Independent Auditors' Report

To Those Charged with Governance of the
Azure Summit Technology, Inc. 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit on the 2025 Financial Statements

We have performed audits of the accompanying financial statements of the Azure Summit Technology, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – liquidation basis as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits – liquidation basis for the year ended December 31, 2025 and the related notes to the financial statements – liquidation basis.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Azure Summit Technology, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 15, 2025 and December 31, 2024 and for the period from January 1, 2025 through December 15, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Azure Summit Technology, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Azure Summit Technology, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards in the United States of America, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Azure Summit Technology, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about the Azure Summit Technology, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Basis of Accounting

As described in Notes 1 and 5 to the financial statements, effective October 29, 2024, the Plan Sponsor made the decision to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, The Plan presented the financial statements as of December 31, 2025, and 2024 and for the year ended December 31, 2025 on the liquidation basis of accounting. Our opinion is not modified with respect to that matter.

1. DESCRIPTION OF THE PLAN

The following description of the Azure Summit Technology, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established on January 1, 2012 by Azure Summit Technology, Inc. The Plan includes the employees of Azure Summit Technology, Inc. (the Company). The Plan covered all employees of the Company, other than interns and co-op students, who were excluded from Plan eligibility. Azure Summit Technology, Inc. (the Company) served as the Plan Sponsor. There was no age or service requirement to be eligible to participate in the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and was most recently amended effective October 29, 2024 to terminate the Plan, as discussed below.

Plan Termination

Effective October 29, 2024, the Company was acquired. As a result of the acquisition, the Company made the decision to terminate the Plan and began the process to distribute all assets to respective participants.

Participant Contributions

Prior to termination, participants could contribute up to 75% of their gross compensation on a pre-tax or Roth basis, as defined by the Plan, not to exceed the maximum allowable contribution limit under the Internal Revenue Code (the Code), which totaled $23,500 for the year ended December 31, 2025. A participant’s Roth elective contributions were allocated to a separate account maintained for such contributions. Participants who have attained age 50 before the end of the Plan year were eligible to make additional catch-up contributions, subject to limitations imposed by the Code. Participants were also permitted to make rollover contributions to the Plan. However, the Plan did not accept rollovers of after-tax participant contributions.

Company Contributions

Prior to termination, the Plan allowed for a discretionary matching contribution to employees. All employees who were eligible to participate and make elective deferrals into the Plan were eligible to receive Company matching contributions. Company matching contributions were calculated and remitted each pay period. The Company performed a true-up calculation at the end of the year for matching contributions made throughout the year. No company matching contributions were made for the year ended December 31, 2025.

The Plan allowed for nonelective safe harbor contributions for all eligible participants. Nonelective safe harbor contributions were 3% of eligible compensation calculated each payroll period. No nonelective safe harbor contributions were made for the year ended December 31, 2025.

The Plan allowed for nonelective discretionary Company contributions. No nonelective discretionary Company contributions were made for the year ended December 31, 2025. Company corrective contributions were also made for the year ended December 31, 2025 and during 2026, as discussed in Note 7.

1. DESCRIPTION OF THE PLAN – cont'd.

Participant Accounts

Each participant's account was participant-directed and was credited with the participant's contributions and Company contributions in accordance with the investment options selected by the participants. Plan earnings, losses, and administrative expenses were allocated to each participant's account based upon the balance in each account. The benefit to which a participant was entitled is the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions and nonelective safe harbor contributions, plus actual earnings thereon. All other Company contributions vested in accordance with the following table:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

In addition, upon reaching normal retirement age (age 65), death, or disability during employment at the Company, participants became 100% vested in his or her Company contributions.

Payment of Benefits

Prior to Plan termination, upon termination of service due to death, disability, normal retirement age (age 65), or attainment of age 59 ½, a participant or his or her beneficiary, in the event of death, was entitled to a distribution of their vested account balance. Distributions from the Plan were payable in the form of a lump sum or installment payments equal to the value of the participant's vested interest in his or her account. Upon termination, if a participant's account balance was less than $1,000, the Plan administrator could elect to automatically distribute the participant's account balance. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant could have been withdrawn for a hardship purpose. Distributions were subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½. There was no net assets of the Plan allocated to the accounts of participants who had elected to withdraw from the Plan that had not received such distributions for the year ended, December 31, 2025.

Forfeitures

Forfeitures result from the non-vested portions of accounts of participants who terminate prior to being fully vested and were used to reduce future Company contributions to the Plan or pay administrative expenses. As of December 31, 2025, and 2024, forfeitures totaling $0 and $2,118, respectively, were available to offset future Company matching contributions and pay administrative expenses. Forfeitures used to reduce administrative expenses totaled $2,118 during the year ended December 31, 2025.

1. DESCRIPTION OF THE PLAN – cont'd.

Plan Expenses

Expenses incurred in the administration of the Plan were required to be paid by the Trustee with assets of the Plan unless the Company, at its discretion, elected to pay them. During the year ended December 31, 2025, the Company paid a portion of direct expenses related to the Plan's operations. The Plan paid direct expenses totaling $3,959 during the year ended December 31, 2025. Loan and distribution fees were paid by the Plan and its participants. Investment related expenses were included in net appreciation in fair value of investments.

