the day to day business of the Plan. As compensation for its services, the third party receives a monthly fee based upon the number of participants in the Plan. For the year ended December 31, 2025, the fees paid by the Plan related to this contract were $240,420.

NOTE 7 - INCOME TAX STATUS

The VEBA trust funding certain benefits of the Plan received an exemption letter from the IRS stating that the trust is tax-exempt under the provisions of Section 501(c)9 of the Internal Revenue Code (IRC), and, accordingly, the Trust's net investment income is exempt from income taxes. In addition, the Plan and the trust are required to operate in conformity with the IRC to maintain the tax-exempt status of the trust. The Plan Administrator believes that the Plan, as amended, is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

As described in Notes 1 and 6, the Plan has several arrangements with service providers. These transactions are considered party-in-interest transactions under ERISA.

NOTE 9 - RISKS AND UNCERTAINTIES

The actuarial present value of benefit obligations is reported based on assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. In addition, the estimated current benefit obligations incurred but not reported are based on certain assumptions, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statement disclosures.

NOTE 10 - TERMINATION OF THE PLAN

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to modify the benefits provided to participants, or to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for or on account of the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan participants.

NOTE 11 - HEALTH SAVINGS ACCOUNT

The Plan has a health savings account (HSA) that is funded through employee and Plan Sponsor contributions. The HSA allows eligible participants to contribute through payroll deductions to an account which can be used for qualified medical expenses. Activity associated with the HSA is excluded from the Plan’s financial statements because the Plan is not obligated to pay the benefits.
