INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Prevailing Pooled Employer Plan

Opinion

We have audited the accompanying statements of net assets available for benefits of the Prevailing Pooled Employer Plan (the "Plan") as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities section of our report. We are independent of the Plan and have fulfilled our other ethical responsibilities in accordance with the relevant ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Plan management, including the Pooled Plan Provider (Prevailing Asset Management, LLC), is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

In performing our audit, we considered the unique aspects of pooled employer plans (PEPs), including multiple participating employers, the Pooled Plan Provider's administrative oversight, and the aggregation of contributions and participant data across employers. Audit procedures included testing controls at both the Pooled Plan Provider and selected participating employers.

Other Matter—Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

PREVAILING POOLED EMPLOYER PLAN
STATEMENT OF CHANGES IN NET ASSETS AVAILABLE FOR BENEFITS
YEAR ENEDED DECEMBER 31, 2025

NOTE 1. DESCRIPTION OF THE PLAN

The Prevailing Pooled Employer Plan (the "Plan") is a defined contribution plan qualified under Section 401(a) of the Internal Revenue Code and includes a cash or deferred arrangement under Section 401(k). The Plan allows multiple unrelated employers to participate through a common Pooled Plan Provider, Prevailing Asset Management, LLC., which serves as the named fiduciary and plan administrator. Investments are held by a trustee/custodian on behalf of participants.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The financial statements are prepared on the accrual basis of accounting in accordance with U.S. GAAP. Investments are reported at fair value, and participant contributions are recorded when withheld from employees' compensation. Benefit payments are recorded when distributed.

NOTE 3. INVESTMENTS

The Plan's investments are held in a master trust that includes pooled assets of all participating employers. Investment income and gains are allocated to participants based on account balances.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 as described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of observable inputs.

The following is a description of the valuation methodologies used for asset measured at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: The fair value of participation units in the collective trust is based upon the net asset value. The net asset value is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the report net asset value. Participant purchases and sales may occur daily.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2025 and 2024:

	Asset at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 31,275,026	$ -	$ -	$ 31,275,026
Money Market	184,117	-	-	184,117
Common Collective Trust Fund	-	-	-	290,589 ^
Investments at fair value	**$ 31,459,143**	**$ -**	**$ -**	**$ 31,749,732**

	Asset at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 27,051,264	$ -	$ -	$ 27,051,264
Money Market	124,229	-	-	124,229
Common Collective Trust Fund	-	-	-	330,308 ^
Investments at fair value	**$ 27,175,493**	**$ -**	**$ -**	**$ 27,505,801**

^ Common Collective Trust and Pooled Separate Account are measured at fair market value using the net asset value per share or its equivalent as a practical expedient and are therefore not required to be classified in the fair value hierarchy.

For investments in certain entities that calculate the net asset value per share as the investment's fair value measurement, the following table provides an overview, by major category, of the nature and risks associated with such investments as well as whether it is probable those investments being sold at amounts different from their reported net asset value share based on redemption restrictions, if any.

	2025 Fair Value	**2024 Fair Value**	**Unfunded Commitments**	**Redemption Frequency (If currently eligible)**	**Redemption Notice Period**
Common Collective Trusts	$ 290,589	$ 330,308	None	Immediate	None

NOTE 5. ADMINISTRATIVE EXPENSES

Administrative expenses include trustee fees, recordkeeping, audit fees, and other charges. Some expenses are paid directly by the Pooled Plan Provider; others are deducted from plan assets.

NOTE 6. PARTY -IN-INTEREST TRANSACTIONS

Transactions with the trustee, recordkeeper, and Pooled Plan Provider may qualify as party-in-interest transactions under ERISA. Such transactions are permitted if conducted in the ordinary course and in accordance with applicable exemptions.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Pooled Plan Provider has the right under the plan to discontinue its operations at any time and to terminate the plan subject to the provisions of ERISA. In the event of the plan termination, participants of respective participating employers will become 100 percent vested in their accounts.

NOTE 8. TAX STATUS

The Plan received a favorable determination letter indicating that it meets the qualification requirements of the Internal Revenue Code. The Pooled Plan Provider is responsible for ensuring ongoing compliance with applicable tax regulations.

NOTE 9. RISK AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