Notes Receivable from Participants

Prior to Plan termination, participants could borrow up to 50% of their vested account balance, not to exceed $50,000, without regard to the intended use of the funds. The minimum note amount was $1,000 and only one note could be outstanding at any given time. The notes were collateralized by a participant's vested account balance. Note repayments were to be made through after-tax payroll deductions for each pay period with interest based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Loans for the purchase of a primary residence are to be repaid within 10 years.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

On October 29, 2024, the Azure Summit Technology, Inc. 401(k) Retirement Plan (the Plan) entered the process of termination and liquidation in accordance with the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator determined that liquidation of the Plan was imminent as of that date. Accordingly, the accompanying financial statements have been prepared using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Under the liquidation basis of accounting, assets are stated at their estimated net realizable value, and liabilities are stated at their estimated settlement amounts. This basis of accounting is appropriate when liquidation is imminent, and it is expected that the Plan will not continue as a going concern.

The Plan's assets were distributed to participants and beneficiaries, and with the exception of employer corrective contributions receivable due to the Plan totalling $139,905 as of December 31, 2025, all liabilities were settled by December 15, 2025.

Risks and Uncertainties

The Plan provided for investments in assets that, in general, are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur and materially affect the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities and changes therein at the date of the financial statements and reported amounts of additions to net assets available for benefits and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement

Accounting Standards Codification, *Fair Value Measurement* (ASC 820), defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price reported on the active market on which the funds are traded.

Interest-bearing cash: Shares of a money market portfolio are valued using amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2025 and 2024.

There were no investments as of December 31, 2025. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	$ 23,518,513	$ -	$ -	$ 23,518,513
Interest-bearing cash	722,096	-	-	722,096
Total investments in the fair value hierarchy	24,240,609	-	-	24,240,609
Total Investments, at fair value	$ 24,240,609	$ -	$ -	$ 24,240,609

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes become due immediately upon termination of a participant's employment. Delinquent notes are treated as distributions based on the terms of the Plan agreement.

Payment of Benefits

Benefit payments are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 12, 2026, the date the financial statements were available to be issued and determined there were no material events that warrant disclosure, except as disclosed in Note 7.

3. INVESTMENTS

All investment information contained in the accompanying financial statements and supplemental schedule, including assets held for the period from January 1, 2025 through December 15, 2025 and as of December 31, 2024, and interest and dividend income and net realized and unrealized appreciation in the fair value of investments for the period ended from January 1, 2025 through December 15, 2025, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the Trustee of the Plan. There was no investment activity for the period from December 16, 2025 to December 31, 2025.

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan allowed for participants to take loans against their vested account balances. The Company provided the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualified as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. PLAN TERMINATION

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Company was acquired by another entity during 2024 and the Plan was terminated effective October 29, 2024. Effective October 29, 2024, no additional contributions were made to the Plan except those related to compensation earned prior to the termination date and corrective qualified nonelective contributions (QNECs) totaling $456,888 and $139,905 which were remitted to the Plan during 2025 and 2026, respectively. Participants became immediately vested in all contributions at this time and were provided with the option to have their account balance rolled into another retirement plan or IRA or receive a lump-sum distribution. With the exception of the contributions receivable as of December 31, 2025 totaling $139,905, the Plan assets were fully liquidated during the period from January 1, 2025 through December 15, 2025.

6. INCOME TAX STATUS

The pre-approved plan document, upon which the Plan was designed, received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Plan was qualified under Section 401(a) of the Code and therefore is exempt from taxation. Once qualified, the Plan was required to operate in conformity with the Code to maintain its qualification. The Plan was amended subsequent to receiving the opinion letter; however, the Plan administrator believes the Plan was being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, these provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2025 and 2024.

The Plan was subject to routine audits by the IRS and Department of Labor; however, there are currently no audits in progress for any open periods.

7. COMPANY CORRECTIVE CONTRIBUTIONS

During the years ended December 31, 2012 through 2024, the Company inadvertently excluded certain types of compensation from the definition of compensation and failed to perform an annual true-up of matching contributions. As a result, affected participants were not given the opportunity to make deferrals in accordance with the terms of the Plan. In order to correct these operational errors, the Company is required to make qualified nonelective employer contributions (QNECs) to the affected employees in accordance with acceptable correction procedures. These QNEC contributions are recorded as receivables totaling $139,905 and $456,888 as of December 31, 2025 and 2024, respectively, on the accompanying statements of net assets available for benefits. The corrections related to the years ended December 31, 2024 and prior have been remitted to the participants' accounts during 2025 and 2026. Participants are 100% vested in these QNEC contributions.

8. RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits reported on the financial statements to net assets available for benefits reported on Form 5500 as of December 31,:

	2025	2024
Net assets available for benefits, per financial statements	$ 139,905	$ 24,764,223
Company corrective contributions receivable	-	(456,888)
Net assets available for benefits, per Form 5500	$ 139,905	$ 24,307,335

8. RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500 – cont'd.

The following is a reconciliation of the net decrease in net assets available for benefits reported on the financial statements to the Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits, per financial statements	$	(24,624,318)
Change in Company corrective contributions receivable		456,888
Net increase in net assets available for benefits, per Form 5500	$	(24,167,430)
